Adequate Facilities Tax." C-26

ASHLAND CITY MUNICIPAL ADEQUATE FACILITIES TAX

CHAPTER NO. 52

SENATE BILL NO. 1998

By Kurita

Substituted for: House Bill No. 1990

By Williams

AN ACT To authorize the Town of Ashland City, within Cheatham County, Tennessee, to levy and collect a development privilege tax on new development within the municipality in order to provide that new development contribute its fair share of the cost of providing public facilities and services to the residents of such municipality.

WHEREAS, Cheatham County, Tennessee, has been one of the fastest growing counties in the state for the past fifteen (15) years, having been impacted by the rapid growth in the standard metropolitan area of Nashville; and

WHEREAS, Anticipated continued growth from the expansion of Nashville is expected to accelerate due to the continuing location of manufacturing and commercial businesses in the Middle Tennessee area, and from other factors; and

WHEREAS, Current projections show that:

(1) County population will be forty-two thousand (42,000) persons in the year 2010, an increase of fifty-five percent (55%) from 1990; there will be a demand for approximately five thousand (5,000) additional dwelling units between 1990 and 2010; and new residential and non-residential development will consume an additional three thousand (3,000) acres of land in Cheatham County; and

(2) The majority of the projected growth in Cheatham County between 1990 and 2010 will occur within the boundaries of the incorporated municipalities within the county; and

(3) The projected growth and land use development within the municipalities in Cheatham County will cause a demand for municipal capital facilities (roads, parks, city governmental facilities, etc.) In an amount well in excess of ten million dollars (\$10,000,000) over the next fifteen (15) years, and

(4) Each municipality's present revenue-raising authority is limited and relies heavily on intergovernmental transfers which are not subject to city control and on property taxes, which would impose the costs of new growth on existing residents rather than on new residents and businesses who create the demand for the additional expenditures; and

WHEREAS, The municipalities are committed, both to present and future residents, to maintaining a level of public facilities and services commensurate with those presently provided; and

WHEREAS, The municipalities are prepared to impose a fair, equitable and reasonable share of the costs of providing the necessary public facilities and services on existing residents of their respective municipalities; and

WHEREAS, The municipalities' present population, employment rate, tax base and budget cannot alone support the additional revenues needed to supply facilities to serve new growth without a substantial increase in the property tax rate on existing development; and

WHEREAS, Due to these unique circumstances, it is necessary and appropriate that the Town of Ashland City, within Cheatham County, be given authorization to extend its taxing power to enable the municipality to impose a fair and reasonable share of the costs of public facilities necessitated by new development within its boundary on that development so as not to create an unfair and inequitable burden on existing municipal residents; and

WHEREAS, There is precedent in the State of Tennessee for such additional tax measures to impose costs on those who benefit from improvements and where the result would otherwise be to impose an unfair burden on existing residents; and

WHEREAS, the most logical and effective mechanism to accomplish the intended result would be the imposition of a development privilege tax on new development within the municipality; now, therefore,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:
