### FUEL GAS CODE

#### SECTION

- 12-301. Title and definitions.
- 12-302. Purpose and scope.
- 12-303. Available in the recorder's office.
- 12-304. Use of existing piping and appliances.
- 12-305. Bond and license.
- 12-306. Gas inspector and assistants.
- 12-307. Powers and duties of inspector.
- 12-308. Permits.
- 12-309. Inspections.
- 12-310. Certificates.
- 12-311. Fees.
- 12-312. Nonliability.
- 12-313. Violations and penalty.

**12-401. Title and definitions.** This chapter and the code herein adopted by reference shall be known as the gas code of the town. The following definitions are provided for the purpose of interpretation and administration of the gas code.

(1) "Building official" shall refer to the person designated by the board of mayor and aldermen to enforce the provisions of the gas code.

(2) "Certain appliances" means conversion burners, floor furnaces, central heating plants, vented wall furnaces, water heaters, and boilers.

(3) "Certificate of approval" means a document or tag issued and/or attached by the inspector to the inspected material, piping, or appliance installation, filled out, together with date, address of the premises, and signed by the inspector.

(4) "Gas company" means any person distributing gas within the corporate limits or authorized and proposing to so engage.

(5) "Inspector" means the person appointed as inspector, and shall include each assistant inspector, if any, from time to time acting as such under this chapter by appointment of the mayor.

(6) "Person" means any individual, partnership, firm, corporation, or any other organized group of individuals.

**12-402. Purpose and scope.** The purpose of the gas code is to provide minimum standards, provisions, and requirements for safe installation of consumer's gas piping and gas appliances. All gas piping and gas appliances installed, replaced, maintained, or repaired within the corporate limits shall conform to the requirements of this chapter and to the *International Fuel Gas*

*Code*,<sup>1</sup> 2012 edition, is hereby adopted and incorporated by reference and made a part of this chapter as if fully set forth herein and shall be referred to as the gas code.

**12-303. Available in recorder's office.** Pursuant to the requirements of *Tennessee Code Annotated*, § 6-54-502, one (1) copy of the gas code has been placed on file in the recorder's office and shall be kept there for the use and inspection of the public.

**12-304. Use of existing piping and appliances.** Notwithstanding any provision in the gas code to the contrary, consumer's piping installed prior to the adoption of the gas code or piping installed to supply other than natural gas may be converted to natural gas if the inspector finds, upon inspection and proper tests, that such piping will render reasonably satisfactory gas service to the consumer and will not in any way endanger life or property; otherwise, such piping shall be altered or replaced, in whole or in part, to conform with the requirements of the gas code.

**12-305. Bond and license.** (1) No person shall engage in or work at the installation, extension, or alteration of consumer's gas piping or certain gas appliances, until such person shall have secured a license as hereinafter provided, and shall have executed and delivered to the mayor a good and sufficient bond in the penal sum of ten thousand dollars (\$10,000.00), with corporate surety, conditioned for the faithful performance of all such work, entered upon or contracted for, in strict accordance and compliance with the provisions of the gas code. The bond herein required shall expire on the first day of January next following its approval by the recorder, and thereafter on the first day of January of each year a new bond, in form and substance as herein required, shall be given by such person to cover all such work as shall be done during such year.

(2) Upon approval of said bond, the person desiring to do such work shall secure from the recorder a nontransferable license which shall run until the first day of January next succeeding its issuance, unless sooner revoked. The person obtaining a license shall pay any applicable license fees to the recorder.

(3) Nothing herein contained shall be construed as prohibiting an individual from installing or repairing his own appliances or installing, extending, replacing, altering, or repairing consumer's piping on his own premises, or as requiring a license or a bond from an individual doing such work on his own premises; provided, however, all such work must be done in

conformity with all other provisions of the gas code, including those relating to permits, inspections, and fees.

**12-306. Gas inspector and assistants.** To provide for the administration and enforcement of the gas code, the office of gas inspector is hereby created. The inspector, and such assistants as may be necessary in the proper performance of the duties of the office, shall be appointed or designated by the board of mayor and aldermen.

**12-307. Powers and duties of inspector.** (1) The inspector is authorized and directed to enforce all of the provisions of the gas code. Upon presentation of proper credentials, he may enter any building or premises at reasonable times for the purpose of making inspections or preventing violations of the gas code.

(2) The inspector is authorized to disconnect any gas piping or fixture or appliance for which a certificate of approval is required but has not been issued with respect to same, or which, upon inspection, shall be found defective or in such condition as to endanger life or property. In all cases where such a disconnection is made, a notice shall be attached to the piping, fixture, or appliance disconnected by the inspector, which notice shall state that the same has been disconnected by the inspector, together with the reason or reasons therefor, and it shall be unlawful for any person to remove said notice or reconnect said gas piping or fixture or appliance without authorization by the inspector and such gas piping or fixture or appliance shall not be put in service or used until the inspector has attached his certificate of approval in lieu of his prior disconnection notice.

