PREFACE

The Lynnville Municipal Code contains the codification and revision of the ordinances of the Town of Lynnville, Tennessee. By referring to the historical citation appearing at the end of each section, the user can determine the origin of each particular section. The absence of a historical citation means that the section was added by the codifier. The word "modified" in the historical citation indicates significant modification of the original ordinance.

The code is arranged into titles, chapters, and sections. Related matter is kept together, so far as possible, within the same title. Each section number is complete within itself, containing the title number, the chapter number, and the section of the chapter of which it is a part. Specifically, the first digit, followed by a hyphen, identifies the title number. The second digit identifies the chapter number, and the last two digits identify the section number. For example, title 2, chapter 1, section 6, is designated as section 2-106.

By utilizing the table of contents and the analysis preceding each title and chapter of the code, together with the cross references and explanations included as footnotes, the user should locate all the provisions in the code relating to any question that might arise. However, the user should note that most of the administrative ordinances (e.g. Annual Budget, Zoning Map Amendments, Tax Assessments, etc...) do not appear in the code. Likewise, ordinances that have been passed since the last update of the code do not appear here. Therefore, the user should refer to the city's ordinance book or the city recorder for a comprehensive and up to date review of the city's ordinances.

Following this preface is an outline of the ordinance adoption procedures, if any, prescribed by the city's charter.

The code has been arranged and prepared in loose-leaf form to facilitate keeping it up to date. MTAS will provide updating service under the following conditions:

1. That all ordinances relating to subjects treated in the code or which should be added to the code are adopted as amending, adding, or deleting specific chapters or sections of the code (see section 7 of the adopting ordinance).
2. That one copy of every ordinance adopted by the city is kept in a separate ordinance book and forwarded to MTAS annually.
3. That the city agrees to pay the annual update fee as provided in the MTAS codification service charges policy in effect at the time of the update.

When the foregoing conditions are met MTAS will reproduce replacement pages for the code to reflect the amendments and additions made by such ordinances. This service will be performed at least annually and more often if
justified by the volume of amendments. Replacement pages will be supplied with detailed instructions for utilizing them so as again to make the code complete and up to date.

The able assistance of Nancy Gibson of the codes team is gratefully acknowledged.

A brief synopsis of each of these laws appears in Appendix A of this municipal code.
1-409. Outside employment.
1-410. Ethics complaints.
1-411. Violations and penalty.

1-401. **Applicability.** This chapter is the code of ethics for personnel of the Town of Lynnville. It applies to all full-time and part-time elected or appointed officials and employees, whether compensated or not, including those of any separate board, commission, committee, authority, corporation, or other instrumentality appointed or created by the Town of Lynnville. The words "municipal" and "town" or "Town of Lynnville" include these separate entities. (Ord. #5-1-07, April 2007)

1-402. **Definition of "personal interest."** (1) For purposes of §§ 1-403 and 1-404, "personal interest" means:
   
   (a) Any financial, ownership, or employment interest in the subject of a vote by a municipal board not otherwise regulated by state statutes on conflicts of interests; or
   
   (b) Any financial, ownership, or employment interest in a matter to be regulated or supervised; or
   
   (c) Any such financial, ownership, or employment interest of the official's or employee's spouse, parent(s), step parent(s), grandparent(s), sibling(s), child(ren), or step child(ren).

   (2) The words "employment interest" include a situation in which an official or employee or a designated family member is negotiating possible employment with a person or organization that is the subject of the vote or that is to be regulated or supervised.

   (3) In any situation in which a personal interest is also a conflict of interest under state law, the provisions of the state law take precedence over the provisions of this chapter. (Ord. #5-1-07, April 2007)

1-403. **Disclosure of personal interest by official with vote.** An official with the responsibility to vote on a measure shall disclose during the meeting at which the vote takes place, before the vote and so it appears in the minutes, any personal interest that affects or that would lead a reasonable person to infer that it affects the official's vote on the measure. In addition, the official may recuse himself from voting on the measure. (Ord. #5-1-07, April 2007)

1-404. **Disclosure of personal interest in non-voting matters.** An official or employee who must exercise discretion relative to any matter, other than casting a vote, and who has a personal interest in the matter that affects or that would lead a reasonable person to infer that it affects the exercise of the discretion shall disclose, before the exercise of the discretion when possible, the interest on a form provided by and filed with the recorder. In addition, the
official or employee may, to the extent allowed by law, charter, ordinance, or policy, recuse himself from the exercise of discretion in the matter. (Ord. #5-1-07, April 2007)

1-405. **Acceptance of gratuities, etc.** An official or employee may not accept, directly or indirectly, any money, gift, gratuity, or other consideration or favor of any kind from anyone other than the Town of Lynnville:

(1) For the performance of an act, or refraining from performance of an act, that he would be expected to perform, or refrain from performing, in the regular course of his duties; or

(2) That might reasonably be interpreted as an attempt to influence his action, or reward him for past action, in executing municipal business. (Ord. #5-1-07, April 2007)

1-406. **Use of information.** (1) An official or employee may not disclose any information obtained in his official capacity of the Town of Lynnville or position of employment that is made confidential under state or federal law except as authorized by law.

(2) An official or employee may not use or disclose information obtained in his official capacity of the Town of Lynnville or position of employment with the intent to result in financial gain for himself or any other person or entity. (Ord. #5-1-07, April 2007)

1-407. **Use of municipal time, facilities, etc.** (1) An official or employee may not use or authorize the use of municipal time, facilities, equipment, or supplies for private gain or advantage to himself.

(2) An official or employee may not use or authorize the use of municipal time, facilities, equipment, or supplies for private gain or advantage to any private person or entity; except as authorized by legitimate contract or lease that is determined by the board of mayor and aldermen to be in the best interests of the Town of Lynnville.

1-408. **Use of position or authority.** (1) An official or employee may not make or attempt to make private purchases, for cash or otherwise, in the name of the Town of Lynnville.

(2) An official or employee may not use or attempt to use his position to secure any privilege or exemption for himself or others that is not authorized by the charter, general law, or ordinance or policy of the Town of Lynnville. (Ord. #5-1-07, April 2007)

1-409. **Outside employment.** A full-time employee of the Town of Lynnville may not accept any outside employment without written authorization from the department head. (Ord. #5-1-07, April 2007)
1-410. Ethics complaints. (1) The Town of Lynnville attorney is designated as the ethics officer of the Town of Lynnville. Upon the written request of an official or employee potentially affected by a provision of this chapter, the Town of Lynnville attorney may render an oral or written advisory ethics opinion based upon this chapter and other applicable law.

(2) (a) Except as otherwise provided in this subsection, the Town of Lynnville attorney shall investigate any credible complaint against an appointed official or employee charging any violation of this chapter, or may undertake an investigation on his own initiative when he acquires information indicating a possible violation, and make recommendations for action to end or seek retribution for any activity that, in the attorney's judgment, constitutes a violation of this code of ethics.

(b) The Town of Lynnville attorney may request the board of mayor and aldermen to hire another attorney, individual, or entity to act as ethics officer when he has or will have a conflict of interests in a particular matter.

(c) When a complaint of a violation of any provision of this chapter is lodged against a member of the Town of Lynnville's Board of Mayor and Aldermen, the board of mayor and aldermen shall either determine that the complaint has merit, determine that the complaint does not have merit, or determine that the complaint has sufficient merit to warrant further investigation. If the board determines that a complaint warrants further investigation, it shall authorize an investigation by the Town of Lynnville attorney or another individual or entity chosen by the board of mayor and aldermen.

