

Energy Code: Nonexempt Cities

Dear Reader:

The following document was created from the MTAS website ([mtas.tennessee.edu](https://www.mtas.tennessee.edu)). This website is maintained daily by MTAS staff and seeks to represent the most current information regarding issues relative to Tennessee municipal government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with municipal government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other MTAS website material.

Sincerely,

The University of Tennessee

Energy Code: Nonexempt Cities

Reference Number: MTAS-1123

If a city cannot or chooses not to adopt and enforce the minimum standards as authorized by the Tennessee Clean Energy Future Act, the state will enforce the applicable statewide codes in the city. The commissioner of commerce and insurance is authorized to contract with local governments to use their employees for inspections of one- and two-family residences. These contracts can allow inspectors to charge a fee as set out by the state fire marshal's office. These are the state regulations applicable to such inspections, containing the relevant fee schedule:

<https://publications.tnsosfiles.com/rules/0780/0780-02/0780-02-23.202007...> [1]

Deputy building inspectors must be state certified as a:

1. Licensed building inspector;
2. Licensed plumbing inspector; or
3. Licensed mechanical inspector.
