(2) If the proceedings are conducted without the participation of the party in default, the administrative hearing officer shall include in the final order a written notice of default and a written statement of the grounds for the default. (as added by Ord. #1425, April 2012)

12-1611. Petitions for intervention. (1) The administrative hearing officer shall grant one (1) or more petitions for intervention if:

(c) The administrative hearing officer determines that the interests of justice and the orderly and prompt conduct of the proceedings shall not be impaired by allowing the intervention.

(2) If a petitioner qualifies for intervention, the administrative hearing officer may impose conditions upon the intervenor's participation in the proceedings, either at the time that intervention is granted or at any subsequent time. Conditions may include:

(a) Limiting the intervenor's participation to designated issues in which the intervenor has a particular interest demonstrated by the petition;

(3) The administrative hearing officer, at least twenty-four (24) hours before the hearing, shall render an order granting or denying each pending petition for intervention, specifying any conditions, and briefly stating the reasons for the order. The administrative hearing officer may modify the order at any time, stating the reasons for the modification. (3) In the discretion of the administrative hearing officer and by agreement of the parties, all or part of the hearing may be conducted by telephone, television or other electronic means, if each participant in the hearing has an opportunity to participate in, to hear, and, if technically feasible, to see the entire proceedings while taking place.

(as added by Ord. #1425, April 2012)

The administrative hearing officer shall give effect to the rules of privilege recognized by law and to statutes protecting the confidentiality of certain records, and shall exclude evidence which in his or her judgment is irrelevant, immaterial or unduly repetitious;

(b) At any time not less than ten (10) business days prior to a hearing or a continued hearing, any party shall deliver to the opposing party a copy of any affidavit such party proposes to introduce in evidence, together with a notice in the form provided in subsection (2). If an opportunity to cross-examine an affiant is not afforded after a proper request is made as provided in this subsection (2), the affidavit shall not be admitted into evidence. "Delivery," for purposes of this section, means actual receipt;

(c) The administrative hearing officer may admit affidavits not submitted in accordance with this section where necessary to prevent injustice;

(d) Documentary evidence otherwise admissible may be received in the form of copies or excerpts, or by incorporation by reference to material already on file with the municipality. Upon request, parties shall be given an opportunity to compare the copy with the original, if reasonably available; and

(A) Any fact that could be judicially noticed in the courts of this state;

(B) The record of other proceedings before the agency; or

(as added by Ord. #1425, April 2012)

12-1614. Final orders. (1) An administrative hearing officer shall render a final order in all cases brought before his or her body.

(2) A final order shall include conclusions of law, the policy reasons therefor, and findings of fact for all aspects of the order, including the remedy prescribed. Findings of fact, if set forth in language that is no more than mere repetition or paraphrase of the relevant provision of law, shall be accompanied by a concise and explicit statement of the underlying facts of record to support the findings. The final order must also include a statement of the available procedures and time limits for seeking reconsideration or other administrative relief and the time limits for seeking judicial review of the final order.

(3) Findings of fact shall be based exclusively upon the evidence of record in the adjudicative proceeding and on matters officially noticed in that proceeding. The administrative hearing officer's experience, technical competence and specialized knowledge may be utilized in the evaluation of evidence.

(4) If an individual serving or designed to serve as an administrative hearing officer becomes unavailable, for any reason, before rendition of the final order, a qualified substitute shall be appointed. The substitute shall use any

existing record and may conduct any further proceedings as is appropriate in the interest of justice.

(5) The administrative hearing officer may allow the parties a designated amount of time after conclusion of the hearing for the submission of proposed findings.

(6) A final order rendered pursuant to subsection (1) shall be rendered in writing within seven (7) business days after conclusion of the hearing or after submission of proposed findings unless such period is waived or extended with the written consent of all parties or for good cause shown.

