THE
SPRING CITY
MUNICIPAL
CODE

Prepared by the

MUNICIPAL TECHNICAL ADVISORY SERVICE
INSTITUTE FOR PUBLIC SERVICE
THE UNIVERSITY OF TENNESSEE

in cooperation with the

TENNESSEE MUNICIPAL LEAGUE

July 1996
Preface

The Spring City Municipal Code contains the codification and revision of the ordinances of the Town of Spring City, Tennessee. By referring to the historical citation appearing at the end of each section, the user can determine the origin of each particular section. The absence of a historical citation means that the section was added by the codifier. The word "modified" in the historical citation indicates significant modification of the original ordinance.

The code is arranged into titles, chapters, and sections. Related matter is kept together, so far as possible, within the same title. Each section number is complete within itself, containing the title number, the chapter number, and the section of the chapter of which it is a part. Specifically, the first digit, followed by a hyphen, identifies the title number. The second digit identifies the chapter number, and the last two digits identify the section number. For example, title 2, chapter 1, section 6, is designated as section 2-106.

By utilizing the table of contents and the analysis preceding each title and chapter of the code, together with the cross references and explanations included as footnotes, the user should locate all the provisions in the code relating to any question that might arise. However, the user should note that most of the administrative ordinances (e.g. Annual Budget, Zoning Map Amendments, Tax Assessments, etc...) do not appear in the code. Likewise, ordinances that have been passed since the last update of the code do not appear here. Therefore, the user should refer to the town's ordinance book or the city recorder for a comprehensive and up to date review of the town's ordinances.

Following this preface is an outline of the ordinance adoption procedures, if any, prescribed by the town's charter.

The code has been arranged and prepared in loose-leaf form to facilitate keeping it up to date. MTAS will provide updating service under the following conditions:

1. That all ordinances relating to subjects treated in the code or which should be added to the code are adopted as amending, adding, or deleting specific chapters or sections of the code (see section 8 of the adopting ordinance).
2. That one copy of every ordinance adopted by the town is kept in a separate ordinance book and forwarded to MTAS annually.
3. That the town agrees to reimburse MTAS for the actual costs of reproducing replacement pages for the code (no charge is made for the consultant’s work, and reproduction costs are usually nominal).
When the foregoing conditions are met MTAS will reproduce replacement pages for the code to reflect the amendments and additions made by such ordinances. This service will be performed at least annually and more often if justified by the volume of amendments. Replacement pages will be supplied with detailed instructions for utilizing them so as again to make the code complete and up to date.

The able assistance of Bobbie J. Sams, the MTAS Word Processing Specialist who did all the typing on this project, and Tracy Gardner, Administrative Services Assistant, is gratefully acknowledged.

ORDINANCE ADOPTION PROCEDURES PRESCRIBED BY THE TOWN CHARTER

1. General power to enact ordinances: (6-19-101)

2. All ordinances shall begin, "Be it ordained by the Town of Spring City as follows:" (6-20-214)

3. Ordinance procedure
   
   (a) Every ordinance shall be read two (2) different days in open session before its adoption, and not less than one (1) week shall elapse between first and second readings, and any ordinances not so read shall be null and void. Any city incorporated under chapters 18-23 of this title may establish by ordinance a procedure to read only the caption of an ordinance, instead of the entire ordinance, on both readings. Copies of such ordinances shall be available during regular business hours at the office of the city recorder and during sessions in which the ordinance has its second reading.

   (b) An ordinance shall not take effect until fifteen (15) days after its first passage except for an emergency ordinance which may become effective upon the day of its final passage, provided it specifies and details the emergency. The unanimous vote of all members of the board present shall be required to pass an emergency ordinance.

   (c) No ordinance making a grant, etc., of a franchise, etc., or regulating certain aspects of the operation of the same shall be passed as an emergency ordinance.

   (d) No ordinance shall be amended except by a new ordinance. (6-20-215)

4. Each penal ordinance, or its caption, is required to be published in a newspaper of general circulation in the city. Without such publication the ordinance is ineffective. (6-20-218)
TITLE 1

GENERAL ADMINISTRATION¹

CHAPTER
1. BOARD OF COMMISSIONERS.
2. MAYOR.
3. RECORDER.
4. CITY MANAGER.

¹Charter reference
See the charter index, the charter itself, and footnote references to the charter in the front of this code.

Municipal code references
   Building, plumbing, electrical and gas inspections: title 12.
   Fire department: title 7.
   Utilities: titles 18 and 19.
   Water and sewers: title 18.
CHAPTER 1

BOARD OF COMMISSIONERS

SECTION
1-101. Time and place of regular meetings.
1-102. Order of business.
1-103. General rules of order.
1-104. Ordinance procedure.
1-105. Date of town elections.
1-106. Five member commission.

1-101. Time and place of regular meetings. The board of commissioners shall hold regular monthly meetings at 7:00 P.M. on the first Thursday of each month at the town hall. (1975 Code, § 1-102)

1-102. Order of business. At each meeting of the board of commissioners, the following regular order of business shall be observed unless dispensed with by a majority vote of the members present:

(1) Call to order by the mayor.
(2) Roll call by the recorder.
(3) Reading of minutes of the previous meeting by the recorder, and approval or correction.

---

¹Charter reference

For detailed provisions of the charter related to the election, and to general and specific powers and duties of the board of commissioners, see Tennessee Code Annotated, title 6, chapter 20. (There is an index at the beginning of chapter 20 which provides a detailed breakdown of the provisions in the charter.) In addition, see the following provisions in the charter that outline some of the powers and duties of the board of commissioners:

- Creation and combination of departments: § 6-21-302.
- Removal of mayor and commissioners: § 6-20-220.
- Subordinate officers and employees: § 6-21-102.
- Taxation
  - Power to levy taxes: § 6-22-108.
  - Change tax due dates: § 6-22-113.
  - Power to sue to collect taxes: § 6-22-115.
(4) Grievances from citizens.
(5) Communications from the mayor.
(6) Reports from the city manager, other officers, and committees.
(7) Old business.
(8) New business.
(9) Adjournment. (1975 Code, § 1-103)

1-103. General rules of order. The rules of order and parliamentary procedure contained in Robert’s Rules of Order, Newly Revised, shall govern the transaction of business by and before the board of commissioners at its meetings in all cases to which they are applicable and in which they are not inconsistent with provisions of the charter or this code. (1975 Code, § 1-104, modified)

1-104. Ordinance procedure. Pursuant to Tennessee Code Annotated, § 6-20-215, only the caption of proposed ordinances shall be read on first reading. At the final reading, ordinances shall be read in their entirety.

1-105. Date of town elections. The terms of office for city commissioners elected in the years 2003 and 2005 shall be five (5) year terms, and thereafter all election dates for city commissioners shall take place on even numbered years. With the exception of those commissioners elected in 2003 and 2005, all terms of city commissioners shall remain four (4) year terms.

(1) 2003 election. For purpose of the 2003 election only, the three (3) candidates who receive the highest, second-highest, and third-highest number of votes shall take the three (3) seats on the board of commissioners which have five (5) year terms. The candidate who receives the fourth-highest number of votes shall take the vacant seat for the remaining two (2) years of that term of office. (1975 Code, § 1-101, as replaced by Ord. #09-02, Feb. 2002, and amended by Ord. #21-03, Feb. 2003)

1-106. Five member commission. Under the authority of Tennessee Code Annotated, § 6-20-101 the number of commissioners is increased from three to five. (Ord. #220, _____)
CHAPTER 2

MAYOR¹

SECTION

1-201. Duties and powers. The mayor shall preside at all meetings of the board of commissioners, sign the journal of the board and all ordinances on their final passage, execute all deeds, bonds, and contracts made in the name of the town, and perform all acts that may be required of him by the charter, and any ordinances duly enacted by the board of commissioners, consistent with the charter.

1-202. Elected by popular vote. Beginning with the 2008 election, the mayor of Spring City shall be elected by popular vote for a term of four (4) years. The mayor elected by popular vote shall have the same powers and duties as a mayor chosen by the board of commissioners. (as added by Ord. #52-06, June 2006)

¹Charter reference
For general charter provisions dealing with the election and duties of the mayor and vice mayor, see Tennessee Code Annotated, title 6, chapter 20, part 2, particularly §§ 6-20-201 and 6-20-203.

²Charter references
For detailed provisions of the charter outlining the election, power and duties of the mayor see Tennessee Code Annotated, title 6, chapter 20, part 2, particularly, §§ 6-20-209, 6-20-213, and 6-20-219. For specific charter provisions in part 2 related to the following subjects, see the section indicated:
- Election: § 6-20-201.
- May introduce ordinances: § 6-20-213.
- Presiding officer: §§ 6-20-209 and 6-20-213.
- Seat, voice and vote on board: § 6-20-213.
- Signs journal, ordinances, etc.: § 6-20-213.
CHAPTER 3

RECORDE

SECTION
1-301. To keep minutes, etc.
1-302. To perform general administrative duties, etc.
1-303. To be bonded.
1-304. To charge for copies of records.

1-301. **To keep minutes, etc.** The recorder shall keep the minutes of all meetings of the board of commissioners and shall preserve the original copy of all ordinances in a separate ordinance book.

1-302. **To perform general administrative duties, etc.** The recorder shall perform all administrative duties for the board of commissioners, the city manager, and for the town which are assigned him. He shall also have custody of, and be responsible for, maintaining all corporate bonds, records, and papers of the town.

1-303. **To be bonded.** Pursuant to Tennessee Code Annotated, § 6-21-104, the recorder shall, before entering upon his duties, execute a fidelity bond in the amount of at least five thousand dollars ($5,000.00), with a surety company authorized to do business in the State of Tennessee as surety. The amount of such bond shall be set by the board of commissioners.

The cost of this bond shall be paid by the Town of Spring City. (1975 Code, § 1-301, modified)

1-304. **To charge for copies of records.** When the recorder provides copies of records, papers, and documents in his office he shall charge therefor the following fees:

(1) For accident reports ............................. $3.00
(2) For other records, papers, and documents ............. $.25 per page. (1975 Code, § 1-302, modified)

---

1 Charter references
For charter provisions outlining the duties and powers of the recorder, see Tennessee Code Annotated, title 6, chapter 21, part 4, and title 6, chapter 22. Where the recorder also serves as the treasurer, see Tennessee Code Annotated, title 6, chapter 22, particularly § 6-22-119.
1-401. Duties and powers.¹ The city manager shall be the chief administrative officer of the town and shall exercise such authority and control over law and ordinance violations, departments, officers and employees, and town purchases and expenditures as the charter prescribes, and shall perform all other duties required of him pursuant to the charter.

1-402. To be bonded. Pursuant to Tennessee Code Annotated, § 6-21-104, the city manager shall, before entering upon his duties, execute a fidelity bond in the amount of at least five thousand dollars ($5,000.00), with a surety company authorized to do business in the State of Tennessee as surety. The amount of such bond shall be set by the board of commissioners. (1975 Code, § 1-201, modified)

1-403. Spending authority. Under the authority of Tennessee Code Annotated, § 6-19-104, the city manager shall have the authority to make purchases for the city without obtaining sealed competitive bids, provided the amount of the purchase does not exceed $5,000. (Ord. #_____, _____, modified)

¹Charter references
For specific charter provisions related to the duties and powers of the city manager, see the sections indicated:
Administrative head of city: § 6-21-107.
General and specific administrative powers: § 6-21-108.
School administration: § 6-21-801.
Supervision of departments: § 6-21-303.
TITLE 2

BOARDS AND COMMISSIONS, ETC.

CHAPTER

1. PARKS AND RECREATION COMMISSION.
2. LIBRARY BOARD.
3. TOURISM/EVENTS COMMISSION.

CHAPTER 1

PARKS AND RECREATION COMMISSION

SECTION

2-102. Membership and terms.
2-103. Officers.
2-104. Function.
2-105. Administration
2-106. Compensation and funding.

2-101. **Creation, authority, purpose and title.** The authority to fund, create, operate and maintain parks and recreation facilities and to conduct recreation programs shall be retained by the governing body; however, pursuant to Tennessee Code Annotated, § 11-24-103(b)(1), there shall be and is hereby create an advisory body for the purpose of providing the governing body of the City of Spring City, Tennessee, advice and guidance, and to provide a conduit for input from the general population as to the effective creation, operation and maintenance of parks and recreation facilities and/or recreation programs for said town. This body shall be named and known as the "Parks and Recreation Commission of the City of Spring City" (the "commission").

2-102. **Membership and terms.** The membership of the parks and recreation commission shall consist of eleven (11) members, appointed by the mayor. The appointees or reappointments will serve an indefinite tenure. Upon a vacancy of membership the parks and recreation commission may make recommendations to the mayor to fill the vacant positions. The right of appointment will remain with the position of mayor.

The membership of the board shall be representative of all sections of the community. (as replaced by Ord. #2009-01, Feb. 2009)

2-103. **Officers.** At the first meeting of the commission subsequent to its creation, the members shall elect from the membership a chairperson, vice-chairperson and secretary to serve for their respective terms of appointment.
2-104. **Function.** The affairs of the commission shall be conducted in a manner determined by the board of commissioners. The commission shall not be responsible for the supervision of staff, the hiring or dismissal of staff, the expenditure of public funds or the promulgation or enforcement of rules and regulations governing parks and recreation facilities or programs; however, the commission may advise the board of commissioners on any of these matters and act on behalf of said board, on a case by case basis, if so authorized by the governing body.

2-105. **Administration.** The commission shall set its own by-laws and meeting schedule in accordance with the open meeting laws of the state. Official minutes shall be recorded for each meeting, a copy of which shall be furnished the board of commissioners at their next subsequent meeting. The city manager shall provide the commission such administrative support as it may need, within the limits of his capability.

2-106. **Compensation and funding.** All members of the board shall serve without pay; however, with prior approval of the mayor and funding by the board of commissioners, members may be reimbursed for actual expenses involved in the discharge of their official duties on behalf of the town pursuant with the town's comprehensive travel regulations. Incidental funding for operations of the commission may be provided by the board of commissioners in the town's normal budgeting processes.
CHAPTER 2

LIBRARY BOARD

SECTION

2-201. Library board recognized.
2-203. Removal from office: filling of vacancies.
2-204. Powers and duties of library board.
2-205. Auditing requirements.
2-206. Use of library.

2-201. Library board recognized. The town formally recognizes the historical and present existence of the library board and public library for its residents. (as added by Ord. #30-03, Nov. 2003)

2-202. Appointment and tenure of members: filling vacancies. The membership of the board shall be recommended by the library board to the city and shall consist of seven (7) members appointed by the mayor/commission. Two (2) members for two (2) years, and three (3) members for three (3) years and two for (1) year. A city commissioner may be appointed to serve on the board. Not more than five (5) of the members shall be of the same sex and membership shall also reflect ethnic representation of the community. Vacancies in the library board occurring otherwise than by normal expiration of a term shall be filled by the mayor/commission upon recommendation of the library board. (as added by Ord. #30-03, Nov. 2003)

2-203. Removal from office: filling of vacancies. Any member of the library board may be removed from office by majority vote of the mayor/commission for failing to attend meetings of the board, for any other neglect of duties as such member or for any misconduct in office. (as added by Ord. #30-03, Nov. 2003)

2-204. Powers and duties of library board. The members of the library board shall organize by electing officers, adopting by-laws and regulations, and may recommend board members to the mayor/commission. The board has the power to direct the affairs of the library and appoint as well as dismiss a librarian. The librarian will be an employee of the Town of Spring City and shall direct the internal affairs of the library, and such assistants or employees as may be necessary. Such board may make and enforce rules and regulations and establish branches of travel service at its discretion. Such board may receive donations, devises and bequests to be used by it directly for library purposes. The library board shall furnish to the state library agency such statistics and information as may be required, and shall make annual reports.
to the mayor/commission. Annually, the library board shall submit a budget in
conformance with the town charter to the city manager in preparation of the
city's annual budget which shall be forwarded to the mayor/commission. All city
tax funds and appropriate fees shall be held by the city recorder or appropriate
designee. The library board shall within its discretion, have the exclusive
authority to apply, direct, and disburse non-public contributions, donations,
devises, bequests, and other such revenues raised or received by the library
board and account for such funds by regular monthly reports to the city
recorder. Under no circumstances will the library board obligate the Town of
Spring City to any binding agreements without the full knowledge and vote of
the board of mayor and commissioners. Proceeds from the sale of surplus books
by the library may be credited to such special fund in the discretion of the
library board. All library accounts of every character and kind shall be audited
annually by or under supervision and direction of the mayor/commission. (as
added by Ord. #30-03, Nov. 2003, and replaced by Ord. #2010-08, Jan. 2011, and
Ord. #2012-09, Sept. 2012)

2-205. Auditing requirements. All library banking accounts will be
conducted in compliance with all local, state, and federal accounting procedures
and guidelines and in compliance with chapter 5, Municipal Finance and
Taxation of the Spring City Municipal Code. The library banking accounts
require the signature of the Town of Spring City, City Recorder; the library
treasurer; and one (1) additional authorized library board member. The
signature of the Town of Spring City, City Recorder is required, in addition to
the library signees, on all library checks for day-to-day operation regardless of
the amount of the transaction. A monthly report of all banking actions must be
forwarded to the city recorder in compliance with chapter 5, Municipal Finance
and Taxation. The library board will account for the receipt of all late fee
charges which will be deposited in the specified line item restricted to library
use only. (as added by Ord. #30-03, Nov. 2003, and replaced by Ord. #2010-08,
Jan. 2011)

2-206. Use of library. The Audrey Pack Memorial Library (Spring City
Public Library) shall be free to the inhabitants and residents of the town;
however the board may, in its discretion, extend the privilege and facilities for
the library to persons residing outside the city upon such terms as it may deem
proper. The library board shall have power to make and enforce rules providing
penalties for loss of or injury to library property. (as added by Ord. #30-03, Nov.
2003, and replaced by Ord. #2010-08, Jan. 2011)
CHAPTER 3

TOURISM/EVENTS COMMISSION

SECTION
2-301. Created.  The Spring City Tourism/Events Commission is created under title 2 of the Spring City Code of Ordinances for the following express purposes:

(1) Provide a centralized agency to coordinate the events and calendars of the various groups represented in order to decrease scheduling conflicts and positively affect the overall plan of community activities.

(2) Explore ideas for new ventures, activities, programs, and projects which will increase tourism, further enhance services to residents, increase revenues, and provide other positive effects for the community.

(3) Serve as an advisory body for the purpose of providing the governing body of the City of Spring City, Tennessee, advice and guidance, and to provide a conduit for input from the general population concerning tourism and events and spearheading the development of community related activities.

(as added by Ord. #2008-03, Aug. 2008)

2-302. Membership and terms.  The total membership of the commission shall be eleven (11) members consisting of the mayor, one (1) commissioner and nine (9) additional members representative of the various organizations in the Spring City area (Chamber of Commerce, The Audrey Pack Memorial Library, The Spring City Parks and Recreation Board, The Spring City Historical Museum and Depot Commission, The Tennessee Valley Theater), representatives from the business community and community at-large. The original appointments will be for staggered terms. The members of this commission will be appointed by the mayor. (as added by Ord. #2008-03, Aug. 2008)

2-303. Officers.  At the first meeting of the commission subsequent to its creation, the members shall elect from the membership a chairperson, vice-chairperson, and secretary to serve for their respective terms of appointment. (as added by Ord. #2008-03, Aug. 2008)
2-304. **Function.** The affairs of the commission shall be conducted in a manner determined by the board of commissioners. The commission shall not be responsible for the supervision of staff, the hiring or dismissal of staff, the expenditure of public funds or the promulgation or enforcement of rules and regulations governing the city. The commission may advise the board of commissioners on any of these matters and act on behalf of said board, on a case by case basis, if so authorized by the governing body. (as added by Ord. #2008-03, Aug. 2008)

2-305. **Administration.** The commission shall set its own by-laws and meeting schedule in accordance with the open meeting laws of the state. Official minutes shall be recorded for each meeting, a copy of which shall be furnished the board of commissioners at their next subsequent meeting. The city manager shall provide the commission such administrative support as it may need, within the limits of his/her capability. (as added by Ord. #2008-03, Aug. 2008)

2-306. **Compensation and funding.** All members of the commission shall serve without pay; however, with prior approval of the mayor and funding by the board of commissioners, members may be reimbursed for actual expenses involved in the discharge of their official duties on behalf of the town pursuant with the town's comprehensive travel regulations. Incidental funding for operations of the commission may be provided by the board of commissioners in the town's normal budgeting processes. (as added by Ord. #2008-03, Aug. 2008)
TITLE 3

MUNICIPAL COURT\(^1\)

CHAPTER
1. CITY JUDGE.
2. COURT ADMINISTRATION.
3. WARRANTS, SUMMONSES AND SUBPOENAS.
4. BONDS AND APPEALS.

CHAPTER 1

CITY JUDGE

SECTION
3-101. City judge.
3-102. Jurisdiction.

\(^1\)Charter references
For provisions of the charter governing the city judge and city court operations, see Tennessee Code Annotated, title 6, chapter 21, part 5. For specific charter provisions in part 5 related to the following subjects, see the sections indicated:

City judge:
Appointment and term: § 6-21-501.
Jurisdiction: § 6-21-501.
Qualifications: § 6-21-501.

City court operations:
Appeals from judgment: § 6-21-508.
Appearance bonds: § 6-21-505.
Arrest warrants: § 6-21-504.
Docket maintenance: § 6-21-503.
Fines and costs:
Amounts: §§ 6-21-502, 6-21-507.
Collection: § 6-21-507.
Disposition: § 6-21-506.

Private act reference
Priv. Acts 1986, ch. 132 also created a municipal court for the Town of Spring City. It established elaborate procedures for the operation of the municipal court. However, the Town of Spring City is organized under the general law manager-commission charter. See "Related Private Acts" following the city charter.
3-101. **City judge.** (1) **Appointment and term.** The city judge designated by the charter to handle judicial matters within the city shall be appointed by the board of commissioners and shall serve at the will and pleasure of the board. Whenever the office of city judge is not filled by the appointment of some other person, the recorder shall be the city judge.

3-102. **Jurisdiction.** The city judge shall have the authority to try persons charged with the violation of municipal ordinances, and to punish persons convicted of such violations by levying a civil penalty not to exceed $500.
CHAPTER 2
COURT ADMINISTRATION

SECTION
3-201. Maintenance of docket.
3-202. Imposition of fines, penalties, and costs.
3-203. Disposition and report of fines, penalties, and costs.
3-204. Disturbance of proceedings.

3-201. Maintenance of docket. The city judge shall keep a complete docket of all matters coming before him in his judicial capacity. The docket shall include for each defendant such information as his name; warrant and/or summons numbers; alleged offense; disposition; fines, penalties, and costs imposed and whether collected; whether committed to workhouse; and all other information which may be relevant.

3-202. Imposition of fines, penalties, and costs. All fines, penalties, and costs shall be imposed and recorded by the city judge on the city court docket in open court.

In all cases heard or determined by him, the city judge shall tax in the bill of costs the same amounts and for the same items allowed in courts of general sessions\(^1\) for similar work in state cases.

3-203. Disposition and report of fines, penalties, and costs. All funds coming into the hands of the city judge in the form of fines, penalties, costs, and forfeitures shall be recorded by him and paid over daily to the city. At the end of each month he shall submit to the board of commissioners a report accounting for the collection or noncollection of all fines, penalties, and costs imposed by his court during the current month and to date for the current fiscal year.

3-204. Disturbance of proceedings. It shall be unlawful for any person to create any disturbance of any trial before the city court by making loud or unusual noises, by using indecorous, profane, or blasphemous language, or by any distracting conduct whatsoever.

\(^1\)State law reference
CHAPTER 3
WARRANTS, SUMMONSES AND SUBPOENAS

SECTION
3-301. Issuance of arrest warrants.
3-302. Issuance of summonses.
3-303. Issuance of subpoenas.

3-301. **Issuance of arrest warrants.** The city judge shall have the power to issue warrants for the arrest of persons charged with violating municipal ordinances.

3-302. **Issuance of summonses.** When a complaint of an alleged ordinance violation is made to the city judge, the judge may in his discretion, in lieu of issuing an arrest warrant, issue a summons ordering the alleged offender personally to appear before the city court at a time specified therein to answer to the charges against him. The summons shall contain a brief description of the offense charged but need not set out verbatim the provisions of the municipal code or ordinance alleged to have been violated. Upon failure of any person to appear before the city court as commanded in a summons lawfully served on him, the cause may be proceeded with ex parte, and the judgment of the court shall be valid and binding subject to the defendant's right of appeal.

3-303. **Issuance of subpoenas.** The city judge may subpoena as witnesses all persons whose testimony he believes will be relevant and material to matters coming before his court, and it shall be unlawful for any person lawfully served with such a subpoena to fail or neglect to comply therewith.

---

1State law reference
For authority to issue warrants see *Tennessee Code Annotated*, title 40, chapter 6.
CHAPTER 4

BONDS AND APPEALS

SECTION
3-401. Appearance bonds authorized.
3-402. Appeals.
3-403. Bond amounts, conditions, and forms.

3-401. Appearance bonds authorized. (1) Deposit allowed. Whenever any person lawfully possessing a chauffeur's or operator's license theretofore issued to him by the Tennessee Department of Safety, or under the driver licensing laws of any other state or territory or the District of Columbia, is issued a citation or arrested and charged with the violation of any city ordinance or state statute regulating traffic, except those ordinances and statutes, the violation of which call for the mandatory revocation of an operator's or chauffeur's license for any period of time, such person shall have the option of depositing his chauffeur's or operator's license with the officer or court demanding bail in lieu of any other security required for his appearance in the city court of this city in answer to such charge before said court.

(2) Receipt to be issued. Whenever any person deposits his chauffeur's or operator's license as provided, either the officer or the court demanding bail as described above, shall issue the person a receipt for the license upon a form approved or provided by the department of safety, and thereafter the person shall be permitted to operate a motor vehicle upon the public highways of this state during the pendency of the case in which the license was deposited. The receipt shall be valid as a temporary driving permit for a period not less than the time necessary for an appropriate adjudication of the matter in the city court, and shall state such period of validity on its face.

(3) Failure to appear - disposition of license. In the event that any driver who has deposited his chauffeur's or operator's license in lieu of bail fails to appear in answer to the charges filed against him, the clerk or judge of the city court accepting the license shall forward the same to the Tennessee Department of Safety for disposition by said department in accordance with the provisions of Tennessee Code Annotated, § 55-50-801, et seq.

3-402. Appeals. Any defendant who is dissatisfied with any judgment of the city court against him may, within ten (10) days next after such judgment is rendered, appeal to the next term of the circuit court upon posting a proper appeal bond.

---

1State law reference
3-403. **Bond amounts, conditions, and forms.** An appearance bond in any case before the city court shall be in such amount as the city judge shall prescribe and shall be conditioned that the defendant shall appear for trial before the city court at the stated time and place. An appeal bond in any case shall be in such sum as the city judge shall prescribe, not to exceed the sum of two hundred and fifty dollars ($250.00), and shall be conditioned that if the circuit court shall find against the appellant the fine or penalty and all costs of the trial and appeal shall be promptly paid by the defendant and/or his sureties. An appearance or appeal bond in any case may be made in the form of a cash deposit or by any corporate surety company authorized to do business in Tennessee or by two (2) private persons who individually own real property within the county. No other type bond shall be acceptable.
TITLE 4

MUNICIPAL PERSONNEL

CHAPTER
1. SOCIAL SECURITY.
2. PERSONNEL REGULATIONS.
3. OCCUPATIONAL SAFETY AND HEALTH PROGRAM.
4. INFECTIOUS DISEASE CONTROL POLICY.
5. PUBLIC RECORDS; PROCEDURES FOR ACCESS, ETC.

CHAPTER 1

SOCIAL SECURITY

SECTION
4-101. Policy and purpose as to coverage.
4-102. Necessary agreements to be executed.
4-103. Withholdings from salaries or wages.
4-104. Appropriations for employer's contributions.
4-105. Records and reports.

4-101. **Policy and purpose as to coverage.** It is hereby declared to be the policy and purpose of this town to provide for all eligible employees and officials of the town, whether employed in connection with a governmental or proprietary function, the benefits of the system of federal old age and survivors insurance. In pursuance of said policy, and for that purpose, the town shall take such action as may be required by applicable state and federal laws or regulations. (1975 Code, § 1-701)

4-102. **Necessary agreements to be executed.** The mayor is hereby authorized and directed to execute all the necessary agreements and amendments thereto with the state executive director of old age insurance, as agent or agency, to secure coverage of employees and officials as provided in the preceding section. (1975 Code, § 1-702)

4-103. **Withholdings from salaries or wages.** Withholdings from the salaries or wages of employees and officials for the purpose provided in the first section of this chapter are hereby authorized to be made in the amounts and at such times as may be required by applicable state or federal laws or regulations, and shall be paid over to the state or federal agency designated by said laws or regulations. (1975 Code, § 1-703)

4-104. **Appropriations for employer's contributions.** There shall be appropriated from available funds such amounts at such times as may be
required by applicable state or federal laws or regulations for employer's contributions, and the same shall be paid over to the state or federal agency designated by said laws or regulations. (1975 Code, § 1-704)

4-105. **Records and reports.** The recorder shall keep such records and make such reports as may be required by applicable state and federal laws or regulations. (1975 Code, § 1-705)
CHAPTER 2

PERSONNEL REGULATIONS

SECTION

4-201. Personnel rules and regulations.

4-201. Personnel rules and regulations. Personnel rules and regulations of the Town of Spring City shall be governed by Ord. #2009-07, titled "Personnel Rules and Regulations, Town of Spring City," and any amendments thereto.¹

¹Ord. #2009-07, and any amendments thereto, are published as separate documents and are of record in the office of the recorder.
CHAPTER 3

OCCUPATIONAL SAFETY AND HEALTH PROGRAM

SECTION
4-301. Title.
4-302. Purpose.
4-303. Coverage.
4-304. Standards authorized.
4-305. Variances from standards authorized.
4-306. Administration.
4-307. Funding the program.

4-301. Title. This section shall be known as "The Occupational Safety and Health Program Plan" for the employees of The Town of Spring City. (1975 Code, § 1-901, as replaced by Ord. #28-03, Aug. 2003, and Ord. #2013-04, Dec. 2013)

4-302. Purpose. The Town of Spring City in electing to update their established program plan will maintain an effective and comprehensive occupational safety and health program plan for its employees and shall:

(1) Provide a safe and healthful place and condition of employment that includes:
(a) Top management commitment and employee involvement;
(b) Continually analyze the worksite to identify all hazards and potential hazards;
(c) Develop and maintain methods for preventing or controlling existing or potential hazards; and
(d) Train managers, supervisors, and employees to understand and deal with worksite hazards.

(2) Acquire, maintain and require the use of safety equipment, personal protective equipment and devices reasonably necessary to protect employees.

(3) Record, keep, preserve, and make available to the Commissioner of Labor and Workforce Development, or persons within the Department of Labor and Workforce Development to whom such responsibilities have been delegated, adequate records of all occupational accidents and illnesses and personal injuries for proper evaluation and necessary corrective action as required.

