PULSE TN

STRENGTHS-BASED LEADERSHIP INTENSIVE

PULSE Strengths-Based Leadership Intensive is inspired by the UT System's call to address Tennessee's Grand Challenges:

- Advancing K-12 Education
- Overcoming Addiction
- Strengthening Rural Communities

PULSE brings together municipal leaders, elected officials and community partners from across the state to develop strengths-based leadership skills, gain context and perspective through community-engaged service learning, and collaborate on solutions and opportunities to confront these state-wide challenges.

The program is grounded in the CliftonStrengths framework and change leadership principles.

Participants will:

- Develop strengths-based leadership skills.
- Gain context and perspective through community-engaged service learning.
- Create a strengths-in-action plan that puts learning into motion.

**HELP MAKE PULSE
A SUCCESS!**

**NOMINATE SOMEONE
DEADLINE: FEBRUARY 28, 2026**
