Mary Lou Manus  
Carnell Pepper  
John E. Sommers

Recorder

Mary Lou Manus

City Attorney

John B. Bond

## Preface

This code is the result of a comprehensive codification and revision of the ordinances of the Town of Stanton, Tennessee. By referring to the historical citation appearing at the end of each section, the user will be able to ascertain the ordinance from which the particular section has been derived. The absence of a historical citation means that the section was added at the time this code was prepared. The word "modified" in the historical citation indicates substantial modification of the provision as originally enacted.

The attention of the user is directed to the arrangement of the code into titles, chapters, and sections, which follows that formerly used in the Tennessee Code Annotated. Related matter is kept together, so far as possible, within the same title. Each section number is complete within itself, containing the title number, the chapter number, and the section of the chapter of which it is a part. Specifically, the first number is the title number followed by a hyphen, then the chapter number with the last two numbers showing the section number within the chapter, so that, for example, title 10, chapter 2, section 6, is designated as section 10-206.

By utilizing the table of contents at the beginning of each title and chapter of the code, together with the cross references and explanations included as footnotes, the user should readily find all provisions in the code relating to any question that might arise.

The code has been arranged and prepared in loose-leaf form to facilitate keeping it up to date. MTAS will provide updating service under the following conditions:

(1) All ordinances relating to subjects treated in the code or which should be added to the code must be adopted as amending, adding, or deleting specific chapters or sections of the code (see section 8 of the adopting ordinance for the code).

(2) One copy of each ordinance adopted by the town must be furnished to MTAS immediately after its adoption (see section 8 of the adopting ordinance).

(3) The town will reimburse MTAS for the actual costs of reproducing replacement pages for the code (no charge is made for the consultant's work, and reproduction costs are usually nominal).

When the foregoing conditions are met MTAS will reproduce replacement pages for the code to reflect the amendments and additions made by such ordinances. This service will be performed at least annually and more often if justified by the volume of amendments. Replacement pages will be supplied with detailed instructions for utilizing them so as again to make the code complete and up to date. If this very simple procedure is followed the code will

be kept up to date in a way that will serve fully the needs of the town's officials and citizens. If any questions or problems arise concerning the up-dating procedure, an MTAS Ordinance Codification Consultant is available to the town for advice and assistance.

The able assistance of Mrs. Karen Ferguson, the MTAS Senior Word Processing Specialist who did all the typing on this project, is gratefully acknowledged.

Don W. Ownby  
Consultant, Ordinance Codification