(4) Consult with the Commissioner of Labor and Workforce Development with regard to the adequacy of the form and content of records.

(5) Consult with the Commissioner of Labor and Workforce Development, as appropriate, regarding safety and health problems which are
considered to be unusual or peculiar and are such that they cannot be achieved under a standard promulgated by the state.

(6) Provide reasonable opportunity for the participation of employees in the effectuation of the objectives of this program, including the opportunity to make anonymous complaints concerning conditions or practices injurious to employee safety and health.

(7) Provide for education and training of personnel for the fair and efficient administration of occupational safety the health standards, and provide for education and notification of all employees of the existence of this program plan. (1975 Code, § 1-902, as replaced by Ord. #28-03, Aug. 2003, and Ord. #2013-04, Dec. 2013)

4-303. **Coverage.** The provisions of the occupational safety and health program plan for the employees of Town of Spring City shall apply to all employees of each administrative department, commission, board, division, or other agency whether part-time or full-time, seasonal or permanent. (1975 Code, § 1-903, as replaced by Ord. #28-03, Aug. 2003, and Ord. #2013-04, Dec. 2013)

4-304. **Standards authorized.** The occupational safety and health standards adopted by the Town of Spring City are the same as, but not limited to, the State of Tennessee Occupational Safety and Health Standards promulgated, or which may be promulgated, in accordance with section 6 of the Tennessee Occupational Safety and Health Act of 1972 (Tennessee Code Annotated, title 50, chapter 3). (1975 Code, § 1-904, as replaced by Ord. #28-03, Aug. 2003, and Ord. #2013-04, Dec. 2013)

4-305. **Variances from standards authorized.** Upon written application to the Commissioner of Labor and Workforce Development of the State of Tennessee, we may request an order granting a temporary variance from any approved standards. Applications for variances shall be in accordance with Rules of Tennessee Department of Labor and Workforce Development Occupational Safety and Health, VARIANCES FROM OCCUPATIONAL SAFETY AND HEALTH STANDARDS, CHAPTER 0800-01-02, as authorized by Tennessee Code Annotated, title 50. Prior to requesting such temporary variance, we will notify or serve notice to our employees, their designated representatives, or interested parties and present them with an opportunity for a hearing. The posting of notice on the main bulletin board shall be deemed sufficient notice to employees. (1975 Code, § 1-905, as replaced by Ord. #28-03, Aug. 2003, and Ord. #2013-04, Dec. 2013)

4-306. **Administration.** For the purposes of this chapter, Danah Thunquist is designated as the safety director of occupational safety and health to perform duties and to exercise powers assigned so as to plan, develop, and
administer this program. The safety director shall develop a plan of operation\(^1\) for the program plan in accordance with Rules of Tennessee Department of Labor and Workforce Development Occupational Safety and Health, SAFETY AND HEALTH PROVISIONS FOR THE PUBLIC SECTOR, CHAPTER 0800-01-05, as authorized by Tennessee Code Annotated, title 50. (1975 Code, § 1-906, as replaced by Ord. #28-03, Aug. 2003, Ord. #2013-04, Dec. 2013)

**4-307. Funding the program.** Sufficient funds for administering and staffing the program plan pursuant to this chapter shall be made available as authorized by the Town of Spring City. (1975 Code, § 1-907, as replaced by Ord. #28-03, Aug. 2003, and Ord. #2013-03, Dec. 2013)

\(^1\)The plan of operation to Ord. #2013-04, Dec. 2013 has been added to the Spring City Municipal Code as Appendix A.
CHAPTER 4

INFECTIOUS DISEASE CONTROL POLICY

SECTION
4-401. Purpose.
4-402. Coverage.
4-403. Administration.
4-404. Definitions.
4-405. Policy statement.
4-406. General guidelines.
4-407. Specific guidelines for town departments.
4-408. Hepatitis B vaccinations.
4-409. Reporting potential exposure.
4-410. Hepatitis B virus post-exposure management.
4-411. Human immunodeficiency virus post-exposure management.
4-412. Disability benefits.
4-413. Training regular employees.
4-414. Training high risk employees.
4-415. Training new employees.
4-416. Records and reports.
4-417. Legal rights of victims of communicable diseases.

4-401. Purpose. It is the responsibility of the Town of Spring City to provide employees a place of employment which is free from recognized hazards that may cause death or serious physical harm. In providing services to the citizens of the Town of Spring City, employees may come in contact with life-threatening infectious diseases which can be transmitted through job related activities. It is important that both citizens and employees are protected from the transmission of diseases just as it is equally important that neither is discriminated against because of basic misconceptions about various diseases and illnesses.

The purpose of this policy is to establish a comprehensive set of rules and regulations governing the prevention of discrimination and potential occupational exposure to Hepatitis B Virus (HBV), the Human Immunodeficiency Virus (HIV), and Tuberculosis (TB). (Ord. #226, July 1992)

4-402. Coverage. Occupational exposures may occur in many ways, including needle sticks, cut injuries or blood spills. Several classes of employees are assumed to be at high risk for blood borne infections due to their routinely increased exposure to body fluids from potentially infected individuals. Those high risk occupations include but are not limited to:

(1) Paramedics and emergency medical technicians;

(2) Occupational nurses;
(3) Housekeeping and laundry workers;
(4) Police and security personnel;
(5) Firefighters;
(6) Sanitation and landfill workers; and
(7) Any other employee deemed to be at high risk per this policy and
an exposure determination. (Ord. #226, July 1992)

4-403. Administration. This infection control policy shall be
administered by the mayor or his/her designated representative who shall have
the following duties and responsibilities:
(1) Exercise leadership in implementation and maintenance of an
effective infection control policy subject to the provisions of this chapter, other
ordinances, the town charter, and federal and state law relating to OSHA
regulations;
(2) Make an exposure determination for all employee positions to
determine a possible exposure to blood or other potentially infectious materials;
(3) Maintain records of all employees and incidents subject to the
provisions of this chapter;
(4) Conduct periodic inspections to determine compliance with the
infection control policy by municipal employees;
(5) Coordinate and document all relevant training activities in support
of the infection control policy;
(6) Prepare and recommend to the board of commissioners any
amendments or changes to the infection control policy;
(7) Identify any and all housekeeping operations involving substantial
risk of direct exposure to body fluids and shall address the proper precautions
to be taken while cleaning rooms and blood spills; and
(8) Perform such other duties and exercise such other authority as may
be prescribed by the board of commissioners. (Ord. #226, July 1992)

4-404. Definitions. (1) "Body fluids" - fluids that have been recognized
by the Center for Disease Control as directly linked to the transmission of HIV
and/or HBV and/or to which universal precautions apply: blood, semen, blood
products, vaginal secretions, cerebrospinal fluid, synovial fluid, pericardial fluid,
amniotic fluid, and concentrated HIV or HBV viruses.
(2) "Exposure" - the contact with blood or other body fluids to which
universal precautions apply through contact with open wounds, non-intact skin,
or mucous membranes during the performance of an individual's normal job
duties.
(3) "Hepatitis B Virus (HBV)" - a serious blood-borne virus with
potential for life-threatening complications. Possible complications include:
massive hepatic necrosis, cirrhosis of the liver, chronic active hepatitis, and
hepatocellular carcinoma.
(4) "Human Immunodeficiency Virus (HIV)" - the virus that causes acquired immunodeficiency syndrome (AIDS). HIV is transmitted through sexual contact and exposure to infected blood or blood components and perinatally from mother to neonate.

(5) "Tuberculosis (TB)" - an acute or chronic communicable disease that usually affects the respiratory system, but may involve any system in the body.

(6) "Universal precautions" - refers to a system of infectious disease control which assumes that every direct contact with body fluid is infectious and requires every employee exposed to direct contact with body fluids to be protected as though such body fluid were HBV or HIV infected. (Ord. #226, July 1992)

4-405. Policy statement. All blood and body fluids are potentially infectious for several blood-borne pathogens and some body fluids can also transmit infections. For this reason, the Center for Disease Control developed the strategy that everyone should always take particular care when there is a potential exposure. These precautions have been termed "universal precautions."

Universal precautions stress that all persons should be assumed to be infectious for HIV and/or other blood-borne pathogens. Universal precautions apply to blood, tissues, and other body fluids which contain visible blood. Universal precautions also apply to semen, (although occupational risk or exposure is quite limited), vaginal secretions, and to cerebrospinal, synovial, pleural, peritoneal, pericardial and amniotic fluids. Universal precautions do not apply to feces, nasal secretions, human breast milk, sputum, saliva, sweat, tears, urine, and vomitus unless these substances contain visible blood. (Ord. #226, July 1992)

4-406. General guidelines. General guidelines which shall be used by everyone include:

(1) Think when responding to emergency calls and exercise common sense when there is potential exposure to blood or body fluids which require universal precautions.

(2) Keep all open cuts and abrasions covered with adhesive bandages which repel liquids.

(3) Soap and water kill many bacteria and viruses on contact. If hands are contaminated with blood or body fluids to which universal precautions apply, then wash immediately and thoroughly. Hands shall also be washed after gloves are removed even if the gloves appear to be intact. When soap and water or handwashing facilities are not available, then use a waterless antiseptic hand cleaner according to the manufacturers recommendation for the product.

(4) All workers shall take precautions to prevent injuries caused by needles, scalpel blades, and other sharp instruments. To prevent needle stick
injuries, needles shall not be recapped, purposely bent or broken by hand, removed from disposable syringes, or otherwise manipulated by hand. After they are used, disposable syringes and needles, scalpel blades and other sharp items shall be placed in puncture resistant containers for disposal. The puncture resistant container shall be located as close as practical to the use area.

(5) The town will provide gloves of appropriate material, quality and size for each affected employee. The gloves are to be worn when there is contact (or when there is a potential contact) with blood or body fluids to which universal precautions apply:
   (a) While handling an individual where exposure is possible;
   (b) While cleaning or handling contaminated items or equipment;
   (c) While cleaning up an area that has been contaminated with one of the above;

Gloves shall not be used if they are peeling, cracked, or discolored, or if they have punctures, tears, or other evidence of deterioration. Employees shall not wash or disinfect surgical or examination gloves for reuse.

(6) Resuscitation equipment shall be used when necessary. (No transmission of HBV or HIV infection during mouth-to-mouth resuscitation has been documented.) However, because of the risk of salivary transmission of other infectious diseases and the theoretical risk of HIV or HBV transmission during artificial resuscitation, bags shall be used. Pocket mouth-to-mouth resuscitation masks designed to isolate emergency response personnel from contact with a victims' blood and blood contaminated saliva, respiratory secretion, and vomitus, are available to all personnel to provide or potentially provide emergency treatment.

(7) Masks or protective eyewear or face shields shall be worn during procedures that are likely to generate droplets of blood or other body fluids to prevent exposure to mucous membranes of the mouth, nose, and eyes. They are not required for routine care.

(8) Gowns, aprons, or lab coats shall be worn during procedures that are likely to generate splashes of blood or other body fluids.

(9) Areas and equipment contaminated with blood shall be cleaned as soon as possible. A household (chlorine) bleach solution (1 part chlorine to 10 parts water) shall be applied to the contaminated surface as a disinfectant leaving it on for a least 30 seconds. A solution must be changed and re-mixed every 24 hours to be effective.

(10) Contaminated clothing (or other articles) shall be handled carefully and washed as soon as possible. Laundry and dish washing cycles at 120° are adequate for decontamination.

(11) Place all disposable equipment (gloves, masks, gowns, etc...) in a clearly marked plastic bag. Place the bag in a second clearly marked bag (double bag). Seal and dispose of by placing in a designated "hazardous"
dumpster.  NOTE: Sharp objects must be placed in an impervious container and shall be properly disposed of.

(12) Tags shall be used as a means of preventing accidental injury or illness to employees who are exposed to hazardous or potentially hazardous conditions, equipment or operations which are out of the ordinary, unexpected or not readily apparent. Tags shall be used until such time as the identified hazard is eliminated or the hazardous operation is completed.

All required tags shall meet the following criteria:

(a) Tags shall contain a signal word and a major message. The signal word shall be "BIOHAZARD", or the biological hazard symbol. The major message shall indicate the specific hazardous condition or the instruction to be communicated to employees.

(b) The signal word shall be readable at a minimum distance of five (5) feet or such greater distance as warranted by the hazard.

(c) All employees shall be informed of the meaning of the various tags used throughout the workplace and what special precautions are necessary.

(13) Linen soiled with body fluids shall be handled as little as possible and with minimum agitation to prevent contamination of the person handling the linen. All soiled linen shall be bagged at the location where it was used. It shall not be sorted or rinsed in the area. Soiled linen shall be placed and transported in bags that prevent leakage.

The employee responsible for transported soiled linen should always wear protective gloves to prevent possible contamination. After removing the gloves, hands or other skin surfaces shall be washed thoroughly and immediately after contact with body fluids.

(14) Whenever possible, disposable equipment shall be used to minimize and contain clean-up.  (Ord. #226, July 1992)

4-407. **Specific guidelines for town departments.** (1) Fire and emergency medical services. These guidelines apply to fire and emergency medical services. This includes structural fire fighters, paramedics, emergency medical technicians, and advanced life support personnel. Fire and emergency medical services personnel are engaged in the delivery of medical care in the prehospital setting. The following guidelines are intended to assist these personnel in making decisions concerning use of personal protective equipment and resuscitation equipment, as well as for decontamination, disinfection, and disposal procedures.

(a) Appropriate personal protective equipment shall be made available routinely by the town to reduce the risk of exposure as defined above. For many situations, the chance that the rescuer will be exposed to blood and other body fluids can be determined in advance. Therefore, if the chances of being exposed to blood is high (e.g. CPR, IV insertion,
trauma, delivering babies, etc...), the employee shall put on protective attire before beginning patient care.

(b) Disposable gloves shall be a standard component of emergency response equipment, and shall be donned by all personnel prior to initiating any emergency patient care tasks involving exposure to blood or other body fluids. Extra pairs shall always be available. For situations where large amounts of blood are likely to be encountered, it is important that gloves fit tightly at the wrist to prevent blood contamination of hands around the cuff. For multiple trauma victims, gloves should be changed between patient contacts, if the emergency situation allows.

Greater personal protective equipment measures are indicated for situations where broken glass and sharp edges are likely to be encountered, such as extricating a person from an automobile wreck. Structural fire-fighting gloves that meet the Federal OSHA requirements for fire-fighters’ gloves shall be worn in any situation where sharp or rough surfaces are likely to be encountered.

While wearing gloves, avoid handling personal items, such as combs and pens, that could become soiled or contaminated. Gloves that have become contaminated with blood or other body fluids should be removed as soon as possible, taking care to avoid skin contact with the exterior surface. Contaminated gloves shall be placed and transported in bags that prevent leakage and shall be disposed of properly. Reusable gloves shall be cleaned and disinfected immediately.

(c) Masks, eyewear, and gowns shall be present on all emergency vehicles that respond or potentially respond to medical emergencies or victim rescues. These protective barriers shall be used in accordance with the level of exposure encountered. Minor lacerations or small amounts of blood do not merit the same extent of barrier use as required for exsanguinating victims of massive arterial bleeding.

Management of the patient who is not bleeding, and who has no bloody body fluids present, should not routinely require use of barrier precautions. Masks and eyewear shall be worn together, or a faceshield shall be used by all personnel prior to any situation where splashes of blood or other body fluids are likely to occur. Gowns or aprons shall be worn to protect clothing from splashes with blood. If large splashes or quantities of blood are present or anticipated, impervious gowns or aprons shall be worn. An extra change of work clothing should also be available at all times.

(d) Disposable resuscitation equipment and devices shall be used once and disposed of or, if reusable, thoroughly cleaned and disinfected after each use. Mechanical respiratory assist devices such as bag-valve masks or oxygen demand valve resuscitators shall be available on all emergency vehicles and to all emergency response personnel who
respond or potentially respond to medical emergencies of victim rescues. Pocket mouth-to-mouth resuscitation masks designed to isolate emergency response personnel from contact with a victims' blood and blood contaminated saliva, respiratory secretions and vomitus shall be provided to all personnel who provide or potentially provide-emergency treatment.

(2) Law enforcement and security officers. Law enforcement officers and Security personnel may face the risk-of exposure to blood during the conduct of their duties. There is an extremely diverse range of potential situations which may occur in the control of persons with unpredictable, violent, or psychotic behaviors. Therefore, informed judgment of the individual officer is paramount when unusual circumstance or events arise.

The following guidelines are intended to serve as an adjunct to rational decision making in those situations where specific guideline do not exist, particularly where immediate action is required to preserve life or prevent significant injury.

(a) Law enforcement and security personnel are exposed to a range of assaultive and disruptive behavior through which they may potentially become exposed to blood or other body fluids containing blood. Behaviors of particular concern are biting, attacks resulting in blood exposure, and attacks with sharp objects. Such behavior may occur in a range of law enforcement situations including arrests, routine interrogations, domestic disputes, and lockup operations.

Hand-to-hand combat may result in bleeding and may thus incur a greater chance for blood-to-blood exposure.

In all cases, extreme caution must be used in dealing with suspects if there is any indication of assaultive or combative behavior. When blood is present and a suspect is combative or threatening to staff, gloves should always be put on as soon as conditions permit. In case of blood contamination of clothing, an extra change of clothing should be available at all times.

(b) Law enforcement personnel should also be concerned about infection through the administration of cardiopulmonary resuscitation. Protective masks or airways shall also be available to officers and provided with the proper training in their use.

(c) An officer should use great caution in searching the clothing of suspects. Individual discretion, based on the, circumstances at hand, should determine if a suspect or prisoner should empty his/her own pockets or if the officer should use his own skills in determining the contents of a suspect's clothing. When a search is warranted the following guidelines shall be used:

(i) A safe distance should always be maintained between the officer and the suspect.
(ii) Protective gloves should be worn if exposure to blood is likely to be encountered.
(iii) Protective gloves should be used for all body cavity searches.
(iv) If cotton gloves are to be worn when working with evidence of potential latent fingerprints value at the crime scene, they can be worn over protective disposable gloves when exposure to blood may occur.
(v) Always carry a flashlight, even during the daylight shifts, to search hidden areas. Whenever possible, use long-handed mirrors and flashlights to search under car seats.
(vi) If searching a purse, carefully empty contents directly from the purse, by turning it upside down over a table.
(vii) Use puncture-proof containers to store sharp instruments and clearly mark plastic bags to store other possibly contaminated items.
(viii) To avoid tearing loves, use evidence tape instead of metal staples to seal evidence.
(ix) When possible evidence items should be air dried before sealing in plastic.
(d) Officers and crime scene technicians may confront unusual hazards, especially when the crime scene involves violent behavior, such as a homicide where large amounts of blood are present. Protective gloves shall be available and worn in this setting. In addition, for very large spills, consideration should be given to other protective clothing such as overalls, aprons, boots, or protective shoe covers. They should be changed if torn or soiled, and always removed prior to leaving the scene. While wearing gloves, avoid handling personal items, such as combs and pens, that could become soiled or contaminated.
(e) Face masks and eye protection or a face shield are required for laboratory and evidence technicians whose jobs entail potential exposure to blood via a splash to the face, mouth, nose, or eyes. Airborne particles of dried blood may be generated when a stain is scraped.
(f) While processing the crime scene, personnel should be alert for the presence of sharp objects such as hypodermic needles, knives, razors, broken glass, nails, or other sharp objects.
(g) For detectives, investigators, evidence technicians, and others who may have to touch or remove a body, the response should be the same as for situations requiring CPR or first aid;
(i) Wear gloves and cover all cuts and abrasions to create a barrier and carefully wash all exposed areas after any contact with blood.
(ii) The precautions to be used with blood and deceased persons should also be used when handling amputated limbs, hands, or other body parts.

(h) Protective masks and eyewear, laboratory coats, gloves, and waterproof aprons should be worn when performing or attending all autopsies. All autopsy materials should be considered infectious for both HIV and HOV. Onlookers with an opportunity for exposure to blood splashes should be similarly protected.

(3) Housekeeping and sanitation. All places of employment, passageways, storerooms, and service rooms shall be kept clean and orderly and in a sanitary condition. When a blood or body fluid spill occurs, one of the following disinfecting techniques shall be used:

(a) A chemical germicide that is approved for use as a hospital disinfectant shall be used.

(b) A product registered by the Environmental Protection Agency as being effective against HIV shall be used.

(c) A solution of 5.25% sodium hypochlorite (household bleach) diluted between 1:10 and 1:100 with water.

Any receptacle used for decaying or rotten solids or liquid waste or refuse shall be so constructed that it does not leak and may be thoroughly cleaned and maintained in a sanitary condition. Such a receptacle shall be equipped with a solid, tight-fitting cover, unless it can be maintained in a sanitary condition with a cover.

All sweeping, solid or liquid wastes, refuse, and garbage shall be removed in such a manner to avoid creating a menace to health and as often as necessary or appropriate to maintain the place of employment in a sanitary condition. (Ord. #226, July 1992)

4-408. Hepatitis B vaccinations. The Town of Spring City shall offer the appropriate Hepatitis B vaccination to employees at risk of exposure free of charge and in amounts and at times prescribed by standard medical practices. The vaccination shall be voluntarily administered. High risk employees who wish to take the HBV vaccination should notify their department head who shall make the appropriate arrangements through the Infectious Disease Control Coordinator. (Ord. #226, July 1992)

4-409. Reporting potential exposure. Town employees shall observe the following procedures for reporting a job exposure incident that may put them at risk for HIV or HBV infections (i.e., needle sticks, blood contact on broken skin, body fluid contact with eyes or mouth, etc...):

(1) Notify the Infectious Disease Control Coordinator of the contact incident and details thereof.

(2) Complete the appropriate accident reports and any other specific form required.
(3) Arrangements will be made for the person to be seen by a physician as with any job-related injury.

Once an exposure has occurred, a blood sample should be drawn after consent is obtained from the individual from whom exposure occurred and tested for Hepatitis B surface antigen (HBsAg) and/or antibody to human immunodeficiency virus (HIV antibody). Testing of the source individual should be done at a location where appropriate pretest counseling is available. Post-test counseling and referral for treatment should also be provided. (Ord. #226, July 1992)

4-410. Hepatitis B virus post-exposure management. For an exposure to a source individual found to be positive for HBsAg, the worker who has not previously been given the hepatitis B vaccine should receive the vaccine series. A single dose of hepatitis B immune globulin (HBIG) is also recommended, if it can be given within seven (7) days of exposure.

For exposure from an HBsAg-positive source to workers who have previously received the vaccine, the exposed worker should be tested for antibodies to hepatitis B surface antigen (anti-HBs), and given one dose of vaccine and one dose of HBIG if the antibody level in the worker’s blood sample is inadequate (ie., 10 SRU by RIA, negative by EIA).

If the source individual is negative for HBsAg and the worker has not been vaccinated, this opportunity should be taken to provide the hepatitis B vaccine series. HBIG administration should be considered on an individual basis when the source individual is known or suspected to be at high risk of HBV infection. Management and treatment, if any, of previously vaccinated workers who receive an exposure from a source who refuses testing or is not identifiable should be individualized. (Ord. #226, July 1992)

4-411. Human immunodeficiency virus post-exposure management. For any exposure to a source individual who has AIDS, who is found to be positive for HIV infection, or who refuses testing, the worker should be counseled regarding the risk of infection and evaluated clinically and serologically for evidence of HIV infection as soon as possible after the exposure. The worker should be advised to report and seek medical evaluation for any acute febrile illness that occurs within 12 weeks after the exposure. Such an illness, particularly one characterized by fever, rash, or lymphadenopathy, may be indicative of recent HIV infection.

Following the initial test at the time of exposure, seronegative workers should be retested 6 weeks, 12 weeks, and 6 months after exposure to determine whether transmission has occurred. During this follow-up period (especially the first 6 - 12 weeks after exposure) exposed workers should follow the U.S. Public Health service recommendation for preventing transmission of HIV. These include refraining from blood donations and using appropriate protection during
sexual intercourse. During all phases of follow-up, it is vital that worker confidentiality be protected.

If the source individual was tested and found to be seronegative, baseline testing of the exposed worker with follow-up testing 12 weeks later may be performed if desired by the worker or recommended by the health care provider. If the source individual cannot be identified, decisions regarding appropriate follow-up should be individualized. Serologic testing should be made available by the town to all workers who may be concerned they have been infected with HIV through an occupational exposure. (Ord. #226, July 1992)

4-412. **Disability benefits.** Entitlement to disability benefits and any other benefits available for employees who suffer from on-the-job injuries will be determined by the Tennessee Worker's Compensations Bureau in accordance with the provisions of T.C.A. § 50-6-303. (Ord. #226, July 1992)

4-413. **Training regular employees.** On an annual basis all employees shall receive training and education on precautionary measures, epidemiology, modes of transmission and prevention of HIV/HBV infection and procedures to be used if they are exposed to needle sticks or body fluids. They shall also be counseled regarding possible risks to the fetus from HIV/HBV and other associated infectious agents. (Ord. #226, July 1992)

4-414. **Training high risk employees.** In addition to the above, high risk employees shall also receive training regarding the location and proper use of personal protective equipment. They shall be trained concerning proper work practices and understand the concept of "universal precautions" as it applies to their work situation. They shall also be trained about the meaning of color coding and other methods used to designate contaminated material. Where tags are used, training shall cover precautions to be used in handling contaminated material as per this policy. (Ord. #226, July 1992)

4-415. **Training new employees.** During the new employee's orientation to his/her job, all new employee will be trained on the effects of infectious disease prior to putting them to work. (Ord. #226, July 1992)

4-416. **Records and reports.** (1) **Reports.** Occupational injury and illness records shall be maintained by the infectious disease control coordinator. Statistics shall be maintained on the OSHA-200 report. Only those work-related injuries that involve loss of consciousness, transfer to another job, restriction of work or motion, or medical treatment are required to be put on the OSHA-200.

(2) **Needle sticks.** Needle sticks, like any other puncture wound, are considered injuries for recordkeeping purposes due to the instantaneous nature of the event. Therefore, any needle stick requiring medical treatment (i.e.
gamma globulin, hepatitis B immune globulin, hepatitis B vaccine, etc...) shall be recorded.

(3) **Prescription medication.** Likewise, the use of prescription medication (beyond a single dose for minor injury or discomfort) is considered medical treatment. Since these types of treatment are considered necessary, and must be administered by physician or licensed medical personnel, such injuries cannot be considered minor and must be reported.

(4) **Employee interviews.** Should the town be inspected by the U.S. Department of Labor Office of Health Compliance, the compliance safety and health officer may wish to interview employees. Employees are expected to cooperate fully with the compliance officers. (Ord. #226, July 1992)

**4-417. Legal rights of victims of communicable diseases.** Victims of communicable diseases have the legal right to expect, and municipal employees, including police and emergency service officers are duty bound to provide, the same level of service and enforcement as any other individual would receive.

(1) Officers assume that a certain degree of risk exists in law enforcement and emergency service work and accept those risks with their individual appointments. This holds true with any potential risks of contacting a communicable disease as surely as it does with the risks of confronting an armed criminal.

(2) Any officer who refuses to take proper action in regard to victims of a communicable disease, when appropriate protective equipment is available, shall the subject to disciplinary measures along with civil and, or criminal prosecution.

(3) Whenever an officer mentions in a report that an individual has or may have a communicable disease, he shall write "contains confidential medical information" across the top margin of the first page of the report.

(4) The officer's supervisor shall ensure that the above statement is on all reports requiring that statement at the time the report is reviewed and initiated by the supervisor.

(5) The supervisor disseminating newspaper releases shall make certain the confidential information is not given out to the news media.

(6) All requests (including subpoenas) for copies of reports marked "contains confidential medical information" shall be referred to the town attorney when the incident involves an indictable or juvenile offense.

(7) Prior approval shall be obtained from the town attorney before advising a victim of sexual assault that the suspect has, or is suspected of having a communicable disease.

(8) All circumstance, not covered in this policy, that may arise concerning releasing confidential information regarding a victim, or suspected victim, of a communicable disease shall be referred directly to the appropriate department head or town attorney.
(9) Victims of a communicable disease and their families have a right to conduct their lives without fear of discrimination. An employee shall not make public, directly or indirectly, the identity of a victim or suspected victim of a communicable disease.

(10) Whenever an employee finds it necessary to notify another employee, police officer, firefighter, emergency service officer, or health care provider that a victim has or is suspected of having a communicable disease, that information shall be conveyed in a dignified, discrete and confidential manner. The person to whom the information is being conveyed should be reminded that the information is confidential and that it should not be treated as public information.

(11) Any employee who disseminates confidential information in regard to a victim, or suspected victim of a communicable disease in violation of this policy shall be subject to serious disciplinary action and/or civil and/or criminal prosecution. (Ord. #226, July 1992)
CHAPTER 5

PUBLIC RECORDS; PROCEDURES FOR ACCESS, ETC.

SECTION

4-501. Procedures regarding access to and inspection of public records.
4-502. Official forms to be used.

4-501. Procedures regarding access to and inspection of public records. (1) Consistent with the Public Records Act of the State of Tennessee, personnel of the Town of Spring City, Tennessee shall provide full access and assistance in a timely and efficient manner to Tennessee residents who request access to public documents.

(2) Employees of the Town of Spring City, Tennessee shall protect the integrity and organization of public records with respect to the manner in which the records are inspected and copied. All inspections of records must be performed under the supervision of the records custodian (city recorder) or designee. All copying of public records must be performed by employees of the Town of Spring City, or, in the event that city personnel are unable to copy the records, by an entity or person designated by the records custodian.

(3) To prevent excessive disruptions of the work, essential functions, and duties of employees of the Town of Spring City, Tennessee, persons requesting inspection and/or copying of public records shall complete a records request form to be furnished by the city. If the requesting party refuses to complete a request form, a city employee shall complete the form with the information provided by the requesting party. Persons requesting access to open public records shall describe the records with specificity so that the records may be located and made available for public inspection or duplication, as provided in subsection (2) above. All requests for public records shall be directed to the records custodian.

(4) When records are requested for inspection or copying, the records custodian has seven (7) days to determine whether the city can retrieve the records requested and whether the requested records contain any confidential information, and the estimated charge for copying based upon the number of copies and amount of time required.

Within seven (7) days of the request the records custodian shall:
(a) Produce the records requested;
(b) Deny the records in writing, giving explanation for denial;

or

(c) In the case of voluminous requests, provide the requestor, in writing, with an estimated time frame for production and estimation of duplication costs.
(5) There is no charge assessed to a requester for inspecting a public record. Charges for physical copies of records, in accordance with the Office of Open Records (OORC) schedule of reasonable charges, are as follows:

(a) Fifteen cents ($0.15) per copy for black and white copies;
(b) Fifty cents ($0.50) per copy for colored copies (if available in color);
(c) Fifteen cents ($0.15) per copy for accident reports;
(d) Maps, plats, electronic data, audio discs, video discs, and all other materials shall be duplicated at actual costs to the city.