(3) It shall be the duty of the inspector to confer from time to time with representatives of the local health department, the local fire department, and the gas company, and otherwise obtain from proper sources all helpful information and advice, presenting same to the appropriate officials from time to time for their consideration.

**12-308. Permits.** (1) No person shall install a gas conversion burner, floor furnace, central heating plant, vented wall furnace, water heater, boiler, consumer's gas piping, or convert existing piping to utilize natural gas without first obtaining a permit to do such work from the mayor; however, permits will not be required for setting or connecting other gas appliances, or for the repair of leaks in house piping.

(2) When only temporary use of gas is desired, the recorder may issue a permit for such use, for a period of not to exceed sixty (60) days, provided the consumer's gas piping to be used is given a test equal to that required for a final piping inspection.

(3) Except when work in a public street or other public way is involved the gas company shall not be required to obtain permits to set meters, or to

extend, relocate, remove, or repair its service lines, mains, or other facilities, or for work having to do with its own gas system.

**12-309. Inspections.** (1) A rough piping inspection shall be made after all new piping authorized by the permit has been installed, and before any such piping has been covered or concealed or any fixtures or gas appliances have been attached thereto.

(2) A final piping inspection shall be made after all piping authorized by the permit has been installed and after all portions thereof which are to be concealed by plastering or otherwise have been so concealed, and before any fixtures or gas appliances have been attached thereto. This inspection shall include a pressure test, at which time the piping shall stand an air pressure equal to not less than the pressure of a column of mercury six inches (6") in height, and the piping shall hold this air pressure for a period of at least ten (10) minutes without any perceptible drop. A mercury column gauge shall be used for the test. All tools, apparatus, labor, and assistance necessary for the test shall be furnished by the installer of such piping.

**12-310. Certificates.** The inspector shall issue a certificate of approval at the completion of the work for which a permit for consumer piping has been issued if after inspection it is found that such work complies with the provisions of the gas code. A duplicate of each certificate issued covering consumer's gas piping shall be delivered to the gas company and used as its authority to render gas service.

**12-311. Fees.** There shall be charged a fee of forty dollars (\$40.00) for each gas permit issued. This fee shall include the costs of one (1) inspection to be made by the gas inspector. Should additional inspections be necessary, there shall be an added charge of forty dollars (\$40.00) for each such inspection. (modified)

**12-312. Nonliability.** This chapter shall not be construed as imposing upon the municipality any liability or responsibility for damages to any person injured by any defect in any gas piping or appliance mentioned herein, or by installation thereof, nor shall the municipality, or any official or employee thereof, be held as assuming any such liability or responsibility by reason of the inspection authorized hereunder or the certificate of approval issued by the inspector.

**12-313. Violations and penalty.** It shall be unlawful for any person to violate or fail to comply with any provision of the gas code as herein adopted by reference and modified. The violation of any section of this chapter shall be punishable under the general penalty provision of this code, or the license of such person may be revoked, or both fine and revocation of license may be imposed. Each day a violation is allowed to continue shall constitute a separate offense.

## CHAPTER 9

### BUILDING PERMITS

#### SECTION

- 12-901. Short title.
- 12-902. Purpose.
- 12-903. Creation of building inspector position.
- 12-904. Building permit required.
- 12-905. Setback requirements for the location of buildings.
- 12-906. Requirements for the construction or maintenance of a driveway approach.
- 12-907. Conflict with other ordinances.
- 12-908. Permit requirement.
- 12-909. Fee schedule.
- 12-910. Permit expiration.
- 12-911. Violations and penalty.

**12-901. Short title.** This chapter shall be known as the "Building Permit Ordinance for the Town of Mosheim, Tennessee." (Ord. #24, April 1978)

**12-902. Purpose.** For the purpose of ensuring that all buildings are properly located on the building lot in a manner that will provide adequate light and air and provide sufficient space between buildings to lessen congestion and fire danger, and provide for both public and private drainage and utility easements, and allow open areas for the moving of fire trucks and other emergency vehicles and prevent the location of buildings too close to public streets and rights-of-way the Town of Mosheim hereby establishes this building permit chapter. This chapter shall also regulate the location of driveway approaches to the public streets of Mosheim in order to maintain adequate drainage and prevent traffic hazards and traffic congestion. (Ord. #24, April 1978)

**12-903. Creation of building inspector position.** The office of building inspector is hereby created and the person or persons to fill the position of building inspector shall be designated by the Mosheim Board of Mayor and Aldermen. The building inspector shall administer and enforce the provisions of this chapter. If the building inspector finds a violation of this chapter, he shall notify the person responsible for such violation, indicating the nature of the violation and ordering the action necessary to correct it.

