Every officer, agent and employee having duties embracing the receipt, disbursement, custody, or handling of money shall, before entering upon his duties, execute a surety bond with some surety company authorized to do business in the State of Tennessee, as surety, in such amount as shall be prescribed by ordinance or this Charter. All such bonds and sureties shall be subject to the approval of the Board of Commissioners, and the Board of Commissioners may provide for blanket bonds. The cost of all bonds shall be an expense of the Town.

ARTICLE IX
FINANCE

Section 1. Fiscal year. The fiscal year of the Town shall begin on the first day of July and end on the last day of June.

Section 2. Annual departmental budgets required. The adoption of an annual budget for all departments shall be a prerequisite to the appropriation of money for municipal purposes and the levy of property taxes.

Section 3. Town required to prepare and submit annual budget and explanatory message. At least sixty (60) days before the beginning of the fiscal year there shall be prepared and submitted to the Board of Commissioners a budget for the ensuing fiscal year and an accompanying message. The message shall explain the budget both in fiscal terms and in terms of work programs. It shall outline the proposed financial policies of the Town for the ensuing fiscal year, describe the important features of the budget, indicate any major changes from the current year in financial policies, expenditures, and revenues together with the reasons for such changes, summarize the Town's debt position and include such other materials as deemed desirable.

Section 4. Required content and organization of budget. The budget shall provide a complete financial plan of all Town funds and activities for the ensuing fiscal year, and, except as required by law or this Charter, shall be in such form as deemed desirable by the Board of Commissioners.

Section 5. Amendments to budget, when budget must be adopted, and effect of adoption. The Board of Commissioners shall adopt the budget by ordinance. The Board of Commissioners may amend the budget by ordinance,
but no amendment shall decrease expenditures required by law for debt service. The budget shall be adopted for the ensuing fiscal year before the end of the current fiscal year. Adoption of the budget shall constitute appropriations of the amounts specified therein as expenditures from the funds indicated. The Board of Commissioners shall also adopt an ordinance establishing a property tax levy.

Section 6. Supplemental appropriations. If during the fiscal year the Head of the Department of Finance certifies that there are available for appropriation revenues in excess of those estimated in the budget, the Board of Commissioners by ordinance may make supplemental appropriations for the year up to the amount of such excess.

Section 7. Deficits. If at any time during the fiscal year it appears probable to the Head of the Department of Finance that the revenues available will be insufficient to meet the amount appropriated, he shall report to the Board of Commissioners without delay, indicating the estimated amount of the deficit, any remedial action taken by him and his recommendations as to any other steps to be taken. The Board of Commissioners shall then take such further action as it deems necessary to prevent or minimize any deficit and for that purpose it may by resolution reduce appropriations.

Section 8. Transfer of unencumbered appropriations. At any time during the fiscal year the Board of Commissioners may transfer part or all of any unencumbered appropriation balance among programs within a department, office or agency and the Board of Commissioners may by resolution transfer part or all of any unencumbered appropriation balance from one department, office, or agency to another.

Section 9. Lapsing of appropriations. Every appropriation shall lapse at the end of the fiscal year to the extent that it has not been expended or encumbered.

Section 10. Incurrence and discharge of obligations. No payment shall be made or obligation incurred against any appropriation unless the Head of the Department of Finance or an officer designated by him first certifies that an appropriation has been made for that purpose and that there is unexpended and unencumbered in the appropriation for that purpose an amount sufficient to meet the obligation or to make the expenditure. However, except where prohibited by law, nothing herein shall be construed to prevent the making or authorizing of payments or making of contracts for capital improvements to be financed wholly or partly by the issuance of bonds or to prevent the making of any contract or lease providing for payments beyond the end of the fiscal year.
Section 11. Accounting records and audits. There shall be installed and
maintained adequate accounting records in accordance with generally accepted
principles of municipal accounting. The same account titles shall be used
throughout the accounting records, the budget and financial statements.
Constant and comprehensive budgetary control shall be maintained. An audit
of the financial affairs of the Town shall be required by action of the Board of
Commissioners and same be made after the end of each fiscal year by a public
accountant skilled in such work. Any taxpayer may file a bill in chancery court
to compel the Board of Commissioners to have the audit made if such
accountant has not been employed within one (1) month after the end of the
fiscal year.

may provide by ordinance for the collection of delinquent real property taxes by
the Recorder as provided by general law, or by the Town Attorney acting in
accordance with general laws providing for the collection of delinquent Town or