(6) Requests requiring less than one (1) hour municipal employee labor for research, retrieval and duplication are free to the requester. Labor in excess of one (1) hour may be charged by the city, in addition to the cost per copy, as provided in subsection (5) of this section. The city may require payment in advance of producing voluminous records. Requests for copies of records may not be broken down to multiple requests for the same information in order to qualify for the first free hour. For a request requiring more than one (1) employee to complete, labor charges will be assessed based on the following formula:

In calculating the charge for labor, city recorder shall determine the number of hours each employee spent producing a request. The city recorder shall then subtract the one (1) hour threshold from the number of hours the highest paid employee(s) spent producing the request. The city recorder will then multiply the total number of hours to be charged for the labor of each employee by that employee’s hourly wage. Finally, the city recorder will add together the totals for all the employees involved in the request and that will be the total amount of labor that can be charged.

(7) The police chief shall maintain in his or her office records of undercover investigators containing personally identifying information. All personnel records of the police department shall be maintained in the office of the city recorder. Requests for personnel records, other than for undercover investigators, shall be made to the city recorder, who shall promptly notify the police chief of such request. The police chief shall make the final determination as to the release of the information requested. In the event that the police chief refuses to release the information, he shall provide written explanation of the reasons for not releasing the information. If the public records requested are frail due to age or other conditions and copying of the records will cause damage to the original records, the requesting party may be required to make an appointment for inspection. (as added by Ord. #2010-03, June 2010)

4-502. Official forms to be used. The official forms listed below will be used in all public records transactions:

(1) Inspection/duplication of records request;

1Official forms are available in the office of the city recorder.
(2) Records production letter;
(3) Records request denial letter. (as added by Ord. #2010-03, June 2010)
TITLE 5
MUNICIPAL FINANCE AND TAXATION

CHAPTER
1. MISCELLANEOUS.
2. REAL AND PERSONAL PROPERTY TAXES.
3. PRIVILEGE TAXES.
4. WHOLESALE BEER TAX.
5. PURCHASING.
6. LIBRARY FINANCES.

CHAPTER 1
MISCELLANEOUS

SECTION
5-102. Fiscal year of the town.

5-101. Official depositories for town funds. The First Bank of Rhea County, Rhea County National Bank, and 1st American Bank and Trust are designated as the official depositories for all town funds. (1975 Code, § 6-101, as replaced by Ord. #115, ____ , modified)

5-102. Fiscal year of the town. The fiscal year of the town shall be from the 1st day of July to the 30th day of June of the year next following.

---

1 Charter reference
Finance and taxation: title 6, chapter 22.

2 Charter reference
Tennessee Code Annotated, § 6-22-120 prescribes depositories for city funds.

3 Charter reference
Tennessee Code Annotated, § 6-22-121 provides that the fiscal year of the city shall begin on July 1 unless otherwise provided by ordinance.
CHAPTER 2

REAL AND PERSONAL PROPERTY TAXES

SECTION
5-201. When due and payable.
5-202. When delinquent--penalty and interest.

5-201. **When due and payable.** Taxes levied by the town against real and personal property shall become due and payable annually on the first day of October of the year for which levied. (1975 Code, § 6-201, modified)

---

1State law references

Tennessee Code Annotated, §§ 67-1-701, 67-1-702 and 67-1-801, read together, permit a municipality to collect its own property taxes if its charter authorizes it to do so, or to turn over the collection of its property taxes to the county trustee. Apparently, under those same provisions, if a municipality collects its own property taxes, tax due and delinquency dates are as prescribed by the charter; if the county trustee collects them, the tax due date is the first Monday in October, and the delinquency date is the following March 1.

Tennessee Code Annotated, § 67-5-2010(b) provides that if the county trustee collects the municipality's property taxes, a penalty of 1/2 of 1% and interest of 1% shall be added on the first day of March, following the tax due date and on the first day each succeeding month.

2Charter references

Tennessee Code Annotated, § 6-22-110 sets the due date of November 1 of the year for which the taxes are assessed, but Tennessee Code Annotated, § 6-22-113 provides that a different tax due date may be set by ordinance (by unanimous vote of the board of commissioners.)
5-202. **When delinquent—penalty and interest.**¹ All real property taxes shall become delinquent on and after the first day of March next after they become due and payable, and shall thereupon be subject to such penalty and interest as is authorized and prescribed by the charter for delinquent county real property taxes.² (1975 Code, § 6-202, modified)

---

¹Charter reference

*Tennessee Code Annotated*, § 6-22-112 sets the tax delinquency of December 1 of the year for which the taxes are assessed, but *Tennessee Code Annotated*, § 6-22-113 provides that a different delinquent date may be set by ordinance (by unanimous vote of the board of commissioners).

²Charter reference

*Tennessee Code Annotated*, § 6-22-114 directs the finance director to turn over the collection of delinquent property taxes to the county trustee.

State law reference

A municipality has the option of collecting delinquent property taxes any one of three ways:

1. Under the provisions of its charter for the collection of delinquent property taxes.
CHAPTER 3

PRIVILEGE TAXES

SECTION
5-301. Tax levied.
5-302. License required.

5-301. Tax levied. Except as otherwise specifically provided in this code, there is hereby levied on all vocations, occupations, and businesses declared by the general laws of the state to be privileges taxable by municipalities, an annual privilege tax in the maximum amount allowed by state laws. The taxes provided for in the state’s "Business Tax Act" (Tennessee Code Annotated, § 67-4-701, et seq.) are hereby expressly enacted, ordained, and levied on the businesses, business activities, vocations, and occupations carried on within the town at the rates and in the manner prescribed by the act. (1975 Code, § 6-301)

5-302. License required. No person shall exercise any such privilege within the town without a currently effective privilege license, which shall be issued by the city manager to each applicant therefor upon the applicant's payment of the appropriate privilege tax. (1975 Code, § 6-302)
CHAPTER 4

WHOLESALE BEER TAX

SECTION
5-401. To be collected.

5-401. To be collected. The city manager is hereby directed to take appropriate action to assure payment to the town of the wholesale beer tax levied by the "Wholesale Beer Tax Act," as set out in Tennessee Code Annotated, title 57, chapter 6.¹ (1975 Code, § 6-401)

¹State law reference
Tennessee Code Annotated, title 57, chapter 6 provides for a tax of 17% on the sale of beer at wholesale. Every wholesaler is required to remit to each municipality the amount of the net tax on beer wholesale sales to retailers and other persons within the corporate limits of the municipality.
CHAPTER 5

PURCHASING

SECTION

5-501. Purchasing.

5-501. Purchasing. In accordance with Tennessee Code Annotated, § 6-19-104, the purchase of all material, supplies, equipment and services purchased under the authority of this chapter shall, unless otherwise provided by law, be purchased in accordance with the following regulations:

(1) Purchases not exceeding $5,000 (not to exceed $10,000). The city manager is authorized to make the following purchases whose estimated costs do not exceed $5,000 without formal sealed bids and written specifications: commonly used items of material, supplies, equipment and services used in the ordinary course of maintaining and repairing the city's real or personal property; building or maintaining stocks of city material, supplies and equipment used in the ordinary course of city operations; and minor construction, repair or maintenance services. However, a record of all such purchases shall be maintained describing the material, supplies, equipment or service purchased, the person or business from whom it was purchased, the date it was purchased, the purchase cost, and any other information from which the general public can easily determine the full details of the purchase. Each purchase shall be supported by invoices and/or receipts and any other appropriate documentation signed by the person receiving payment.

(2) Purchases in excess of $5,000 (not to exceed $10,000). The city manager is required to make purchases in excess of $5,000 based on written specifications, awarded by written contract let to the lowest responsive responsible bidder following advertisement for, and the submission of, sealed bids.

(3) Exceptions to bidding requirement. The city manager is authorized to make the following purchases whose estimated cost is in excess of $5,000 (not to exceed $10,000) without written specifications or bids:

(a) Emergency purchases of material, supplies, equipment or services. However, a report of the emergency purchase, including the nature of the emergency, the materials, supplies, equipment or services purchased, and the appropriate documentation similar to that required under the first subsection above shall be filed with the city commission at its next regular meeting.

(b) The purchase of unique, special, or proprietary material, supplies, equipment or services the city manager determines is in the best interest of the city to acquire. However, a report of the purchase, including a full description of the material, supplies, equipment or services purchased, the reason the same is unique, special or proprietary,
the interest of the city served by the purchase, and from whom the purchase will be made shall be filed with the city commission at its regular meeting prior to purchase.

(c) Purchases of equipment which, by reason of training of city personnel or an inventory of replacement parts maintained by the city, are compatible with the existing equipment owned by the city. However, a full report of the purchase, including a full description of the equipment, an outline of the municipal training or parts inventory factors that made the purchase economically advantageous to the city, and from whom the purchase will be made shall be filed with the city commission at its regular meeting prior to purchase.

(d) Purchases which can be made only from a sole source. The minimum geography for determining the "sole source," shall be the municipal limits. However, the city manager shall have the discretion to enlarge the geography of the sole source to whatever extent he determines is in the economic interest of the city. However, a full report of the purchase, including a full description of the purchase, evidence that the purchase, evidence that the purchase was made legitimately a sole source purchase, and from whom the purchase will be made shall be filed with the city commission at its regular meeting prior to purchase. (as added by Ord. #20-03, Feb. 2003)
CHAPTER 6

LIBRARY FINANCES

SECTION
5-601. Procedures.

5-601. Procedures.  (1) Deposits generated from operations of the library are to be made within state financial standards of every three (3) days.
(2) Clear copies of deposit tickets are to be delivered to the recorder upon deposit of funds into the official depository of the Town of Spring City.
(3) The recorder shall be added to the library bank accounts for signatures on all checks written out for payments in addition to two (2) officers of the Audrey Pack Memorial Library.
(4) Library personnel shall submit to the Town of Spring City a purchase order request for any and all purchases and funds expended.  (as added by Ord. #2010-09, Jan. 2011)
TITLE 6
LAW ENFORCEMENT

CHAPTER
1. POLICE AND ARREST.
2. CITATIONS AND SUMMONSES BY NON-POLICE OFFICERS.

CHAPTER 1

POLICE AND ARREST

SECTION
6-101. When policemen to make arrests.
6-102. Disposition of persons arrested.

6-101. When policemen to make arrests. Unless otherwise authorized or directed in this code or other applicable law, an arrest of the person shall be made by a policeman in the following cases:

(1) Whenever he is in possession of a warrant for the arrest of the person.

(2) Whenever an offense is committed or a breach of the peace is threatened in the officer's presence by the person.

(3) Whenever a felony has in fact been committed and the officer has reasonable cause to believe the person has committed it. (1975 Code, § 1-404)

6-102. Disposition of persons arrested. (1) For code or ordinance violations. Unless otherwise provided by law, a person arrested for a violation of this code or other town ordinances shall be brought before the city court. However, if the city court is not in session, the arrested person shall be allowed to post bond with the city court clerk. If the arrested person fails or refuses to post bond, he shall be confined pending his release by the city judge. In addition, if the arrested person is under the influence of alcohol or drugs when arrested, even if he is arrested for an offense unrelated to the consumption of alcohol or drugs, the person shall be confined until he does not pose a danger to himself or to any other person.

(2) Felonies or misdemeanors. A person arrested for a felony or a misdemeanor shall be disposed of in accordance with applicable federal and

1Municipal code reference

Issuance of citations in lieu of arrest in traffic cases: title 15, chapter 7.
state law and the rules of the court which has jurisdiction over the offender. (1975 Code, § 1-406, modified)
CHAPTER 2

CITATIONS AND SUMMONSSES BY NON-POLICE OFFICERS

SECTION

6-201. Citations in lieu of arrest in non-traffic cases.

6-201. Citations in lieu of arrest in non-traffic cases. Pursuant to Tennessee Code Annotated, § 7-63-101 et seq., the board of commissioners appoints the fire chief in the fire department and the city manager special police officers having the authority to issue citations in lieu of arrest. The fire chief in the fire department shall have the authority to issue citations in lieu of arrest for violations of the fire code adopted in title 7, chapter 2 of this municipal code of ordinances. The city manager shall have the authority to issue citations in lieu of arrest for violations of the building, utility and housing codes adopted in title 12 of this municipal code of ordinances.

The citation in lieu of arrest shall contain the name and address of the person being cited and such other information necessary to identify and give the person cited notice of the charges against him, and state a specific date and place for the offender to appear and answer the charges against him. The citation shall also contain an agreement to appear, which shall be signed by the offender. If the offender refuses to sign the agreement to appear, the special officer in whose presence the offense was committed shall immediately arrest the offender and dispose of him in accordance with Tennessee Code Annotated, § 7-63-104.

It shall be unlawful for any person to violate his agreement to appear in court, regardless of the disposition of the charge for which the citation in lieu of arrest was issued.

6-202. Summonses in lieu of arrest. Pursuant to Tennessee Code Annotated, § 7-63-201 et seq., which authorizes the board of commissioners to designate certain city enforcement officers the authority to issue ordinance summonses in the areas of sanitation, litter control and animal control, the board designates the police chief in the police department and to issue ordinance summonses in those areas. These enforcement officers may not arrest violators or issue citations in lieu of arrest, but upon witnessing a violation of any ordinance, law or regulation in the areas of sanitation, litter control or animal control, may issue an ordinance summons and give the summons to the offender.

---

1Municipal code reference
   Issuance of citations in lieu of arrest in traffic cases: title 15, chapter 7.
The ordinance summons shall contain the name and address of the person being summoned and such other information necessary to identify and give the person summons notice of the charge against him, and state a specific date and place for the offender to appear and answer the charges against him. The ordinance summons shall also contain an agreement to appear, which shall be signed by the offender. If the offender refuses to sign the agreement to appear, the enforcement officer in whose presence the offense occurred may (1) have a summons issued by the clerk of the city court, or (2) may seek the assistance of a police officer to witness the violation. The police officer who witnesses the violation may issue a citation in lieu of arrest for the violation, or arrest the offender for failure to sign the citation in lieu of arrest. If the police officer makes an arrest, he shall dispose of the person arrested as provided in § 6-201 above.

It shall be unlawful for any person to violate his agreement to appear in court, regardless of the disposition of the charge for which the ordinance summons was issued.
TITLE 7

FIRE PROTECTION AND FIREWORKS

CHAPTER
1. FIRE DISTRICT.
2. VOLUNTEER FIRE DEPARTMENT.
3. FIRE SERVICE OUTSIDE TOWN LIMITS.

CHAPTER 1

FIRE DISTRICT

SECTION
7-101. Fire limits described.

7-101. Fire limits described. The corporate fire limits shall be and include all the area zoned as the business district. (1975 Code, § 7-101)
CHAPTER 2

VOLUNTEER FIRE DEPARTMENT

SECTION
7-201. Establishment, equipment, and membership.
7-203. Organization, rules, and regulations.
7-204. Records and reports.
7-205. Tenure and compensation of members.
7-206. Chief responsible for training and maintenance.
7-207. Chief to be assistant to state officer.

7-201. Establishment, equipment, and membership. There is hereby established a volunteer fire department to be supported and equipped from appropriations of the board of commissioners. Any funds raised by the volunteer fire department as a whole, or by any individual or group of volunteer firemen in the name of the volunteer fire department, shall be turned over to and become the property of, the town and the town shall use such funds in the equipping of the volunteer fire department. Any and all gifts to the volunteer fire department shall be turned over to, and become the property of, the town. All other apparatus, equipment, and supplies of the volunteer fire department shall be purchased by or through the town and shall be and remain the property of the town. The volunteer fire department shall be composed of a chief appointed by the board of commissioners, and such number of physically-fit subordinate officers and firemen as the board of commissioners shall appoint. (1975 Code, § 7-301, modified)

1Charter references
For detailed charter provisions governing the operation of the fire department, see Tennessee Code Annotated, title 6, chapter 21, part 7. For specific provisions in part 7 related to the following subjects, see the sections indicated.

Fire chief
  Appointment: § 6-21-701.
  Duties: § 6-21-702.
  Emergency: § 6-21-703.

Fire marshall: § 6-21-704

Firemen
  Appointment: § 6-21-701.
  Emergency powers: § 6-21-703.

Municipal code reference
Special privileges with respect to traffic: title 15, chapter 2.
7-202. Objectives. The volunteer fire department shall have as its objectives:

(1) To prevent uncontrolled fires from starting.

(2) To prevent the loss of life and property because of fires.

(3) To confine fires to their places of origin.

(4) To extinguish uncontrolled fires.

(5) To prevent loss of life from asphyxiation or drowning.

(6) To perform such rescue work as its equipment and/or the training of its personnel makes practicable. (1975 Code, § 7-302)

7-203. Organization, rules, and regulations. The chief of the volunteer fire department shall set up the organization of the department, under the direction of the board of commissioners. The chief shall make definite assignments to individuals, and shall formulate and enforce such rules and regulations as shall be necessary for the orderly and efficient operation of the volunteer fire department. (1975 Code, § 7-303, modified)

7-204. Records and reports. The chief of the volunteer fire department shall keep adequate records of all fires, inspections, apparatus, equipment, personnel, and work of the department. He shall submit such written reports on those matters to the board of commissioners as the board requires. (1975 Code, § 7-304, modified)

7-205. Tenure and compensation of members. The chief shall hold office so long as his conduct and efficiency are satisfactory to the board. However, so that adequate discipline may be maintained, the chief shall have the authority to suspend or discharge any other member of the volunteer fire department when he deems such action to be necessary for the good of the department.

All personnel of the volunteer fire department shall receive such compensation for their services as the board of commissioners may from time to time prescribe. (1975 Code, § 7-305)

7-206. Chief responsible for training and maintenance. The chief of the volunteer fire department, under the direction of the board of commissioners, shall be fully responsible for the training of the firemen and for maintenance of all property and equipment of the fire department. (1975 Code, § 7-306)

7-207. Chief to be assistant to state officer. Pursuant to requirements of Tennessee Code Annotated, § 68-102-108, the fire chief is designated as an assistant to the state commissioner of commerce and insurance and is subject to all the duties and obligations imposed by Tennessee Code
Annotated, title 68, chapter 102, and shall be subject to the directions of the commissioner in the execution of the provisions thereof. (1975 Code, § 7-308)
CHAPTER 3
FIRE SERVICE OUTSIDE TOWN LIMITS

SECTION
7-301. Restrictions on fire service outside town limits.

7-301. Restrictions on fire service outside town limits. No personnel or equipment of the fire department shall be used for fighting any fire outside the town limits unless the fire is on town property or, in the opinion of the fire chief or city manager, is in such hazardous proximity to property owned or located within the town as to endanger the town property, or unless the board of commissioners has developed policies for providing emergency services outside of the town limits or entered into a contract or mutual aid agreement pursuant to the authority of:

¹State law references

Tennessee Code Annotated, § 58-2-601, et seq., as amended by Public Acts 1988, Ch. 499, authorizes any municipality or other local governmental entity to go outside of its boundaries in response to a request for emergency assistance by another local government. It does not create a duty to respond to or to stay at the scene of an emergency outside its jurisdiction. This statute, as amended, does not require written agreements between the local governments, but authorizes them to develop policies and procedures for requesting and responding to requests for emergency assistance, including provisions for compensation for service rendered.

The statute specifies which municipal officers may request and respond to requests for emergency assistance and provides for the appointment by municipal governing bodies of additional municipal officers with the same authority.

The statute provides that the senior officer of the requesting party will be in command at the scene of the emergency.

The statute outlines the liabilities of the requesting and responding governments as follows: (1) Neither the responding party nor its employees shall be liable for any property damage or bodily injury at the actual scene of any emergency due to actions performed in responding to a request for emergency assistance; (2) The requesting (continued...)
party is not liable for damages to the equipment and personnel of the responding party in response to the request for emergency assistance; and (3) Neither the requesting party nor its employees is liable for damages caused by the negligence of the personnel of the responding party while enroute to or from the scene of the emergency.

1 State law reference
   Tennessee Code Annotated, § 12-9-101, et seq., is the Interlocal Cooperation Act which authorizes municipalities and other governments to enter into mutual aid agreements of various kinds.

2 State law reference
   Tennessee Code Annotated, § 6-54-601 authorizes municipalities (1) To enter into mutual aid agreements with other municipalities, counties, privately incorporated fire departments, utility districts and metropolitan airport authorities which provide for firefighting service, and with industrial fire departments, to furnish one another with fire fighting assistance. (2) Enter into contracts with organizations of residents and property owners of unincorporated communities to provide such communities with firefighting assistance. (3) Provide fire protection outside their city limits to either citizens on an individual contractual basis, or to citizens in an area without individual contracts, whenever an agreement has first been entered into between the municipality providing the fire service and the county or counties in which the fire protection is to be provided. (Counties may compensate municipalities for the extension of fire services.)

ALCOHOLIC BEVERAGES

CHAPTER
1. INTOXICATING LIQUORS.
2. BEER.

CHAPTER 1

INTOXICATING LIQUORS

SECTION
8-101. Definition of alcoholic beverages.
8-102. Consumption of alcoholic beverages on premises.
8-103. Privilege tax on retail sale of alcoholic beverages for consumption on the premises.
8-104. Annual privilege tax to be paid to the town clerk.

8-101. Definition of alcoholic beverages. As used in this chapter, unless the context indicates otherwise: Alcoholic beverages means and includes alcohol, spirits, liquor, wine, and every liquid containing alcohol, spirits, wine and capable of being consumed by a human being, other than patented medicine or beer, where the latter contains an alcoholic content of five percent (5%) by weight, or less. (1975 Code, § 2-101, Ord. #153D, _____, modified, as replaced by Ord. #2011-03, June 2011)

8-102. Consumption of alcoholic beverages on premises. Tennessee Code Annotated, title 57, chapter 4, inclusive is hereby adopted so as to be applicable to all sales of alcoholic beverages for on premises consumption which are regulated by the said code when such sales are conducted within the corporate limits of Spring City, Tennessee. It is the intent of the mayor and board that the said Tennessee Code Annotated, title 57, chapter 4, inclusive, shall be effective in Spring City, Tennessee, the same as if said code sections were copied verbatim. (as added by Ord. #2011-03, June 2011)

8-103. Privilege tax on retail sale of alcoholic beverages for consumption on the premises. Pursuant to the authority contained in Tennessee Code Annotated, § 57-4-301, there is hereby levied a privilege tax (in the same amounts levied by Tennessee Code Annotated, title 57, chapter 4,

\[\text{\textsuperscript{1}}\text{State law reference}
\]

Tennessee Code Annotated, title 57.
section 301, for the Town of Spring City General Fund to be paid annually as provided in this chapter) upon any person, firm, corporation, joint stock company, syndicate, or association engaging in the business of selling at retail in the Town of Spring City alcoholic beverages for consumption on the premises where sold. (as added by Ord. #2011-03, June 2011)

8-104. Annual privilege tax to be paid to town clerk. Any person, firm, corporation, joint stock company, syndicate or association exercising the privilege of selling alcoholic beverages for consumption on the premises in the Town of Spring City shall remit annually to the town clerk the appropriate tax described in § 8-103. Such payments shall be remitted not less than thirty (30) days following the end of each twelve (12) month period from the original date of the license. Upon the transfer of ownership of such business or the discontinuance of such business, said tax shall be filed within in thirty (30) days following such event. Any person, firm, corporation, joint stock company, syndicate, or association failing to make payment of the appropriate tax when due shall be subject to the penalty provided by law. (as added by Ord. #2011-03, June 2011)
CHAPTER 2

BEER

SECTION

8-201. Beer board.
8-202. Meetings of the beer board.
8-203. Record of beer board proceedings to be kept.
8-204. Requirements for beer board quorum and action.
8-205. Powers and duties of the beer board.
8-206. "Beer" defined.
8-207. Permit required for engaging in beer business.
8-208. Privilege tax.
8-209. Beer permits shall be restrictive.
8-210. Permits issued for sale of beer within corporate limits for off premises and on premises consumption.
8-211. Transfer of permits.
8-212. Proximity to schools, churches restricted.
8-213. Issuance of permits to persons convicted of certain crimes prohibited.
8-214. Prohibited conduct or activities by beer permit holders.
8-216. Civil penalty in lieu of suspension.
8-217. Sign restriction.

8-201. **Beer board.** The board of commissioners shall serve as the beer board and the mayor shall serve as chairman and the vice mayor shall serve as chairman in the absence of the mayor. (Ord. #254-96, Feb. 1996)

8-202. **Meetings of the beer board.** All meetings of the beer board shall be open to the public. The board shall hold regular meetings in such places and at such times as it shall prescribe. When there is business to come before the beer board, a special meeting may be called by the chairman provided he gives at least a twenty-four (24) hour written notice thereof to each member and the press. The board may adjourn a meeting at any time to another time and place. (Ord. #254-96, Feb. 1996)

---

1Municipal code references
   Minors in beer places, etc.: title 11, chapter 1.
   Tax provisions: title 5.
State law reference
   For a leading case on a municipality's authority to regulate beer, see Watkins v. Naifeh, 635 S.W.2d 104 (Tenn. 1982).
8-203. Record of beer board proceedings to be kept. The city recorder shall make a record of the proceedings of all meetings of the beer board. The record shall be a public record and shall contain at least the following: The date of each meeting; the names of the board members present and absent; the names of the members introducing and seconding motions and resolutions, etc., before the board; a copy of each such motion and/or resolution presented; the vote of each member thereon; and the provisions of each beer permit issued by the board. (Ord. #254-96, Feb. 1996)

8-204. Requirements for beer board quorum and action. The attendance of at least a majority of the members of the beer board shall be required to constitute a quorum for the purpose of transacting business. Matters before the board shall be decided by a majority of the members present if a quorum is constituted. Any member present but not voting shall be deemed to have cast a "nay" vote. (Ord. #254-96, Feb. 1996)

8-205. Powers and duties of the beer board. The beer board shall have the power and it is hereby directed to regulate the selling, storing for sale, distributing for sale, and manufacturing of beer within this municipality in accordance with the provisions of this chapter. (Ord. #254-96, Feb. 1996)

8-206. "Beer" defined. The term "beer" as used in this chapter shall mean and include all beers, ales, and other malt liquors having an alcoholic content of not more than five percent (5%) by weight. (Ord. #254-96, Feb. 1996)

8-207. Permit required for engaging in beer business. It shall be unlawful for any person to sell, store for sale, distribute for sale, or manufacture beer without first making application to and obtaining a permit from the beer board. The application shall be made on such form as the board shall prescribe and/or furnish, and pursuant to Tennessee Code Annotated, § 57-5-104(A), and there shall be a non-refundable application fee of two hundred and fifty dollars ($250.00). Each applicant must be a person of good moral character and he must certify that he has read and is familiar with the provisions of this chapter. (Ord. #254-96, Feb. 1996)

8-208. Privilege tax. There is hereby imposed on the business of selling and distributing beer a privilege tax of one hundred dollars ($100). Any person, firm, corporation, joint stock company, syndicate or association engaged in the sale or distribution of beer shall remit the tax at the time a permit is issued and on January 1st of each year thereafter. The cost of the permit will be prorated on a monthly basis when first application is made. (Ord. #254-96, Feb. 1996)

8-209. Beer permits shall be restrictive. All beer permits shall be restrictive as to the type of beer business authorized them. Separate permits
shall be required for selling at retail, storing, distributing, and manufacturing. Beer permits for retail sale of beer may be further restricted by the beer board so as to authorize SALES ONLY for off premises consumption. It shall be unlawful for any beer permit holder to engage in any type or phase of the beer business not expressly authorized by his permit. (Ord. #254-96, Feb. 1996)

8-210. Permits issued for sale of beer within corporate limits for off premises and on premises consumption. No permit for the sale of beer shall be issued to any person, persons, firm, corporation, joint stock company, syndicate, partnership, or association for the sale of beer or other alcoholic beverage with an alcohol content not exceeding five percent (5%) by weight within the corporate limits of Spring City, Tennessee, except as defined by the following classes of business:

(1) Class A off premises consumption. To qualify for a Class A off premises consumption permit an establishment must, in addition to meeting the other regulations in this chapter:
   (a) Be a grocery store or a convenience type market; and
   (b) In either case, be primarily engaged in the sale of grocery and personal and home care and cleaning articles, but may also sell gasoline.
   (c) The business privilege sales, and ad valorem taxes are maintained in a paid status at all times, and the majority of the gross sales of said businesses are derived from the retail sales of groceries, and which is not located within two hundred feet (200') of a church or other public gathering place, and which is not located within five hundred feet (500') of a school. No beer will be sold, warehoused, or distributed from any building other than the one to which the permit is for sale in the said grocery store shall be permitted. Any beer or alcoholic beverage sold by a Class A permit holder shall not be opened or consumed on the licensed premises.

(2) Class A on premises consumption. To qualify for a Class A on premises consumption permit, an establishment must, in addition to meeting other regulations and restrictions in this chapter:
   (a) Be primarily a restaurant or an eating place; and
   (b) Be able to seat a minimum of thirty (30) people, including children, in booths and at tables, in addition to any other seating it may have; and
   (c) Have all seating in the interior of the building under a permanent roof; and on premises consumption permit shall not exceed fifty percent (50%) of the gross sales of the establishment. Any such establishment which for two (2) consecutive months or for any three (3) months in any calendar year has beer sales exceeding fifty percent (50%) of its gross sales shall have its beer permit revoked. The business privilege sales, and ad valorem taxes are maintained in a paid status at
all times, and the majority of the gross sales of said businesses are derived from the retail sales of groceries, and which is not located within two hundred feet (200') of a church or other public gathering place, and which is not located within five hundred feet (500') of a school. (Ord. #254-96, Feb. 1996, as replaced by Ord. #2011-06, July 2011)

8-211. Transfer of permits. There shall be no transfer of a beer permit from one licensee to another. (Ord. #254-96, Feb. 1996)

8-212. Proximity to schools, churches restricted. (1) It shall be unlawful to store or sell at wholesale or retail beer in the corporate limits of the city within two hundred fifty (250) feet from the front door of any active school or active church building for sales for all Class 1 off-premises consumption permits or for wholesale distributors within the corporate limits of the city.

(2) The distances provided for herein shall be measured in a straight line by beginning at the front door of the business location and going from that point to the front door of any active church house or active school.

(3) A drawing shall be furnished the beer board prior to the consideration of the application for a license by the beer board, and verified by the beer board. (Ord. #254-96, Feb. 1996)

8-213. Issuance of permits to persons convicted of certain crimes prohibited. No beer permit shall be issued to any person who has been convicted for the possession, sale, manufacture, or transportation of intoxicating liquor, or any crime involving moral turpitude within the past ten (10) years. No person, firm, corporation, joint-stock company, syndicate, or association having at least a five percent (5%) ownership interest in the applicant shall have been convicted of any violation of the laws against possession, sale, manufacture, or transportation of beer or other alcoholic beverages or any crime involving moral turpitude within the past ten (10) years. (Ord. #254-96, Feb. 1996)

8-214. Prohibited conduct or activities by beer permit holders. It shall be unlawful for any beer permit holder to:

(1) Employ any person convicted for the possession, sale, manufacture, or transportation of intoxicating liquor, or any crime involving moral turpitude within the past ten (10) years.

