Confidential Fund Accounting and Forms

Reference Number: MTAS-383

Most municipal transactions produce stacks of documentation. There may be requisitions, purchase orders, invoices, receipts and cancelled checks. Confidential cash transactions do not produce any such normal documentation. The integrity of the entire confidential funds process is dependant on documentation prepared by the police officers.

The comptroller's office has developed several forms to document the various types of confidential cash transactions and are covered on subsequent pages. The flowchart below should serve as a "roadmap" for use of the various forms required by the comptroller's office when accounting for cash transactions relating to undercover operations. Diamonds indicate the form to be completed for each transaction. Circles indicate cumulative or periodic reports.

A1 - Custodian's Activity Log for Confidential Funds

Reference Number: MTAS-385

Maintained by the custodian, this form is used for every transaction involving the custodian. This log records payments into and out of the confidential account, the type of transaction, key details about the transaction, and a running balance of the confidential account. The log is cumulative and tracks multiple transactions over time.

A2 - Transaction Record of Confidential Funds

Reference Number: MTAS-386

This form is completed each time funds are transferred between an agent and the custodian, including both advances of cash to agents and return of cash by agents. A separate form is completed for each transaction. It also serves as a request for cash by an agent.
