

TITLE 16

STREETS AND SIDEWALKS, ETC¹

CHAPTER

1. MISCELLANEOUS.
2. EXCAVATIONS AND CUTS.

CHAPTER 1

MISCELLANEOUS

SECTION

- 16-101. Obstructing streets, alleys, or sidewalks prohibited.
- 16-102. Trees projecting over streets, etc., regulated.
- 16-103. Trees, etc., obstructing view at intersections prohibited.
- 16-104. Projecting signs and awnings, etc., restricted.
- 16-105. Banners and signs across streets and alleys restricted.
- 16-106. Gates or doors opening over streets, alleys, or sidewalks prohibited.
- 16-107. Littering streets, alleys, or sidewalks prohibited.
- 16-108. Obstruction of drainage ditches.
- 16-109. Abutting occupants to keep sidewalks clean, etc.
- 16-110. Parades, etc., regulated.
- 16-111. Animals and vehicles on sidewalks.
- 16-112. Fires in streets, etc.

16-101. Obstructing streets, alleys, or sidewalks prohibited. No person shall use or occupy any portion of any public street, alley, sidewalk, or right-of-way for the purpose of storing, selling, or exhibiting any goods, wares, merchandise, or materials. (1994 Code, § 12-101)

16-102. Trees projecting over streets, etc., regulated. It shall be unlawful for any property owner or occupant to allow any limbs of trees on his property to project over any street, or alley at a height of less than fourteen (14) feet or over any sidewalks at a height of less than eight (8) feet. (1994 Code, § 12-102)

16-103. Trees, etc., obstructing view at intersections prohibited. It shall be unlawful for any property owner or occupant to have or maintain on his property any tree, shrub, sign, or other obstruction which prevents persons

Related motor vehicle and traffic regulations: title 15.

driving vehicles on public streets or alleys from obtaining a clear view of traffic when approaching an intersection. (1994 Code, § 12-103)

16-104. Projecting signs and awnings, etc., restricted. Signs, awnings, or other structures which project over any street or other public way shall be erected subject to the requirements of the building code.¹ (1994 Code, § 12-104)

16-105. Banners and signs across streets and alleys restricted. It shall be unlawful for any person to place or have placed any banner or sign across or above any public street or alley except when expressly authorized by the board of mayor and aldermen after a finding that no hazard will be created by such banner or sign. (1994 Code, § 12-105)

16-106. Gates or doors opening over streets, alleys, or sidewalks prohibited. It shall be unlawful for any person owning or occupying property to allow any gate or door to swing open upon or over any street, alley, or sidewalk except when required by law. (1994 Code, § 12-106)

16-107. Littering streets, alleys, or sidewalks prohibited. It shall be unlawful for any person to litter, place, throw, track, or allow to fall on any street, alley, or sidewalk any refuse, glass, tacks, mud, or other objects or materials which are unsightly or which obstruct or tend to limit or interfere with the use of such public ways and places for their intended purposes. (1994 Code, § 12-107)

16-108. Obstruction of drainage ditches. It shall be unlawful for any person to permit or cause the obstruction of any drainage ditch in any public right-of-way. (1994 Code, § 12-108)

16-109. Abutting occupants to keep sidewalks clean, etc. The occupants of property abutting on a sidewalk are required to keep the sidewalk clean. Also, immediately after a snow or sleet, such occupants are required to remove all accumulated snow and ice from the abutting sidewalk. (1994 Code, § 12-109)

16-110. Parades, etc., regulated. It shall be unlawful for any person, club, organization, or other group to hold any meeting, parade, demonstration, or exhibition on the public streets, without some responsible representative first securing a permit from the recorder. No permit shall be issued by the recorder

¹Municipal code reference

Shelby County codes applicable within town: § 12-101.

unless such activity will not unreasonably interfere with traffic and unless such representative shall agree to see to the immediate cleaning up of all litter which shall be left on the streets as a result of the activity. Furthermore, it shall be unlawful for any person obtaining such a permit to fail to carry out his agreement to clean up the resulting litter immediately. (1994 Code, § 12-110)