(2) Employ any minor under 18 years of age in the sale, storage, distribution or manufacture of beer.

(3) Make or allow any sale of beer to a person under twenty-one (21) years of age.

(4) Make or allow any sale of beer on Sunday.

(5) Allow any person under twenty-one (21) years of age to loiter in or about his place of business.
8-15. Revocation of beer permits. The beer board shall have the power to revoke any beer permit issued under the provisions of this chapter when the holder thereof is guilty of making a false statement or misrepresentation in his application or of violating any of the provisions of this chapter. However, no beer permit shall be revoked until a public hearing is held by the board after reasonable notice to all the known parties in interest. Revocation proceedings may be initiated, in writing, by the police chief or by any member of the beer board. (Ord. #254-96, Feb. 1996)

8-16. Civil penalty in lieu of suspension. The beer board may, at the time it imposes a revocation or suspension, offer a permit holder the alternative of paying a civil penalty not to exceed $1,500 for each offense of making or permitting to be made any sales to minors or, a civil penalty not to exceed $1,000 for any other offense. If a civil penalty is offered as an alternative to revocation or suspension, the holder shall have seven (7) days within which to pay the civil penalty before the revocation or suspension shall be imposed. If the civil penalty is paid within that time, the revocation or suspension shall be deemed withdrawn. (Ord. #254-96, Feb. 1996)

8-17. Sign restriction. No outdoor sign, advertisement or display that advertises beer that is visible from the outside of the building wherein a retail beer outlet is located, may be erected or maintained on the property on which a retail beer establishment is located other than one sign, advertisement or display which makes reference to the fact that the establishment sells beer but does not use brand names, pictures, numbers, prices or diagrams relating to beer. The above restrictions also apply to indoor signs. (Ord. #254-96, Feb. 1996)
CHAPTER 1
PEDDLERS, SOLICITORS, ETC.

SECTION
9-102. Exemptions.
9-103. Permit required.
9-104. Permit procedure.
9-105. Restrictions on peddlers, street barkers and solicitors.
9-106. Restrictions on transient vendors.
9-108. Suspension or revocation of permit.
9-110. Violation and penalty.

9-101. Definitions. Unless otherwise expressly stated, whenever used in this chapter, the following words shall have the meaning given to them in this section:
(1) "Peddler" means any person, firm or corporation, either a resident or a nonresident of the town, who has no permanent regular place of business and who goes from dwelling to dwelling, business to business, place to place,

---

1Municipal code references

Trespass by peddlers, etc.: §11-601.

This chapter replaced in its entirety the chapters on the same subjects contained in the 1975 code, (title 5, chapters 2 and 3).
from street to street, carrying or transporting goods, wares or merchandise and offering or exposing the same for sale.

(2) "Solicitor" means any person, firm or corporation who goes from dwelling to dwelling, business to business, place to place, or from street to street, taking or attempting to take orders for any goods, wares or merchandise, or personal property of any nature whatever for future delivery, except that the term shall not include solicitors for charitable and religious purposes and solicitors for subscriptions as those terms are defined below.

(3) "Solicitor for charitable or religious purposes" means any person, firm, corporation or organization who or which solicits contributions from the public, either on the streets of the town or from door to door, business to business, place to place, or from street to street, for any charitable or religious organization, and who does not sell or offer to sell any single item at a cost to the purchaser in excess of ten dollars ($10.00). No organization shall qualify as a "charitable" or "religious" organization unless the organization meets one of the following conditions:

(a) Has a current exemption certificate from the Internal Revenue Service issued under Section 501(c)(3) of the Internal Revenue Service Code of 1954, as amended.
(b) Is a member of United Way, Community Chest or similar "umbrella" organizations for charitable or religious organizations.
(c) Has been in continued existence as a charitable or religious organization in Rhea County for a period of two (2) years prior to the date of its application for registration under this chapter.

(4) "Solicitor for subscriptions" means any person who solicits subscriptions from the public, either on the streets of the town, or from door to door, business to business, place to place, or from street to street, and who offers for sale subscriptions to magazines or other materials protected by provisions of the Constitution of the United States.

(5) "Transient vendor1" means any person who brings into temporary premises and exhibits stocks of merchandise to the public for the purpose of

1State law references

Tennessee Code Annotated, § 62-30-101 et seq. contains permit requirements for "transitory vendors."

The definition of "transient vendors" is taken from Tennessee Code Annotated, § 62-30-101(3). Note also that Tennessee Code Annotated, § 67-4-709(a) prescribes that transient vendors shall pay a tax of $50.00 for each 14 day period in each county and/or municipality in which such vendors sell or offer to sell merchandise for which they are issued a business license, but that they are not liable for the gross receipts portion of the tax provided for in Tennessee Code Annotated, § 67-4-709(b).
selling or offering to sell the merchandise to the public. Transient vendor does not include any person selling goods by sample, brochure, or sales catalog for future delivery; or to sales resulting from the prior invitation to the seller by the owner or occupant of a residence. For purposes of this definition, "merchandise" means any consumer item that is or is represented to be new or not previously owned by a consumer, and "temporary premises" means any public or quasi-public place including a hotel, rooming house, storeroom, building or part of a building, tent, vacant lot, railroad car, or motor vehicle which is temporarily occupied for the purpose of exhibiting stocks of merchandise to the public. Premises are not temporary if the same person has conducted business at those premises for more than six (6) consecutive months or has occupied the premises as his or her permanent residence for more than six (6) consecutive months.

(6) "Street barker" means any peddler who does business during recognized festival or parade days in the town and who limits his business to selling or offering to sell novelty items and similar goods in the area of the festival or parade.

9-102. **Exemptions.** The terms of this chapter shall neither apply to persons selling at wholesale to dealers, nor to newsboys, nor to bona fide merchants who merely deliver goods in the regular course of business, nor to persons selling agricultural products, who, in fact, themselves produced the products being sold.

9-103. **Permit required.** No person, firm or corporation shall operate a business as a peddler, transient vendor, solicitor or street barker, and no solicitor for charitable or religious purposes or solicitor for subscriptions shall solicit within the town unless the same has obtained a permit from the town in accordance with the provisions of this chapter.

9-104. **Permit procedure.** (1) **Application form.** A sworn application containing the following information shall be completed and filed with the city manager by each applicant for a permit as a peddler, transient vendor, solicitor, or street barker and by each applicant for a permit as a solicitor for charitable or religious purposes or as a solicitor for subscriptions:

(a) The complete name and permanent address of the business or organization the applicant represents.

(b) A brief description of the type of business and the goods to be sold.

(c) The dates for which the applicant intends to do business or make solicitations.

(d) The names and permanent addresses of each person who will make sales or solicitations within the town.

(e) The make, model, complete description, and license tag number and state of issue, of each vehicle to be used to make sales or
solicitations, whether or not such vehicle is owned individually by the
person making sales or solicitations, by the business or organization
itself, or rented or borrowed from another business or person.

(f) Tennessee state sales tax number, if applicable.

(2) Permit fee. Each applicant for a permit as a peddler, transient
vendor, solicitor or street Barker shall submit with his application a
nonrefundable fee of twenty dollars ($20.00). There shall be no fee for an
application for a permit as a solicitor for charitable purposes or as a solicitor for
subscriptions.

(3) Permit issued. Upon the completion of the application form and
the payment of the permit fee, where required, the recorder shall issue a permit
and provide a copy of the same to the applicant.

(4) Submission of application form to chief of police. Immediately
after the applicant obtains a permit from the city recorder, the city recorder
shall submit to the chief of police a copy of the application form and the permit.

9-105. Restrictions on peddlers, street barkers and solicitors. No
peddler, street Barker, solicitor, solicitor for charitable purposes, or solicitor for
subscriptions shall:

(1) Be permitted to set up and operate a booth or stand on any street
or sidewalk, or in any other public area within the town.

(2) Stand or sit in or near the entrance to any dwelling or place of
business, or in any other place which may disrupt or impede pedestrian or
vehicular traffic.

(3) Offer to sell goods or services or solicit in vehicular traffic lanes, or
operate a "road block" of any kind.

(4) Call attention to his business or merchandise or to his solicitation
efforts by crying out, by blowing a horn, by ringing a bell, or creating other
noise, except that the street Barker shall be allowed to cry out to call attention
to his business or merchandise during recognized parade or festival days of the
town.

(5) Enter in or upon any premises or attempt to enter in or upon any
premises wherein a sign or placard bearing the notice "Peddlers or Solicitors
Prohibited," or similar language carrying the same meaning, is located.

9-106. Restrictions on transient vendors. A transient vendor shall
not advertise, represent, or hold forth a sale of goods, wares or merchandise as
an insurance, bankrupt, insolvent, assignee, trustee, estate, executor,
administrator, receiver's manufacturer's wholesale, cancelled order, or misfit
sale, or closing-out sale, or a sale of any goods damaged by smoke, fire, water or
otherwise, unless such advertisement, representation or holding forth is actually
of the character it is advertised, represented or held forth.
9-107. **Display of permit.** Each peddler, street barker, solicitor, solicitor for charitable purposes or solicitor for subscriptions is required to have in his possession a valid permit while making sales or solicitations, and shall be required to display the same to any police officer upon demand.

9-108. **Suspension or revocation of permit.** (1) **Suspension by the manager.** The permit issued to any person or organization under this chapter may be suspended by the city manager for any of the following causes:

(a) Any false statement, material omission, or untrue or misleading information which is contained in or left out of the application; or

(b) Any violation of this chapter.

(2) **Suspension or revocation by the board of commissioners.** The permit issued to any person or organization under this chapter may be suspended or revoked by the board of commissioners, after notice and hearing, for the same causes set out in paragraph (1) above. Notice of the hearing for suspension or revocation of a permit shall be given by the city manager in writing, setting forth specifically the grounds of complaint and the time and place of the hearing. Such notice shall be mailed to the permit holder at his last known address at least five (5) days prior to the date set for hearing, or it shall be delivered by a police officer in the same manner as a summons at least three (3) days prior to the date set for hearing.

9-109. **Expiration and renewal of permit.** The permit of peddlers, solicitors and transient vendors shall expire on the same date that the permit holder's privilege license expires. The registration of any peddler, solicitor, or transient vendor who for any reason is not subject to the privilege tax shall be issued for six (6) months. The permit of street barkers shall be for a period corresponding to the dates of the recognized parade or festival days of the town. The permit of solicitors for religious or charitable purposes and solicitors for subscriptions shall expire on the date provided in the permit, not to exceed thirty (30) days.

9-110. **Violation and penalty.** In addition to any other action the town may take against a permit holder in violation of this chapter, such violation shall be punishable according to the general penalty provision of this municipal code of ordinances.
SECTION
9-201. To be furnished under franchise.

9-201. To be furnished under franchise.  Cable television service shall be furnished to the Town of Spring City and its inhabitants under franchise granted to Spring City Cable T.V. Inc. by the board of commissioners of the Town of Spring City, Tennessee. The rights, powers, duties and obligations of the Town of Spring City and its inhabitants and the grantee of the franchise shall be clearly stated in the franchise agreement executed by, and which shall be binding upon the parties concerned.¹

¹For complete details relating to the cable television franchise agreement see Ord. #125, dated July 27, 1987, in the office of the city recorder.
TITLE 10

ANIMAL CONTROL

CHAPTER
1. IN GENERAL.
2. DOGS AND CATS.

CHAPTER 1

IN GENERAL

SECTION
10-102. Pen or enclosure to be kept clean.
10-103. Adequate food, water, and shelter, etc., to be provided.
10-104. Keeping in such manner as to become a nuisance prohibited.
10-105. Cruel treatment prohibited.
10-106. Seizure and disposition of animals.

10-101. **Running at large prohibited.** It shall be unlawful for any person owning or being in charge of any cows, sheep, horses, mules, goats, or any chickens, ducks, geese, turkeys, or other domestic fowl, cattle, or livestock, knowingly or negligently to permit any of them to run at large in any street, alley, or unenclosed lot within the corporate limits.

Any person, including its owner, knowingly or negligently permitting an animal to run at large may be prosecuted under this section even if the animal is picked up and disposed of under other provisions of this chapter, whether or not the disposition includes returning the animal to its owner. (1975 Code, § 3-101)

10-102. **Pen or enclosure to be kept clean.** When animals or fowls are kept within the corporate limits, the building, structure, corral, pen, or enclosure in which they are kept shall at all times be maintained in a clean and sanitary condition. (1975 Code, § 3-103)

10-103. **Adequate food, water, and shelter, etc., to be provided.** No animal or fowl shall be kept or confined in any place where the food, water, shelter, and ventilation are not adequate and sufficient for the preservation of its health and safety.

---

¹Municipal code reference
Prohibition of feeding animals in parks: § 11-701.
All feed shall be stored and kept in a rat-proof and fly-tight building, box, or receptacle. (1975 Code, § 3-104)

10-104. **Keeping in such manner as to become a nuisance prohibited.** No animal or fowl shall be kept in such a place or condition as to become a nuisance because of either noise, odor, contagious disease, or other reason. (1975 Code, § 3-105)

10-105. **Cruel treatment prohibited.** It shall be unlawful for any person to beat or otherwise abuse or injure any dumb animal or fowl. (1975 Code, § 3-106)

10-106. **Seizure and disposition of animals.** Any animal or fowl found running at large or otherwise being kept in violation of this chapter may be seized by any police officer and confined in a pound provided or designated by the board of commissioners. If the owner is known he shall be given notice in person, by telephone, or by a postcard addressed to his last-known mailing address. If the owner is not known or cannot be located, a notice describing the impounded animal or fowl will be posted in at least three (3) public places within the corporate limits. In either case the notice shall state that the impounded animal or fowl must be claimed within five (5) days by paying the pound costs or the same will be humanely destroyed or sold. If not claimed by the owner, the animal or fowl shall be sold or humanely destroyed, or it may otherwise be disposed of as authorized by the board of commissioners.

The pound keeper shall collect from each person claiming an impounded animal or fowl reasonable fees, in accordance with a schedule approved by the board of commissioners, to cover the costs of impoundment and maintenance. (1975 Code, § 3-107, as amended by Ord. #2011-08, Aug. 2011)
CHAPTER 2

DOGS AND CATS

SECTION
10-201. Rabies vaccination and registration required.
10-203. Running at large prohibited.
10-204. Vicious dogs to be securely restrained.
10-205. Noisy dogs prohibited.
10-207. Seizure and disposition of dogs.
10-208. Destruction of vicious or infected dogs running at large.

10-201. Rabies vaccination and registration required. It shall be unlawful for any person to own, keep, or harbor any dog or cat without having the same duly vaccinated against rabies and registered in accordance with the provisions of the "Tennessee Anti-Rabies Law" (Tennessee Code Annotated, §§ 68-8-101 through 68-8-114) or other applicable law. (1975 Code, § 3-201, as amended by Ord. #2011-08, Aug. 2011)

10-202. Dogs to wear tags. It shall be unlawful for any person to own, keep, or harbor any dog which does not wear a tag evidencing the vaccination and registration required by the preceding section. (1975 Code, § 3-202)

10-203. Running at large prohibited. It shall be unlawful for any person knowingly to permit any dog owned by him or under his control to run at large within the corporate limits.

Any person knowingly permitting a dog to run at large, including the owner of the dog, may be prosecuted under this section even if the dog is picked up and disposed of under the provisions of this chapter, whether or not the disposition includes returning the animal to its owner. (1975 Code, § 3-203, modified)

10-204. Vicious dogs to be securely restrained. It shall be unlawful for any person to own or keep any dog known to be vicious or dangerous unless

1The chapter title was changed from "Dogs" to "Dogs and Cats" by Ord. #2011-08, Aug. 2011.

2State law reference
such dog is so confined and/or otherwise securely restrained as to reasonably provide for the protection of other animals and persons. (1975 Code, § 3-204)

10-205. **Noisy dogs prohibited.** No person shall own, keep, or harbor any dog which, by loud and frequent barking, whining, or howling, annoys, or disturbs the peace and quiet of any neighborhood. (1975 Code, § 3-205)

10-206. **Confinement of dogs suspected of being rabid.** If any dog has bitten any person or is suspected of having bitten any person or is for any reason suspected of being infected with rabies, the health officer or chief of police or any other properly designated officer or official may cause such dog to be confined or isolated for such time as he reasonably deems necessary to determine if such dog is rabid. (1975 Code, § 3-206)

10-207. **Seizure and disposition of dogs.** Any dog found running at large may be seized by any police officer or any other properly designated officer or official and placed in a pound provided or designated by the board of commissioners. If said dog is wearing a tag the owner shall be notified in person, by telephone, or by a postcard addressed to his last-known mailing address to appear within five (5) days and redeem his dog by paying a reasonable pound fee, in accordance with a schedule approved by the board of commissioners, or the dog will be humanely destroyed or sold. If said dog is not wearing a tag it shall be humanely destroyed or sold unless legally claimed by the owner within five (5) days. No dog shall be released in any event from the pound unless or until such dog has been vaccinated and had a tag evidencing such vaccination placed on its collar. (1975 Code, § 3-207)

10-208. **Destruction of vicious or infected dogs running at large.** When, because of its viciousness or apparent infection with rabies, a dog found running at large cannot be safely impounded it may be summarily destroyed by any policeman, or other properly designated officer.¹ (1975 Code, § 3-207)

¹State law reference
For a Tennessee Supreme Court case upholding the summary destruction of dogs pursuant to appropriate legislation, see Darnell v. Shapard, 156 Tenn. 544, 3 S.W.2d 661 (1928).

MUNICIPAL OFFENSES

CHAPTER
1. ALCOHOL.
2. OFFENSES AGAINST THE PEACE AND QUIET.
3. FIREARMS, WEAPONS AND MISSILES.
4. TRESPASSING, MALICIOUS MISCHIEF AND INTERFERENCE WITH TRAFFIC.
5. MISCELLANEOUS.

CHAPTER 1

ALCOHOL

SECTION
11-101. Drinking alcoholic beverages in public, etc.

11-101. Drinking alcoholic beverages in public, etc. It shall be unlawful for any person to drink or consume, or have an open can or bottle of beer or intoxicating liquor in or on any public street, alley, avenue, highway, sidewalk, public park, public school ground or other public place. (1975 Code, § 10-228, Ord. #153D, _____, modified)

Traffic offenses: title 15.
Streets and sidewalks (non-traffic): title 16.

\[2\]Municipal code reference
Sale of alcoholic beverages, including beer: title 8.
State law reference
See Tennessee Code Annotated § 33-8-203 (Arrest for Public Intoxication, cities may not pass separate legislation).
CHAPTER 2

OFFENSES AGAINST THE PEACE AND QUIET

SECTION

11-201. Disturbing the peace.

11-201. Disturbing the peace. No person shall disturb, tend to disturb, or aid in disturbing the peace of others by violent, tumultuous, offensive, or obstreperous conduct, and no person shall knowingly permit such conduct upon any premises owned or possessed by him or under his control. (1975 Code, § 10-202)

11-202. Anti-noise regulations. Subject to the provisions of this section, the creating of any unreasonably loud, disturbing, and unnecessary noise is prohibited. Noise of such character, intensity, or duration as to be detrimental to the life or health of any individual, or in disturbance of the public peace and welfare, is prohibited.

(1) Miscellaneous prohibited noises enumerated. The following acts, among others, are declared to be loud, disturbing, and unnecessary noises in violation of this section, but this enumeration shall not be deemed to be exclusive, namely:

(a) Blowing horns. The sounding of any horn or other device on any automobile, motorcycle, bus, truck, or vehicle while not in motion except as a danger signal if another vehicle is approaching, apparently out of control, or if in motion, only as a danger signal after or as brakes are being applied and deceleration of the vehicle is intended; the creation by means of any such signal device of any unreasonably loud or harsh sound; and the sounding of such device for an unnecessary and unreasonable period of time.

(b) Radios, phonographs, etc. The playing of any radio, phonograph, or any musical instrument or sound device, including but not limited to loudspeakers or other devices for reproduction or amplification of sound, either independently of or in connection with motion pictures, radio, or television, in such a manner or with such volume, particularly during the hours between 11:00 P.M. and 7:00 A.M., as to annoy or disturb the quiet, comfort, or repose of persons in any office or hospital, or in any dwelling, hotel, or other type of residence, or of any person in the vicinity.

(c) Yelling, shouting, etc. Yelling, shouting, whistling, or singing on the public streets, particularly between the hours of 11:00 P.M. and 7:00 A.M., or at any time or place so as to annoy or disturb the
quiet, comfort, or repose of any person in any hospital, dwelling, hotel, or other type of residence, or of any person in the vicinity.

(d) **Pets.** The keeping of any animal, bird, or fowl which by causing frequent or long continued noise shall disturb the comfort or repose of any person in the vicinity.

(e) **Use of vehicle.** The use of any automobile, motorcycle, truck, or vehicle so out of repair, so loaded, or in such manner as to cause loud and unnecessary grating, grinding, rattling, or other noise.

(f) **Blowing whistles.** The blowing of any steam whistle attached to any stationary boiler, except to give notice of the time to begin or stop work or as a warning of fire or danger, or upon request of proper town authorities.

(g) **Exhaust discharge.** To discharge into the open air the exhaust of any steam engine, stationary internal combustion engine, motor vehicle, or boat engine, except through a muffler or other device which will effectively prevent loud or explosive noises therefrom.

(h) **Building operations.** The erection (including excavation), demolition, alteration, or repair of any building in any residential area or section or the construction or repair of streets and highways in any residential area or section, other than between the hours of 7:00 A.M. and 6:00 P.M. on week days, except in case of urgent necessity in the interest of public health and safety, and then only with a permit from the building inspector granted for a period while the emergency continues not to exceed thirty (30) days. If the building inspector should determine that the public health and safety will not be impaired by the erection, demolition, alteration, or repair of any building or the excavation of streets and highways between the hours of 6:00 P.M. and 7:00 A.M., and if he shall further determine that loss or inconvenience would result to any party in interest through delay, he may grant permission for such work to be done between the hours of 6:00 P.M. and 7:00 A.M. upon application being made at the time the permit for the work is awarded or during the process of the work.

(i) **Noises near schools, hospitals, churches, etc.** The creation of any excessive noise on any street adjacent to any hospital or adjacent to any school, institution of learning, church, or court while the same is in session.

(j) **Loading and unloading operations.** The creation of any loud and excessive noise in connection with the loading or unloading of any vehicle or the opening and destruction of bales, boxes, crates, and other containers.

(k) **Noises to attract attention.** The use of any drum, loudspeaker, or other instrument or device emitting noise for the purpose of attracting attention to any performance, show, or sale or display of merchandise.
(l) **Loudspeakers or amplifiers on vehicles.** The use of mechanical loudspeakers or amplifiers on trucks or other moving or standing vehicles for advertising or other purposes.

(2) **Exceptions.** None of the terms or prohibitions hereof shall apply to or be enforced against:

(a) **Town vehicles.** Any vehicle of the town while engaged upon necessary public business.

(b) **Repair of streets, etc.** Excavations or repairs of bridges, streets, or highways at night, by or on behalf of the town, the county, or the state, when the public welfare and convenience renders it impracticable to perform such work during the day.

(c) **Noncommercial and nonprofit use of loudspeakers or amplifiers.** The reasonable use of amplifiers or loudspeakers in the course of public addresses which are noncommercial in character and in the course of advertising functions sponsored by nonprofit organizations. However, no such use shall be made until a permit therefor is secured from the board of commissioners. Hours for the use of an amplifier or public address system will be designated in the permit so issued and the use of such systems shall be restricted to the hours so designated in the permit. (1975 Code, § 10-233)
CHAPTER 3

FIREARMS, WEAPONS AND MISSILES

SECTION
11-301. Air rifles, etc.
11-302. Throwing missiles.
11-303. Discharge of firearms.

11-301. Air rifles, etc. It shall be unlawful for any person in the town to discharge any air gun, air pistol, air rifle, "BB" gun, or sling shot capable of discharging a bullet or pellet, made of metal, plastic or any other kind of material, whether propelled by spring, compressed air, expanding gas, explosive, or other force-producing means or method. (1975 Code, § 10-213)

11-302. Throwing missiles. It shall be unlawful for any person maliciously to throw any stone, snowball, bottle, or any other missile upon or at any vehicle, building, tree, or other public or private property or upon or at any person. (1975 Code, § 10-214)

11-303. Discharge of firearms. It shall be unlawful for any unauthorized person to discharge a firearm within the corporate limits. (1975 Code, § 10-212, modified)
CHAPTER 4

TRESPASSING, MALICIOUS MISCHIEF AND INTERFERENCE WITH TRAFFIC

SECTION

11-401. Trespassing.
11-402. Malicious mischief.
11-403. Interference with traffic.

11-401. Trespassing.1 (1) On premises open to the public.
(a) It shall be unlawful for any person to defy a lawful order, personally communicated to him by the owner or other authorized person, not to enter or remain upon the premises of another, including premises which are at the time open to the public.
(b) The owner of the premises, or his authorized agent, may lawfully order another not to enter or remain upon the premises if such person is committing, or commits, any act which interferes with, or tends to interfere with, the normal, orderly, peaceful or efficient conduct of the activities of such premises.
(2) On premises closed or partially closed to public. It shall be unlawful for any person to knowingly enter or remain upon the premises of another which is not open to the public, notwithstanding that another part of the premises is at the time open to the public.
(3) Vacant buildings. It shall be unlawful for any person to enter or remain upon the premises of a vacated building after notice against trespass is personally communicated to him by the owner or other authorized person or is posted in a conspicuous manner.
(4) Lots and buildings in general. It shall be unlawful for any person to enter or remain on or in any lot or parcel of land or any building or other structure after notice against trespass is personally communicated to him by the owner or other authorized person or is posted in a conspicuous manner.
(5) Peddlers, etc. It shall also be unlawful and deemed to be a trespass for any peddler, canvasser, solicitor, transient merchant, or other person to fail to promptly leave the private premises of any person who requests or directs him to leave.2 (1975 Code, § 10-226, modified)

---

1State law reference
Subsections (1) through (4) of this section were taken substantially from Tennessee Code Annotated, § 39-14-405.

2Municipal code reference
11-02. **Malicious mischief.** It shall be unlawful and deemed to be malicious mischief for any person to willfully, maliciously, or wantonly damage, deface, destroy, conceal, tamper with, remove, or withhold real or personal property which does not belong to him. (1975 Code, § 10-225)

11-03. **Interference with traffic.** It shall be unlawful for any person to stand, sit, or engage in any activity whatever on any public street, sidewalk, bridge, or public ground in such a manner as to prevent, obstruct, or interfere unreasonably with the free passage of pedestrian or vehicular traffic thereon. (1975 Code, § 10-232)
CHAPTER 5

MISCELLANEOUS

SECTION
11-501. Feeding and control of animals in the parks.
11-502. Ephedrine control.

11-501. Feeding and control of animals in the parks. 1
(1) Feeding. It shall be unlawful to feed any animal or fowl, domestic or wild, at any of Spring City's public parks.
(2) Control. It shall be unlawful to knowingly permit an animal or fowl to walk in any of Spring City's public parks, whether on leash or at large.
(Ord. #236, ____)

11-502. Ephedrine control. (1) Definitions: As used in this section, the following words and/or phrases shall have the following meanings as set forth herein.
   (a) "Ephedrine." All forms of ephedrine, pseudoephedrine, ephedrine hydrochloride, pseudoephedrine hydrochloride, phenylpropanolamine and all other combinations of these chemicals.
   (b) "Ephedrine product." Any product that contains ephedrine, its salts, isomers, or salts of isomers, as its sole active ingredient or in combination with less than therapeutically significant qualities of other active ingredients.
   (c) "Person." Any individual, corporation, partnership, trust, limited liability company, firm, association or other entity selling an ephedrine product to customers.
   (d) "Sell." To knowingly furnish, give away, exchange, transfer, deliver, surrender or supply, where for monetary gain or cost.
   (e) "Package." Any number of pills, tablets, capsules, caplets or individual units of a substance held within a container intended for sale.
(2) Restrictions on public access to ephedrine products. It shall be illegal to sell, deliver, or distribute ephedrine, pseudoephedrine, their salts, their optical isomers, or salts of their optical isomers, without a valid prescription from a physician or other healthcare professional licensed by the State of Tennessee to write prescriptions and filled by a Tennessee-licensed pharmacist.

1Municipal code reference
(3) **Exceptions.** The prohibition contained in subsection (2) shall not apply to the sale of animal feed containing ephedrine or dietary supplement products containing natural occurring or herbal ephedra and extract of ephedra.

(4) **Reporting theft of ephedrine products.** (a) Any person who sells ephedrine products and who discovers a theft, disappearance or other loss of an ephedrine products shall report the theft, disappearance, or loss in writing to the Spring City Police Department within twenty-four (24) hours of such a discovery.

(b) Any person who sells ephedrine products shall report to the Spring City Police Department any difference between the quantities of ephedrine products shipped and the quantity of ephedrine products received within twenty-four (24) hours of discovery.

(5) **Penalty and injunctive relief.** (a) Each violation of this section shall be considered a separate offense.

(b) The town mayor may institute an action for injunctive relief to enforce the provisions of this section.

(c) Every act or omission constituting a violation of any of the provisions of the ordinance creating this section or by any agent or employee of any person shall be deemed and held to be the act of such person, and said person shall be punishable in the same manner as if said act or omission had been done or omitted by him/her or it personally, provided such an act or omission was within the scope of employment or the scope of authority of such agent or employee. (as added by Ord. #2013-03, Dec, 2013)
TITLE 12
BUILDING, UTILITY, ETC. CODES

CHAPTER
1. INTERNATIONAL BUILDING CODES.
2. DELETED.
3. ELECTRICAL CODE.
4. DELETED.
5. DELETED.
6. MODEL ENERGY CODE.

CHAPTER 1
INTERNATIONAL BUILDING CODES¹
(Plumbing, Gas, Mechanical, and etc.)

SECTION
12-102. Modifications.
12-103. Available in recorder's office.
12-104. Violations and penalty.

12-101. International building codes adopted. The International Building Code, 2009 edition, is hereby adopted by reference and shall become a part of the Building Codes of the Town of Spring City as if copied herein verbatim except for certain deletions to the 2009 International Residential Code For One and Two Family Dwellings as follows: Section R313.2 concerning the necessity for one and two family dwelling sprinkler systems, as set forth on page 62 of the 2009 International Residential Code for One and Two Family Dwellings shall be deleted and not included in the adoption of this Code for Spring City. (as replaced by Ord. #34-04, April 2004, and Ord. #2013-02, Sept. 2013)

¹Municipal code references
Fire protection, fireworks, and explosives: title 7.
Planning and zoning: title 14.
Streets and other public ways and places: title 16.
Utilities and services: titles 18 and 19.
12-102. **Modifications.** (1) **Definitions.** Whenever in the International Building Codes when reference is made to the duties of a certain official named therein, that designated official of the Town of Spring City who has duties corresponding to those of the named official in said codes shall be deemed to be the responsible official insofar as enforcing the provisions of the International Building Codes are concerned.

