

## Unmetered Services

---

Dear Reader:

The following document was created from the MTAS website ([mtas.tennessee.edu](https://www.mtas.tennessee.edu)). This website is maintained daily by MTAS staff and seeks to represent the most current information regarding issues relative to Tennessee municipal government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with municipal government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other MTAS website material.

Sincerely,

The University of Tennessee  
Municipal Technical Advisory Service  
1610 University Avenue  
Knoxville, TN 37921-6741

## Unmetered Services

**Reference Number:** MTAS-1593

Some customers have water services that are unmetered. These would include private fire hydrants, fire suppressant systems and sprinklers. Some utilities have flat charges that are billed each month so that the service is available if needed. Usually these charges are based on the number of hydrants, size of suppressant system or sprinkler heads in service. Municipal fire hydrant maintenance may be charged to the city's general fund. One very important thing to remember is that utilities should derive 90 to 95 percent of their revenues through user charges.