(3) The interpretation that a reasonable person in the circumstances would apply shall be used in interpreting and enforcing this code of ethics.

(4) When a violation of this code of ethics also constitutes a violation of a personnel policy, rule, or regulation or a civil service policy, rule, or regulation, the violation shall be dealt with as a violation of the personnel or civil service provisions rather than as a violation of this code of ethics. (Ord. #5-1-07, April 2007)

1-411. Violations and penalty. An elected official or appointed member of a separate municipal board, commission, committee, authority, corporation, or other instrumentality who violates any provision of this chapter is subject to punishment as provided by the municipality's charter or other applicable law, and in addition is subject to censure by the board of mayor and aldermen. 11-901. **Minors seventeen (17) and eighteen (18) years of age.** It is unlawful for any minor between the ages of seventeen (17) and eighteen (18) to remain in or upon any public street, highway, park, vacant lot, establishment or other public place within the town limits of Lynnville, Tennessee during the following time frames:

(Ord. #204, Oct. 1998)

11-903. **Parent or guardian liable for violation.** It shall be unlawful for a parent or guardian of a minor to knowingly permit or by inefficient control to allow such minor to be or remain upon any street or establishment under circumstances not constituting an exception to, or otherwise beyond the scope of this chapter. The term "knowingly" includes knowledge which a parent or guardian should reasonably be expected to have concerning the whereabouts of a minor in that parent's legal custody. The term "knowingly" is intended to continue to keep neglectful or careless parents up to a reasonable community standard of parental responsibility through an objective test. It is not a defense that a parent was completely indifferent to the activities or conduct or whereabouts of such minor child. (Ord. #204, Oct. 1998)

11-904. **Exceptions.** The following are valid exceptions to the operation of the curfew established by this chapter:
   (1) At any time, if a minor is accompanied by such minor's parent or guardian.
(2) When accompanied by an adult authorized by a parent or guardian of such minor to take such parent or guardian's place in accompanying the minor for a designated period of time and purpose within a specified area.

(4) If the minor is legally employed, for the period from forty-five (45) minutes before to forty-five (45) minutes after work while going directly between the minor's home and place of employment. This exception shall also apply if the minor is in a public place during the curfew hours in the course of the minor's employment. To come within this exception, the minor must be carrying written evidence of employment which is issued by the employer.

(5) Until the hour of 12:30 A.M., if the minor is on the property of, or the sidewalk directly adjacent to, the place where such minor resides or the place immediately adjacent thereto, if the owner of the adjacent building does not communicate an objection to the minor and the law enforcement officer of the town.

(6) When returning home by a direct route from (and within thirty (30) minutes of the termination of) a school activity or an activity of a religious or other voluntary association, or a place of public entertainment, such as a movie, play or sporting event. This exception does not apply beyond 1:00 A.M.

(7) In the case of reasonable necessity, but only after such minor's parent has communicated to law enforcement personnel the facts establishing such reasonable necessity relating to specified streets at a designated time for a described purpose including place of origin and destination. A copy of such communication, or the record thereof, and appropriate notation of the time it was received and of the names and addresses of such parent or guardian and minor constitute evidence of qualification under this exception.

(8) When exercising first amendment rights protected by the United States Constitution, such as the free exercise of religion, freedom of speech and the right of assembly. A minor shall show evidence of the good faith of such exercise and provide notice to the town officials by first delivering to the appropriate law enforcement authority a written communication, signed by such minor, with the minor's home address and telephone number, addressed to the mayor of the town specifying when, where and in what manner the minor will be on the streets at night during hours when the curfew is still otherwise applicable to the minor in the exercise of a first amendment right specified in such communication.

(9) When a minor is, with parental consent, in a motor vehicle engaged in good faith interstate travel.

Each of the foregoing exceptions, and the limitations, are severable.

   (a) Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
   (b) Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.

(2) **Steady yellow alone, or "Caution":**
   (a) Vehicular traffic facing the signal is thereby warned that the red or "Stop" signal will be exhibited immediately thereafter, and such vehicular traffic shall not enter or be crossing the intersection when the red or "Stop" signal is exhibited.
   (b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(3) **Steady red alone, or "Stop":**
   (a) Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until green or "Go" is shown alone. Provided, however, that a right turn on a red signal shall be permitted at all intersections within the town, provided that the prospective turning car comes to a full and complete stop before turning and that the turning car yields the right-of-way to pedestrians and cross traffic traveling in accordance with their traffic signal. However, said turn will not endanger other traffic lawfully using said intersection. A right turn on red shall be permitted at all intersections except those clearly marked by a "No Turns On Red" sign, which may be erected by the town at intersections which the town decides require no right turns on red in the interest of traffic safety.
(b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(4) Steady red with green arrow:
   (a) Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection.
   (b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(5) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made a vehicle length short of the signal. (1974 Code, § 9-407)

15-507. At flashing traffic-control signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal placed or erected in the town it shall require obedience by vehicular traffic as follows:
   (a) Flashing red (stop signal). When a red lens is illuminated with intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.
   (b) Flashing yellow (caution signal). When a yellow lens is illuminated with intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules set forth in § 15-504 of this code. (1974 Code, § 9-408)

15-508. At pedestrian control signals. Wherever special pedestrian control signals exhibiting the words "Walk" or "Wait" or "Don't Walk" have been placed or erected by the town, such signals shall apply as follows:

(1) "Walk." Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

(2) "Wait or Don't Walk." No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to the nearest sidewalk or safety zone while the wait signal is showing. (1974 Code, § 9-409)
15-509. **Stops to be signaled.** No person operating a motor vehicle shall stop such vehicle, whether in obedience to a traffic sign or signal or otherwise, without first signaling his intention in accordance with the requirements of the state law,¹ except in an emergency. (1974 Code, § 9-410)

Except as hereinafter provided, every vehicle parked upon a street within this town shall be so parked that its right wheels are approximately parallel to and within eighteen inches (18") of the right edge or curb of the street. On one-way streets where the town has not placed signs prohibiting the same, vehicles may be permitted to park on the left side of the street, and in such cases the left wheels shall be required to be within eighteen inches (18") of the left edge or curb of the street.

Notwithstanding anything else in this code to the contrary, no person shall park or leave a vehicle parked on any public street or alley within the fire limits between the hours of 1:00 A.M. and 5:00 A.M. or on any other public street or alley for more than seventy-two (72) consecutive hours without the prior approval of the chief of police.

Furthermore, no person shall wash, grease, or work on any vehicle, except to make repairs necessitated by an emergency, while such vehicle is parked on a public street. (1974 Code, § 9-501)

15-602. Angle parking. On those streets which have been signed or marked by the town for angle parking, no person shall park or stand a vehicle other than at the angle indicated by such signs or markings. No person shall
angle park any vehicle which has a trailer attached thereto or which has a length in excess of twenty-four feet (24'). (1974 Code, § 9-502)

15-603. **Occupancy of more than one space.** No person shall park a vehicle in any designated parking space so that any part of such vehicle occupies more than one (1) such space or protrudes beyond the official markings on the street or curb designating such space unless the vehicle is too large to be parked within a single designated space. (1974 Code, § 9-503)

15-604. **Where prohibited.** No person shall park a vehicle in violation of any sign placed or erected by the state or town, nor:

The presumption shall be that all installed parking meters were lawfully installed by the town. (1974 Code, § 9-506)

15-607. **Lawful parking in parking meter spaces.** Any parking space regulated by a parking meter may be lawfully occupied by a vehicle only after a proper coin has been deposited in the parking meter and the said meter has
been activated or placed in operation in accordance with the instructions printed thereon. (1974 Code, § 9-507)

15-608. **Unlawful parking in parking meter spaces.** It shall be unlawful for the owner or operator of any vehicle to park or allow his vehicle to be parked in a parking space regulated by a parking meter for more than the maximum period of time which can be purchased at one time. Insertion of additional coin or coins in the meter to purchase additional time is unlawful.