(2) **Permit fees.** The schedule of permit fees shall be as follows: (as replaced by Ord. #34-04, April 2004)

12-103. **Available in recorder's office.** Pursuant to the requirements of the Tennessee Code Annotated, § 6-54-502, one (1) copy of the International Building Codes have been placed on file in the recorder's office and shall be kept there for the use and inspection of the public. (as replaced by Ord. #34-04, April 2004)

12-104. **Violations and penalty.** It shall be unlawful for any person to violate or fail to comply with any provision of the International Building Codes as herein adopted by reference and modified. The violation of any section of this chapter shall be punishable by a penalty under the general penalty of up to five hundred dollars ($500) for each offense provision of this code. Each day a violation is allowed to continue shall constitute a separate offense. (as replaced by Ord. #34-04, April 2004)
CHAPTER 2

DELETED

(as deleted by Ord. #34-04, April 2004)
CHAPTER 3

ELECTRICAL CODE\textsuperscript{1}

SECTION
12-301. Electrical code adopted.
12-302. Available in recorder's office.
12-303. Permit required for doing electrical work.
12-304. Violations and penalty.
12-305. Enforcement.
12-306. Fees.

12-301. \textbf{Electrical code adopted}. Pursuant to authority granted by Tennessee Code Annotated, §§ 6-54-501 through 6-54-506 and for the purpose of providing practical minimum standards for the safeguarding of persons and of buildings and their contents from hazards arising from the use of electricity for light, heat, power, radio, signaling, or for other purposes, the National Electrical Code,\textsuperscript{2} 1993 edition, as prepared by the National Fire Protection Association, is hereby adopted and incorporated by reference as a part of this code and is hereinafter referred to as the electrical code.

12-302. \textbf{Available in recorder's office}. Pursuant to the requirements of Tennessee Code Annotated, § 6-54-502, one (1) copy of the electrical code has been placed on file in the recorder's office and shall be kept there for the use and inspection of the public.

12-303. \textbf{Permit required for doing electrical work}. No electrical work shall be done within this town until a permit therefor has been issued by the city. The term "electrical work" shall not be deemed to include minor repairs that do not involve the installation of new wire, conduits, machinery, apparatus, or other electrical devices generally requiring the services of an electrician.

12-304. \textbf{Violations and penalty}. It shall be unlawful for any person to do or authorize any electrical work or to use any electricity in such manner or under such circumstances as not to comply with this chapter and/or the requirements and standards prescribed by the electrical code. The violation of any section of this chapter shall be punishable by a penalty of up to five hundred

\textsuperscript{2}Copies of this code may be purchased from the National Fire Protection Association, 1 Batterymarch Park, Quincy, Massachusetts 02269-9101.
dollars ($500) for each offense. Each day a violation is allowed to continue shall constitute a separate offense.

12-305. **Enforcement.** The electrical inspector shall be such person as the city manager shall appoint or designate. It shall be his duty to enforce compliance with this chapter and the electrical code as herein adopted by reference. He is authorized and directed to make such inspections of electrical equipment and wiring, etc., as are necessary to insure compliance with the applicable regulations, and may enter any premises or building at any reasonable time for the purpose of discharging his duties. He is authorized to refuse or discontinue electrical service to any person or place not complying with this chapter and/or the electrical code.

12-306. **Fees.** The electrical inspector shall collect the same fees as are authorized in *Tennessee Code Annotated*, § 68-102-143 for electrical inspections by deputy inspectors of the state fire marshal.

CHAPTER 6

MODEL ENERGY CODE\(^1\)

SECTION

12-601. Model energy code adopted.
12-602. Modifications.
12-603. Available in recorder's office.
12-604. Violations and penalty.

12-601. **Model energy code adopted.** Pursuant to authority granted by *Tennessee Code Annotated*, §§ 6-54-501 through 6-54-506, and for the purpose of regulating the design of buildings for adequate thermal resistance and low air leakage and the design and selection of mechanical, electrical, water-heating and illumination systems and equipment which will enable the effective use of energy in new building construction, the Model Energy Code\(^2\) 1992 edition, as prepared and maintained by The Council of American Building Officials, is hereby adopted and incorporated by reference as a part of this code, and is hereinafter referred to as the energy code.

12-602. **Modifications.** Whenever the energy code refers to the "responsible government agency," it shall be deemed to be a reference to the Town of Spring City. When the "building official" is named it shall, for the purposes of the energy code, mean such person as the city manager shall have appointed or designated to administer and enforce the provisions of the energy code.

12-603. **Available in recorder's office.** Pursuant to the requirements of the *Tennessee Code Annotated*, § 6-54-502, one (1) copy of the energy code has

---

\(^1\)State law reference

*Tennessee Code Annotated*, § 13-19-106 requires Tennessee cities either to adopt the Model Energy Code, 1992 edition, or to adopt local standards equal to or stricter than the standards in the energy code.

Municipal code references

- Fire protection, fireworks, and explosives: title 7.

been placed on file in the recorder's office and shall be kept there for the use and inspection of the public.

12-604. Violations and penalty. It shall be a civil offense for any person to violate or fail to comply with any provision of the energy code as herein adopted by reference and modified. The violation of any section of this chapter shall be punishable by a penalty of up to five hundred dollars ($500) for each offense. Each day a violation is allowed to continue shall constitute a separate offense.
TITLE 13

PROPERTY MAINTENANCE REGULATIONS

CHAPTER
1. MISCELLANEOUS.
2. SLUM CLEARANCE.
3. JUNKED AND WRECKED AUTOMOBILES.

CHAPTER 1

MISCELLANEOUS

SECTION
13-101. Smoke, soot, cinders, etc. It shall be unlawful for any person to permit or cause the escape of such quantities of dense smoke, soot, cinders, noxious acids, fumes, dust, or gases as to be detrimental to or to endanger the health, comfort, and safety of the public or so as to cause or have a tendency to cause injury or damage to property or business. (1975 Code, § 8-104)

13-102. Stagnant water. It shall be unlawful for any person knowingly to allow any pool of stagnant water to accumulate and stand on his property without treating it so as effectively to prevent the breeding of mosquitoes. (1975 Code, § 8-105)

13-103. Weeds and grass. Every owner, tenant or occupant of property shall periodically cut the grass and other vegetation commonly recognized as weeds on his property, and it shall be unlawful for any person to fail to comply

---

1Municipal code references
Littering streets, etc.: § 16-107.
Wastewater treatment: title 18, chapter 2.
with an order by the city administrator to cut such vegetation when it has reached a height of over one (1) foot. (1975 Code, § 8-106)

13-104. Overgrown and dirty lots. (1) Prohibition. Pursuant to the authority granted to municipalities under Tennessee Code Annotated, § 6-54-113, it shall be unlawful for any owner of record of real property to create, maintain, or permit to be maintained on such property the growth of trees, vines, grass, underbrush and/or the accumulations of debris, trash, litter, or garbage or any combination of the preceding elements so as to endanger the health, safety, or welfare of other citizens or to encourage the infestation of rats and other harmful animals.

(2) Designation of public officer or department. The mayor and board of commissioners shall designate an appropriate department or person to enforce the provisions of this section.

(3) Notice to property owner. It shall be the duty of the department or person designated by the mayor and board of commissioners to enforce this section to serve notice upon the owner of record in violation of subsection (1) above, a notice in plain language to remedy the condition within ten (10) days (or twenty (20) days if the owner of record is a carrier engaged in the transportation of property or is a utility transmitting communications, electricity, gas, liquids, steam, sewage, or other materials), excluding Saturdays, Sundays, and legal holidays. The notice shall be sent by registered or certified United States mail, addressed to the last known address of the owner of record, or hand delivered with the deliverer obtaining the owner's signature confirming receipt of the notice. The notice shall state that the owner of the property is entitled to a hearing, and shall, at the minimum, contain the following additional information:

(a) A brief statement that the owner is in violation of § 13-108 of the Town of Spring City's Municipal Code, which has been enacted under the authority of Tennessee Code Annotated, § 6-54-113, and that the property of such owner may be cleaned up at the expense of the owner and a lien placed against the property to secure the cost of the clean-up;
(b) The person, office, address, and telephone number of the department or person giving the notice;
(c) A cost estimate for remedying the noted condition, which shall be in conformity with the standards of cost in the town; and
(d) A place wherein the notified party may return a copy of the notice, indicating the desire for a hearing.

(4) Clean-up at property owner's expense. If the property owner of record fails or refuses to remedy the condition within ten (10) days after receiving the notice (twenty (20) days if the owner is a carrier engaged in the transportation of property or is a utility transmitting communications, electricity, gas, liquids, steam, sewage, or other materials), the department or person designated by the mayor and board of commissioners to enforce the
provisions of this section shall immediately cause the condition to be remedied or removed at a cost in conformity with reasonable standards, and the costs thereof shall be assessed against the owner of the property. The town may collect the costs assessed against the owner through an action for debt filed in any court of competent jurisdiction. The town may bring one (1) action for debt against more than one (1) or all of the owners of properties against whom such costs have been assessed, and the fact that multiple owners have been joined in one (1) action shall not be considered by the court as a misjoinder of parties. Upon the filing of the notice with the office of the register of deeds in Rhea County, the costs shall be a lien on the property in favor of the municipality, second only to liens of the state, county, and municipality for taxes, any lien of the municipality for special assessments, and any valid lien, right, or interest in such property duly recorded or duly perfected by filing, prior to the filing of such notice. These costs shall be placed on the tax rolls of the municipality as a lien and shall be added to property tax bills to be collected at the same time and in the same manner as property taxes are collected. If the owner fails to pay the costs, they may be collected at the same time and in the same manner as delinquent property taxes are collected and shall be subject to the same penalty and interest as delinquent property taxes.

(5) Clean-up of owner-occupied property. When the owner of an owner-occupied residential property fails or refuses to remedy the condition within ten (10) days after receiving the notice, the department or person designated by the mayor and board of commissioners to enforce the provisions of this section shall immediately cause the condition to be remedied or removed at a cost in accordance with reasonable standards in the community, with these costs to be assessed against the owner of the property. The provisions of subsection (4) shall apply to the collection of costs against the owner of an owner-occupied residential property except that the municipality must wait until cumulative charges for remediation equal or exceed five hundred dollars ($500.00) before filing the notice with the register of deeds and the charges becoming a lien on the property. After this threshold has been met and the lien attaches, charges for costs for which the lien attached are collectible as provided in subsection (4) for these charges.

(6) Appeal. The owner of record who is aggrieved by the determination and order of the public officer may appeal the determination and order to the mayor and board of commissioners. The appeal shall be filed with the town recorder within ten (10) days following the receipt of the notice issued pursuant to subsection (3) above. The failure to appeal within this time shall, without exception, constitute a waiver of the right to a hearing.

(7) Judicial review. Any person aggrieved by an order or act of the mayor and board of commissioners under subsection (4) above may seek judicial review of the order or act. The time period established in subsection (3) above shall be stayed during the pendency of judicial review.
(8) **Supplemental nature of this section.** The provisions of this section are in addition and supplemental to, and not in substitution for, any other provision in the municipal charter, this municipal code of ordinances or other applicable law which permits the town to proceed against an owner, tenant or occupant of property who has created, maintained, or permitted to be maintained on such property the growth of trees, vines, grass, weeds, underbrush and/or the accumulation of the debris, trash, litter, or garbage or any combination of the preceding elements, under its charter, any other provisions of this municipal code of ordinances or any other applicable law. (Ord. #189, _____, as replaced by Ord. #2012-11, Jan. 2013, and Ord. #2013-05, Feb. 2014)

13-105. **Dead animals.** Any person owning or having possession of any dead animal not intended for use as food shall promptly bury the same or notify the city manager and dispose of such animal in such manner as the city manager shall direct. (1975 Code, § 8-107)

13-106. **Health and sanitation nuisances.** It shall be unlawful for any person to permit any premises owned, occupied, or controlled by him to become or remain in a filthy condition, or permit the use or occupation of same in such a manner as to create noxious or offensive smells and odors in connection therewith, or to allow the accumulation or creation of unwholesome and offensive matter or the breeding of flies, rodents, or other vermin on the premises to the menace of the public health or the annoyance of people residing within the vicinity. (1975 Code, § 8-108)

13-107. **Open burning regulated.** (1) Permit required. The open burning of any garbage, trash, rubbish, leaves, grass, combustible material by any person, firm or corporation without first having obtained a permit number from the city manager or his designee, is hereby prohibited.

(2) **Permit considerations.** The city manager or his designee in granting or denying such permission shall take into consideration the atmospheric conditions, the site of the proposed burning in relation to proximate structures, the availability of fire suppression equipment at the site, the attendance of a competent person during the burning, and any other local conditions that might make such a fire hazardous. (Ord. #222, _____)

13-108. **Violations and penalty.** Any person violating this chapter shall be subject to a civil penalty of fifty dollars ($50.00) plus court costs for each separate violation of this chapter. Each day the violation of this chapter continues shall be considered a separate violation. (as replaced by Ord. #2012-11, Jan. 2013, and Ord. #2013-05, Feb. 2014)
CHAPTER 2

SLUM CLEARANCE

SECTION

13-201. Findings of board.
13-203. "Public officer" designated; powers.
13-204. Initiation of proceedings; hearings.
13-205. Orders to owners of unfit structures.
13-206. When public officer may repair, etc.
13-207. When public officer may remove or demolish.
13-208. Lien for expenses; sale of salvage materials; other powers not limited.
13-209. Basis for a finding of unfitness.
13-210. Service of complaints or orders.
13-211. Enjoining enforcement of order.
13-212. Additional powers of public officer.
13-213. Powers conferred are supplemental.

13-201. **Findings of board.** Pursuant to Tennessee Code Annotated, § 13-21-101, et seq., the board of commissioners finds that there exists in the town structures which are unfit for human occupation due to dilapidation, defects increasing the hazards of fire, accident or other calamities, lack of ventilation, light or sanitary facilities, or due to other conditions rendering such dwellings unsafe or insanitary, or dangerous or detrimental to the health, safety and morals, or otherwise inimical to the welfare of the residents of the town and therefore, ordains as follows.

13-202. **Definitions.** (1) "Municipality" shall mean the Town of Spring City, Tennessee, and the areas encompassed within existing town limits or as hereafter annexed.

(2) "Governing body" shall mean the board of commissioners charged with governing the town.

(3) "Public officer" shall mean the officer or officers who are authorized by this chapter to exercise the powers prescribed herein and pursuant to Tennessee Code Annotated, § 13-21-101, et seq.

(4) "Public authority" shall mean any housing authority or any officer who is in charge of any department or branch of the government of the town or state relating to health, fire, building regulations, or other activities concerning structures in the town.

---

¹State law reference
Tennessee Code Annotated, title 13, chapter 21.
(5) "Owner" shall mean the holder of title in fee simple and every mortgagee of record.

(6) "Parties in interest" shall mean all individuals, associations, corporations and others who have interests of record in a dwelling and any who are in possession thereof.

(7) "Structures" shall mean any building or structure, or part thereof, used for human occupation and intended to be so used, and includes any outhouses and appurtenances belonging thereto or usually enjoyed therewith.

13-203. "Public officer" designated; powers. There is hereby designated and appointed a "public officer," to be the city manager of the town, to exercise the powers prescribed by this chapter, which powers shall be supplemental to all others held by the city manager.

13-204. Initiation of proceedings; hearings. Whenever a petition is filed with the public officer by a public authority or by at least five (5) residents of the town charging that any structure is unfit for human occupancy or use, or whenever it appears to the public officer (on his own motion) that any structure is unfit for human occupation or use, the public officer shall, if his preliminary investigation discloses a basis for such charges, issue and cause to be served upon the owner of, and parties in interest of, such structure a complaint stating the charges in that respect and containing a notice that a hearing will be held before the public officer (or his designated agent) at a place therein fixed, not less than ten (10) days nor more than thirty (30) days after the service of the complaint; and the owner and parties in interest shall have the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the time and place fixed in the complaint; and the rules of evidence prevailing in court of law or equity shall not be controlling in hearings before the public officer.

13-205. Orders to owners of unfit structures. If, after such notice and hearing as provided for in the preceding section, the public officer determines that the structure under consideration is unfit for human occupancy or use, he shall state in writing his finding of fact in support of such determination and shall issue and cause to be served upon the owner thereof an order:

(1) if the repair, alteration or improvement of the structure can be made at a reasonable cost in relation to the value of the structure (not exceeding fifty percent [50%] of the reasonable value), requiring the owner, during the time specified in the order, to repair, alter, or improve such structure to render it fit for human occupancy or use or to vacate and close the structure for human occupancy or use; or

(2) if the repair, alteration or improvement of said structure cannot be made at a reasonable cost in relation to the value of the structure (not to exceed
fifty percent [50%] of the value of the premises), requiring the owner within the
time specified in the order, to remove or demolish such structure.

13-206. **When public officer may repair, etc.** If the owner fails to
comply with the order to repair, alter, or improve or to vacate and close the
structure as specified in the preceding section hereof, the public officer may
cause such structure to be repaired, altered, or improved, or to be vacated and
closed; and the public officer may cause to be posted on the main entrance of any
dwelling so closed, a placard with the following words: "This building is unfit for
human occupancy or use; the use or occupation of this building for human
occupancy or use is prohibited and unlawful."

13-207. **When public officer may remove or demolish.** If the owner
fails to comply with an order, as specified above, to remove or demolish the
structure, the public officer may cause such structure to be removed and
demolished.

13-208. **Lien for expenses; sale of salvaged materials; other
powers not limited.** The amount of the cost of such repairs, alterations or
improvements, or vacating and closing, or removal or demolition by the public
officer shall be assessed against the owner of the property, and shall upon the
filing of the notice with the office of the register of deeds of Rhea County, be a
lien on the property in favor of the town, second only to liens of the state, county
and municipality for taxes, any lien of the municipality for special assessments,
and any valid lien, right, or interest in such property duly recorded or duly
perfected by filing, prior to the filing of such notice. These costs shall be placed
upon the tax rolls of the town as a lien and shall be added to property tax bills
to be collected at the same time and in the same manner as property taxes are
collected. If the owner fails to pay the costs, they may be collected at the same
time and in the same manner as delinquent property taxes are collected and
shall be subject to the same penalty and interest as delinquent property taxes.
If the structure is removed or demolished by the public officer, he shall sell the
materials of such structure and shall credit the proceeds of such sale against the
cost of the removal or demolition, and any balance remaining shall be deposited
in the chancery court of Rhea County by the public officer, shall be secured in
such manner as may be directed by such court, and shall be disbursed by such
court provided, however, that nothing in this section shall be construed to
impair or limit in any way the power of the town to define and declare nuisances
and to cause their removal or abatement, by summary proceedings or otherwise.

13-209. **Basis for a finding of unfitness.** The public officer defined
herein shall have the power and may determine that a structure is unfit for
human occupation and use if he finds that conditions exist in such structure
which are dangerous or injurious to the health, safety or morals of the occupants
or users of such structure, the occupants or users of neighboring structures or
other residents of the Town of Spring City; such conditions may include the
following (without limiting the generality of the foregoing): defects therein
increasing the hazards of fire, accident, or other calamities; lack of adequate
ventilation, light, or sanitary facilities; dilapidation; disrepair; structural
defects; and uncleanliness.

13-210. **Service of complaints or orders.** Complaints or orders issued
by the public officer pursuant to this chapter shall be served upon persons,
either personally or by registered mail, but if the whereabouts of such person is
unknown and the same cannot be ascertained by the public officer in the
exercise of reasonable diligence, and the public officer shall make an affidavit
to that effect, then the serving of such complaint or order upon such persons
may be made by publishing the same once each week for two (2) consecutive
weeks in a newspaper printed and published in the town. In addition, a copy of
such complaint or order shall be posted in a conspicuous place on the premises
affected by the complaint or order. A copy of such complaint or order shall also
be filed for record in the Register's Office of Rhea County, Tennessee, and such
filing shall have the same force and effect as other lis pendens notices provided
by law.

13-211. **Enjoining enforcement of order.** Any person affected by an
order issued by the public officer served pursuant to this chapter may file a suit
in chancery court for an injunction restraining the public officer from carrying
out the provisions of the order, and the court may, upon the filing of such suit,
issue a temporary injunction restraining the public officer pending the final
disposition of the cause; provided, however, that within sixty (60) days after the
posting and service of the order of the public officer, such person shall file such
suit in the court.

The remedy provided herein shall be the exclusive remedy and no person
affected by an order of the public officer shall be entitled to recover any damages
for action taken pursuant to any order of the public officer, or because of
noncompliance by such person with any order of the public officer.

13-212. **Additional powers of public officer.** The public officer, in
order to carry out and effectuate the purposes and provisions of this chapter,
shall have the following powers in addition to those otherwise granted herein:

1. To investigate conditions of the structures in the town in order to
determine which structures therein are unfit for human occupation or use;

2. To administer oaths, affirmations, examine witnesses and receive
evidence;

3. To enter upon premises for the purpose of making examination,
provided that such entry shall be made in such manner as to cause the least
possible inconvenience to the persons in possession;
(4) To appoint and fix the duties of such officers, agents and employees as he deems necessary to carry out the purposes of this chapter; and

(5) To delegate any of his functions and powers under this chapter to such officers and agents as he may designate.

13-213. **Powers conferred are supplemental.** This chapter shall not be construed to abrogate or impair the powers of the town with regard to the enforcement of the provisions of its charter or any other ordinances or regulations, nor to prevent or punish violations thereof, and the powers conferred by this chapter shall be in addition and supplemental to the powers conferred by the charter and other laws.
CHAPTER 3

JUNKED AND WRECKED AUTOMOBILES

SECTION
13-301. Nuisance; definitions; exceptions.
13-304. Title search.
13-305. Sale at auction.
13-306. Redemption by owner.
13-308. Violation; penalty.

13-301. **Nuisance; definitions; exceptions.** (1) **Nuisance.** The location or presence of any junked vehicle on a lot, tract, or parcel of land, or portion thereof, occupied or unoccupied, improved or unimproved, within the Town of Spring City, Tennessee shall be deemed a public nuisance, and it shall be unlawful for any person or other legal entity to cause, maintain, or permit such public nuisance by wrecking, dismantling, rendering inoperable, abandoning, or discarding a motor vehicle or vehicles on the property of another, or to suffer, permit, or allow the same to be placed, located, maintained, or to exist upon real property belonging to such party.

(2) **Definitions.** A "junked" motor vehicle is defined as a motor vehicle left on a lot, tract or parcel of land or a public street or roadway or part thereof for an unreasonable period of time and is in any one of the following conditions:

(a) wrecked

(b) dismantled

(c) inoperative

(d) abandoned

(e) discarded, or any vehicle without either a workable electrical system or a workable propulsion system. An unreasonable period of time shall be deemed to be thirty (30) calendar days from date of notice to owner of the motor vehicle, notice to owner to be by placing or otherwise posting a notice on the subject motor vehicle to remove it from view of or by the general public.

(3) **Exceptions.** However, this section shall not apply to the following:

(a) any junked motor vehicle in a completely enclosed building; or

(b) any junked vehicle in an appropriate storage place or depository maintained in an officially designated place and manner specified by the Town of Spring City. (Ord. #190, ____)

(Ord. #190, ____
13-302. **Notice.** Whenever it shall appear that a violation of the provision of this chapter exists, the city manager or his designee shall give, or cause to be given, a notice to the registered owner of any motor vehicle which is in violation of this chapter, and he shall give such notice to the owner or person in lawful possession or control of the property upon which such motor vehicle is located, advising that such motor vehicles violated the provisions of this chapter and directing that such motor vehicle be moved to a place of lawful storage within ten (10) days. Such notice shall be served upon the owners of the vehicle by leaving a copy of such notice on or within the vehicle. Notice to the owner or person in lawful possession or control of the property upon which such motor vehicle is located may be served by conspicuously posting a notice upon the premises. In case of publicly-owned property, notice to the owner of the property where the vehicle is found is hereby dispensed with. (Ord. #190, ____)

13-303. **Removal.** If the vehicle is not disposed of after the time provided for in the aforesaid notice, the city manager or his designee shall report the location of such vehicle to the police department. The police department or a wrecker company designed by it shall then remove such vehicle or cause it to be removed to the city garage or to a garage selected by the town for storage. (Ord. #190, ____)

13-304. **Title search.** At the time that an abandoned vehicle is moved to the city garage, the city police department shall be notified immediately of such fact, and the department shall procure the serial number on the vehicle. The police department shall make or cause to be made a title search on the abandoned vehicle, and after the title search has been completed by the department, the results thereof shall be transmitted to the city manager or his designee. (Ord. #190, ____)

13-305. **Sale at auction.** After a title search of the abandoned vehicle has been made by the police department, the city manager or his designee shall give notice by registered mail to the owner of such vehicle that the vehicle will be sold at public auction by the town. The notice shall specify the date, hour, and location of the sale. The city manager or his designee shall determine the date of the sale of the abandoned vehicles and at the time of the sale, the vehicles shall be sold by the town, and he may sell the vehicles individually or as a group. Each car at the sale shall be subject to the tow-in charges and storage charges, which charges shall be determined by the city manager or his designee, and the town shall be permitted to bid at the sale. Title to the abandoned vehicles sold at the aforesaid public auction shall pass to the purchaser at the time of the sale.

The proceeds derived from the sale of vehicles shall be retained by the town. The police department shall report to the city manager or his designee the vehicles sold at the sale and the amount received for the vehicles.
Notice of the sale shall be posted at town hall, the county courthouse, and such other places as the city manager may determine, ten (10) days in advance of the sale. (Ord. #190, ____)

13-306. **Redemption by owner.** If, during the time that the vehicle is being held by the town the owner of the vehicle demands the return of such vehicle then the town shall turn the vehicle over to the owner upon payment of the storage and tow-in fees and any other expenses of the town. The police department shall notify the city manager of such redemption by such owner. (Ord. #190, ____)

13-307. **Storage or sale of property.** Any and all property found in any abandoned vehicle subject to this chapter shall be stored by the police department and sold at public auction as determined by the city manager or his designee. (Ord. #190, ____)

13-308. **Violation; penalty.** Any person, firm, or corporation who shall violate the provision of this chapter shall be guilty of a misdemeanor and said shall be punished in accordance with the general penalty provisions of this municipal code of ordinances. (Ord. #190, ____
TITLE 14

ZONING AND LAND USE CONTROL

CHAPTER
1. MUNICIPAL PLANNING COMMISSION.
2. ZONING ORDINANCE.
3. FLOODPLAIN ZONING ORDINANCE.

CHAPTER 1

MUNICIPAL PLANNING COMMISSION

SECTION
14-102. Organization, powers, duties, etc.

14-101. Creation and membership. Pursuant to the provisions of Tennessee Code Annotated, § 13-4-101 there is hereby created a municipal planning commission, hereinafter referred to as the planning commission. The planning commission shall consist of five (5) members; two (2) of these shall be the mayor and another member of the board of commissioners selected by the board of commissioners; the other three (3) members shall be appointed by the mayor. All members of the planning commission shall serve as such without compensation. Except for the initial appointments, the terms of the three (3) members appointed by the mayor shall be for three (3) years each. The three (3) members first appointed shall be appointed for terms of one (1), two (2), and three (3) years respectively so that the term of one (1) member expires each year. The terms of the mayor and the member selected by the board of commissioners shall run concurrently their terms of office. Any vacancy in an appointive membership shall be filled for the unexpired term by the mayor, who shall also have the authority to remove any appointive member at his will and pleasure. (1975 Code, § 11-101)

14-102. Organization, powers, duties, etc. The planning commission shall be organized and shall carry out its powers, functions, and duties in accordance with all applicable provisions of Tennessee Code Annotated, title 13. (1975 Code, § 11-102)
CHAPTER 2

ZONING ORDINANCE

SECTION
14-201. Land use to be governed by zoning ordinance.

14-201. **Land use to be governed by zoning ordinance.** Land use within the Town of Spring City shall be governed by Ordinance Number 139, titled "Zoning Ordinance of Spring City, Tennessee," and any amendments thereto.¹

¹Ordinance No. 139, and any amendments thereto, are published as separate documents and are of record in the office of the city recorder.
CHAPTER 3

FLOODPLAIN ZONING ORDINANCE

SECTION

14-301. Flood damage control to be governed by floodplain zoning ordinance.

14-301. **Flood damage control to be governed by floodplain zoning ordinance.** Regulations governing flood damage control within the Town of Spring City shall be governed by Ordinance Number 2011-05, titled "Municipal Floodplain Zoning Ordinance" and any amendments thereto.¹ (as amended by Ord. #2011-05, Aug. 2011)

¹Ordinance No. 2008-04, and any amendments thereto, was replaced by Ord. #2011-05 and is published as a separate document in the office of the city recorder.
TITLE 15

SECTION
15-102. Driving on streets closed for repairs, etc.
15-103. Reckless driving.
15-104. One-way streets.
15-105. Unlaned streets.
15-106. Laned streets.
15-107. Yellow lines.
15-108. Miscellaneous traffic-control signs, etc.
15-109. General requirements for traffic-control signs, etc.
15-110. Unauthorized traffic-control signs, etc.
15-111. Presumption with respect to traffic-control signs, etc.
15-112. School safety patrols.
15-113. Driving through funerals or other processions.

---

1Municipal code reference
Excavations and obstructions in streets, etc.: title 16.

2State law references
Under Tennessee Code Annotated, § 55-10-307, the following offenses are exclusively state offenses and must be tried in a state court or a court having state jurisdiction: driving while intoxicated or drugged, as prohibited by Tennessee Code Annotated, § 55-10-401; failing to stop after a traffic accident, as prohibited by Tennessee Code Annotated, § 55-10-101, et seq.; driving while license is suspended or revoked, as prohibited by Tennessee Code Annotated, § 55-7-116; and drag racing, as prohibited by Tennessee Code Annotated, § 55-10-501.
15-114. Clinging to vehicles in motion.
15-117. Projections from the rear of vehicles.
15-119. Vehicles and operators to be licensed.
15-120. Passing.
15-121. Motorcycles, motor driven cycles, motorized bicycles, bicycles, etc.
15-122. Delivery of vehicle to unlicensed driver, etc.
15-123. Child passenger restraint systems.
15-125. Compliance with financial responsibility law required.
15-126. Adoption of state traffic statutes.

