

## Underground Utilities

---

Dear Reader:

The following document was created from the MTAS website ([mtas.tennessee.edu](https://www.mtas.tennessee.edu)). This website is maintained daily by MTAS staff and seeks to represent the most current information regarding issues relative to Tennessee municipal government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with municipal government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other MTAS website material.

Sincerely,

The University of Tennessee  
Municipal Technical Advisory Service  
1610 University Avenue  
Knoxville, TN 37921-6741

## Underground Utilities

**Reference Number:** MTAS-1509

In construction or redevelopment projects in which utility lines are to be placed underground, local governments must require developers or property owners, as a condition of receiving permits, to give at least 60 days notice to the cable or video services provider of dates on which the service providers may install their conduits or other equipment in the open trenches. Failure to serve this notice will result in the developer or property owner bearing the cost of new trenching for the installation of the cable or video services providers' equipment.