No owner or operator of any vehicle shall park or allow his vehicle to be parked in such a space when the parking meter therefor indicates no parking time allowed, whether such indication is the result of a failure to deposit a coin or to operate the lever or other actuating device on the meter, or the result of the automatic operation of the meter following the expiration of the lawful parking time subsequent to depositing a coin therein at the time the vehicle was parked. (1974 Code, § 9-508)

15-609. **Unlawful to occupy more than one parking meter space.** It shall be unlawful for the owner or operator of any vehicle to park or allow his vehicle to be parked across any line or marking designating a parking meter space or otherwise so that such vehicle is not entirely within the designated parking meter space; provided, however, that vehicles which are too large to park within one (1) space may be permitted to occupy two (2) adjoining spaces provided proper coins are placed in both meters. (1974 Code, § 9-509)

15-610. **Unlawful to deface or tamper with meters.** It shall be unlawful for any unauthorized person to open, deface, tamper with, willfully break, destroy, or impair the usefulness of any parking meter. (1974 Code, § 9-510)

15-612. **Presumption with respect to illegal parking.** When any unoccupied vehicle is found parked in violation of any provision of this chapter, there shall be a prima facie presumption that the registered owner of the vehicle is responsible for such illegal parking. (1974 Code, § 9-512)

15-613. **Specific no parking zones; violation.** (1) It shall be unlawful for any person to park their vehicle in front of the Railroad Museum except for commercial vehicle loading and unloading.

The officer, upon receiving the written promise of the alleged violator to answer as specified in the citation, shall release such person from custody. It shall be unlawful for any alleged violator to give false or misleading information as to his name or address. (1974 Code, § 9-601)

15-702. **Failure to obey citation.** It shall be unlawful for any person to violate his written promise to appear in court after giving said promise to an officer upon the issuance of a traffic citation, regardless of the disposition of the charge for which the citation was originally issued. Such an impounded vehicle shall be stored until the owner or other person entitled thereto, claims it, gives satisfactory evidence of ownership or right to possession, and pays all applicable fees and costs, or until otherwise lawfully disposed of. The fee for impounding a vehicle shall be five dollars ($5.00) and the storage cost shall be one dollar ($1.00) for each twenty-four (24) hour period or fraction thereof that the vehicle is stored. CHAPTER 2

EXCAVATIONS AND CUTS

SECTION
16-201. Permit required.
16-203. Fee.
16-204. Deposit or bond.
16-205. Manner of excavating--barricades and lights--temporary sidewalks.
16-206. Restoration of streets, etc.
16-207. Insurance.
16-208. Time limits.
16-209. Supervision.

16-201. Permit required. It shall be unlawful for any person, firm, corporation, association, or others, to make any excavation in any street, alley, or public place, or to tunnel under any street, alley, or public place without having first obtained a permit as herein required, and without complying with the provisions of this chapter; and it shall also be unlawful to violate, or vary from, the terms of any such permit; provided, however, any person maintaining pipes, lines, or other underground facilities in or under the surface of any street may proceed with an opening without a permit when emergency circumstances demand the work to be done immediately and a permit cannot reasonably and practicably be obtained beforehand. The person shall thereafter apply for a permit on the first regular business day on which the office of the recorder is open for business, and said permit shall be retroactive to the date when the work was begun. (1974 Code, § 12-201)

16-202. Applications. Applications for such permits shall be made to the recorder, or such person as he may designate to receive such applications, and shall state thereon the location of the intended excavation or tunnel, the size thereof, the purpose thereof, the person, firm, corporation, association, or others doing the actual excavating, the name of the person, firm, corporation, association, or others for whom the work is being done, and shall contain an agreement that the applicant will comply with all ordinances and laws relating to the work to be done. Such application shall be rejected or approved by the recorder within twenty-four (24) hours of its filing. (1974 Code, § 12-202)

16-203. Fee. The fee for such permits shall be two dollars ($2.00) for excavations which do not exceed twenty-five (25) square feet in area or tunnels not exceeding twenty-five feet (25') in length; and twenty-five cents ($0.25) for each additional square foot in the case of excavations, or lineal foot in the case
of tunnels; but not to exceed one hundred dollars ($100.00) for any permit. (1974 Code, § 12-203)

16-204. Deposit or bond. No such permit shall be issued unless and until the applicant therefor has deposited with the recorder a cash deposit. The deposit shall be in the sum of twenty-five dollars ($25.00) if no pavement is involved or seventy-five dollars ($75.00) if the excavation is in a paved area and shall insure the proper restoration of the ground and laying of the pavement, if any. Where the amount of the deposit is clearly inadequate to cover the cost of restoration, the mayor may increase the amount of the deposit to an amount considered by him to be adequate to cover the cost. From this deposit shall be deducted the expense to the town of relaying the surface of the ground or pavement, and of making the refill if this is done by the town or at its expense. The balance shall be returned to the applicant without interest after the tunnel or excavation is completely refilled and the surface or pavement is restored.

In lieu of a deposit the applicant may deposit with the recorder a surety bond in such form and amount as the recorder shall deem adequate to cover the costs to the town if the applicant fails to make proper restoration. (1974 Code, § 12-204)

16-205. Manner of excavating–barricades and lights–temporary sidewalks. Any person, firm, corporation, association, or others making any excavation or tunnel shall do so according to the terms and conditions of the application and permit authorizing the work to be done. Sufficient and proper barricades and lights shall be maintained to protect persons and property from injury by or because of the excavation being made. If any sidewalk is blocked by any such work, a temporary sidewalk shall be constructed and provided which shall be safe for travel and convenient for users. (1974 Code, § 12-205)

16-206. Restoration of streets, etc. Any person, firm, corporation, association, or others making any excavation or tunnel in or under any street, alley, or public place in this town shall restore said street, alley, or public place to its original condition except for the surfacing, which shall be done by the town, but shall be paid for by such person, firm, corporation, association, or others promptly upon the completion of the work for which the excavation or tunnel was made. In case of unreasonable delay in restoring the street, alley, or public place, the recorder shall give notice to the person, firm, corporation, association, or others that unless the excavation or tunnel is refilled properly within a specified reasonable period of time, the town will do the work and charge the expense of doing the same to such person, firm, corporation, association, or others. If within the specified time the conditions of the above notice have not been complied with, the work shall be done by the town, an accurate account of the expense involved shall be kept, and the total cost shall
be charged to the person, firm, corporation, association, or others who made the excavation or tunnel. (1974 Code, § 12-206)

16-207. **Insurance.** In addition to making the deposit or giving the bond hereinbefore required to insure that proper restoration is made, each person applying for an excavation permit shall file a certificate of insurance indicating that he is insured against claims for damages for personal injury as well as claims for property damage which may arise from or out of the performance of the work, whether such performance be by himself, his subcontractor, or anyone directly or indirectly employed by him. Such insurance shall cover collapse, explosive hazards, and underground work by equipment on the street, and shall include protection against liability arising from completed operations. The amount of the insurance shall be prescribed by the recorder in accordance with the nature of the risk involved; provided, however, that the liability insurance for bodily injury shall not be less than three hundred thousand dollars ($300,000.00) for each person and seven hundred thousand dollars ($700,000.00) for each accident, and for property damages not less than one hundred thousand dollars ($100,000.00) for each accident.

