

MTAS Research and Information Center [1]

The Research and Information Center (RIC) serves as a clearinghouse for information produced by and about cities and provides research, reference and survey services. The staff addresses inquiries for information using in-house resources, on-campus libraries, resources found on the Internet, and other libraries across the country. Surveys for MTAS consultants and city officials are conducted to create and collect unique information on municipal government not available from other sources. RIC staff are responsible for the MTAS E-News and posting to MTAS's Facebook and Twitter pages.

Be sure to follow MTAS on Facebook and Twitter!