16-111. Animals and vehicles on sidewalks. It shall be unlawful for any person to ride, lead, or tie any animal, or ride, push, pull, or place any vehicle across or upon any sidewalk in such manner as unreasonably interferes with or inconveniences pedestrians using the sidewalk. It shall also be unlawful for any person knowingly to allow any minor under his control to violate this section. (1994 Code, § 12-112)

16-112. Fires in streets, etc. It shall be unlawful for any person to set or contribute to any fire in any public street, alley, or sidewalk. (1994 Code, § 12-113)

CHAPTER 2

EXCAVATIONS AND CUTS¹

SECTION

- 16-201. Permit required.
- 16-202. Applications.
- 16-203. Fee.
- 16-204. Deposit or bond.
- 16-205. Manner of excavating--barricades and lights--temporary sidewalks.
- 16-206. Restoration of streets, etc.
- 12-207. Unacceptable material.
- 12-208. Clean-up.
- 16-209. Insurance.
- 16-210. Time limits.
- 16-211. Supervision.
- 16-212. Driveways.

16-201. Permit required. It shall be unlawful for any person, firm, corporation, association, or others, to make any excavation in any street, alley, street or alley drainage system, or public place, or to tunnel under any street, alley, street or alley drainage system, or public place without having first obtained a permit as herein required, and without complying with the provisions of this chapter. It shall also be unlawful to violate, or vary from, the terms of any such permits; provided, however, any person maintaining pipes, lines, or other underground facilities in or under the surface of any street may proceed with an opening without a permit when emergency circumstances demand the work to be done immediately and a permit cannot reasonably and practicably be obtained beforehand. The person shall thereafter apply for a permit on the first regular business day on which the office of the recorder is open for business, and the permit shall be retroactive to the date when the work was begun. A violation of this section shall be punishable by a fine of fifty dollars (\$50.00). Each day's continuance of the violation shall be a new and separate offense. (1994 Code, § 12-201, as amended by Ord. #1996-11, Nov. 1996)

16-202. Applications. Applications for permits shall be made to the recorder, or such person as he may designate to receive applications, and shall

¹State law reference

This chapter was patterned substantially after the ordinance upheld by the Tennessee Supreme Court in the case of City of Paris, Tennessee v. Paris-Henry County Public Utility District, 207 Tenn. 388, 340 S.W.2d 885 (1960).

state thereon the location of the intended excavation or tunnel, the size thereof, the purpose thereof, the person, firm, corporation, association, or others doing the actual excavating, the name of the person, firm, corporation, association, or others for whom the work is being done, and shall contain an agreement that the applicant will comply with all ordinances and laws relating to the work to be done. The application shall be rejected or approved by the recorder within four (4) working days of its filing, unless engineering review of plans is required. (1994 Code, § 12-202)

16-203. Fee. The fee for such permits shall be set by resolution. (Ord. #1996-11, Nov. 1996)

16-204. Deposit or bond. No permit shall be issued unless and until the applicant therefor has deposited with the recorder a cash deposit. The deposit shall be in the sum of twenty-five dollars (\$25.00) if no pavement is involved or seventy-five dollars (\$75.00) if the excavation is in a paved area and shall insure the proper restoration of the ground and laying of the pavement, if any. Where the amount of the deposit is clearly inadequate to cover the cost of restoration, the recorder may increase the amount of the deposit to an amount considered by him to be adequate to cover the cost. From this deposit shall be deducted the expense to the town of relaying the surface of the ground or pavement, and of making the refill if any of this work is done by the town or at its expense. The balance shall be returned to the applicant without interest after the tunnel or excavation is completely refilled and the surface or pavement is restored.

In lieu of a deposit the applicant may deposit with the recorder a surety bond in such form and amount and for such length of time as the recorder shall deem adequate to cover the costs to the town if the applicant fails to make proper restoration. (1994 Code, § 12-204)

16-205. Manner of excavating—barricades and lights—temporary sidewalks. Any person, firm, corporation, association, or others making any excavation or tunnel shall do so according to the terms and conditions of the application and permit authorizing the work to be done. Sufficient and proper barricades and lights shall be maintained to protect persons and property from injury by or because of the excavation being made. If any sidewalk is blocked by any such work, a temporary sidewalk shall be constructed and provided which shall be safe for travel and convenient for users. (1994 Code, § 12-205)