16-208. **Time limits.** Each application for a permit shall state the length of time it is estimated will elapse from the commencement of the work until the restoration of the surface of the ground or pavement, or until the refill is made ready for the pavement to be put on by the town if the town restores such surface pavement. It shall be unlawful to fail to comply with this time limitation unless permission for an extension of time is granted by the recorder. (1974 Code, § 12-208)

16-209. **Supervision.** The recorder shall from time to time inspect all excavations and tunnels being made in or under any public street, alley, or other public place in the town and see to the enforcement of the provisions of this chapter. Notice shall be given to him at least ten (10) hours before the work of refilling any such excavation or tunnel commences. (1974 Code, § 12-209)

16-210. **Driveway curb cuts.** No one shall cut, build, or maintain a driveway across a curb or sidewalk without first obtaining a permit from the recorder. Such a permit will not be issued when the contemplated driveway is to be so located or constructed as to create an unreasonable hazard to pedestrian and/or vehicular traffic. No driveway shall exceed thirty-five feet (35') in width at its outer or street edge and when two (2) or more adjoining driveways are provided for the same property a safety island of not less than ten feet (10') in width at its outer or street edge shall be provided. Driveway aprons shall not extend out into the street. (1974 Code, § 12-210)

Where streets are used by the town refuse collectors, containers shall be placed adjacent to and back of the curb, or adjacent to and back of the ditch or street line if there is no curb, at such times as shall be scheduled by the town for the collection of refuse therefrom. As soon as practicable after such containers have been emptied they shall be removed by the owner to within, or to the rear of, his premises and away from the street line until the next scheduled time for collection. (1974 Code, § 8-204)

17-105. **Disturbing containers.** No unauthorized person shall uncover, rifle, pilfer, dig into, turn over, or in any other manner disturb or use any refuse container belonging to another. Furthermore, all refuse collection vehicles shall utilize closed beds or such coverings as will effectively prevent the scattering of refuse over the streets or alleys. (1974 Code, § 8-207)

17-108. **Disposal.** The disposal of refuse in any quantity by any person in any place, public or private, other than at the site or sites designated for refuse disposal by the board of mayor and aldermen is expressly prohibited. (1974 Code, § 8-208)

No septic tank or other water-carried sewage disposal system except a connection to a public sewer shall be installed without the approval of the health officer or his duly appointed representative. The design, layout, and construction of such systems shall be in accordance with specifications approved by the health officer and the installation shall be under the general supervision of the department of health. (1974 Code, § 8-305)

18-106. **Use of pit privy or other method of disposal.** Wherever a sanitary method of human excreta disposal is required under § 18-102 and water-carried sewage facilities are not used, a sanitary pit privy or other approved method of disposal shall be provided. (1974 Code, § 8-306)

18-107. **Approval and permit required for septic tanks, privies, etc.** Any person, firm, or corporation proposing to construct a septic tank system, privy, or other sewage disposal facility, requiring the approval of the health officer under this chapter, shall before the initiation of construction obtain the approval of the health officer for the design and location of the system and secure a permit from the health officer for such system. (1974 Code, § 8-307)

18-108. **Owner to provide disposal facilities.** It shall be the duty of the owner of any property upon which facilities for sanitary sewage or human excreta disposal are required by § 18-102, or the agent of the owner to provide such facilities. (1974 Code, § 8-308)

(1974 Code, § 8-312)

18-113. **Enforcement of chapter.** It shall be the duty of the health officer to make an inspection of the methods of disposal of sewage and human excreta as often as is considered necessary to insure full compliance with the terms of this chapter. Written notification of any violation shall be given by the health officer to the person or persons responsible for the correction of the condition, and correction shall be made within forty-five (45) days after notification. If the health officer shall advise any person that the method by which human excreta and sewage is being disposed of constitutes an immediate and serious menace to health such person shall at once take steps to remove the menace, and failure to remove such menace immediately shall be punishable under the general penalty clause for this code; but such person shall be allowed the number of days herein provided within which to make permanent correction. (1974 Code, § 8-313)

18-115. **Violations and penalty.** Any person, persons, firm, association, or corporation or agent thereof, who shall fail, neglect, or refuse to comply with the provisions of this chapter shall be deemed guilty of a misdemeanor and shall be punishable under the general penalty clause for this code. CHAPTER 2
CROSS CONNECTIONS, AUXILIARY INTAKES, ETC.¹

SECTION
18-201. Definitions.
18-203. Construction, operation, and supervision.
18-204. Statement required.
18-205. Violations and penalty.

18-201. Definitions. The following definitions and terms shall apply in the interpretation and enforcement of this chapter:

(1) "Auxiliary intake." Any piping connection or other device whereby water may be secured from a source other than that normally used.

(2) "Bypass." Any system of piping or other arrangement whereby the water may be diverted around any part or portion of a water purification plant.

(3) "Cross connection." Any physical connection whereby the public water supply is connected with any other water supply system, whether public or private, either inside or outside of any building or buildings, in such manner that a flow of water into the public water supply is possible either through the manipulation of valves or because of ineffective check or back-pressure valves, or because of any other arrangement.

(4) "Interconnection." Any system of piping or other arrangement whereby the public water supply is connected directly with a sewer, drain, conduit, pool, storage reservoir, or other device which does or may contain sewage or other waste or liquid which would be capable of imparting contamination to the public water supply.

(5) "Person." Any and all persons, natural or artificial, including any individual, firm, or association, and any municipal or private corporation organized or existing under the laws of this or any other state or country.

(6) "Public water supply." The waterworks system furnishing water to the town for general use and which supply is recognized as the public water supply by the Tennessee Department of Environment and Conservation. (1974 Code, § 8-401)

18-202. Standards. The municipal public water supply is to comply with Tennessee Code Annotated, §§ 68-221-701 through 68-221-720 as well as

¹Municipal code references

the rules and regulations for public water supplies, legally adopted in accordance with this code, which pertain to cross connections, auxiliary intakes, bypasses, and interconnections, and establish an effective ongoing program to control these undesirable water uses.

18-203. **Construction, operation, and supervision.** It shall be unlawful for any person to cause a cross connection, auxiliary intake, bypass, or interconnection to be made, or allow one to exist for any purpose whatsoever, unless the construction and operation of same have been approved by the Tennessee Department of Environment and Conservation and the operation of such cross connection, auxiliary intake, bypass or interconnection is at all times under the direct supervision of the superintendent of the water department or his representative. (1974 Code, § 8-402)

18-204. **Statement required.** Any person whose premises are supplied with water from the public water supply and who also has on the same premises a separate source of water supply, or stores water in an uncovered or unsanitary storage reservoir from which the water stored therein is circulated through a piping system, shall file with the superintendent of the water department a statement of the non-existence of unapproved or unauthorized cross connections, auxiliary intakes, bypasses, or interconnections. Such statement shall also contain an agreement that no cross connection, auxiliary intake, bypass, or interconnection will be permitted upon the premises. (1974 Code, § 8-403, modified)

18-205. **Violations and penalty.** The requirements contained herein shall apply to all premises served by the town water system whether located inside or outside the corporate limits and are hereby made a part of the conditions required to be met for the town to provide water services to any premises. Such action, being essential for the protection of the water distribution system against the entrance of contamination which may render the water unsafe healthwise, or otherwise undesirable, shall be enforced rigidly without regard to location of the premises, whether inside or outside the corporate limits.

Any person who neglects or refuses to comply with any of the provisions of this chapter shall be deemed guilty of a misdemeanor and, upon conviction therefor, shall be fined under the general penalty clause for this municipal code of ordinances.