(7) The administrative hearing officer shall cause copies of the final order under subsection (1) to be delivered to each party. (as added by Ord. #1425, April 2012)

12-1615. Final order effective date. (1) All final orders shall state when the order is entered and effective.

(2) A party may not be required to comply with a final order unless the final order has been mailed to the last known address of the party or unless the party has actual knowledge of the final order. (as added by Ord. #1425, April 2012)

12-1616. Collection of fines, judgments and debts. The city may collect a fine levied pursuant to this section by any legal means available to a municipality to collect any other fine, judgment or debt. (as added by Ord. #1425, April 2012)

12-1617. Judicial review of final order. (1) A person who is aggrieved by a final decision in a contested case is entitled to judicial review pursuant to Tennessee Code Annotated, title 6, chapter 54, part 10, which shall be the only available method of judicial review.

(2) Proceedings for judicial review of a final order are instituted by filing a petition for review in the chancery court in the county where the municipality lies. Such petition must be filed within sixty (60) calendar days after the entry of the final order that is the subject of the review.

(3) The filing of the petition for review does not itself stay enforcement of the final order. The reviewing court may order a stay on appropriate terms, but if it is shown to the satisfaction of the reviewing court, in a hearing that shall be held within ten (10) business days of a request for hearing by either party, that any party or the public at large may suffer injury by reason of the granting of a stay, then no stay shall be granted until a good and sufficient bond, in an amount fixed and approved by the court, shall be given by the petitioner conditioned to indemnify the other persons who might be so injured and if no bond amount is sufficient, the stay shall be denied.

(4) Within forty-five (45) calendar days after service of the petition, or within further time allowed by the court, the administrative hearing officer shall

transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all the parties of the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional cost. The court may require or permit subsequent corrections or additions to the record.

(5) If, before the date set for hearing, application is made to the court for leave to present additional evidence, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the administrative proceeding, the court may order that the additional evidence be taken before the administrative hearing officer upon conditions determined by the court. The administrative hearing officer may modify its findings and decision by reason of the additional evidence and shall file that evidence and any modifications, new findings or decisions with the reviewing court.

(6) The procedure ordinarily followed in the reviewing court will be followed in the review of contested cases decided by the administrative hearing officer, except as otherwise provided in this chapter. The administrative hearing officer that issued the decision to be reviewed is not required to file a responsive pleading.

(7) The review shall be conducted by the court without a jury and shall be confined to the record. In cases of alleged irregularities in procedure before the administrative hearing officer, not shown in the record, proof thereon may be taken in the court.

(8) The court may affirm the decision of the administrative hearing officer or remand the case for further proceedings. The court may reverse or modify the decision if the rights of the petitioner have been prejudiced because the administrative findings, inferences, conclusions or decisions are:

- (a) In violation of constitutional or statutory provisions;
- (b) In excess of the statutory authority of the administrative hearing officer;
- (c) Made upon unlawful procedure;
- (d) Arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion; or
- (e) Unsupported by evidence that is both substantial and material in the light of the entire record. In determining the substantiality of evidence, the court shall take into account whatever in the record fairly detracts from its weight, but the court shall not substitute its judgment for that of the administrative hearing officer as to the weight of the evidence on questions of fact.

(9) No administrative hearing decision pursuant to a hearing shall be reversed, remanded or modified by the reviewing court unless for errors that affect the merits of such decision.

(10) The reviewing court shall reduce its findings of fact and conclusions of law to writing and make them parts of the record. (as added by Ord. #1425, April 2012)

12-1618. Appeal to court of appeals. (1) An aggrieved party may obtain a review of any final judgment of the chancery court under this chapter by appeal to the court of appeals of Tennessee.

(2) The record certified to the chancery court and the record in the chancery court shall constitute the record in an appeal. Evidence taken in court pursuant to title 24 shall become a part of the record.

(3) The procedure on appeal shall be governed by the Tennessee Rules of Appellate Procedure. (as added by Ord. #1425, April 2012)