The building inspector shall review all building permit applications to assure that the requirements of this chapter have been satisfied and shall keep or cause to be kept a complete and permanent record of building permit applications and permits issued or refused. (Ord. #24, April 1978)

**12-904. Building permit required.** Prior to the erection, addition, location, or alteration of any building or structure or portion thereof located in the Town of Mosheim, and prior to the construction or maintaining of a driveway approach, a building permit shall be obtained. Applications for a permit shall be made with the town building inspector's office. The charge for the building permit may be found in the fee schedule listed in § 12-909 below. (Ord. #24, April 1978, modified)

**12-905. Setback requirements for the location of buildings.** Minimum setback requirements for the location of structures within the Town of Mosheim shall be as follows:

*Minimum Yard Requirements from Property Lines*

	<i>Front</i>	<i>Side (each side)</i>	<i>Rear</i>
Commercial structures	30	10	25
Industrial structures	30	15	25
Residential structures	30	15	25

When a structure is located on a corner lot, the setback on both front and side yard shall be thirty feet (30'). (Ord. #24, April 1978, modified)

**12-906. Requirements for the construction or maintenance of a driveway approach.** The location of each driveway approach shall be determined by the building inspector based on an on sight inspection of the property for which the request was made. In determining the location of a driveway approach the building inspector shall be guided by the following regulations.

(1) No driveway approach shall be permitted within five feet (5') of the right-of-way of intersecting streets.

(2) No driveway or series of driveway approaches serving other than residential property shall be permitted to be constructed in such a way that the exit from said property would be accomplished by backing vehicles into street right-of-way or roadway.

(3) Maximum width for residential driveways shall be fifteen feet (15') for single driveways and twenty-four feet (24') for double driveways with not more than one driveway approach permitted on lots with less than seventy-five feet (75') frontage on a public road.

(4) Maximum width for commercial driveways shall be thirty-five feet (35') in width.

(5) All drainage culverts for driveway approaches shall be installed by the developer or builder. The size openings to be provided shall be determined by Talbot's formula, but in no case shall the pipe be less than fifteen inches (15") in diameter. (Ord. #24, April 1978)

**12-907. Conflict with other ordinances.** In case of conflict between this chapter or any part thereof, and the whole or part of any existing or future ordinance of the Town of Mosheim, the most restrictive in all cases shall apply. (Ord. #24, April 1978)

**12-908. Permit requirement.** It shall be unlawful for any person, firm, corporation, or other entity to erect, construct, alter, extend, repair, move, remove, demolish, or occupy any building or structure within the municipal corporate boundaries of the Town of Mosheim, Tennessee or cause the same to be done, without first applying for and receiving from the Town of Mosheim a building permit and paying to the Town of Mosheim the requisite fees as scheduled herein. (Ord. #217, Aug. 2009)

**12-909. Fee schedule.** The following schedule of fees required to be paid to the Town of Mosheim prior to the issuance of any building permit shall be and hereby is adopted by the board of mayor and aldermen on behalf of the Town of Mosheim:

<i>Schedule of fees</i>

(Ord. #217, Aug. 2009)

**12-910. Permit expiration.** (1) Any building permit issued by the Town of Mosheim shall automatically expire and terminate and be of no further force and effect in the event that the named permittee shall not have commenced within one hundred eighty (180) days of date of issuance of the building permit, visible, permitted operations, excluding however, surveying, filling, placement of temporary electrical service lines, erection of temporary security or environment barriers or fences, and the delivery of construction materials.

(2) In the event that there is a cessation of all operations at the site of the proposed permitted building or structure for more than one hundred eighty (180) days, the building permit shall automatically expire and terminate and be of no further force and effect.

(3) Upon expiration or termination of a building permit, it shall be unlawful for the named permittee to proceed with further operations without first applying for and obtaining a new building permit from the Town of Mosheim. (Ord. #217, Aug. 2009)

**12-911. Violations and penalty.** Any person, firm, or corporation violating any of the provisions of this chapter, or causing, permitting, or suffering the same to be done, shall be guilty of a misdemeanor and upon conviction shall be fined not more than fifty dollars (\$50.00). Each such person, firm, or corporation shall be deemed guilty of a separate offense for each and every day or portion thereof during which any violation of any of the provisions of this chapter is committed, continued, or permitted. (Ord. #24, April 1978)