In addition to, or in lieu of any fines and penalties that may be judicially assessed for violations of this chapter, the superintendent of the water department may discontinue the public water supply service at any premises upon which there is found to be a cross-connection, auxiliary intake, by-pass, or interconnection, and service shall not be restored until such cross-connection,
auxiliary intake, by-pass, or interconnection has been discontinued. (1974 Code, § 8-404, modified)

18-322. Liability for cutoff failures.
18-323. Restricted use of water.
18-324. Interruption of service.
18-325. Schedule of rates.

18-301. Application and scope. The provisions of this chapter are a part of all contracts for receiving water and sewer service from the town and shall apply whether the service is based upon contract, agreement, signed application, or otherwise. (Ord. #1814, July 2009)

18-302. Definitions. (1) "Customer" means any person, firm, or corporation who receives water and/or sewer service from the town under either an express or implied contract.

(2) "Dwelling" means any single residential unit or house occupied for residential purposes. Each separate apartment unit, duplex unit or other multiple dwelling unit shall be considered a separate dwelling.
"Premise" means any structure or group of structures operated as a single business or enterprise, provided, however, the term "premise" shall not include more than one (1) dwelling.

"Service line" shall consist of the pipe line extending from any water or sewer main of the town to private property. Where a meter and meter box are located on private property, the service line shall be construed to include the pipe line extending from the town's water main to and including the meter and meter box. (Ord. #1814, July 2009)

18-303. Application and contract for service. Each prospective customer desiring water and/or sewer service will be required to sign a standard form contract and pay an application fee of one hundred dollars ($100.00) before service is supplied. If, for any reason, a customer, after signing a contract for service, does not take such service by reason of not occupying the premises or otherwise, he shall reimburse the town for the expense incurred by reason of its endeavor to furnish such service. The receipt of a prospective customer's application for service shall not obligate the town to render the service applied for. [If the service applied for cannot be supplied in accordance with the provisions of this chapter, the liability of the town to the applicant shall be limited to the return of any service deposit made by such applicant.] (Ord. #1814, July 2009, modified)

18-304. Service charges for temporary service. Customers requiring temporary service shall pay all costs for connection and disconnection incidental to the supplying and removing of service in addition to the regular charge for water and/or sewer service. (Ord. #1814, July 2009)

18-305. Connection charges. Service lines will be laid by the town from its mains to the property line at the expense of the applicant for service. The location of such lines will be determined by the town. Before a new water or sewer service line will be laid by the town, the applicant shall pay a nonrefundable connection charge adopted by appropriate resolution. When a service line is completed, the town shall be responsible for the maintenance and upkeep of such service line from the main to and including the meter and meter box, and such portion of the service line shall belong to the town. The remaining portion of the service line beyond the meter box (or property line, in the case of sewers) shall belong to and be the responsibility of the customer. (Ord. #1814, July 2009)

18-306. Water and sewer main extensions. Persons desiring water and/or sewer main extensions must pay all of the cost of making such extensions. All such extensions shall be installed either by town forces or by
other forces working directly under the supervision of the town in accordance with plans and specifications prepared by an engineer registered with the State of Tennessee. Upon completion of such extensions and their approval by the town, such water and/or sewer mains shall become the property of the town. The persons paying the cost of constructing such mains shall execute any written instruments requested by the town to provide evidence of the town's title to such mains. In consideration of such mains being transferred to it, the town shall incorporate said mains as an integral part of the municipal water and sewer systems and shall furnish water and sewer service therefrom in accordance with these rules and regulations, subject always to such limitations as may exist because of the size and elevation of the mains. (Ord. #1814, July 2009)

18-307. Water and sewer main extension variances. Whenever the board of mayor and aldermen is of the opinion that it is in the best interest of the town and its inhabitants to construct a water and/or sewer main extension without requiring strict compliance with the preceding section, such extension may be constructed upon such terms and conditions as shall be approved by the board of mayor and aldermen. The authority to make water and/or sewer main extensions under the preceding section is permissive only and nothing contained therein shall be construed as requiring the town to make such extensions or to furnish service to any person or persons. (Ord. #1814, July 2009)

18-308. Meters. All meters shall be installed, tested, repaired, and removed only by the town. No one shall do anything which will in any way interfere with or prevent the operation of a meter. No one shall tamper with or work on a water meter without the written permission of the town. No one shall install any pipe or other device which will cause water to pass through or around a meter without the passage of such water being registered fully by the meter. (Ord. #1814, July 2009)

18-309. Meter tests. The town will, at its own expense, make routine tests of meters when it considers such tests desirable. In testing meters, the water passing through a meter will be weighed or measured at various rates of discharge and under varying pressures. To be considered accurate, the meter registration shall check with the weighed or measured amounts of water within the percentage shown in the following table:

<table>
<thead>
<tr>
<th>Meter Size</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>5/8&quot;,3/4&quot;,1&quot;,2&quot;</td>
<td>2%</td>
</tr>
<tr>
<td>3&quot;</td>
<td>3%</td>
</tr>
<tr>
<td>4&quot;</td>
<td>4%</td>
</tr>
</tbody>
</table>
The town will also make tests or inspections of its meters at the request of the customer. However, if a test requested by a customer shows a meter to be accurate within the limits stated above, the customer shall pay a meter testing charge in the amount stated in the following table:

<table>
<thead>
<tr>
<th>Meter size test</th>

<tr>

</tr>
<tr>

<td>$22.00</td>
</tr>
<tr>
<td>6&quot; and over</td>
<td>$30.00</td>
</tr>
</tbody>
</table>

If such test shows a meter not to be accurate within such limits, the cost of such meter test shall be borne by the town. (Ord. #1814, July 2009)

18-310. **Multiple services through a single meter.** No customer shall supply water service to more than one (1) dwelling, premise, duplex unit; apartment or other multiple dwelling unit from a single service line and meter without first obtaining the written permission of the town. Where the town allows more than one (1) dwelling, premise, duplex unit, apartment or other multiple dwelling unit to be served through a single service line and meter, the amount of water used by all the dwellings, premises, duplex units, apartments or other multiple dwelling units served through a single service line and meter shall be allocated to each separate dwelling, premise, duplex unit, apartment or other multiple dwelling unit served. The water charge of each such dwelling, premise, duplex unit, apartment or other multiple dwelling unit thus served shall be computed just as if each such dwelling, premise, duplex unit, apartment or other multiple dwelling unit had received through a separately metered service the amount of water so allocated to it, such computation to be made at the town's applicable water rates schedule, including the provisions as to minimum bills. The separate charges for each dwelling, premise, duplex, unit, apartment or other multiple dwelling unit served through a single service line meter shall then be added together, and the sum thereof shall be billed to the customer in whose name the service is supplied. (Ord. #1814, July 2009)

18-311. **Customer billing and payment policy.** Water and sewer bills shall be rendered monthly and shall designate a standard net payment period for all members of not less than ten (10) days after the date of the bill. Failure to receive a bill will not release a customer from payment obligation. There is
established for all members a late payment charge not to exceed ten percent (10%) for any portion of the bill paid after the net payment period. Payment must be received in the water and sewer department no later than 4:30 P.M. on the due date. If the due date falls on Saturday, Sunday, or a holiday, net payment will be accepted if paid on the next business day no later than 4:30 P.M. If a meter fails to register properly, or if a meter is removed to be tested or repaired, or if water is received other than through a meter, the town reserves the right to render an estimated bill based on the best information available. (Ord. #1814, July 2009)

18-312. **Termination or refusal of service.** (1) **Basis of termination or refusal.** The town shall have the right to discontinue water and sewer service or to refuse to connect service for a violation of, or a failure to comply with, any of the following:

(a) These rules and regulations, including the nonpayment of bills.