15-101. **Motor vehicle requirements.** It shall be unlawful for any person to operate any motor vehicle within the corporate limits unless such vehicle is equipped with properly operating muffler, lights, brakes, horn, and such other equipment as is prescribed and required by Tennessee Code Annotated, title 55, chapter 9. (1975 Code, § 9-101)

15-102. **Driving on streets closed for repairs, etc.** Except for necessary access to property abutting thereon, no motor vehicle shall be driven upon any street that is barricaded or closed for repairs or other lawful purpose. (1975 Code, § 9-106)

15-103. **Reckless driving.** Irrespective of the posted speed limit, no person, including operators of emergency vehicles, shall drive any vehicle in willful or wanton disregard for the safety of persons or property. (1975 Code, § 9-107)

15-104. **One-way streets.** On any street for one-way traffic with posted signs indicating the authorized direction of travel at all intersections offering access thereto, no person shall operate any vehicle except in the indicated direction. (1975 Code, § 9-109)

15-105. **Unlaned streets.** (1) Upon all unlaned streets of sufficient width, a vehicle shall be driven upon the right half of the street except:
   (a) When lawfully overtaking and passing another vehicle proceeding in the same direction.
   (b) When the right half of a roadway is closed to traffic while under construction or repair.
   (c) Upon a roadway designated and signposted by the town for one-way traffic.
15-106. Laned streets. On streets marked with traffic lanes, it shall be unlawful for the operator of any vehicle to fail or refuse to keep his vehicle within the boundaries of the proper lane for his direction of travel except when lawfully passing another vehicle or preparatory to making a lawful turning movement.

On two (2) lane and three (3) lane streets, the proper lane for travel shall be the right hand lane unless otherwise clearly marked. On streets with four (4) or more lanes, either of the right hand lanes shall be available for use except that traffic moving at less than the normal rate of speed shall use the extreme right hand lane. On one-way streets either lane may be lawfully used in the absence of markings to the contrary. (1975 Code, § 9-111)

15-107. Yellow lines. On streets with a yellow line placed to the right of any lane line or center line, such yellow line shall designate a no-passing zone, and no operator shall drive his vehicle or any part thereof across or to the left of such yellow line except when necessary to make a lawful left turn from such street. (1975 Code, § 9-112)

15-108. Miscellaneous traffic-control signs, etc. It shall be unlawful for any pedestrian or the operator of any vehicle to violate or fail to comply with any traffic-control sign, signal, marking, or device placed or erected by the state or the town unless otherwise directed by a police officer.

It shall be unlawful for any pedestrian or the operator of any vehicle to willfully violate or fail to comply with the reasonable directions of any police officer. (1975 Code, § 9-113)

15-109. General requirements for traffic-control signs, etc. All traffic-control signs, signals, markings, and devices shall conform to the latest revision of the Manual on Uniform Traffic Control Devices for Streets and Highways, published by the U. S. Department of Transportation, Federal Highway Administration, and shall, so far as practicable, be uniform as to type

---

   Stop signs, yield signs, flashing signals, pedestrian control signs, traffic control signals generally: §§ 15-505--15-509.

2This manual may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.
and location throughout the town. This section shall not be construed as being mandatory but is merely directive. (1975 Code, § 9-114)

15-110. Unauthorized traffic-control signs, etc. No person shall place, maintain, or display upon or in view of any street, any unauthorized sign, signal, marking, or device which purports to be or is an imitation of or resembles an official traffic-control sign, signal, marking, or device or railroad sign or signal, or which attempts to control the movement of traffic or parking of vehicles, or which hides from view or interferes with the effectiveness of any official traffic-control sign, signal, marking, or device or any railroad sign or signal. (1975 Code, § 9-115)

15-111. Presumption with respect to traffic-control signs, etc. When a traffic-control sign, signal, marking, or device has been placed, the presumption shall be that it is official and that it has been lawfully placed by the proper town authority. (1975 Code, § 9-116)

15-112. School safety patrols. All motorists and pedestrians shall obey the directions or signals of school safety patrols when such patrols are assigned under the authority of the chief of police and are acting in accordance with instructions; provided, that such persons giving any order, signal, or direction shall at the time be wearing some insignia and/or using authorized flags for giving signals. (1975 Code, § 9-117)

15-113. Driving through funerals or other processions. Except when otherwise directed by a police officer, no driver of a vehicle shall drive between the vehicles comprising a funeral or other authorized procession while they are in motion and when such vehicles are conspicuously designated. (1975 Code, § 9-118)

15-114. Clinging to vehicles in motion. It shall be unlawful for any person traveling upon any bicycle, motorcycle, coaster, sled, roller skates, or any other vehicle to cling to, or attach himself or his vehicle to any other moving vehicle upon any street, alley, or other public way or place. (1975 Code, § 9-120)

15-115. Riding on outside of vehicles. It shall be unlawful for any person to ride, or for the owner or operator of any motor vehicle being operated on a street, alley, or other public way or place, to permit any person to ride on any portion of such vehicle not designed or intended for the use of passengers. This section shall not apply to persons engaged in the necessary discharge of lawful duties nor to persons riding in the load-carrying space of trucks. (1975 Code, § 9-121)
15-116. **Backing vehicles.** The driver of a vehicle shall not back the same unless such movement can be made with reasonable safety and without interfering with other traffic. (1975 Code, § 9-122)

15-117. **Projections from the rear of vehicles.** Whenever the load or any projecting portion of any vehicle shall extend beyond the rear of the bed or body thereof, the operator shall display at the end of such load or projection, in such position as to be clearly visible from the rear of such vehicle, a red flag being not less than twelve (12) inches square. Between one-half (½) hour after sunset and one-half (½) hour before sunrise, there shall be displayed in place of the flag a red light plainly visible under normal atmospheric conditions at least two hundred (200) feet from the rear of such vehicle. (1975 Code, § 9-123)

15-118. **Causing unnecessary noise.** It shall be unlawful for any person to cause unnecessary noise by unnecessarily sounding the horn, "racing" the motor, or causing the "screeching" or "squealing" of the tires on any motor vehicle. (1975 Code, § 9-124)

15-119. **Vehicles and operators to be licensed.** It shall be unlawful for any person to operate a motor vehicle in violation of the "Tennessee Motor Vehicle Title and Registration Law" or the "Uniform Motor Vehicle Operators' and Chauffeurs' License Law." (1975 Code, § 9-125)

15-120. **Passing.** Except when overtaking and passing on the right is permitted, the driver of a vehicle passing another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the street until safely clear of the overtaken vehicle. The driver of the overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

When the street is wide enough, the driver of a vehicle may overtake and pass upon the right of another vehicle which is making or about to make a left turn.

The driver of a vehicle may overtake and pass another vehicle proceeding in the same direction either upon the left or upon the right on a street of sufficient width for four (4) or more lanes of moving traffic when such movement can be made in safety.

No person shall drive off the pavement or upon the shoulder of the street in overtaking or passing on the right.

When any vehicle has stopped at a marked crosswalk or at an intersection to permit a pedestrian to cross the street, no operator of any other vehicle approaching from the rear shall overtake and pass such stopped vehicle.

No vehicle operator shall attempt to pass another vehicle proceeding in the same direction unless he can see that the way ahead is sufficiently clear and
unobstructed to enable him to make the movement in safety. (1975 Code, § 9-126)

15-121. Motorcycles, motor driven cycles, motorized bicycles, bicycles, etc. (1) Definitions. For the purpose of the application of this section, the following words shall have the definitions indicated:

(a) "Motorcycle." Every motor vehicle having a seat or saddle for the use of the rider and designed to travel on not more than three (3) wheels in contact with the ground, but excluding a tractor or motorized bicycle.

(b) "Motor-driven cycle." Every motorcycle, including every motor scooter, with a motor capacity that does not exceed five (5) brake horsepower, or with a motor with a cylinder capacity not exceeding one hundred and twenty-five cubic centimeters (125cc);

(c) "Motorized bicycle." A vehicle with two (2) or three (3) wheels, an automatic transmission, and a motor with a cylinder capacity not exceeding fifty (50) cubic centimeters which produces no more than two (2) brake horsepower and is capable of propelling the vehicle at a maximum design speed of no more than thirty (30) miles per hour on level ground.

(2) Every person riding or operating a bicycle, motor cycle, motor driven cycle or motorized bicycle shall be subject to the provisions of all traffic ordinances, rules, and regulations of the town applicable to the driver or operator of other vehicles except as to those provisions which by their nature can have no application to bicycles, motorcycles, motor driven cycles, or motorized bicycles.

(3) No person operating or riding a bicycle, motorcycle, motor driven cycle or motorized bicycle shall ride other than upon or astride the permanent and regular seat attached thereto, nor shall the operator carry any other person upon such vehicle other than upon a firmly attached and regular seat thereon.

(4) No bicycle, motorcycle, motor driven cycle or motorized bicycle shall be used to carry more persons at one time than the number for which it is designed and equipped.

(5) No person operating a bicycle, motorcycle, motor driven cycle or motorized bicycle shall carry any package, bundle, or article which prevents the rider from keeping both hands upon the handlebars.

(6) No person under the age of sixteen (16) years shall operate any motorcycle, motor driven cycle or motorized bicycle while any other person is a passenger upon said motor vehicle.

(7) Each driver of a motorcycle, motor driven cycle, or motorized bicycle and any passenger thereon shall be required to wear on his head a crash helmet of a type approved by the state's commissioner of safety.

(8) Every motorcycle, motor driven cycle, or motorized bicycle operated upon any public way within the corporate limits shall be equipped with a
windshield or, in the alternative, the operator and any passenger on any such motorcycle, motor driven cycle or motorized bicycle shall be required to wear safety goggles, faceshield or glasses containing impact resistant lens for the purpose of preventing any flying object from striking the operator or any passenger in the eyes.

(9) It shall be unlawful for any person to operate or ride on any vehicle in violation of this section, and it shall also be unlawful for any parent or guardian knowingly to permit any minor to operate a motorcycle, motor driven cycle or motorized bicycle in violation of this section. (1975 Code, § 9-127)

15-122. Delivery of vehicle to unlicensed driver, etc.

(1) Definitions. (a) "Juvenile" as used in this chapter shall mean a person less than eighteen years of age, and no exception shall be made for a juvenile or who has been emancipated by marriage or otherwise.

(b) "Adult" shall mean any person eighteen years of age or older.

(c) "Custody" means the control of the actual, physical care of the minor, and includes the right and responsibility to provide for the physical, mental, moral and emotional well being of the juvenile. "Custody" as herein defined, relates to those rights and responsibilities as exercised either by the juvenile's parent or parents or a person granted custody by a court of competent jurisdiction.

(d) "Automobile" shall mean any motor driven automobile, car, truck, tractor, motorcycle, motor driven cycle, motorized bicycle, or vehicle driven by mechanical power.

(e) "Drivers license" shall mean a motor vehicle operators license or chauffeurs license issued by the State of Tennessee.

(2) It shall be unlawful for any adult to deliver the possession of or the control of any automobile or other motor vehicle to any person, whether an adult or a juvenile, who does not have in his possession a valid motor vehicle operators or chauffeurs license issued by the Department of Safety of the State of Tennessee, or for any adult to permit any person, whether an adult or a juvenile, to drive any motor vehicle upon the streets, highways, roads, avenues, parkways, alleys or public thoroughfares in the Town of Spring City unless such person has a valid motor vehicle operators or chauffeurs license as issued by the Department of Safety of the State of Tennessee.

(3) It shall be unlawful for any parent or person having custody of a juvenile to permit any such juvenile to drive a motor vehicle upon the streets, highways, roads, parkways, avenues or public ways in the town in a reckless, careless, or unlawful manner, or in such a manner as to violate the ordinances of the town.

15-123. Child passenger restraint systems. (1) Any person transporting a child under four (4) years of age in a motor vehicle upon any street in the Town of Spring City is responsible for providing for the protection
of the child and properly using a child passenger restraint system meeting federal motor vehicle safety standards. Nothing in this section restricts a mother from removing the child from the restraint system and holding the child when the mother is nursing the child, or attending to its other physiological needs.

(2) Any person transporting a child four (4) years of age and up to and through twelve (12) years of age in a passenger motor vehicle upon a road, street, or highway of tennessee is responsible for the protection of the child and properly using a child or other passenger restraint system, including safety belts, meeting federal motor vehicle safety standards for all children occupying any seat within a passenger motor vehicle.

15-124. Use of safety belts in passenger vehicles. (1)(a) No person shall operate a passenger motor vehicle in this town unless such person and all passengers four (4) years of age or older are restrained by a safety belt at all times the vehicle is in forward motion.

(b) No person four (4) years of age or older shall be a passenger in a passenger motor vehicle in this town, unless such person is restrained by a safety belt at all times the vehicle is in forward motion.

(2)(a) The provisions of this section shall apply only to the operator and all passengers occupying the front seat of a passenger motor vehicle.

(b) If the vehicle is equipped with a rear seat which is capable of folding, the provisions of this section shall only apply to front seat passengers and the operator if the back seat is in the fold down position.

(3) As used in this section, unless specified otherwise, "passenger car" or "passenger motor vehicle" means any motor vehicle with a manufacturer's gross vehicle weight rating of eight thousand five hundred pounds (8,500 lbs.) or less, that is not used as a public or livery conveyance for passengers. "Passenger car" or "passenger motor vehicle" does not apply to motor vehicles which are not required by federal law to be equipped with safety belts.

(4) A person charged with a violation of this section may, in lieu of appearance in court, submit a penalty of ten dollars ($10.00) for a first violation, and twenty dollars ($20.00) on second and subsequent violations to the clerk of the city court.

(5) No court costs shall be imposed or assessed against anyone convicted of a violation of this section.

(6)(a) Notwithstanding any provision of law to the contrary, no citation or warrant for arrest shall be issued for a violation of this section unless a person is stopped by a law enforcement officer for a separate violation of law and is issued a citation or warrant for arrest for the separate violation of law.

(b) A law enforcement officer observing a violation of this section shall issue a citation to the violator, but shall not arrest or take into custody any person solely for a violation of this section.
This section does not apply to:
(a) A passenger or operator with a physically disabling condition whose physical disability would prevent appropriate restraint in such safety seat or safety belt; provided, that such condition is duly certified in writing by a physician who shall state the nature of the handicap, as well as the reason such restraint is inappropriate;

(b) A passenger motor vehicle operated by a rural letter carrier of the United States postal service while performing the duties of a rural letter carrier;

(c) Salespersons or mechanics employed by an automobile dealer who, in the course of their employment, test-drive a motor vehicle, if such dealership customarily test-drives fifty (50) or more motor vehicles a day, and if such test-drives occur within one (1) mile of the location of the dealership;

(d) Utility workers, water, gas and electric meter readers in the course of their employment; or

(e) A newspaper delivery motor carrier service while performing the duties of a newspaper delivery motor carrier service; provided, that this exemption shall only apply from the time of the actual first delivery to the customer until the last actual delivery to the customer.

15-125. Compliance with financial responsibility law required.
(1) Every vehicle operated within the corporate limits must be in compliance with the financial responsibility law.

(2) At the time the driver of a motor vehicle is charged with any moving violation under title 55, chapters 8 and 10, parts 1-5, chapter 50; any provision in this title of this municipal code; or at the time of an accident for which notice is required under Tennessee Code Annotated, § 55-10-106, the officer shall request evidence of financial responsibility as required by this section. In case of an accident for which notice is required under Tennessee Code Annotated, § 55-10-106, the officer shall request such evidence from all drivers involved in the accident, without regard to apparent or actual fault.

(3) For the purposes of this section, "financial responsibility" means:
(a) Documentation, such as the declaration page of an insurance policy, an insurance binder, or an insurance card from an insurance company authorized to do business in Tennessee, stating that a policy of insurance meeting the requirements of the Tennessee Financial Responsibility Law of 1977, compiled in Tennessee Code Annotated, chapter 12, title 55, has been issued;

(b) A certificate, valid for one (1) year, issued by the commissioner of safety, stating that a cash deposit or bond in the amount required by the Tennessee Financial Responsibility Law of 1977, compiled in Tennessee Code Annotated, chapter 12, title 55, has been
paid or filed with the commissioner, or has qualified as a self-insurer under Tennessee Code Annotated, § 55-12-111; or

(c) The motor vehicle being operated at the time of the violation was owned by a carrier subject to the jurisdiction of the department of safety or the interstate commerce commission, or was owned by the United States, the State of Tennessee or any political subdivision thereof, and that such motor vehicle was being operated with the owner's consent.

(4) Civil offense. It is a civil offense to fail to provide evidence of financial responsibility pursuant to this section. Any violation of this section is punishable by a civil penalty of up to fifty dollars ($50). The civil penalty prescribed by this section shall be in addition to any other penalty prescribed by the laws of this state or by the city's municipal code of ordinances.

(5) Evidence of compliance after violation. On or before the court date, the person charged with a violation of this section may submit evidence of compliance with this section in effect at the time of the violation. If the court is satisfied that compliance was in effect at the time of the violation, the charge of failure to provide evidence of financial responsibility may be dismissed. (as added by Ord. #13-02, April 2002)

 CHAPTER 2

EMERGENCY VEHICLES

SECTION

15-201. Authorized emergency vehicles defined.
15-203. Following emergency vehicles.
15-204. Running over fire hoses, etc.

15-201. Authorized emergency vehicles defined. Authorized emergency vehicles shall be fire department vehicles, police vehicles, and such ambulances and other emergency vehicles as are designated by the chief of police. (1975 Code, § 9-102)

15-202. Operation of authorized emergency vehicles. (1) The exemptions herein granted for an authorized emergency vehicle shall apply only when the driver of any such vehicle while in motion sounds an audible signal by bell, siren, or exhaust whistle and when the vehicle is equipped with at least one (1) lighted lamp displaying a red light visible under normal atmospheric conditions from a distance of five hundred (500) feet to the front of such vehicle, except that an authorized emergency vehicle operated as a police vehicle need not be equipped with or display a red light visible from in front of the vehicle.

(2) The driver of an authorized emergency vehicle, when responding to an emergency call, or when in the pursuit of an actual or suspected violator of the law, or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this section, subject to the conditions herein stated.

(3) The driver of an authorized emergency vehicle may park or stand, irrespective of the provisions of this title; proceed past a red or stop signal or stop sign, but only after slowing down to ascertain that the intersection is clear; exceed the maximum speed limit and disregard regulations governing direction of movement or turning in specified directions so long as he does not endanger life or property.

(4) The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard for the safety of others. (1975 Code, § 9-103)

---

Operation of other vehicle upon the approach of emergency vehicles: § 15-501.
15-203. **Following emergency vehicles.** No driver of any vehicle shall follow any authorized emergency vehicle apparently travelling in response to an emergency call closer than five hundred (500) feet or drive or park such vehicle within the block where fire apparatus has stopped in answer to a fire alarm. (1975 Code, § 9-104)

15-204. **Running over fire hoses, etc.** It shall be unlawful for any person to drive over any hose lines or other equipment of the fire department except in obedience to the direction of a fireman or policeman. (1975 Code, § 9-105)
CHAPTER 3

SPEED LIMITS

SECTION
15-301. In general.
15-302. At intersections.

15-301. In general. It shall be unlawful for any person to operate or drive a motor vehicle upon any highway or street at a rate of speed in excess of thirty (30) miles per hour except where official signs have been posted indicating other speed limits, in which cases the posted speed limit shall apply. (1975 Code, §§ 9-201 and 9-204)

15-302. At intersections. It shall be unlawful for any person to operate or drive a motor vehicle through any intersection at a rate of speed in excess of fifteen (15) miles per hour unless such person is driving on a street regulated by traffic-control signals or signs which require traffic to stop or yield on the intersecting streets. (1975 Code, § 9-202)

15-303. In school zones. Pursuant to Tennessee Code Annotated, § 55-8-152, the town shall have the authority to enact special speed limits in school zones. Such special speed limits shall be enacted based on an engineering investigation; shall not be less than fifteen (15) miles per hour, during designated hours; and shall be in effect only when proper signs are posted with a warning flasher or flashers in operation. It shall be unlawful for any person to violate any such special speed limit enacted and in effect in accordance with this paragraph.

In school zones where the board of commissioners has not established special speed limits as provided for above, any person who shall drive at a speed exceeding fifteen (15) miles per hour when passing a school during a recess period, or during a period of forty (40) minutes before the opening hour of a school, or a period of forty (40) minutes after the closing hour of a school, while children are actually going to or leaving school, shall be prima facie guilty of reckless driving. (1975 Code, § 9-203, modified)
CHAPTER 4

TURNING MOVEMENTS

SECTION
15-402. Right turns.
15-403. Left turns on two-way roadways.
15-404. Left turns on other than two-way roadways.

15-401. Generally. No person operating a motor vehicle shall make any turning movement which might affect any pedestrian or the operation of any other vehicle without first ascertaining that such movement can be made in safety and signaling his intention in accordance with the requirements of the state law.1 (1975 Code, § 9-301)

15-402. Right turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right hand curb or edge of the roadway. (1975 Code, § 9-302)

15-403. Left turns on two-way roadways. At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of the intersection of the center line of the two roadways. (1975 Code, § 9-303)

15-404. Left turns on other than two-way roadways. At any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left hand lane lawfully available to traffic moving in such direction upon the roadway being entered. (1975 Code, § 9-304)

1State law reference
Tennessee Code Annotated, § 55-8-143.
CHAPTER 5

STOPPING AND YIELDING

SECTION
15-502. When emerging from alleys, etc.
15-503. To prevent obstructing an intersection.
15-504. At railroad crossings.
15-505. At "stop" signs.
15-506. At "yield" signs.
15-507. At traffic-control signals generally.
15-508. At flashing traffic-control signals.
15-509. At pedestrian control signals.
15-510. Stops to be signaled.

15-501. **Upon approach of authorized emergency vehicles.** Upon the immediate approach of an authorized emergency vehicle making use of audible and/or visual signals meeting the requirements of the laws of this state, the driver of every other vehicle shall immediately drive to a position parallel to, and as close as possible to, the right hand edge or curb of the roadway clear of any intersection and shall stop and remain in such position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer. (1975 Code, § 9-401)

15-502. **When emerging from alleys, etc.** The drivers of all vehicles emerging from alleys, parking lots, driveways, or buildings shall stop such vehicles immediately prior to driving onto any sidewalk or street. They shall not proceed to drive onto the sidewalk or street until they can safely do so without colliding or interfering with approaching pedestrians or vehicles. (1975 Code, § 9-402)

15-503. **To prevent obstructing an intersection.** No driver shall enter any intersection or marked crosswalk unless there is sufficient space on the other side of such intersection or crosswalk to accommodate the vehicle he is operating without obstructing the passage of traffic in or on the intersecting street or crosswalk. This provision shall be effective notwithstanding any traffic-control signal indication to proceed. (1975 Code, § 9-403)

---

1Municipal code reference

Special privileges of emergency vehicles: title 15, chapter 2.
15-504. **At railroad crossings.** Any driver of a vehicle approaching a railroad grade crossing shall stop within not less than fifteen (15) feet from the nearest rail of such railroad and shall not proceed further while any of the following conditions exist:

1. A clearly visible electrical or mechanical signal device gives warning of the approach of a railroad train.
2. A crossing gate is lowered or a human flagman signals the approach of a railroad train.
3. A railroad train is approaching within approximately fifteen hundred (1500) feet of the highway crossing and is emitting an audible signal indicating its approach.
4. An approaching railroad train is plainly visible and is in hazardous proximity to the crossing. (1975 Code, § 9-404)

15-505. **At "stop" signs.** The driver of a vehicle facing a "stop" sign shall bring his vehicle to a complete stop immediately before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then immediately before entering the intersection, and shall remain standing until he can proceed through the intersection in safety. (1975 Code, § 9-405)

15-506. **At "yield" signs.** The drivers of all vehicles shall yield the right of way to approaching vehicles before proceeding at all places where "yield" signs have been posted. (1975 Code, § 9-406)

15-507. **At traffic-control signals generally.** Traffic-control signals exhibiting the words "Go," "Caution," or "Stop," or exhibiting different colored lights successively one at a time, or with arrows, shall show the following colors only and shall apply to drivers of vehicles and pedestrians as follows:

1. **Green alone, or "Go":**
   a. Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
   b. Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.

2. **Steady yellow alone, or "Caution":**
   a. Vehicular traffic facing the signal is thereby warned that the red or "Stop" signal will be exhibited immediately thereafter, and such vehicular traffic shall not enter or be crossing the intersection when the red or "Stop" signal is exhibited.
   b. Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.
(3) Steady red alone, or "Stop":
(a) Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until green or "Go" is shown alone. Provided, however, that generally a right turn on a red signal shall be permitted at all intersections within the town, provided that the prospective turning car comes to a full and complete stop before turning and that the turning car yields the right of way to pedestrians and cross traffic traveling in accordance with their traffic signal. However, said turn will not endanger other traffic lawfully using said intersection. A right turn on red shall be permitted at all intersections except those clearly marked by a "No Turns On Red" sign, which may be erected by the town at intersections which the town decides require no right turns on red in the interest of traffic safety.
(b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(4) Steady red with green arrow:
(a) Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection.
(b) Pedestrians facing such signal shall not enter the roadway unless authorized so to do by a pedestrian "Walk" signal.

(5) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made a vehicle length short of the signal. (1975 Code, § 9-407)

15-508. At flashing traffic-control signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal placed or erected in the town it shall require obedience by vehicular traffic as follows:
(a) Flashing red (stop signal). When a red lens is illuminated with intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.
(b) Flashing yellow (caution signal). When a yellow lens is illuminated with intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.
(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules set forth in § 15-504 of this code. (1975 Code, § 9-408)

15-509. **At pedestrian control signals.** Wherever special pedestrian control signals exhibiting the words "Walk" or "Wait" or "Don't Walk" have been placed or erected by the town, such signals shall apply as follows:

1. "Walk." Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

2. "Wait or Don't Walk." No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to the nearest sidewalk or safety zone while the wait signal is showing. (1975 Code, § 9-409)

15-510. **Stops to be signaled.** No person operating a motor vehicle shall stop such vehicle, whether in obedience to a traffic sign or signal or otherwise, without first signaling his intention in accordance with the requirements of the state law,¹ except in an emergency. (1975 Code, § 9-410)

¹ State law reference
Tennessee Code Annotated, § 55-8-143.
CHAPTER 6

PARKING

SECTION
15-603. Occupancy of more than one space.
15-604. Where prohibited.
15-605. Loading and unloading zones.
15-606. Presumption with respect to illegal parking.

15-601. **Generally.** No person shall leave any motor vehicle unattended on any street without first setting the brakes thereon, stopping the motor, removing the ignition key, and turning the front wheels of such vehicle toward the nearest curb or gutter of the street.

Except as hereinafter provided, every vehicle parked upon a street within this town shall be so parked that its right wheels are approximately parallel to and within eighteen (18) inches of the right edge or curb of the street. On one-way streets where the town has not placed signs prohibiting the same, vehicles may be permitted to park on the left side of the street, and in such cases the left wheels shall be required to be within eighteen (18) inches of the left edge or curb of the street.

Notwithstanding anything else in this code to the contrary, no person shall park or leave a vehicle parked on any public street or alley within the fire limits between the hours of 1:00 A.M. and 5:00 A.M. or on any other public street or alley for more than seventy-two (72) consecutive hours without the prior approval of the chief of police.

Furthermore, no person shall wash, grease, or work on any vehicle, except to make repairs necessitated by an emergency, while such vehicle is parked on a public street. (1975 Code, § 9-501)

15-602. **Angle parking.** On those streets which have been signed or marked by the town for angle parking, no person shall park or stand a vehicle other than at the angle indicated by such signs or markings. No person shall angle park any vehicle which has a trailer attached thereto or which has a length in excess of twenty-four (24) feet. (1975 Code, § 9-502)

15-603. **Occupancy of more than one space.** No person shall park a vehicle in any designated parking space so that any part of such vehicle occupies more than one such space or protrudes beyond the official markings on the street or curb designating such space unless the vehicle is too large to be parked within a single designated space. (1975 Code, § 9-503)
15-604. **Where prohibited.** No person shall park a vehicle in violation of any sign placed or erected by the state or town, nor:

(1) On a sidewalk; provided, however, a bicycle may be parked on a sidewalk if it does not impede the normal and reasonable movement of pedestrian or other traffic;
(2) In front of a public or private driveway;
(3) Within an intersection;
(4) Within fifteen feet (15') of a fire hydrant;
(5) Within a pedestrian crosswalk;
(6) Within twenty feet (20') of a crosswalk at an intersection;
(7) Within thirty feet (30') upon the approach of any flashing beacon, stop sign or traffic control signal located at the side of a roadway;
(8) Within fifty feet (50') of the nearest rail of a railroad crossing;
(9) Within twenty feet (20') of the driveway entrance to any fire station, and on the side of the street opposite the entrance to any fire station within seventy-five feet (75') of such entrance when properly signposted;
(10) Alongside or opposite any street excavation or obstruction when stopping, standing or parking would obstruct traffic;
(11) On the roadway side of any vehicle stopped or parked at the edge or curb of a street;
(12) Upon any bridge or other elevated structure upon a highway or within a highway tunnel;
(13) In a parking space clearly identified by an official sign as being reserved for the physically handicapped, unless, however, the person driving the vehicle is:
   (a) physically handicapped, or
   (b) parking such vehicle for the benefit of a physically handicapped person. A vehicle parking in such a space shall display a certificate of identification or a disabled veteran's license plate issued under [Tennessee Code Annotated](https://www.tn.gov/courts/division-of-court-secretary/legislation/tennessee-code-annotated), § 55-8-160. Pursuant to [Tennessee Code Annotated](https://www.tn.gov/courts/division-of-court-secretary/legislation/tennessee-code-annotated), § 55-21-108(b), the prohibitions contained in the paragraph shall apply on private as well as public property. (1975 Code, § 9-504)

15-605. **Loading and unloading zones.** No person shall park a vehicle for any purpose or period of time other than for the expeditious loading or unloading of passengers or merchandise in any place marked by the town as a loading and unloading zone. (1975 Code, § 9-505)

15-606. **Presumption with respect to illegal parking.** When any unoccupied vehicle is found parked in violation of any provision of this chapter, there shall be a prima facie presumption that the registered owner of the vehicle is responsible for such illegal parking. (1975 Code, § 9-512)
CHAPTER 7
ENFORCEMENT

SECTION
15-701. Issuance of traffic citations.
15-702. Failure to obey citation.
15-703. Illegal parking.
15-704. Impoundment of vehicles.
15-706. Deposit of drivers' license in lieu of bail.
15-707. Violation and penalty.

