(c) Walls of masonry, including plain or ornamented concrete block, brick, stone, or other suitable materials.

(4) Natural objects. Naturally occurring rock outcrops, woods, earth mounds, etc., may be utilized for screening or used in conjunction with fences, plantings, or other appropriate objects to form an effective screen.

(5) Non-approved screening. Any screening as defined in this chapter which has not been approved by the town is expressly prohibited, and the owner or operator of the property where such screening exists is subject to the penalties for violation stated in § 13-309 herein. (2002 Code, § 13-303)

13-304. Requirements for effective screening. Screening may be accomplished using natural objects, earth mounds, landscape plantings, fences, or other appropriate materials used singly or in combination as approved by the town. The effect of the completed screening must be the concealment of the junkyard from view on a year-round basis.

(1) Screens which provide a "see-through" effect when viewed from a moving vehicle shall not be acceptable.

(2) Open entrances through which junk materials are visible from the main traveled way shall not be permitted except where entrance gates, capable of concealing the junk materials when closed, have been installed. Entrance gates must remain closed from sundown to sunrise.

(3) Screening shall be located on private property and not on any part of the highway right-of-way.

(4) At no time after the screen is established shall junk be stacked or placed high enough to be visible above the screen, nor shall junk be placed outside of the screened area. (2002 Code, § 13-304)

13-305. Maintenance of screens. The owner or operator of the junkyard shall be responsible for maintaining the screen in good repair to ensure the continuous concealment of the junkyard. Damaged or dilapidated screens, including dead or diseased plantings, which permit a view of the junk

within shall render the junkyard visible and shall be in violation of this chapter, and shall be replaced as required by the town.

If not replaced within sixty (60) days the town shall replace said screening and shall require payment upon demand. Failure to pay in full shall result in the fee plus interest to be assessed to the property, and shall be combined with the subsequent taxation of the property by the town. (2002 Code, § 13-305)

13-306. Utilization of highway right-of-way. The utilization of highway right-of-way for operating or maintaining any portion of a junkyard is prohibited; this shall include temporary use for the storage of junk pending disposition. (2002 Code, § 13-306)

13-307. Non-conforming junkyards. Those junkyards within the town and lawfully in existence prior to the enactment of this code and the zoning ordinance which do not conform with the provisions of the code shall be considered as "non-conforming." Such junkyards may be subject to the following conditions, any violation of which shall terminate the non-conforming status:

- (1) The junkyard must continue to be lawfully maintained;
- (2) There must be existing property rights in the junk or junkyard;
- (3) Abandoned junkyards shall no longer be lawful;
- (4) The location of the junkyard may not be changed for any reason.

If the location is changed, the junkyard shall be treated as a new establishment at a new location and shall conform to the laws of the town; and

- (5) The junkyard may not be extended or enlarged. (2002 Code, § 13-307)

13-308. Permits and fees. It shall be unlawful for any junkyard located within the town to operate without a junkyard control permit issued by the town.

- (1) Permits shall be valid for the fiscal year for which issued and shall be subject to renewal each year. The town's fiscal year begins on July 1 and ends on June 30 the year next following.

(2) Each application for an original permit shall be accompanied by a fee of five hundred dollars (\$500.00) which is not subject to either proration or refund.

(3) Each application for a renewal permit shall be accompanied by a fee of one hundred dollars (\$100.00) which is not subject to proration or refund.

(4) All applications for an original or renewal permit shall be made on a form prescribed by the town.

(5) A permit shall be issued only to those junkyards that are in compliance with this chapter and the zoning ordinance of the Town of Nolensville.

(6) A permit is valid only while held by the permittee and for the location for which it is issued. (2002 Code, § 13-308)

13-309. Violations and penalty. Violations of this chapter shall subject the offender to a penalty of up to fifty dollars (\$50.00) for each offense. Each day a violation is allowed to continue shall constitute a separate offense. (2002 Code, § 13-309, modified)