(b) The customer's application for service.

(c) The customer's contract for service.

The right to discontinue service shall apply to all water and sewer services received through collective single connections or services, even though more than one (1) customer or tenant is furnished services therefrom, and even though the delinquency or violation is limited to only one (1) such customer or tenant.

(2) **Termination of service.** Reasonable written notice shall be given to the customer before termination of water service according to the following terms and connections:

(a) Written notice of termination (cut-off) shall be given to the customer at least one (1) day prior to the scheduled date of termination. The cut-off notice shall specify the reason for the cut-off; and

(I) The amount due, including other charges;

(ii) The last date to avoid service termination;

(iii) Notification of the customer's right to a hearing prior to service termination, and, in the case of nonpayment of bills, of the availability of special counseling for emergency and hardship cases.

(b) In the case of termination for nonpayment of bills, the employee carrying out the termination procedure will attempt before disconnecting service to contact the customer at the premises in a final effort to collect payment and avoid termination. If the customer is not at home, a notice left at a location conspicuous to the customer.

(c) Hearings for service termination, including for nonpayment of bills, will be held by appointment at the company office during normal business hours, or by special request and appointment a hearing may be scheduled outside those hours.
(d) Termination will not be made on any preceding day when the water and sewer department is scheduled to be closed.

(e) If a customer does not request a hearing, or, in the case of nonpayment of a bill, does not make payment of the bill, or does not otherwise correct the problem that resulted in the notice of termination in a manner satisfactory to the water and sewer department, the same shall proceed on schedule with service termination.

(f) Service termination for any reason shall be reconnected only after the payment of all charges due or satisfactory arrangements for payment have been made, or the correction of the problem that resulted in the termination of service in a manner satisfactory to the water and sewer department, plus the payment of a reconnection charge adopted by appropriate resolution. (Ord. #1814, July 2009)

18-313. Termination of service by customer. Customers who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days written notice to that effect unless the contract specifies otherwise. Notice to discontinue service prior to the expiration of a contract terms will not relieve the customer from any minimum or guaranteed payment under such contract or applicable rate schedule. When service is being furnished to an occupant of premises under a contract not in the occupant's name, the town reserves the right to impose the following conditions on the right of the customer to discontinue service under such a contract:

(1) Written notice of the customer's desire for such service to be discontinued may be required; and the town shall have the right to continue such service for a period of not to exceed ten (10) days after receipt of such written notice, during which time the customer shall be responsible for all charges for such service. If the town should continue service after such ten (10) day period subsequent to the receipt of the customer's written notice to discontinue service, the customer shall not be responsible for charges for any service furnished after the expiration of the ten (10) day period.

(2) During the ten (10) day period, the occupant of premises to which service has been ordered discontinued by a customer other than such occupant, may be allowed by the town to enter into a contract for service in the occupant's own name upon the occupant's complying with these rules and regulations with respect to a new application for service. (Ord. #1814, July 2009)

18-314. Access to customers' premises. The town's identified representatives and employees shall be granted access to all customers' premises at all reasonable times for the purpose of reading meters, for testing, inspecting, repairing, removing, and replacing all equipment belonging to the town, and for inspecting customers' plumbing and premises generally in order to secure compliance with these rules and regulations. (Ord. #1814, July 2009)
18-315. **Inspections.** The town shall have the right, but shall not be obligated, to inspect any installation or plumbing system before water and/or sewer service is furnished or at any later time. The town reserves the right to refuse service or to discontinue service to any premises not in compliance with any special contract, these rules and regulations, or other requirements of the town. Any failure to inspect or reject a customer's installation or plumbing system shall not render the town liable or responsible for any loss or damage which might have been avoided had such inspection or rejection been made. (Ord. #1814, July 2009)

18-316. **Customer's responsibility for system's property.** Except as herein elsewhere expressly provided, all meters, service connections, and other equipment furnished by or for the town shall be and remain the property of the town. Each customer shall provide space for and exercise proper care to protect the property of the town on his premises. In the event of loss or damage to such property arising from the neglect of a customer to care for it properly, the cost of necessary repairs or replacements shall be paid by the customer. (Ord. #1814, July 2009)

18-317. **Customer's responsibility for violations.** Where the town furnishes water and/or sewer service to a customer, such customer shall be responsible for all violations of these rules and regulations which occur on the premises so served. Personal participation by the customer in any such violations shall not be necessary to impose such personal responsibility on him. (Ord. #1814, July 2009)

18-318. **Supply and resale of water.** All water shall be supplied within the town exclusively by the town, and no customer shall, directly or indirectly, sell, sublet, assign, or otherwise dispose of the water or any part thereof except with written permission from the town. (Ord. #1814, July 2009)

18-319. **Unauthorized use of or interference with water supply.** No person shall turn on or turn off any of the town's stop cocks, valves, hydrants, spigots, or fire plugs without permission or authority from the town. (Ord. #1814, July 2009)

18-320. **Limited use of unmetered private fire line.** Where a private fire line is not metered, no water shall be used from such line or from any fire hydrant thereon, except to fight fire or except when being inspected in the presence of an authorized agent of the town. All private fire hydrants shall be sealed by the town, and shall be inspected at regular intervals to see that they are in proper condition and that no water is being used therefrom in violation of these rules and regulations. When the seal is broken on account of fire, or for
any other reason, the customer taking such service shall immediately give the town a written notice of such occurrence. (Ord. #1814, July 2009)

18-321. **Damages to property due to water pressure.** The town shall not be liable to any customer for damages caused to his plumbing or property by high pressure, low pressure, or fluctuations in pressure in the town's water mains. (Ord. #1814, July 2009)

18-322. **Liability for cutoff failures.** The town's liability shall be limited to the forfeiture of the right to charge a customer for water that is not used but is received from a service line under any of the following circumstances:

1. After receipt of at least ten (10) days' written notice to cut off water service, the town has failed to cut off such service.
2. The town has attempted to cut off a service but such service has not been completely cut off.
3. The town has completely cut off a service but subsequently the cutoff develops a leak or is turned on again so that the water enters the customer's pipes from the town's main.

Except to the extent stated above, the town shall not be liable for any loss or damage resulting from cutoff failures. If a customer wishes to avoid possible damage for cutoff failures, the customer shall rely exclusively on privately owned cutoffs and not on the town's cutoff. Also, the customer (and not the town) shall be responsible for seeing that his plumbing is properly drained and is kept properly drained after his water service has been cut off. (Ord. #1814, July 2009)

18-323. **Restricted use of water.** In times of emergencies or in times of water shortage, the town reserves the right to restrict the purposes for which water may be used by a customer and the amount of water which a customer may use. (Ord. #1814, July 2009)

18-324. **Interruption of service.** The town will endeavor to furnish continuous water and sewer service, but does not guarantee to the customer any fixed pressure or continuous service. The town shall not be liable for any damages for any interruption of service whatsoever. In connection with the operation, maintenance, repair, and extension of the municipal water and sewer systems, the water supply may be shut off without notice when necessary or desirable, and each customer must be prepared for such emergencies. The town shall not be liable for any damages from such interruptions of service or for damages from the resumption of service without notice after any such interruption. (Ord. #1814, July 2009)
18-325. **Schedule of rates.** All water and sewer service shall be furnished under such rate schedules as the governing body may adopt. (Ord. #1814, July 2009, modified)
19-101. To be furnished under franchise. Electricity shall be furnished for the municipality and its inhabitants under such franchise as the governing body shall grant.\(^1\) The rights, powers, duties, and obligations of the municipality, its inhabitants, and the grantee of the franchise shall be clearly stated in the written franchise agreement which shall be binding on all parties concerned. MISCELLANEOUS

CHAPTER 1

OPERATING HOURS OF LYNNVILLE TOWN PARK

SECTION 20-101. Operating hours.

20-101. Operating hours. (1) The hours of the town park shall be opened from sun-up until sun down. No person shall, under any circumstances, enter or remain in any park after the posted park closing time, or enter the park premises between the posted park closing time and the posted park opening time without permission from the town. Any person found in the park between the posted park closing time and the posted park opening time without written authorization from the town will be in violation of this section, which is a criminal offense.

(2) All ordinances or parts of ordinances in conflict herewith be and the same are hereby repealed. (Ord. #08072012, Aug. 2012)
Appendix A

All candidates for the chief administrative office (mayor), any candidates who spend more than $500, and candidates for other offices that pay at least $100 a month are required to file campaign financial disclosure reports. Civil penalties of $25 per day are authorized for late filings. Penalties up to the greater of $10,000 or 15 percent of the amount in controversy may be levied for filings more than 35 days late. It is a Class E felony for a multicandidate political campaign committee with a prior assessment record to intentionally fail to file a required campaign financial report. Further, the treasurer of such a committee may be personally liable for any penalty levied by the Registry of Election Finance (T.C.A. § 2-10-101–118).

Contributions to political campaigns for municipal candidates are limited to:
   a. $1,000 from any person (including corporations and other organizations);
   b. $5,000 from a multicandidate political campaign committee;
   c. $20,000 from the candidate;
   d. $20,000 from a political party; and
   e. $75,000 from multicandidate political campaign committees.

The Registry of Election Finance may impose a maximum penalty of $10,000 or 115 percent of the amount of all contributions made or accepted in excess of these limits, whichever is greater (T.C.A. § 2-10-301–310).

Each candidate for local public office must prepare a report of contributions that includes the receipt date of each contribution and a political campaign committee’s statement indicating the date of each expenditure (T.C.A. § 2-10-105, 107).

Candidates are prohibited from converting leftover campaign funds to personal use. The funds must be returned to contributors, put in the volunteer public education trust fund, or transferred to another political campaign fund, a political party, a charitable or civic organization, educational institution, or an organization described in 26 U.S.C. 170(c) (T.C.A. § 2-10-114).

2. Conflicts of Interest.

Municipal officers and employees are permitted to have an “indirect interest” in contracts with their municipality if the officers or employees publicly acknowledge their interest. An indirect interest is any interest that is not “direct,” except it includes a direct interest if the officer is the only supplier of
goods or services in a municipality. A “direct interest” is any contract with the official himself or with any business of which the official is the sole proprietor, a partner, or owner of the largest number of outstanding shares held by any individual or corporation. Except as noted, direct interests are absolutely prohibited (T.C.A. § 6-2-402, T.C.A. § 6-20-205, T.C.A. § 6-54-107–108, T.C.A. § 12-4-101–102).

Conflict of interest disclosure reports by any candidate or appointee to a local public office are required under T.C.A. §§ 8-50-501 et seq. Detailed financial information is required, including the names of corporations or organizations in which the official or one immediate family member has an investment of over $10,000 or 5 percent of the total capital. This must be filed no later than 30 days after the last day legally allowed for qualifying as a candidate. As long as an elected official holds office, he or she must file an amended statement with the Tennessee Ethics Commission or inform that office in writing that an amended statement is not necessary because nothing has changed. The amended statement must be filed no later than January 31 of each year (T.C.A. § 8-50-504).

4. Consulting fee prohibition for elected municipal officials.

Any member or member-elect of a municipal governing body is prohibited under T.C.A. § 2-10-124 from “knowingly” receiving any form of compensation for “consulting services” other than compensation paid by the state, county, or municipality. Violations are punishable as Class C felonies if the conduct constitutes bribery under T.C.A. § 39-16-102. Other violations are prosecuted as Class A misdemeanors. A conviction under either statute disqualifies the offender from holding any office under the laws or Constitution of the State of Tennessee.

“Consulting services” under T.C.A. § 2-10-122 means “services to advise or assist a person or entity in influencing legislative or administrative action, as that term is defined in § 3-6-301, relative to the municipality or county represented by that official.” “Consulting services” also means services to advise or assist a person or entity in maintaining, applying for, soliciting or entering into a contract with the municipality represented by that official. "Consulting services" does not mean the practice or business of law in connection with representation of clients by a licensed attorney in a contested case action, administrative proceeding or rule making procedure;
"Compensation" does not include an “honorarium” under T.C.A. § 2-10-116, or certain gifts under T.C.A. § 3-6-305(b), which are defined and prohibited under those statutes.

The attorney general construes "Consulting services" to include advertising or other informational services that directly promote specific legislation or specifically target legislators or state executive officials. Advertising aimed at the general public that does not promote or otherwise attempt to influence specific legislative or administrative action is not prohibited. Op. Atty.Gen. No. 05-096, June 17, 2005.

5. Bribery offenses.

   a. A person who is convicted of bribery of a public servant, as defined in T.C.A. § 39-16-102, or a public servant who is convicted of accepting a bribe under the statute, commits a Class B felony.

   b. Under T.C.A. § 39-16-103, a person convicted of bribery is disqualified from ever holding office again in the state. Conviction while in office will not end the person’s term of office under this statute, but a person may be removed from office pursuant to any law providing for removal or expulsion existing prior to the conviction.

   c. A public servant who requests a pecuniary benefit for performing an act the person would have had to perform without the benefit or for a lesser fee, may be convicted of a Class E felony for solicitation of unlawful compensation under T.C.A. § 39-16-104.

   d. A public servant convicted of “buying and selling in regard to offices” under T.C.A. § 39-16-105, may be found guilty of a Class C felony. Offenses under this statute relevant to public officials are selling, resigning, vacating, or refusing to qualify and enter upon the duties of the office for pecuniary gain, or entering into any kind of borrowing or selling for anything of value with regard to the office.

   e. Exceptions to 1, 3, and 4, above include lawful contributions to political campaigns, and a “trivial benefit” that is “incidental to personal, professional, or business contacts” in which there is no danger of undermining an official’s impartiality.

   a. Public misconduct offenses under Tennessee Code Annotated § 39-16-401 through § 39-16-404 apply to officers, elected officials, employees,
candidates for nomination or election to public office, and persons performing a governmental function under claim of right even though not qualified to do so.

b. Official misconduct under Tennessee Code Annotated § 39-16-402 pertains to acts related to a public servant’s office or employment committed with an intent to obtain a benefit or to harm another. Acts constituting an offense include the unauthorized exercise of official power, acts exceeding one’s official power, failure to perform a duty required by law, and receiving a benefit not authorized by law. Offenses under this section constitute a Class E felony.

c. Under Tennessee Code Annotated § 39-16-403, “Official oppression,” a public servant acting in an official capacity who intentionally arrests, detains, frisks, etc., or intentionally prevents another from enjoying a right or privilege commits a Class E felony.

d. Tennessee Code Annotated § 39-16-404 prohibits a public servant’s use of information attained in an official capacity, to attain a benefit or aid another which has not been made public. Offenses under the section are Class B misdemeanors.

e. A public servant convicted for any of the offenses summarized in sections 2-4 above shall be removed from office or discharged from a position of employment, in addition to the criminal penalties provided for each offense. Additionally, an elected or appointed official is prohibited from holding another appointed or elected office for ten (10) years. At-will employees convicted will be discharged, but are not prohibited from working in public service for any specific period. Subsequent employment is left to the discretion of the hiring entity for those employees. Tennessee Code Annotated § 39-16-406.