15-701. Issuance of traffic citations.¹ When a police officer halts a traffic violator other than for the purpose of giving a warning, and does not take such person into custody under arrest, he shall take the name, address, and operator's license number of said person, the license number of the motor vehicle involved, and such other pertinent information as may be necessary, and shall issue to him a written traffic citation containing a notice to answer to the charge against him in the city court at a specified time. The officer, upon receiving the written promise of the alleged violator to answer as specified in the citation, shall release such person from custody. It shall be unlawful for any alleged violator to give false or misleading information as to his name or address. (1975 Code, § 9-601)

15-702. Failure to obey citation. It shall be unlawful for any person to violate his written promise to appear in court after giving said promise to an officer upon the issuance of a traffic citation, regardless of the disposition of the charge for which the citation was originally issued. (1975 Code, § 9-602)

15-703. Illegal parking. Whenever any motor vehicle without a driver is found parked or stopped in violation of any of the restrictions imposed by this code, the officer finding such vehicle shall take its license number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to such vehicle a citation for the driver and/or owner to answer for the violation within thirty (30) days during the hours and at a place specified in the citation. (1975 Code, § 9-603, modified)

15-704. Impoundment of vehicles. Members of the police department are hereby authorized, when reasonably necessary for the security of the vehicle

¹State law reference
or to prevent obstruction of traffic, to remove from the streets and impound any vehicle whose operator is arrested or any unattended vehicle which is parked so as to constitute an obstruction or hazard to normal traffic or which has been parked for more than one (1) hour in excess of the time allowed for parking in any place, or which has been involved in two (2) or more violations of this title for which citation tags have been issued and the vehicle not removed. Any impounded vehicle shall be stored until the owner or other person entitled thereto claims it, gives satisfactory evidence of ownership or right to possession, and pays all applicable fees and costs of impoundment and storage, or until it is otherwise lawfully disposed of. (1975 Code, § 9-604)

15-706. Deposit of drivers' license in lieu of bail. (1) Deposit allowed. Whenever any person lawfully possessing a chauffeur's or operator's license theretofore issued to him by the Tennessee Department of Safety, or under the driver licensing laws of any other state or territory or the District of Columbia, is issued a citation or arrested and charged with the violation of any town ordinance or state statute regulating traffic, except those ordinances and statutes, the violation of which call for the mandatory revocation of a operator's or chauffeur's license for any period of time, such person shall have the option of depositing his chauffeur's or operator's license with the officer or court demanding bail in lieu of any other security required for his appearance in the city court of this town in answer to such charge before said court.

(2) Receipt to be issued. The officer, or the court demanding bail, who receives any person chauffeur's or operator's license as herein provided, shall issue to said person a receipt for said license upon a form approved or provided by the Tennessee Department of Safety.

(3) Failure to appear - disposition of license. In the event that any driver who has deposited his chauffeur's or operator's license in lieu of bail fails to appear in answer to the charges filed against him, the clerk or judge of the city court accepting the license shall forward the same to the Tennessee Department of Safety for disposition by said department in accordance with provisions of Tennessee Code Annotated, § 55-50-801 et seq.

15-707. Violation and penalty. Any violation of this title shall be a civil offense punishable as follows: (1) Traffic citations. Traffic citations shall be punishable by a civil penalty up to fifty dollars ($50.00) for each separate offense.
(2) Parking citations. (a) Parking meter. If the offense is a parking meter violation, the offender may, within thirty (30) days, have the charge against him disposed of by paying to the city recorder a fine of one dollar ($1.00) provided he waives his right to a judicial hearing. If he appears and waives his right to a judicial hearing after thirty (30) days but before a warrant for his arrest is issued, his fine shall be three dollars ($3.00).

(b) Other parking violations. For other parking violations, the offender may, similarly waive his right to a judicial hearing and have the charges disposed of out of court, but the fines shall be three dollars ($3.00) within thirty (30) days and five dollars ($5.00) thereafter, except for the violation of parking in a handicapped parking space under § 15-604(13) of this code, for which the offender shall be subject to a penalty of one hundred dollars ($100.00) for each offense. (1975 Code, § 9-603, modified)
TITLE 16

STREETS AND SIDEWALKS, ETC.¹

CHAPTER
1. MISCELLANEOUS.
2. EXCAVATIONS.
3. BUILDING NUMBERING SYSTEM.
4. ALLEY CLOSINGS AND ABANDONMENT OF UNOPENED RIGHTS-OF-WAY.

CHAPTER 1

MISCELLANEOUS

SECTION
16-101. Obstructing streets, alleys, or sidewalks prohibited.
16-102. Trees projecting over streets, etc., regulated.
16-103. Trees, etc., obstructing view at intersections prohibited.
16-104. Projecting signs and awnings, etc., restricted.
16-105. Banners and signs across streets and alleys restricted.
16-106. Gates or doors opening over streets, alleys, or sidewalks prohibited.
16-107. Littering streets, alleys, or sidewalks prohibited.
16-108. Obstruction of drainage ditches.
16-109. Abutting owners or occupants to keep sidewalks clean, etc.
16-110. Parades, etc., regulated.
16-111. Operation of trains at crossings regulated.
16-112. Animals and vehicles on sidewalks.
16-113. Fires in streets, etc.
16-114. Skate boarding.

16-101. Obstructing streets, alleys, or sidewalks prohibited. No person, including charities and charitable organizations, shall use or occupy any portion of any public street, alley, sidewalk, or right-of-way for the purpose of storing, selling, or exhibiting any goods, wares, merchandise, or materials; except that, the owners of businesses abutting sidewalks shall be permitted to sell and exhibit goods, wares, merchandise and materials on such sidewalks. However such business owners shall not block the sidewalk or the access to any other business, dwelling or other building.

16-102. Trees projecting over streets, etc., regulated. It shall be unlawful for any property owner or occupant to allow any limbs of trees on his property to project out over any street, alley at a height of less than fourteen

¹Municipal code reference
Related motor vehicle and traffic regulations: title 15.
(14) feet or over any sidewalk at a height of less than eight (8) feet. (1975 Code, § 12-101)

16-103. Trees, etc., obstructing view at intersections prohibited. It shall be unlawful for any property owner or occupant to have or maintain on his property any tree, shrub, sign, or other obstruction which prevents persons driving vehicles on public streets or alleys from obtaining a clear view of traffic when approaching an intersection. (1975 Code, § 12-102)

16-104. Projecting signs and awnings, etc., restricted. Signs, awnings, or other structures which project over any street or other public way shall be erected subject to the requirements of the building code.¹ (1975 Code, § 12-103)

16-105. Banners and signs across streets and alleys restricted. It shall be unlawful for any person to place or have placed any banner or sign across or above any public street or alley except when expressly authorized by the board of commissioners after a finding that no hazard will be created by such banner or sign. (1975 Code, § 12-104)

16-106. Gates or doors opening over streets, alleys, or sidewalks prohibited. It shall be unlawful for any person owning or occupying property to allow any gate or door to swing open upon or over any street, alley, or sidewalk except when required by statute. (1975 Code, § 12-105)

16-107. Littering streets, alleys, or sidewalks prohibited. It shall be unlawful for any person to litter, place, throw, track, or allow to fall on any street, alley, or sidewalk any refuse, glass, tacks, mud, or other objects or materials which are unsightly or which obstruct or tend to limit or interfere with the use of such public ways and places for their intended purposes. (1975 Code, § 12-106)

16-108. Obstruction of drainage ditches. It shall be unlawful for any person to permit or cause the obstruction of any drainage ditch in any public right of way. (1975 Code, § 12-107)

16-109. Abutting owners or occupants to keep sidewalks clean, etc. The owners or occupants of property abutting on a sidewalk are required to keep the sidewalk clean. Also, immediately after a snow or sleet, such

¹Municipal code reference
Building code: title 12, chapter 1.
occupants are required to remove all accumulated snow and ice from the abutting sidewalk. (1975 Code, § 12-108, modified)

16-110. **Parades, etc., regulated.** It shall be unlawful for any person, club, organization, or other group to hold any meeting, parade, demonstration, or exhibition on the public streets without some responsible representative first securing a permit from the city recorder. (1975 Code, § 12-109)

16-111. **Operation of trains at crossings regulated.** No person shall operate any railroad train across any street or alley without giving a warning of its approach as required by state law. It shall be unlawful to stop a railroad train so as to block or obstruct any street or alley for a period of more than five (5) consecutive minutes. (1975 Code, § 12-110, modified)

16-112. **Animals and vehicles on sidewalks.** It shall be unlawful for any person to ride, lead, or tie any animal, or ride, push, pull, or place any vehicle across or upon any sidewalk in such manner as to unreasonably interfere with or inconvenience pedestrians using the sidewalk. It shall also be unlawful for any person knowingly to allow any minor under his control to violate this section. (1975 Code, § 12-111)

16-113. **Fires in streets, etc.** It shall be unlawful for any person to set or contribute to any fire in any public street, alley, or sidewalk. (1975 Code, § 12-112)

16-114. **Skate boarding.** (1) **Definitions.** (a) "Business district" means the downtown business district designated on the zoning map for the Town of Spring City as C-1 and C-2.

(b) "Residential district" means the districts designated on the zoning map for the Town of Spring City as R-1, R-2, R-3, and R-4.

(c) "Skate boarding" or "skate boards" means a device with wheels with or without handle bars for riding upon, usually standing.

(2) **Prohibition in certain areas.** It shall be unlawful for any person to operate or ride a "skate board" on any street, alley, sidewalk, public parking lot, Veteran's Park, or at any other location which is zoned C-1 or C-2.

(3) **Prohibition on private property.** It shall be unlawful to operate or ride a skate board on private property in the area zoned as C-1 or C-2 where signs have been posted at the entrance or displayed prominently on the property prohibiting the use of skate boards.

(4) **Restrictions in residential areas.** It shall be unlawful to operate or ride a skate board on any residential public street or sidewalk zoned R-1, R-2, R-3, or R-4 between the hours of 6:00 P.M. and 7:00 A.M. during Eastern Standard Time and between the hours of 9:00 P.M. and 7:00 A.M. during Daylight Savings Time. (as added by Ord. #42-05, March 2005)
CHAPTER 2

EXCAVATIONS

SECTION
16-201. Permit required.
16-203. Fee.
16-204. Deposit or bond.
16-205. Safety restrictions on excavations.
16-206. Restoration of streets, etc.
16-207. Insurance.
16-208. Time limits.
16-209. Supervision.

16-201. Permit required. It shall be unlawful for any person, firm, corporation, association, or others, including utility districts to make any excavation in any street, alley, or public place, or to tunnel under any street, alley, or public place without having first obtained a permit as herein required, and without complying with the provisions of this chapter; and it shall also be unlawful to violate, or vary from, the terms of any such permit; provided, however, any person maintaining pipes, lines, or other underground facilities in or under the surface of any street may proceed with an opening without a permit when emergency circumstances demand the work to be done immediately and a permit cannot reasonably and practicably be obtained beforehand. The person shall thereafter apply for a permit on the first regular business day on which the office of the city manager is open for business, and said permit shall be retroactive to the date when the work was begun. (1975 Code, § 12-201, Ord. #128, ____)

16-202. Applications. Applications for such permits shall be made to the city manager, or such person as he may designate to receive such applications, and shall state thereon the location of the intended excavation or tunnel, the size thereof, the purpose thereof, the person, firm, corporation, association, or others doing the actual excavating, the name of the person, firm, corporation, association, or others for whom the work is being done, and shall

---

1State law reference
This chapter was patterned substantially after the ordinance upheld by the Tennessee Supreme Court in the case of City of Paris, Tennessee v. Paris-Henry County Public Utility District, 207 Tenn. 388, 340 S.W.2d 885 (1960).
contain an agreement that the applicant will comply with all ordinances and laws relating to the work to be done. Such application shall be rejected or approved by the city recorder within twenty-four (24) hours of its filing. (1975 Code, § 12-202, Ord. #128, _____, modified)

16-203. Fee. The fee for such permits shall be five dollars ($5.00). (1975 Code, § 12-203, as amended by Ord. #128, ____)

16-204. Deposit or bond. No such permit shall be issued unless and until the applicant therefor has deposited with the city manager a cash deposit. The deposit shall be in the sum of twenty-five dollars ($25.00) if no pavement is involved or seventy-five dollars ($75.00) if the excavation is in a paved area and shall insure the proper restoration of the ground and, laying of the pavement, if any. Where the amount of the deposit is clearly inadequate to cover the cost of restoration, the city manager may increase the amount of the deposit to an amount considered by him to be adequate to cover the cost. From this deposit shall be deducted the expense to the town of relaying the surface of the ground or pavement, and of making the refill if this is done by the town or at its expense. The balance shall be returned to the applicant without interest after the tunnel or excavation is completely refilled and the surface or pavement is restored.

In lieu of a deposit the applicant may deposit with the city recorder a surety bond in such form and amount as the city manager shall deem adequate to cover the costs to the town if the applicant fails to make proper restoration. (1975 Code, § 12-204, Ord. #128, ____)

16-205. Safety restrictions on excavations. Any person, firm, corporation, association, or others making any excavation or tunnel shall do so according to the terms and conditions of the application and permit authorizing the work to be done. Sufficient and proper barricades and lights shall be maintained to protect persons and property from injury by or because of the excavation being made. If any sidewalk is blocked by any such work, a temporary sidewalk shall be constructed and provided which shall be safe for travel and convenient for users. (1975 Code, § 12-205, Ord. #128, ____)

16-206. Restoration of streets, etc. Any person, firm, corporation, association, or others making any excavation or tunnel in or under any street, alley, or public place in this town shall restore said street, alley, or public place to its original condition except for the surfacing, which shall be done by the town, but shall be paid for by such person, firm, corporation, association, or others promptly upon the completion of the work for which the excavation or tunnel was made. In case of unreasonable delay in restoring the street, alley, or public place, the city manager shall give notice to the person, firm, corporation, association, or others that unless the excavation or tunnel is refilled
properly within a specified reasonable period of time, the town will do the work and charge the expense of doing the same to such person, firm, corporation, association, or others. If within the specified time the conditions of the above notice have not been complied with, the work shall be done by the town, an accurate account of the expense involved shall be kept, and the total cost shall be charged to the person, firm, corporation, association, or others who made the excavation or tunnel. (1975 Code, § 12-206, Ord. #128, _____)

16-207. **Insurance.** In addition to making the deposit or giving the bond hereinbefore required to insure that proper restoration is made, each person applying for an excavation permit shall file a certificate of insurance indicating that he is insured against claims for damages for personal injury as well as against claims for property damage which may arise from or out of the performance of the work, whether such performance be by himself, his subcontractor, or anyone directly or indirectly employed by him. Such insurance shall cover collapse, explosive hazards, and underground work by equipment on the street, and shall include protection against liability arising from completed operations. The amount of the insurance shall be prescribed by the city manager in accordance with the nature of the risk involved; provided, however, that the liability insurance for bodily injury shall not be less than $100,000 for each person and $300,000 for each accident, and for property damages not less than $25,000 for any one (1) accident, and a $75,000 aggregate. (1975 Code, § 12-207, Ord. #128, _____)

16-208. **Time limits.** Each application for a permit shall state the length of time it is estimated will elapse from the commencement of the work until the restoration of the surface of the ground or pavement, or until the refill is made ready for the pavement to be put on by the town if the town restores such surface pavement. It shall be unlawful to fail to comply with this time limitation unless permission for an extension of time is granted by the city manager. (1975 Code, § 12-208, Ord. #128, _____)

16-209. **Supervision.** The person designated by the city manager shall from time to time inspect all excavations and tunnels being made in or under any public street, alley, or other public place in the town and see to the enforcement of the provisions of this chapter. Notice shall be given to him at least ten (10) hours before the work of refilling any such excavation or tunnel commences. (1975 Code, § 12-209, Ord. #128, _____)

16-210. **Driveway curb cuts.** No one shall cut, build, or maintain a driveway across a curb or sidewalk without first obtaining a permit from the city manager. Such a permit will not be issued when the contemplated driveway is to be so located or constructed as to create an unreasonable hazard to pedestrian and/ or vehicular traffic. No driveway shall exceed thirty-five (35) feet in width
at its outer or street edge and when two (2) or more adjoining driveways are
provided for the same property a safety island of not less than ten (10) feet in
width at its outer or street edge shall be provided. Driveway aprons shall not
extend out into the street. (1975 Code, § 12-210, Ord. #128, ____)

CHAPTER 3
BUILDING NUMBERING SYSTEM

SECTION
16-301. Designation of street numbers.
16-302. Posting of designated street address.
16-303. New structures.
16-304. Penalties.

16-301. Designation of street numbers. (1) Street numbers for dwelling units and places of business on all public and private streets shall be assigned by the planning commission in accordance with its administrative procedures.

(2) The Spring City Regional Planning Commission shall keep a record of all public and private street names along with the number ranges assigned. (Ord. #228, Aug. 1992)

16-302. Posting of designated street address. (1) The owner or occupant or person in charge of any house or building to which a number has been assigned will be notified in writing by the zoning inspector of the number assigned to the same at any time after the adoption of this chapter.

(2) Within sixty (60) days after the receipt of such written notification from the zoning inspector, the owner or occupant or person in charge of a house or building to which a number has been assigned shall affix the number in a conspicuous manner in a conspicuous place, visible from the street.

(3) It shall be the duty of such owner or occupant or person in charge thereof upon affixing the new number to remove any different number which might be mistaken for, or confused with, the number assigned to said structure by the commission.

(4) Each principal building shall display the number assigned to the frontage on which the front entrance is located. In case a principal building is occupied by more than one business or family dwelling unit, each separate front entrance may display a separate number. An alternate location shall be on both sides of a mailbox when the location of the mailbox clearly defines and identifies the numbered property. The alternate site can only be used when the number affixed to the front of the building cannot be visually seen from the road.

(5) Numerals indicating the official numbers for each principal building or each front entrance to such building shall be posted in a manner as to be legible and distinguishable from the street on which the property is located.

(6) Numbers must be black or brass in color and three (3) inches minimum height. (Ord. #228, Aug. 1992)
16-303. **New structures.** (1) Numbers will be assigned to each proposed lot or tract on the surveyors' copies of final subdivision plats by the Spring City Planning Commission. (2) No building permit shall be issued for any principal building until the owner or developer has procured from the zoning inspector of Spring City the official number of the premises. (Ord. #228, Aug. 1992)

16-304. **Penalties.** In the event that the owner or occupant or person in charge of any house or building refuses to comply with the terms of this chapter by failing to affix the number assigned within sixty (60) days after notification, or by failing within said period of sixty (60) days to remove any old numbers affixed to such house, or house entrance, or elsewhere, which may be confused with the number assigned thereto. The penalty shall be deemed a misdemeanor, and shall be punished in accordance with the general penalty provisions of this municipal code of ordinances (Ord. #228, Aug. 1992)
CHAPTER 4

ALLEY CLOSINGS AND ABANDONMENT
OF UNOPENED RIGHTS-OF-WAY

SECTION
16-401. Policy.
16-402. Steps to be followed.

16-401. Policy. (1) In designing a policy to properly route requests for such closures and ensure that the public interest is maintained, it is suggested that the town officials adopt a formal procedure designed to allow for the closing of unopened or abandoned rights-of-way.

However, the requirements placed on petitioners should ensure that these closings:

(a) Fulfill all legal requirements with regards to divisions of property and proper review by all relevant governmental bodies.

(b) Conform to established planning and platting principles so as to ensure an accurate representation and division of the property presented for consideration.

(c) Be approved only when the petitioners have demonstrated that the property has no current public use and is not a part of the town’s future use plans.

(d) Be approved only under certain conditions, reserving to the town certain rights to use of the property as Spring City continues to develop. Prior to plat submittal, petitioner should make agreements with all appropriate utility providers on the following: existing utility locations or utility relocation, town retaining existing easements or new utility easement locations, and cost of utility relocation. The cost to relocate will be determined by the utility providers at the time of the actual relocation.

(2) In developing such a policy, petitioners are required to submit to the planning commission a final plat meeting the specifications as outlined in the Spring City Municipal Planning Commission Subdivision Regulations (a summary is listed below, but petitioners should refer to the subdivision regulations for the exact specifications prior to submittal):

(a) Preparation by a surveyor licensed by the State of Tennessee, name, address and seal affixed;

(b) The name, address and signatures of all abutting property owners indicating approval or disapproval of the abandonment;

(c) Exact boundary lines of the existing alley and abutting properties by bearings and distances;

(d) Exact boundary lines of the proposed division of property by bearings and distances;

(e) North point, graphic scale and date;
(f) Existing streets, buildings, watercourses, railroads, culverts, utilities and easements on and adjacent to the tract;
(g) Show proposed location(s) of utility line(s) and utility easement(s), if utility relocation is required;
(h) Review by, and signature of, the appropriate Spring City Department Officials;
(i) Review by, and signature of, all associated utility providers;
(j) Review by, and recommendation from, the Spring City Municipal Planning Commission; and
(k) The payment of a filing fee (when required). (as added by Ord. #2011-02, March 2011)

16-402. Steps to be followed. (1) Petitioner files a request with the Spring City Municipal Planning Commission in writing for an alley or unopened right-of-way abandonment and presents a tax map showing alley location and all adjoining properties.
(2) Planning commission staff along with the chairman/or designee consult with various town departments to determine the current or future usefulness of the alley or unopened right-of-way.
(3) If necessary, petitioner makes agreement(s) with utility providers for utility locations and/or utility easements and shows this on the tax map. Petitioner will be financially responsible for all utility relocation expenses.
(4) Petitioner requests a recommendation from the planning commission on the abandonment of the alley. This recommendation in no way assures that the town legislative body will approve an ordinance to abandon the alley.
(5) If the planning commission chooses to recommend for abandonment of the alley, an alley abandonment ordinance will be sent to the town legislative body. This ordinance will be prepared by planning staff. This ordinance for abandonment will be contingent upon the petitioner submitting a plat to the planning commission and the plat being approved.
(6) If the town legislative body approves the alley abandonment ordinance, the petitioner will next submit a plat to the Spring City Planning Commission for review. Petitioner assumes all financial responsibilities for platting costs. The plat will be reviewed by staff for compliance to the Spring City Subdivision Regulations. When utility easements are required, a permanent utility easement is granted to utility providers.

The easement(s) shall be shown on the plat and written in an agreement with the utility department and/or any easements, deeds or ordinances documenting the utility providers’ rights in such easements. The petitioner(s) shall bear the expense of all deed preparation, filing and recording fees. (as added by Ord. #2011-02, March 2011)
TITLE 17

REFUSE AND TRASH DISPOSAL

CHAPTER

1. REFUSE.

CHAPTER 1

REFUSE

SECTION

17-102. Premises to be kept clean.
17-103. Storage.
17-104. Brush.
17-105. Location of containers.
17-106. Disturbing containers.
17-110. Refuse collection fees.

17-101. **Refuse defined.** Refuse shall mean and include garbage, rubbish, leaves, brush, and refuse as those terms are generally defined except that dead animals and fowls, body wastes, hot ashes, rocks, concrete, bricks, and similar materials including but not limited to all types of building materials, are expressly excluded therefrom and shall not be stored therewith. (1975 Code, § 8-201, modified)

17-102. **Premises to be kept clean.** All persons within the town are required to keep their premises in a clean and sanitary condition, free from accumulations of refuse except when stored as provided in this chapter. (1975 Code, § 8-202)

17-103. **Storage.** Each owner, occupant, or other responsible person using or occupying any building or other premises within this town where refuse accumulates or is likely to accumulate, shall provide and keep covered an adequate number of refuse containers. The refuse containers shall be strong, durable, and rodent and insect proof. They shall each have a capacity of not less than twenty (20) nor more than thirty-two (32) gallons, except that this

---

1Municipal code reference
Property maintenance regulations: title 13.
maximum capacity shall not apply to larger containers which the town handles mechanically. Furthermore, except for containers which the town handles mechanically, the combined weight of any refuse container and its contents shall not exceed seventy-five (75) pounds. No refuse shall be placed in a refuse container until such refuse has been drained of all free liquids. Tree trimmings, hedge clippings, and similar materials shall be cut to a length not to exceed four (4) feet and shall be securely tied in individual bundles weighing not more than seventy-five (75) pounds each and being not more than two (2) feet thick before being deposited for collection. (1975 Code, § 8-203)

17-104. **Brush.** Brush is defined as tree limbs. Brush shall be cut to a length that can be handled by one (1) person without mechanical assistance. Brush created by a professional tree service or individuals otherwise hired to cut trees and/or brush are expressly excluded and will be disposed of by the person or persons hired to cut the brush or by the property owner. Brush will be collected on a first come basis and shall be administered by using the town's work order system. Reasonable quantities of brush (two (2) cubic yards or less) will be collected at no charge for one (1) pick up per month per household. Collections which exceed two (2) cubic yards or which exceed one (1) pick up per month will be assessed a fee of not less than five dollars ($5.00) per additional cubic yard or fraction thereof. The public works director or the city manager will resolve disputes concerning suitability of the material or the quantities involved. (as added by Ord. #24-03, May 2003, and amended by Ord. #2008-07, Nov. 2008)

17-105. **Location of containers.** Where alleys are used by the town refuse collectors, containers shall be placed on or within six (6) feet of the alley line in such a position as not to intrude upon the traveled portion of the alley. Where streets are used by the town refuse collectors, containers shall be placed adjacent to and back of the curb, or adjacent to and back of the ditch or street line if there is no curb, at such times as shall be scheduled by the town for the collection of refuse therefrom. As soon as practicable after such containers have been emptied they shall be removed by the owner to within, or to the rear of, his premises and away from the street line until the next scheduled time for collection. (1975 Code, § 8-204, as renumbered by Ord. #24-03, May 2003)

17-106. **Disturbing containers.** No unauthorized person shall uncover, rifle, pilfer, dig into, turn over, or in any other manner disturb or use any refuse container belonging to another. This section shall not be construed to prohibit the use of public refuse containers for their intended purpose. (1975 Code, § 8-205, as renumbered by Ord. #24-03, May 2003)

17-107. **Collection.** All refuse accumulated within the corporate limits shall be collected, conveyed, and disposed of under the supervision of the city
manager. Collections shall be made regularly in accordance with an announced schedule. (1975 Code, § 8-206, as renumbered by Ord. #24-03, May 2003)

17-108. **Collection vehicles.** The collection of refuse shall be by means of vehicles with beds constructed of impervious materials which are easily cleanable and so constructed that there will be no leakage of liquids draining from the refuse onto the streets and alleys. Furthermore, all refuse collection vehicles shall utilize closed beds or such coverings as will effectively prevent the scattering of refuse over the streets or alleys. (1975 Code, § 8-207, as renumbered by Ord. #24-03, May 2003)

17-109. **Disposal.** The disposal of refuse in any quantity by any person in any place, public or private, other than at the site or sites designated for refuse disposal by the board of commissioners is expressly prohibited. (1975 Code, § 8-208, as renumbered by Ord. #24-03, May 2003)

17-110. **Refuse collection fees.** (1) **Residential.** The cost of residential refuse collection shall be as follows:

   a) **Inside city limits residential customers.** Based on one (1) pick-up per week the cost will be twelve dollars sixty cents ($12.60) per month. If any additional pick-ups are needed there will be an additional charge based on the number of pick-ups needed at a cost of twelve dollars ($12.00) for each additional weekly pick-up.

   b) **Outside city limits residential customers.** Based on one (1) pick-up per week the cost will be eighteen dollars ($18.00) per month. If any additional pick-ups are needed there will be an additional charge based on the number of pick-ups needed at a cost of twelve dollars ($12.00) for each additional weekly pick-up.

(2) **Commercial.** The cost of commercial refuse collection will be as follows:

   a) **Inside city limits commercial customers.** Based on one (1) pick-up per week the cost will be thirty-seven dollars twenty cents ($37.20) per month. Additional pick-ups will be twelve dollars ($12.00) for each additional weekly pick-up.

   b) **Outside city limits commercial customers.** Based on one (1) pick-up per week the cost will be forty-eight dollars ($48.00) per month. Additional pick-ups will be twelve dollars ($12.00) for each additional weekly pick-up. (1975 Code, § 8-209, as renumbered by Ord. #24-03, May 2003, and amended by Ord. #38-04, June 2004, and Ord. #2012-06, July 2012)

3. CROSS CONNECTIONS, AUXILIARY INTAKES, ETC.
4. INDUSTRIAL/COMMERCIAL WASTEWATER REGULATIONS.

CHAPTER 1

WATER AND SEWER SYSTEM ADMINISTRATION

SECTION
18-102. Definitions.
18-103. Application and contract for service.
18-104. Service charges for temporary service.
18-105. Connection charges.
18-106. Water and sewer main extensions.
18-109. Meter tests.
18-110. Multiple services through a single meter prohibited.
18-111. Customer billing and payment policy.
18-112. Termination or refusal of service.
18-113. Termination of service by customer.
18-114. Safe access to customer's premises.
18-115. Inspections.
18-117. Customer's responsibility for violations.
18-118. Supply and resale of water.
18-119. Unauthorized use of or interference with water supply.
18-120. Limited use of unmetered private fire line.
18-121. Damages to property due to water pressure.
18-122. Liability for cutoff failures.
18-123. Restricted use of water.

1Municipal code references
Building, utility and housing codes: title 12.
Cross connections: title 18.
Refuse disposal: title 17.
Wastewater treatment: title 18.
18-124. Interruption of service.
18-125. Schedule of rates.
18-126. Billing; leak adjustment policy.

18-101. Application and scope. The provisions of this chapter are a part of all contracts for receiving water and sewer service from the town and shall apply whether the service is based upon contract, agreement, signed application, or otherwise. (1975 Code, § 13-101)

18-102. Definitions. (1) "Customer" means any person, firm, or corporation who receives water and/or sewer service from the town under either an express or implied contract.

(2) "Service line" shall consist of the pipe line extending from any water or sewer main of the town to private property. Where a meter and meter box are located on private property, the service line shall be construed to include the pipe line extending from the town's water main to and including the meter and meter box.

(3) "Dwelling" means any single structure, with auxiliary buildings, occupied by one or more persons or households for residential purposes.

(4) "Premise" means any structure or group of structures operated as a single business or enterprise, provided, however, the term "premise" shall not include more than one (1) dwelling. (1975 Code, § 13-102, modified)

18-103. Application and contract for service. Each prospective customer desiring water and/or sewer service will be required to sign a standard form contract and pay a non-refundable connection fee of $50.00 before service is supplied. If, for any reason, the customer, after signing a contract for service, does not take such service by reason of not occupying the premises or otherwise, he shall reimburse the town for the expense incurred by reason of its endeavor to furnish such service if the cost should exceed $50.00.

The receipt of a prospective customer's application for service shall not obligate the town to render the service applied for. If the service applied for cannot be supplied in accordance with the provisions of this chapter, the liability of the town to the applicant shall be limited to the return of any connection fee made by such applicant. (1975 Code, §§ 13-102 and 103, modified, and replaced by Ord. #262-98, Feb. 1998)

18-104. Service charges for temporary service. Customers requiring temporary service shall pay all costs for connection and disconnection incidental to the supplying and removing of service in addition to the regular charge for water and/or sewer service. (1975 Code, § 13-105)

18-105. Connection charges. Service lines will be laid by the town from its mains to the property line at the expense of the applicant for service. The location of such lines will be determined by the town.
Before a new water or service line will be laid by the town, the applicant shall make a deposit. The cost of the deposit shall be determined by the following schedule:

<table>
<thead>
<tr>
<th></th>
<th>Water Tap</th>
<th>Sewer Tap</th>
</tr>
</thead>
<tbody>
<tr>
<td>FY 88-89</td>
<td>$280.00</td>
<td>$250.00</td>
</tr>
<tr>
<td>FY 89-90</td>
<td>$360.00</td>
<td>$375.00</td>
</tr>
<tr>
<td>FY 90-91</td>
<td>$440.00</td>
<td>$500.00</td>
</tr>
<tr>
<td>FY 91-92</td>
<td>$520.00</td>
<td>$625.00</td>
</tr>
<tr>
<td>FY 92-93</td>
<td>$600.00</td>
<td>$750.00</td>
</tr>
</tbody>
</table>

This deposit shall be used to pay the cost of laying such new service line and appurtenant equipment. If such cost exceeds the amount of the deposit, the applicant shall pay to the town the amount of such excess cost when billed therefor.

