   (a) Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then before entering the intersection and shall remain standing until green or "Go" is shown alone; provided, however, that a right turn on a red signal shall be permitted at all intersections within the town; provided that the prospective turning car comes to a full and complete stop before turning and that the turning car yields the right-of-way to pedestrians and cross traffic traveling in accordance with their traffic signal. However, said turn shall not endanger other traffic lawfully using said intersection. A right turn on red shall be permitted at all intersections except those clearly marked by a "No Turns On Red" sign, which may be erected by the town at intersections which the town decides require no right turns on red in the interest of traffic safety.
   (b) Pedestrians facing such signal shall not enter the roadway.

(4) Steady red with green arrow.
   (a) Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection.
   (b) Pedestrians facing such signal shall not enter the roadway.

(5) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking, the stop shall be made a vehicle length short of the signal. [Ord. of April 19, 1977, § 4-107]

9-408. At flashing traffic control signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal placed or erected in the town, it shall require obedience by vehicular traffic as follows:
   (a) Flashing red (stop signal). When a red lens is illuminated with intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.
   (b) Flashing yellow (caution signal). When a yellow lens is illuminated with intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.
(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules set forth in § 9-404 of this chapter. [Ord. of April 19, 1977, § 4-108]
9-409. **Stops to be signaled.** No person operating a motor vehicle shall stop such vehicle, whether in obedience to a traffic sign or signal or otherwise, without first signaling his intention in accordance with the requirements of the state law,\(^1\) except in an emergency. [Ord. of April 19, 1977, § 4-109]

9-410. **Pedestrians.** Pedestrians have right-of-way on Main Street. Two (2) signs of suitable design and size may be erected on two (2) conspicuous places on Main Street to read as follows: "Pedestrians Have Right-of-Way at Intersections of Streets" and which signs shall be placed as to be plainly visible to traffic proceeding in either direction, one (1) on the easterly portion of Main Street and one (1) on the westerly portion in order to become effective. 9-702. Definitions. For the purpose of this chapter, the following words and terms shall have the designated meaning unless it is clear from the text that a different meaning is intended:

(1) "Abandoned vehicle" means any motor vehicle to which the last registered owner of record thereof has relinquished all further dominion and control and/or any vehicle which is wrecked or partially dismantled or inoperative for a period of ten (10) days. 1For a section providing for the disposal of abandoned motor vehicles which are on public property or on private property without the consent of the owner, see § 9-605 in this code.
9-703. Findings of board; accumulation of junk vehicles declared nuisance. The accumulation and storage of abandoned, wrecked, junked, partially dismantled, or inoperable motor vehicles on private property tends to reduce the value thereof, to invite plundering, to create fire hazards, and to constitute an attractive nuisance creating a hazard to the health and safety of minors. Such accumulation and storage of vehicles is further found to promote urban blight and deterioration in the community. Such wrecked, junked, abandoned, or partially dismantled or inoperable motor vehicles are in the nature of rubbish, litter, and unsightly debris in violation of health and sanitation laws. Therefore, the accumulation and storage of such vehicles on private property, except as expressly hereinafter permitted, is hereby declared to constitute a public nuisance which may be abated as such, which remedy shall be in addition to any other remedy provided in the town's ordinances. [Ord. of Sept. 10, 1974, art. 3, modified]

9-704. Storage on public or private property prohibited. No person shall park, store, or leave or permit the parking, storing, or leaving of any motor vehicle which is in a rusted, wrecked, junked, partially dismantled, inoperable, or abandoned condition upon any public or private property within the town for a period in excess of ten (10) days unless such vehicle is completely enclosed within a building or unless such vehicle is stored or parked on said property in connection with a duly licensed business or commercial enterprise operated and conducted pursuant to law and such parking or storing of vehicles is necessary to the operation of the business or commercial enterprise. [Ord. of Sept. 10, 1974, art. 3, § a, modified]

9-705. Notice to remove. Whenever it shall appear that a violation of any provision of this chapter exists, the recorder shall give, or cause to be given, notice to the registered owner of any motor vehicle which is in violation of this chapter, and he shall give such notice to the owner or person in lawful possession or control of the property upon which such motor vehicle is located, advising that said motor vehicle violates the provisions of this chapter and shall be moved to a place of lawful storage within ten (10) days. Such notice shall be served upon the owner of the vehicle by leaving a copy of said notice on or within the vehicle. Notice to the owner or person in lawful possession or control of the property upon which such motor vehicle is located may be served by conspicuously posting said notice upon the premises. [Ord. of Sept. 10, 1974, art. 3, § b, modified]

9-706. Failure to remove declared misdemeanor. The owner of any abandoned vehicle who fails, neglects, or refuses to remove the said vehicle or to house such vehicle and abate such nuisance in accordance with the notice given pursuant to the provisions of § 9-705 shall be guilty of a misdemeanor. [Ord. of Sept. 10, 1974, art. 3, § c]