7. Ouster law.

Some Tennessee city charters include ouster provisions, but the only general law procedure for removing elected officials from office is judicial ouster. Cities are entitled to use their municipal charter ouster provisions, or they may proceed under state law.

The judicial ouster procedure applies to all officers, including people holding any municipal “office of trust or profit.” (Note that it must be an “office” filled by an “officer,” distinguished from an “employee” holding a “position” that does not have the attributes of an “office.”) The statute makes any officer subject to such removal “who shall knowingly or willfully misconduct himself in office, or who shall knowingly or willfully neglect to perform any duty enjoined upon such officer by any of the laws of the state, or who shall in any public place be in a state of intoxication produced by strong drink voluntarily taken, or who shall
engage in any form of illegal gambling, or who shall commit any act constituting a violation of any penal statute involving moral turpitude” (T.C.A. § 8-47-101).

T.C.A. § 8-47-122(b) allows the taxing of costs and attorney fees against the complainant in an ouster suit if the complaint subsequently is withdrawn or deemed meritless. Similarly, after a final judgment in an ouster suit, governments may order reimbursement of attorney fees to the officer targeted in a failed ouster attempt (T.C.A. § 8-47-121).

The local attorney general or city attorney has a legal “duty” to investigate a written allegation that an officer has been guilty of any of the mentioned offenses. If he or she finds that “there is reasonable cause for such complaint, he shall forthwith institute proceedings in the Circuit, Chancery, or Criminal Court of the proper county.” However, with respect to the city attorney, there may be an irreconcilable conflict between that duty and the city attorney’s duties to the city, the mayor, and the rules of professional responsibility governing attorneys. Also, an attorney general or city attorney may act on his or her own initiative without a formal complaint (T.C.A. § 8-47-101–102). The officer must be removed from office if found guilty (T.C.A. § 8-47-120).

Each day any violation of the supplement continues shall constitute a separate offense.

Section 4. Severability clause. Each section, subsection, paragraph, sentence, and clause of the supplement, including any codes and ordinances adopted by reference, are hereby declared to be separable and severable. ORDINANCE NO. 1815

AN ORDINANCE ADOPTING AND ENACTING A CODIFICATION AND REVISION OF THE ORDINANCES OF THE TOWN OF LYNNVILLE TENNESSEE.

WHEREAS some of the ordinances of the Town of Lynnville are obsolete, and

WHEREAS some of the other ordinances of the town are inconsistent with each other or are otherwise inadequate, and

WHEREAS the Board of Mayor and Aldermen of the Town of Lynnville, Tennessee, has caused its ordinances of a general, continuing, and permanent application or of a penal nature to be codified and revised and the same are embodied in a code of ordinances known as the "Lynnville Municipal Code," now, therefore:

BE IT ORDAINED BY THE BOARD OF MAYOR AND ALDERMEN OF THE TOWN OF LYNNVILLE, TENNESSEE, THAT:

Section 1. Ordinances codified. The ordinances of the town of a general, continuing, and permanent application or of a penal nature, as codified and revised in the following "titles," namely "titles" 1 to 20, both inclusive, are ordained and adopted as the "Lynnville Municipal Code," hereinafter referred to as the "municipal code."

Section 2. Ordinances repealed. All ordinances of a general, continuing, and permanent application or of a penal nature not contained in the municipal code are hereby repealed from and after the effective date of said code, except as hereinafter provided in Section 3 below.

Section 3. Ordinances saved from repeal. The repeal provided for in Section 2 of this ordinance shall not affect: Any offense or act committed or done, or any penalty or forfeiture incurred, or any contract or right established or accruing before the effective date of the municipal code; any ordinance or resolution promising or requiring the payment of money by or to the city or authorizing the issuance of any bonds or other evidence of said city's indebtedness; any appropriation ordinance or ordinance providing for the levy of taxes or any budget ordinance; any contract or obligation assumed by or in favor of said city; any ordinance establishing a social security system or providing coverage under that system; any administrative ordinances or resolutions not in conflict or inconsistent with the provisions of such code; the
portion of any ordinance not in conflict with such code which regulates speed, direction of travel, passing, stopping, yielding, standing, or parking on any specifically named public street or way; any right or franchise granted by the city; any ordinance dedicating, naming, establishing, locating, relocating, opening, paving, widening, vacating, etc., any street or public way; any ordinance establishing and prescribing the grade of any street; any ordinance providing for local improvements and special assessments therefor; any ordinance dedicating or accepting any plat or subdivision; any prosecution, suit, or other proceeding pending or any judgment rendered on or prior to the effective date of said code; any zoning ordinance or amendment thereto or amendment to the zoning map; nor shall such repeal affect any ordinance annexing territory to the city.

Section 4. Continuation of existing provisions. Insofar as the provisions of the municipal code are the same as those of ordinances existing and in force on its effective date, said provisions shall be considered to be continuations thereof and not as new enactments.

Section 5. Penalty clause. Unless otherwise specified in a title, chapter, or section of the municipal code, including the codes and ordinances adopted by reference, whenever in the municipal code any act is prohibited or is made or declared to be a civil offense, or whenever in the municipal code the doing of any act is required or the failure to do any act is declared to be a civil offense, the violation of any such provision of the municipal code shall be punished by a civil penalty of not more than fifty dollars ($50.00) and costs for each separate violation; provided, however, that the imposition of a civil penalty under the provisions of this municipal code shall not prevent the revocation of any permit or license or the taking of other punitive or remedial action where called for or permitted under the provisions of the municipal code or other applicable law. In any place in the municipal code the term "it shall be a misdemeanor" or "it shall be an offense" or "it shall be unlawful" or similar terms appears in the context of a penalty provision of this municipal code, it shall mean "it shall be a civil offense." Anytime the word "fine" or similar term appears in the context of a penalty provision of this municipal code, it shall mean "a civil penalty."

Each day any violation of the municipal code continues shall constitute a separate civil offense.

1State law reference
For authority to allow deferred payment of fines, or payment by installments, see Tennessee Code Annotated, § 40-24-101 et seq.
Section 6. Severability clause. Each section, subsection, paragraph, sentence, and clause of the municipal code, including the codes and ordinances adopted by reference, is hereby declared to be separable and severable. The invalidity of any section, subsection, paragraph, sentence, or clause in the municipal code shall not affect the validity of any other portion of said code, and only any portion declared to be invalid by a court of competent jurisdiction shall be deleted therefrom.

Section 7. Reproduction and amendment of code. The municipal code shall be reproduced in loose-leaf form. The board of mayor and aldermen, by motion or resolution, shall fix, and change from time to time as considered necessary, the prices to be charged for copies of the municipal code and revisions thereto. After adoption of the municipal code, each ordinance affecting the code shall be adopted as amending, adding, or deleting, by numbers, specific chapters or sections of said code. Periodically thereafter all affected pages of the municipal code shall be revised to reflect such amended, added, or deleted material and shall be distributed to city officers and employees having copies of said code and to other persons who have requested and paid for current revisions. Notes shall be inserted at the end of amended or new sections, referring to the numbers of ordinances making the amendments or adding the new provisions, and such references shall be cumulative if a section is amended more than once in order that the current copy of the municipal code will contain references to all ordinances responsible for current provisions. One copy of the municipal code as originally adopted and one copy of each amending ordinance thereafter adopted shall be furnished to the Municipal Technical Advisory Service immediately upon final passage and adoption.
