
Archived Materials [1]

Looking for a Former MTAS Publication?

MTAS created the MORE online database for publication content in 2013. Print publications were archived to UT's Tennessee Research and Creative Exchange [2] (Trace) database. Please note this archived material is **out of date** and therefore, should only be used as a reference of historical information. Current and updated information may be found on our website.

Questions about Other Archived MTAS Materials?

Contact our librarians at 865-974-0411.
