(1978 Code, § 4-103)

12-105. Board of codes appeals established; composition. There is hereby established a board to be called the board of codes appeals, which shall consist of five (5) members. (1978 Code, § 4-105, as replaced by Ord. #13-873, April 2013)

The board of codes appeals shall adopt rules necessary to the conduct of its affairs, and in keeping with provisions of the housing, building, plumbing, and fire codes. Meetings shall be held at the call of the chairman and at such other times as the board may determine. The chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public. The board of codes appeals shall keep minutes of its
proceedings, showing the vote of each member upon each question, or if absent or failing to vote indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be a public record and be immediately filed in the office of the board. (1978 Code, § 4-107)

12-108. Hearings, appeals, notice. Appeals to the board of codes appeals concerning interpretation or administration of this title may be taken by any person aggrieved or by any officer or bureau of the governing body of the city affected by any decision of the codes enforcement officer. Such appeals shall be taken within a reasonable time, not to exceed 60 days or such lesser period as may be provided by the rules of the board, by filing with the codes enforcement officer and with the board of codes appeals a notice of appeal specifying the grounds thereof. The codes enforcement officer shall forthwith transmit to the board all papers constituting the record upon which the action appealed from was taken.

The board of codes appeals shall fix a reasonable time for the hearing of appeal, give public notice thereof as well as due notice to the parties in interest, and decide the same within a reasonable time. At the hearing, any party may appear in person or by agent or attorney.

12-109. Stay of proceedings. An appeal stays all proceedings in furtherance of the action appealed from unless the codes enforcement officer from whom the appeal is taken certifies to the board of codes appeals after the notice of appeal is filed with him, that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life and property. In such case, proceedings shall not be stayed, other than by a restraining order which may be granted by the board of codes appeals or by a court of record on application, on notice to the codes enforcement officer from whom the appeal is taken and on due cause shown. (1978 Code, § 4-109)

12-110. Variations and modifications. The board of codes appeals, when so appealed to and after a hearing, may vary the application of any provision of the above named codes to any particular case when, in its opinion, the enforcement thereof would do manifest injustice, and would be contrary to the spirit and purpose of the codes or public interest, or when in its opinion the interpretation of the codes enforcement official should be modified or reversed.

A decision of the board of codes appeals to vary the application of any provision of these codes or to modify an order of codes enforcement officer shall specify in what manner such variation or modification is made, the conditions upon which it is made and the reasons therefor. (1978 Code, § 4-110)
12-111. Decisions. Every decision of the board of codes appeals shall be final, subject, however, to such remedy as any aggrieved party might have at law or in equity. It shall be in writing and shall indicate the vote upon the decision. Every decision shall be promptly filed in the office of the codes enforcement officer, and shall be open to public inspection; a certified copy shall be sent by mail or otherwise to the appellant and a copy shall be kept publicly posted in the office of the codes enforcement officer for two weeks after filing.

The board of codes appeals shall, in every case, reach a decision without unreasonable or unnecessary delay.

If a decision of the board of codes appeals reverses or modifies a refusal, order, or disallowance of the codes enforcement officer, or varies the application or any provision of the codes, the codes enforcement officer shall immediately take action in accordance with such decision.