16-206. Restoration of streets, etc. Any person, firm, corporation, association, or others making any excavation or tunnel in or under any street, alley, street or alley drainage system, or public place in this town shall restore said street, alley, street or alley drainage system, or public place to its original condition or to the condition acceptable to the town. In case of unreasonable

delay in restoring the street, alley, street or alley drainage system, or public place, the recorder shall give notice to the person, firm, corporation, association, or others that unless the excavation or tunnel is refilled properly within a specified reasonable period of time, the town will do the work and charge the expense of doing the same to such person, firm, corporation, association, or others. If within the specified time the conditions of the above notice have not been complied with, the work shall be done by the town, an accurate account of the expense involved shall be kept, and the total cost shall be charged to the person, firm, corporation, association, or others who made the excavation or tunnel. (1994 Code, § 12-206)

16-207. Unacceptable fill material. If for any reason the excavated material cannot be compacted to its original density the material shall be removed and material acceptable to the recorder shall be used to complete the work. (1994 Code, § 12-207)

16-208. Clean-up. As the excavation work progresses, all streets shall be thoroughly cleaned of all rubbish, excess earth, rock, and other debris resulting from the work. All clean-up operations at the location of such excavation shall be accomplished at the expense of the person, firm, corporation, association, or others making such excavation or tunnel and shall be completed to the satisfaction of the recorder. From time to time, as may be ordered by the recorder and in any event immediately after completion of the excavation or tunnel, the person, firm, corporation, association, or others doing the actual excavating shall, at his or its own expense, clean up and remove all refuse and unused materials of any kind resulting from the work within twenty-four (24) hours after having been notified. Upon failure to perform within twenty-four (24) hours, the work may be done by the town and the cost thereof charged to the person, firm, corporation, association, or others doing the actual excavating. (1994 Code, § 12-208)

16-209. Insurance. In addition to making the deposit or giving the bond hereinbefore required to insure that proper restoration is made, each person applying for an excavation permit shall file a certificate of insurance indicating that he is insured against claims for damage for personal injury as well as against claims for property damage which may arise from or out of the performance of the work, whether such performance be by himself, his subcontractor, or anyone directly or indirectly employed by him. Such insurance shall cover collapse, explosive hazards, and underground work by equipment on the street, and shall include protection against liability arising from completed operations. The amount of the insurance shall be prescribed by the recorder in accordance with the nature of the risk involved, but the liability insurance for bodily injury shall not be less than the state minimum as provided by Tennessee

Code Annotated, § 29-20-403 and any supplements thereof. (1994 Code, § 12-209, modified)

16-210. Time limits. Each application for a permit shall state the length of time it is estimated will elapse from the commencement of the work until the restoration of the surface of the ground or pavement, or until the refill is made ready for the pavement to be put on by the town if the town restores the surface pavement. It shall be unlawful to fail to comply with this time limitation unless permission for an extension of time is granted by the recorder. (1994 Code, § 12-210)

16-211. Supervision. The recorder or his designate shall from time to time inspect all excavations and tunnels being made in or under any public street, alley, street or alley drainage system, or other public place in the town and see to the enforcement of the provisions of this chapter. Notice shall be given to him at least ten (10) hours before the work of refilling any such excavation or tunnel commences. (1994 Code, § 12-211)

16-212. Driveways. No one shall build or maintain a driveway that intersects with a town street, alley, or other public place without first obtaining a permit from the recorder. Such a permit will not be issued when the contemplated driveway is to be so located or constructed as to create an unreasonable hazard to pedestrian and/or vehicular traffic. No driveway approach shall be permitted to encompass any municipal or other public facilities. Under the permit provided for herein the applicant may be authorized to relocate any such utility upon application to the subject utility provider and upon making suitable arrangements for financial reimbursements to the provider. No driveway approach shall be permitted within twenty-five (25) feet of the right-of-way of the intersecting street, and no more than one driveway approach shall be permitted per lot when the lot is seventy-five (75) feet or less in width fronting on any street. All new constructions or replacement of driveway drainage culverts shall have minimum dimensions of fifteen (15) inches in diameter for metal corrugated pipe or twelve (12) inches in diameter for concrete pipe, and twenty (20) feet in length, and shall be constructed in a manner not to impede adequate drainage along the road right-of-way. (1994 Code, § 12-212)
