 - (b) Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.
- (2) Steady yellow alone, or "Caution":
 - (a) Vehicular traffic facing the signal is thereby warned that the red or "Stop" signal will be exhibited immediately thereafter, and such vehicular traffic shall not enter or be crossing the intersection when the red or "Stop" signal is exhibited.
 - (b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(3) Steady red alone, or "Stop":

(a) Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until green or "Go" is shown alone.

(b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(4) Steady red with green arrow:

(a) Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection.

(b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(5) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made a vehicle length short of the signal. (1973 Code, § 9-407)

15-508. At flashing traffic-control signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal placed or erected in the city it shall require obedience by vehicular traffic as follows:

(a) Flashing red (stop signal). When a red lens is illuminated with intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) Flashing yellow (caution signal). When a yellow lens is illuminated with intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules set forth in § 15-504 of this code. (1973 Code, § 9-408)

15-509. At pedestrian control signals. Wherever special pedestrian control signals exhibiting the words "Walk" or "Wait" or "Don't Walk" have been placed or erected by the city, such signals shall apply as follows:

(1) "Walk." Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

(2) "Wait or Don't Walk." No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to the nearest sidewalk or safety zone while the wait signal is showing. (1973 Code, § 9-409)

15-510. Stops to be signaled. No person operating a motor vehicle shall stop such vehicle, whether in obedience to a traffic sign or signal or otherwise, without first signaling his intention in accordance with the requirements of the state law,¹ except in an emergency. (1973 Code, § 9-410)

(1973 Code, § 9-602)

15-703. Illegal parking. Whenever any motor vehicle without a driver is found parked or stopped in violation of any of the restrictions imposed by this code, the officer finding such vehicle shall take its license number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to such vehicle a citation for the driver and/or owner to answer for the violation within thirty (30) days during the hours and at a place specified in the citation. or to prevent obstruction of traffic, to remove from the streets and impound any vehicle whose operator is arrested or any unattended vehicle which is parked so as to constitute an obstruction or hazard to normal traffic. Any impounded vehicle shall be stored until the owner or other person entitled thereto, claims it, gives satisfactory evidence of ownership or right to possession, and pays all applicable fees and costs, or until it is otherwise lawfully disposed of. The fees for impounding a vehicle shall be set by resolution.¹ (1973 Code, § 9-604, modified)

15-705. Disposal of abandoned motor vehicles. "Abandoned motor vehicles," as defined in Tennessee Code Annotated, § 55-16-103, shall be impounded and disposed of by the police department in accordance with the provisions of Tennessee Code Annotated, §§ 55-16-103 through 55-16-109. (1973 Code, § 9-605)

A disabled motor vehicle shall mean any vehicle which is incapable of being self-propelled upon the public streets, or which does not meet the requirements for operation upon the public streets, including a current license.

Disabled motor vehicles shall not be permitted in the rights-of-way of the streets, alleys, or highways within the city; provided, however, that this shall not apply to towing or similar transporting of such vehicles; and provided further that a reasonable time (not to exceed twenty-four (24) hours from the time of disability) shall be permitted for the removal or servicing of a disabled vehicle in an emergency caused by accident or sudden breakdown of the vehicle.

Service and repair work may be performed on such vehicle and, incidental thereto, parts, tools, and equipment may be stored and used. Nothing obtained herein shall be construed as authorizing the disassembling, teardown, or scrapping of a motor vehicle, or to permit one motor vehicle to be salvaged, scavenged, or stripped for parts for use on another motor vehicle. Provided, however, that a disabled vehicle shall not be permitted to remain outside of a building for a period in excess of thirty (30) days on any lot used for residential purposes or on that portion of any lot within twenty (20) feet of an abutting lot used for residential purposes. Provided further that this section shall not apply to licensed garages and repair shops.

¹Resolutions are of record in the recorder's office.

Any policemen of the City of Milan will report to the police department any violation of the provisions of this section and, after inspection by a member of the police department, the police department will notify the property owner or person responsible for the property to remedy the condition within ten (10) days. Should the condition not be remedied within the time specified in such notice, the police department shall cause the condition to be remedied at the expense of the City of Milan and the cost thereof shall become a lien upon both the real property and the disabled motor vehicle, the lien to be satisfied as any other delinquent tax lien. Further, as an alternative for enforcing this section, if the conditions should not be remedied within the time specified in such notice, the police department shall have the power to have the disabled motor vehicle, and accessories thereto, taken away by the city and, after advertising the same for sale by one notice in the local newspaper, shall proceed to sell the same at either a public or private sale, and the city shall retain the proceeds from such sale.
