(3) A railroad train is approaching within approximately one thousand five hundred feet (1,500') of the highway crossing and is emitting an audible signal indicating its approach.

(4) An approaching railroad train is plainly visible and is in hazardous proximity to the crossing. (1997 Code, § 15-504)

15-505. At "stop" signs. The driver of a vehicle facing a "stop" sign shall bring his vehicle to a complete stop immediately before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then immediately before entering the intersection, and shall remain standing until he can proceed through the intersection in safety. (1997 Code, § 15-505)

15-506. At "yield" signs. The drivers of all vehicles shall yield the right-of-way to approaching vehicles before proceeding at all places where "yield" signs have been posted. (1997 Code, § 15-506)

15-507. At traffic-control signals generally. Traffic-control signals exhibiting the words "Go," "Caution," or "Stop," or exhibiting different colored lights successively one (1) at a time, or with arrows, shall show the following colors only and shall apply to drivers of vehicles and pedestrians as follows:

(1) Green alone, or "Go":

(a) Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(b) Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.

(2) Steady yellow alone, or "Caution":

(a) Vehicular traffic facing the signal is thereby warned that the red or "Stop" signal will be exhibited immediately thereafter, and such vehicular traffic shall not enter or be crossing the intersection when the red or "Stop" signal is exhibited.

(b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(3) Steady red alone, or "Stop":

(a) Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until green or "Go" is shown alone.

(b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(4) Steady red with green arrow:

(a) Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection.

(b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(5) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made a vehicle length short of the signal. (1997 Code, § 15-507)

15-508. At flashing traffic-control signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal placed or erected in the municipality it shall require obedience by vehicular traffic as follows:

(a) Flashing red (stop signal). When a red lens is illuminated with intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) Flashing yellow (caution signal). When a yellow lens is illuminated with intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules set forth in § 15-504 of this code. (1997 Code, § 15-508)

15-509. At pedestrian control signals. Wherever special pedestrian control signals exhibiting the words "Walk" or "Wait" or "Don't Walk" have been placed or erected by the municipality, such signals shall apply as follows:

(1) "Walk." Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

(2) "Wait" or "Don't Walk." No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to the nearest sidewalk or safety zone while the wait signal is showing. (1997 Code, § 15-509)

15-510. Stops to be signaled. No person operating a motor vehicle shall stop such vehicle, whether in obedience to a traffic sign or signal or otherwise, without first signaling his intention in accordance with the requirements of the state law,¹ except in an emergency. (1997 Code, § 15-510)

Except as hereinafter provided, every vehicle parked upon a street within this municipality shall be so parked that its right wheels are approximately parallel to and within eighteen inches (18") of the right edge or curb of the street. On one-way streets where the municipality has not placed signs prohibiting the same, vehicles may be permitted to park on the left side of the street, and in such cases the left wheels shall be required to be within eighteen inches (18") of the left edge or curb of the street.

Notwithstanding anything else in this code to the contrary, no person shall park or leave a vehicle parked on any public street or alley within the fire limits between the hours of 1:00 A.M. and 5:00 A.M. or on any other public street or alley for more than seventy-two (72) consecutive hours without the prior approval of the chief of police.

Furthermore, no person shall wash, grease, or work on any vehicle, except to make repairs necessitated by an emergency, while such vehicle is parked on a public street. (1997 Code, § 15-601)

15-602. Angle parking. On those streets which have been signed or marked by the municipality for angle parking, no person shall park or stand a vehicle other than at the angle indicated by such signs or markings. No person

shall angle park any vehicle which has a trailer attached thereto or which has a length in excess of twenty-four feet (24'). (1997 Code, § 15-602)

15-603. Occupancy of more than one space. No person shall park a vehicle in any designated parking space so that any part of such vehicle occupies more than one (1) such space or protrudes beyond the official markings on the street or curb designating such space unless the vehicle is too large to be parked within a single designated space. (1997 Code, § 15-603)

15-604. Where prohibited. No person shall park a vehicle in violation of any sign placed or erected by the municipality, nor:

15-606. Regulation by parking meters. In the absence of an official sign to the contrary which has been installed by the municipality, between the hours of 8:00 A.M. and 6:00 P.M., on all days except Sundays and holidays declared by the governing body, parking shall be regulated by parking meters where the same have been installed by the municipality. The presumption shall be that all installed parking meters were lawfully installed by the municipality. (1997 Code, § 15-606)

15-607. Lawful parking in parking meter spaces. Any parking space regulated by a parking meter may be lawfully occupied by a vehicle only after a proper coin has been deposited in the parking meter and the said meter has

been activated or placed in operation in accordance with the instructions printed thereon. (1997 Code, § 15-607)

15-608. Unlawful parking in parking meter spaces. It shall be unlawful for the owner or operator of any vehicle to park or allow his vehicle to be parked in a parking space regulated by a parking meter for more than the maximum period of time which can be purchased at one (1) time. Insertion of additional coin or coins in the meter to purchase additional time is unlawful.

No owner or operator of any vehicle shall park or allow his vehicle to be parked in such a space when the parking meter therefor indicates no parking time allowed, whether such indication is the result of a failure to deposit a coin or to operate the lever or other actuating device on the meter, or the result of the automatic operation of the meter following the expiration of the lawful parking time subsequent to depositing a coin therein at the time the vehicle was parked. (1997 Code, § 15-608)

15-609. Unlawful to occupy more than one parking meter space.

It shall be unlawful for the owner or operator of any vehicle to park or allow his vehicle to be parked across any line or marking designating a parking meter space or otherwise so that such vehicle is not entirely within the designated parking meter space; provided, however, that vehicles which are too large to park within one (1) space may be permitted to occupy two (2) adjoining spaces provided proper coins are placed in both meters. (1997 Code, § 15-609)

15-610. Unlawful to deface or tamper with meters. It shall be unlawful for any unauthorized person to open, deface, tamper with, willfully break, destroy, or impair the usefulness of any parking meter. (1997 Code, § 15-610)

15-611. Unlawful to deposit slugs in meters. It shall be unlawful for any person to deposit in a parking meter any slug or other substitute for a coin of the United States. (1997 Code, § 15-611)

15-612. Presumption with respect to illegal parking. When any unoccupied vehicle is found parked in violation of any provision of this chapter, there shall be a prima facie presumption that the registered owner of the vehicle is responsible for such illegal parking. (1997 Code, § 15-612)

15-613. Unauthorized use of handicap parking designation. It shall be unlawful for any person, except a person who meets the requirements for the issuance of a distinguishing placard or license plate, a disabled veteran's license plate, or who meets requirements of *Tennessee Code Annotated*, § 55-21-105(d), as amended, to park in any parking space designated with the wheel chair disabled sign or otherwise properly designated as handicapped

parking. There is a two hundred dollar (\$200.00) mandatory fine per *Tennessee Code Annotated*, § 55-21-108. (1997 Code, § 15-613, modified)

15-614. Citation on illegally parked vehicle. Whenever any motor vehicle without a driver is found parked, standing or stopped in violation of any of the restrictions imposed by ordinance of this city or by state law, the officer finding such vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to such vehicle a parking citation for the driver to answer to the charge in city court at the time and place specified in the citation.

The officer, upon receiving the written promise of the alleged violator to answer as specified in the citation, shall release such person from custody. It shall be unlawful for any alleged violator to give false or misleading information as to his name or address. (1997 Code, § 15-701)

15-702. Failure to obey citation. 15-703. Illegal parking. Whenever any motor vehicle without a driver is found parked or stopped in violation of any of the restrictions imposed by this code, the officer finding such vehicle shall take its license number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to such vehicle a citation for the driver and/or owner to answer for the violation within ten (10) days during the hours and at a place specified in the citation. (1997 Code, § 15-703)

vehicle whose operator is arrested or any unattended vehicle which is parked, so as to constitute an obstruction or hazard to normal traffic. Any impounded vehicle shall be stored until the owner or other person entitled thereto claims it, gives satisfactory evidence of ownership or right to possession, and pays all applicable fees and costs or until it is otherwise lawfully disposed of. The fee for impounding a vehicle shall be equal to the fee charged by the schedule wrecker service who tows the vehicle. The storage cost of the impounded vehicle shall be equal to the storage fee charged by the schedule wrecker service. As regulated by *Tennessee Code Annotated*, § 55-23-103.

15-705. Disposal of abandoned motor vehicles. "Abandoned motor vehicles," as defined in *Tennessee Code Annotated*, § 55-16-103, shall be impounded and disposed of by the police department in accordance with the provisions of *Tennessee Code Annotated*, §§ 55-16-103 to 55-16-109. (1997 Code, § 15-705)