When a service line is completed, the town shall be responsible for the maintenance and upkeep of such service line from the main to and including the meter and meter box, and such portion of the service line shall belong to the town. The deposit amounts listed above may be amended from time to time by the town and will reflect the rate indicated in the town's current schedule of rates, charges and fees. (1975 Code, § 13-106, as replaced by Ord. #193, _____, and amended by Ord. # 2007-11, Dec. 2007)

18-106. Water and sewer main extensions. Persons desiring water and/or sewer main extensions must pay all of the cost of making such extensions as determined by the board of commissioners.

All such extensions shall be installed either by town forces or by other forces working directly under the supervision of the town in accordance with plans and specifications prepared by an engineer registered with the State of Tennessee.

Upon completion of such extensions and their approval by the town, such water and/or sewer mains shall become the property of the town. The persons paying the cost of constructing such mains shall execute any written instruments requested by the town to provide evidence of the town’s title to such mains. In consideration of such mains being transferred to it, the town shall incorporate said mains as an integral part of the municipal water and sewer systems and shall furnish water and sewer service therefrom in accordance with Municipal code reference Construction of building sewers: this title, chapter 2.
these rules and regulations, subject always to such limitations as may exist because of the size and elevation of the mains. (1975 Code, § 13-108, modified)

18-107. Water and sewer main extension variances. Whenever the board of commissioners is of the opinion that it is to the best interest of the town and its inhabitants to construct a water and/or sewer main extensions without requiring strict compliance with the preceding section, such extension may be constructed upon such terms and conditions as shall be approved by the board of commissioners.

The authority to make water and/or sewer main extensions under the preceding section is permissive only and nothing contained therein shall be construed as requiring the town to make such extensions or to furnish service to any person or persons. (1975 Code, § 13-109)

18-108. Meters. All meters shall be installed, tested, repaired, and removed only by the town.

No one shall do anything which will in any way interfere with or prevent the operation of a meter. No one shall tamper with or work on a water meter without the written permission of the town. No one shall install any pipe or other device which will cause water to pass through or around a meter without the passage of such water being registered fully by the meter. (1975 Code, § 13-110)

18-109. Meter tests. The town will, at its own expense, make routine tests of meters when it considers such tests desirable.

In testing meters, the water passing through a meter will be weighed or measured at various rates of discharge and under varying pressures. To be considered accurate, the meter registration shall check with the weighed or measured amounts of water within the percentage shown in the following table:

<table>
<thead>
<tr>
<th>Meter Size</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>5/8&quot;, 3/4&quot;, 1&quot;, 2&quot;</td>
<td>2%</td>
</tr>
<tr>
<td>3&quot;</td>
<td>3%</td>
</tr>
<tr>
<td>4&quot;</td>
<td>4%</td>
</tr>
<tr>
<td>6&quot;</td>
<td>5%</td>
</tr>
</tbody>
</table>

The town will also make tests or inspections of its meters at the request of the customer. However, if a test required by a customer shows a meter to be accurate within the limits stated above, the customer shall pay a meter testing charge in the amount stated in the following table:

<table>
<thead>
<tr>
<th>Meter Size</th>
<th>Test Charge</th>
</tr>
</thead>
<tbody>
<tr>
<td>5/8&quot;, 3/4&quot;, 1&quot;</td>
<td>$ 2.00</td>
</tr>
<tr>
<td>1-1/2&quot;, 2&quot;</td>
<td>5.00</td>
</tr>
</tbody>
</table>
If such test show a meter not to be accurate within such limits, the cost of such meter test shall be borne by the town.  (1975 Code, § 13-111)

18-110. **Multiple services through a single meter prohibited.**

No customer shall supply water service, nor allow water to be carried or run through a hose or pipe, or otherwise, to more than one (1) dwelling, premise or business without first having received written permission from the town, signed by the city manager. Where permission is granted for more than one (1) dwelling, premise or business to be served through a single meter, the methods or charging for such service shall be as follows.

Where the town allows more than one (1) dwelling, premise of business to be served through a single service line and meter, there will be a minimum bill charged for each dwelling, premise or business to be served by the same meter (i.e., example: 3 dwellings, premises or businesses on one (1) meter that would mean a minimum bill charged for each dwelling, premise or business for a total of 3 minimum bills charged.) (1975 Code, § 13-113, modified, as replaced by Ord. #2007-11, Dec. 2007)

18-111. **Customer billing and payment policy.** Water and sewer bills shall be rendered monthly and shall designate a standard net payment period for all members of not less than ten (10) days after the date of the bill. Failure to receive a bill will not release a customer from payment obligation. There is established for all members a late payment charge not to exceed 10% for any portion of the bill paid after the net payment period. Payment must be received in the water and sewer department no later than 4:30 P.M. on the due date. If the due date falls on Saturday, Sunday, or a holiday, net payment will be accepted if paid on the next business day no later than 4:30 P.M.

If a meter fails to register properly, or if a meter is removed to be tested or repaired, or if water is received other than through a meter, the town reserves the right to render an estimated bill based on the best information available. (1975 Code, § 13-114, modified)

18-112. **Termination or refusal of service.** (1) Basis of termination or refusal. The town shall have the right to discontinue water and sewer service or to refuse to connect service for a violation of, or a failure to comply with, any of the following:

(a) Non-payment of bill or other charges;
(b) Partial payment of bill or other charges;
(c) Failure to comply with utility rules, regulations or policies;
(d) Any threat to public health on the customer's premises which may endanger other customers; and

(e) Tampering with utility equipment or stealing service.

Service cut-offs for non-payment or partial payment of bills, amounts that are twenty-five dollars ($25.00) or more, will begin on the 23rd of each month at 9:00 A.M. There are no exceptions. If the 23rd of the month falls on a Friday, a weekend, or before a holiday, cut-offs will be the next business day. The Town of Spring City will not disconnect services in the months of November and December and when the high temperature for the day does not exceed the freezing level.

Payments received in the night depository by 8:00 A.M. on the morning of cut-offs will not be disconnected. Payments must be received in the utility office no later than 9:00 A.M. the day of cut-off to avoid service disconnection.

(2) Termination of service. Reasonable written notice shall be given to the customer before termination of water service according to the following terms and conditions:

(a) Written notice of termination (cut-off) shall be given to the customer at least five (5) days prior to the scheduled date of termination. The cut-off notice shall specify the reason for the cut-off, and
   (i) The amount due, including other charges.
   (ii) The last date to avoid service termination.
   (iii) Notification of the customer's right to a hearing prior to service termination, and, in the case of nonpayment of bills, of the availability of special counseling for emergency and hardship cases.

(b) In the case of termination for nonpayment of bills, the employee carrying out the termination procedure will attempt before disconnecting service to contact the customer at the premises in a final effort to collect payment and avoid termination. If the customer is not at home, service may be left connected for one (1) additional day and a further notice left at a location conspicuous to the customer.

(c) Hearings for service termination, including for nonpayment of bills, will be held by appointment at the company office during business hours on any business day, or by special request and appointment a hearing may be scheduled outside those hours.

(d) Termination will not be made on any preceding day when the water and sewer department is scheduled to be closed.

(e) If a customer does not request a hearing, or, in the case of nonpayment of a bill, does not make payment of the bill, or does not otherwise correct the problem that resulted in the notice of termination in a manner satisfactory to the water and sewer department, the same shall proceed on schedule with service termination.

(f) Service termination for any reason shall be reconnected only after the payment of all charges due or satisfactory arrangements for
payment have been made, or the correction of the problem that resulted in the termination of service in a manner satisfactory to the water and sewer department, plus the payment of a reconnection charge of $25.00 if the reconnection is made during regular business hours.

(3) In the following situations, the Town of Spring City and Spring City Waterworks reserve the right to disconnect service without customer notice:
   (a) When in the opinion of the town manager, a situation exists that may endanger public health;
   (b) When there is evidence of tampering with the Town of Spring City equipment or theft of service;
   (c) Where it is discovered that a misrepresentation of identity was made in obtaining service.

Service will be reinstated on the day of cut-offs after 12:30 P.M. until 4:15 P.M. on the days that follow cut-off, reinstatement will occur during normal office hours between 8:00 A.M. and 4:15 P.M. except in the case of an emergency.

The utility bills are recurring charges. Failure by the customer to receive a utility bill will not entitle the customer to be relieved of payment. The customer shall pay all costs for the disconnection of service on any reconnection fee. The charges for these services are shown in the schedule of rates and charges.

Spring City Waterworks and the Town of Spring City will not be liable for any loss or damage resulting from the disconnection of services.

The reconnection charge shall be fifty dollars ($50.00). (1975 Code, §§ 13-115 and 13-116, modified, as amended by Ord. #2011-09, Nov. 2011)

18-113. Termination of service by customer. Customers who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days written notice to that effect unless the contract specifies otherwise. Notice to discontinue service prior to the expiration of a contract term will not relieve the customer from any minimum or guaranteed payment under such contract or applicable rate schedule.

When service is being furnished to an occupant of premises under a contract not in the occupant's name, the town reserves the right to impose the following conditions on the right of the customer to discontinue service under such a contract:

(1) Written notice of the customer's desire for such service to be discontinued may be required; and the town shall have the right to continue such service for a period of not to exceed ten (10) days after receipt of such written notice, during which time the customer shall be responsible for all charges for such service. If the town should continue service after such ten (10) day period subsequent to the receipt of the customer's written notice to discontinue service, the customer shall not be responsible for charges for any service furnished after the expiration of the ten (10) day period.
(2) During the ten (10) day period, the occupant of premises to which service has been ordered discontinued by a customer other than such occupant, may be allowed by the town to enter into a contract for service in the occupant's own name upon the occupant's complying with these rules and regulations with respect to a new application for service. (1975 Code, § 13-117)

18-114. Safe access to customers' premises. The town's identified representatives and employees shall be granted safe access to all customers' premises at all reasonable times for the purpose of reading meters, for testing, inspecting, repairing, removing, and replacing all equipment belonging to the town, and for inspecting customers' plumbing and premises generally in order to secure compliance with these rules and regulations. (1975 Code, § 13-118)

18-115. Inspections. The town shall have the right, but shall not be obligated to inspect any installation or plumbing system before water and/or sewer service is furnished or at any later time whenever there is reason to believe that the plumbing may not meet minimum standard requirements fixed by municipal ordinance regulating building and plumbing, or not in accordance with any special contract, these rules and regulations, or other requirements of the municipality.

Should the public works director feel, because of information available to him, that a property owner has an excessive leak, he shall have the right, but shall not be obligated to, inspect the plumbing and upon his satisfaction that such a leak does exist, notify the property owner of the leak. Upon proof of the repair of the leak within ten days of notification of the leak, the town manager is authorized to give an adjustment for the excessive charges due to the leak based on the best information available.

In the event that the leak is not repaired within ten days, the town reserves the right to discontinue service to the customer until proof is received that the leak has been repaired and the public works director has inspected and approved the repairs.

Any failure to inspect or reject a customer's installation or plumbing system shall not render the municipality liable or responsible for any loss or damage which might have been avoided, had such inspection or rejection been made. (1975 Code, § 13-119, as added by Ord. #195, _____)

18-116. Customer's responsibility for system's property. Except as herein elsewhere expressly provided, all meters, service connections, and other equipment furnished by or for the town shall be and remain the property of the town. Each customer shall provide space for and exercise proper care to protect the property of the town on his premises. In the event of loss or damage to such property arising from the neglect of a customer to care for it properly, the cost of necessary repairs or replacements shall be paid by the customer. (1975 Code, § 13-120)
18-117. **Customer's responsibility for violations.** Where the town furnishes water and/or sewer service to a customer, such customer shall be responsible for all violations of these rules and regulations which occur on the premises so served. Personal participation by the customer in any such violations shall not be necessary to impose such personal responsibility on him. (1975 Code, § 13-121)

18-118. **Supply and resale of water.** All water shall be supplied within the town exclusively by the town, and no customer shall, directly or indirectly, sell, sublet, assign, or otherwise dispose of the water or any part thereof except with written permission from the town. (1975 Code, § 13-122)

18-119. **Unauthorized use of or interference with water supply.** No person shall turn on or turn off any of the town's stop cocks, valves, hydrants, spigots, or fire plugs without permission or authority from the town. (1975 Code, § 13-123)

18-120. **Limited use of unmetered private fire line.** Where a private fire line is not metered, no water shall be used from such line or from any fire hydrant thereon, except to fight fire or except when being inspected in the presence of an authorized agent of the town.

All private fire hydrants shall be sealed by the town, and shall be inspected at regular intervals to see that they are in proper condition and that no water is being used therefrom in violation of these rules and regulations. When the seal is broken on account of fire, or for any other reason, the customer taking such service shall immediately give the town a written notice of such occurrence. (1975 Code, § 13-124)

18-121. **Damages to property due to water pressure.** The town shall not be liable to any customer for damages caused to his plumbing or property by high pressure, low pressure, or fluctuations in pressure in the town's water mains. (1975 Code, § 13-125)

18-122. **Liability for cutoff failures.** The town's liability shall be limited to the forfeiture of the right to charge a customer for water that is not used but is received from a service line under any of the following circumstances:

1. After receipt of at least ten (10) days' written notice to cut off water service, the town has failed to cut off such service.

2. The town has attempted to cut off a service but such service has not been completely cut off.

3. The town has completely cut off a service but subsequently the cutoff develops a leak or is turned on again so that water enters the customer's pipes from the town's main.
Except to the extent stated above, the town shall not be liable for any loss or damage resulting from cutoff failures. If a customer wishes to avoid possible damage for cutoff failures, the customer shall rely exclusively on privately owned cutoffs and not on the town’s cutoff. Also, the customer (and not the town) shall be responsible for seeing that his plumbing is properly drained and is kept properly drained, after his water service has been cut off. (1975 Code, § 13-126)

18-123. **Restricted use of water.** In times of emergencies or in times of water shortage, the town reserves the right to restrict the purposes for which water may be used by a customer and the amount of water which a customer may use. (1975 Code, § 13-127)

18-124. **Interruption of service.** The town will endeavor to furnish continuous water and sewer service, but does not guarantee to the customer any fixed pressure or continuous service. The town shall not be liable for any damages for any interruption of service whatsoever.

In connection with the operation, maintenance, repair, and extension of the municipal water and sewer systems, the water supply may be shut off without notice when necessary or desirable, and each customer must be prepared for such emergencies. The town shall not be liable for any damages from such interruption of service or for damages from the resumption of service without notice after any such interruption. (1975 Code, § 13-128)

18-125. **Schedule of rates.**

**WATER RATES**

**WATER RATES INSIDE THE CITY (RESIDENTIAL)**

* 3/4” WATER METER

- First 2,000 gallons (minimum bill): $18.57
- All over 2,000 gallons (cost per 1,000 gallons): $6.95

**1” TO 2” WATER METER (COMMERCIAL)**

- First 2,000 gallons (minimum bill): $25.20
- All over 2,000 gallons (cost per 1,000 gallons): $6.95

**3” AND ABOVE WATER METER (COMMERCIAL)**

- First 2,000 gallons (minimum bill): $31.50
- All over 2,000 gallons (cost per 1,000 gallons): $6.95

- Each 1,000 gallons over minimum (cost per 1,000 gallons) $4.73

FORCE MAIN SEWER RATE (COMMERCIAL - OUTSIDE CITY)

- First 10,000 gallons (minimum bill) $63.00
- Each 1,000 gallons over minimum (cost per 1,000 gallons) $4.73
- Non-refundable service charge/re-connection fee (after non-payment turn-off) $50.00
- After hours non-refundable service charge/re-connection $75.00
- Service charge, water off/on for leak on customer side of meter $20.00
- After hours service charge, water off/on for leak on customer’s side of meter $30.00
- Tampering fee (damaged lock; damaged shutoff valve; damaged meter; damaged firefly) $100.00
- Non-refundable connection fee service: home owner $50.00
- Non-refundable connection fee service: rentals $100.00

TAP FEES

- Sewer tap (gravity) $750.00
FORCEMAIN SEWER TAP

Residential inside city (plus the cost of materials) $1,000.00
Residential outside city (plus the cost of materials) $3,500.00
Commercial inside city (plus the cost of materials) $3,000.00
Commercial outside city (plus the cost of materials) $5,000.00

WATER TAPS

3/4 inch water tap/watering and irrigation tap $600.00
1 inch water tap $900.00
2 inch water tap $2,400.00
Greater than 2 inch water tap *$2,400.00 -
plus cost of material

SANITATION RATES

Residential rate (inside city) $10.50
Commercial rate (inside city) $31.00
Each additional garbage pick-up $10.00
Residential rate (outside city) $15.50
Commercial rate (outside city) $40.00

(1) Sewer adjustment (swimming pools). Customers filling swimming pools can receive one (1) adjustment a year on their sewer charge not to exceed (1) billing cycle. The adjustment must be requested by the customer; this will not be an automatic adjustment made to any account. The customer will be given a six (6) months average on the first one hundred dollars ($100.00) billed from their sewer charge. If the bill is over one hundred dollars ($100.00) then the next one hundred one dollars ($101.00) will be adjusted by taking one-half (1/2) of the bill and giving a six (6) months average. The customer will pay one-half (1/2) of what is over one hundred dollars ($100.00) plus whatever the six (6) month average is added together. The six (6) months average will be on their previous usage that does not include the month(s) where the pool has been filled. The adjustment will be on the (sewer portion of their bill only). No adjustments will be made on the water used to fill the swimming pool.
(2) **Watering and irrigation.** Notwithstanding any provision in this code to the contrary, a property owner may request the installation of a water service meter on their property for use in providing metered water for uses such as lawn and garden, swimming pool filling, outside washing and similar uses in which the water does not thereafter enter the sanitary sewer system. Meter location shall be determined by the city. In such an instance the normal fee for sewer service otherwise attributed to the customer’s bill will not be charged. Under no circumstances may such a connection be made for any interior use or be connected to a structure on the land. The cost of the installation of an additional water meter shall be determined by the tap fee schedule. The property owner shall pay this amount in advance of meter installation. Additionally, the property owner shall in such instance pay a non-refundable connection fee determined by the fee schedule. If a meter is already present on the property then the non-refundable connection fee is required of the owner and this is to also be paid in advance. The customer will then be charged for water used through this meter without a charge for sewer usage. Under no circumstances can water be run below ground through a hose, pipe, or other conveyance. All connections to the water provided via this water service meter must be above ground and in plain view available to inspection by the proper authorities of the Town of Spring City. In addition to any other penalty or remedy provided herein to the Town of Spring City, the town shall disconnect from service any installation of a water meter and the customer shall forfeit the cost of installation and any connection fees should the water customer violate the terms of this provision.  (as added by Ord. #60-06, Sept. 2006, and replaced by Ord. #2007-8, Dec. 2007, Ord. #2008-1, May 2008, Ord. #2008-06, Oct. 2008, Ord. #2009-03, July 2009, and Ord. #2010-10, Jan. 2011)

18-126. **Billing: leak adjustment policy.** Any and all leaks that run through the water usage meter shall be deemed the expense of the resident and or property owner of the said property. The corresponding sewer portion of the billing will be adjusted off of the billing, due to the fact that lost water will not be treated through the sewer system.  (as added by Ord. #2010-01, April 2010)
CHAPTER 2

GENERAL WASTEWATER REGULATIONS

SECTION
18-201. Purpose and policy.
18-203. Definitions.
18-204. Proper waste disposal required.
18-205. Private domestic wastewater disposal.
18-206. Connection to public sewers.
18-207. Septic tank effluent pump or grinder pump wastewater systems.
18-208. Regulation of holding tank waste disposal or trucked in waste.
18-209. Discharge regulations.
18-210. Enforcement and abatement.

18-201. Purpose and policy. This chapter sets forth uniform requirements for users of the Town of Spring City, Tennessee, wastewater treatment system and enables the town to comply with the Federal Clean Water Act and the state Water Quality Control Act and rules adopted pursuant to these acts. The objectives of this chapter are:

(1) To protect public health;
(2) To prevent the introduction of pollutants into the municipal wastewater treatment facility, which will interfere with the system operation;
(3) To prevent the introduction of pollutants into the wastewater treatment facility that will pass-through the facility, inadequately treated, into the receiving waters, or otherwise be incompatible with the treatment facility;
(4) To protect facility personnel who may be affected by wastewater and sludge in the course of their employment and the general public;
(5) To promote reuse and recycling of industrial wastewater and sludge from the facility;
(6) To provide for fees for the equitable distribution of the cost of operation, maintenance, and improvement of the facility; and
(7) To enable the town to comply with its National Pollution Discharge Elimination System (NPDES) permit conditions, sludge and biosolid use and disposal requirement, and any other federal or state industrial pretreatment rules to which the facility is subject.

In meeting these objectives, this chapter provides that all persons in the service area of the Town of Spring City must have adequate wastewater treatment either in the form of a connection to the municipal wastewater treatment system or, where the system is not available, an appropriate private disposal system.
This chapter shall apply to all users inside or outside the town who are, by implied contract or written agreement with the town, dischargers of applicable wastewater to the wastewater treatment facility. Chapter 4 provides for the issuance of permits to system users, for monitoring, compliance, and enforcement activities; establishes administrative review procedures for industrial users or other users whose discharge can interfere with or cause violations to occur at the wastewater treatment facility. Chapter 4 details permitting requirements including the setting of fees for the full and equitable distribution of costs resulting from the operation, maintenance, and capital recovery of the wastewater treatment system and from other activities required by the enforcement and administrative program established herein. (Ord. #160, _____, as replaced by Ord. #2011-01, Feb. 2011)

18-202. Administrative. Except as otherwise provided herein, the city manager shall serve as local administrative officer of the town and shall administer, implement, and enforce the provisions of this chapter. The board of commissioners shall serve as the local hearing authority. (Ord. #160, _____, as replaced by Ord. #2011-01, Feb. 2011)

18-203. Definitions. Unless the context specifically indicates otherwise, the following terms and phrases, as used in this chapter, shall have the meanings hereinafter designated:

(1) "Administrator." The administrator or the United States Environmental Protection Agency.

(2) "Act or the Act." The Federal Water Pollution Control Act, also known as the Clean Water Act, as amended and found in 33 USC § 1251, et seq.

(3) "Approval authority." The Tennessee Department of Environment and Conservation, Division of Water Pollution Control.

(4) "Authorized or duly authorized representative of industrial user":

(a) If the user is a corporation:

(i) The president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any person who performs similar policy or decision-making functions for the corporation; or

(ii) The manager of one (1) or more manufacturing, production, or operating facilities, provided the manager is authorized to make management decisions that govern the operation of the regulated facility including having the explicit or implicit duty of making major capital investment recommendations, and initiate and direct other comprehensive measures to assure long-term environmental compliance with environmental laws and regulations; can insure that the necessary systems are established or actions taken to gather complete and accurate information for individual wastewater discharge permit
requirements; and where authority to sign documents has been
assigned or delegated to the manager in accordance with corporate
procedures.
(b) If the user is a partnership or sole proprietorship: a general
partner or proprietor, respectively.
(c) If the user is a federal, state, or local governmental agency:
a director or highest official appointed or designated to oversee the
operation and performance of the activities of the governmental facility,
or their designee.
(d) The individual described in subsections (a)--(c), above, may
designate a duly authorized representative if the authorization is in
writing, the authorization specifies the individual or position responsible
for the overall operation of the facility from which the discharge
originates or having overall responsibility for environmental matters for
the company, and the written authorization is submitted to the town.
(5) "Best Management Practices" or "BMPs" means schedules of
activities, prohibitions of practices, maintenance procedures, and other
management practices to implement the prohibitions listed in § 18-209 of this
chapter. BMPs also include treatment requirement, operating procedures, and
practices to control plant site runoff, spillage or leaks, sludge or waste disposal,
or drainage from raw materials storage.
(6) "Biochemical Oxygen Demand (BOD)." The quantity of oxygen
utilized in the biochemical oxidation of organic matter under standard
laboratory procedure for five (5) days at twenty (20) centigrade expressed in
terms of weight and concentration (milligrams per liter (mg/l)).
(7) "Building sewer." A sewer conveying wastewater from the
premises of a user to the publicly owned sewer collection system.
(8) "Categorical standards." The national categorical pretreatment
standards or pretreatment standard as found in 40 CFR chapter I,
subchapter N, parts 405-471.
(9) "City/town." The Board of Commissioners, Town of Spring City,
Tennessee.
(10) "Commissioner." The commissioner of environment and
conservation or the commissioner's duly authorized representative and, in the
event of the commissioner's absence or a vacancy in the office of commissioner,
the deputy commissioner.
(11) "Compatible pollutant." Shall mean BOD, suspended solids, pH,
fecal coliform bacteria, and such additional pollutants as are now or may in the
future be specified and controlled in the town's NPDES permit for its
wastewater treatment works where sewer works have been designed and used
to reduce or remove such pollutants.
(12) "Composite sample." A sample composed of two (2) or more discrete
samples. The aggregate sample will reflect the average water quality covering
the compositing or sample period.
(13) "Control authority." The term "control authority" shall refer to the "approval authority," defined herein above; or the local hearing authority if the town has an approved pretreatment program under the provisions of 40 CFR 403.11.

(14) "Cooling water." The water discharge from any use such as air conditioning, cooling, or refrigeration, or to which the only pollutant added is heat.

(15) "Customer." Any individual, partnership, corporation, association, or group who receives sewer service from the town under either an express or implied contract requiring payment to the town for such service.

(16) "Daily maximum." The arithmetic average of all effluent samples for a pollutant (except pH) collected during a calendar day. The daily maximum for pH is the highest value tested during a twenty-four (24) hour calendar day.

(17) "Daily maximum limit." The maximum allowable discharge limit of a pollutant during a calendar day. Where the limit is expressed in units of mass, the limit is the maximum amount of total mass of the pollutant that can be discharged during the calendar day. Where the limit is expressed in concentration, it is the arithmetic average of all concentration measurements taken during the calendar day.

(18) "Direct discharge." The discharge of treated or untreated wastewater directly to the waters of the State of Tennessee.

(19) "Domestic wastewater." Wastewater that is generated by a single family, apartment or other dwelling unit or dwelling unit equivalent or commercial establishment containing sanitary facilities for the disposal of wastewater and used for residential or commercial purposes only.

(20) "Environmental Protection Agency, or EPA." The U.S. Environmental Protection Agency, or where appropriate, the term may also be used as a designation for the administrator or other duly authorized official of the said agency.

(21) "Garbage." Solid wastes generated from any domestic, commercial or industrial source.

(22) "Grab sample." A sample which is taken from a waste stream on a one (1) time basis with no regard to the flow in the waste stream and is collected over a period of time not to exceed fifteen (15) minutes. Grab sampling procedure: Where composite sampling is not an appropriate sampling technique, a grab sample(s) shall be taken to obtain influent and effluent operational data. Collection of influent grab samples should precede collection of effluent samples by approximately one (1) detention period. The detention period is to be based on a twenty-four (24) hour average daily flow value. The average daily flow used will be based upon the average of the daily flows during the same month of the previous year. Grab samples will be required, for example, where the parameters being evaluated are those, such as cyanide and phenol, which may not be held for any extended period because of biological, chemical or physical interactions which take place after sample collection and affect the results.
(23) "Grease interceptor." An interceptor whose rated flow is fifty (50) gpm (gallons per minute) or less and is generally located inside the building.

(24) "Grease trap." An interceptor whose rated flow is fifty (50) gpm or more and is located outside the building.

(25) "Holding tank waste." Any waste from holding tanks such as vessels, chemical toilets, campers, trailers, septic tanks, and vacuum-pump tank trucks.

(26) "Incompatible pollutant." Any pollutant which is not a "compatible pollutant" as defined in this section.

(27) "Indirect discharge." The introduction of pollutants into the WWF from any nondomestic source.

(28) "Industrial user." A source of indirect discharge which does not constitute a "discharge of pollutants" under regulations issued pursuant to section 402, of the Act (33 USC § 1342).

(29) "Industrial wastes." Any liquid, solid, or gaseous substance, or combination thereof, or form of energy including heat, resulting from any process of industry, manufacture, trade, food processing or preparation, or business or from the development of any natural resource.

(30) "Instantaneous limit." The maximum concentration of a pollutant allowed to be discharged at any time, determined from the analysis of any discrete or composited sample collected, independent of the industrial flow rate and the duration of the sampling event.

(31) "Interceptor." A device designed and installed to separate and retain for removal, by automatic or manual means, deleterious, hazardous or undesirable matter from normal wastes, while permitting normal sewage or waste to discharge into the drainage system by gravity.

(32) "Interference." A discharge that, alone or in conjunction with a discharge or discharges from other sources, inhibits or disrupts the WWF, its treatment processes or operations, or its sludge processes, use or disposal, or exceeds the design capacity of the treatment works or collection system.

(33) "Local administrative officer." The chief administrative officer of the local hearing authority.

(34) "Local hearing authority." The board of mayor and aldermen or such person or persons appointed by the board to administer and enforce the provisions of this chapter and conduct hearings pursuant to § 18-405.

(35) "National categorical pretreatment standard." Any regulation containing pollutant discharge limits promulgated by the EPA in accordance with section 307(b) and (c) of the Act (33 USC § 1347) which applies to a specific category of industrial users.

(36) "NAICS, North American Industrial Classification System." A system of industrial classification jointly agreed upon by Canada, Mexico and the United States. It replaces the Standard Industrial Classification (SIC) System.
"New source." (a) Any building, structure, facility or installation from which there is or may be a discharge of pollutants, the construction of which commenced after the publication of proposed pretreatment standards under section 307(c) of the Clean Water Act which will be applicable to such source if such standards are thereafter promulgated in accordance with that section, provided that:

(i) The building structure, facility or installation is constructed at a site at which no other source is located; or

(ii) The building, structure, facility or installation totally replaces the process or production equipment that causes the discharge of pollutants at an existing source; or

(iii) The production or wastewater generating processes of the building, structure, facility or installation are substantially independent of an existing source at the same site. In determining whether these are substantially independent, factors such as the extent to which the new facility is engaged in the same general type of activity as the existing source should be considered.

(b) Construction on a site at which an existing source is located results in a modification rather than a new source if the construction does not create a new building, structure, facility, or installation meeting the criteria of parts (a)(ii) or (a)(iii) of this definition but otherwise alters, replaces, or adds to existing process or production equipment.

(c) Construction of a new source as defined under this subsection has commenced if the owner or operator has:

(i) Begun, or caused to begin as part of a continuous onsite construction program:

(A) Any placement, assembly, or installation of facilities or equipment; or

(B) Significant site preparation work including cleaning, excavation or removal of existing buildings, structures, or facilities which is necessary for the placement, assembly, or installation of new source facilities or equipment; or

(ii) Entered into a binding contractual obligation for the purchase of facilities or equipment which are intended to be used in its operation within a reasonable time. Options to purchase or contracts which can be terminated or modified without substantial loss, and contracts for feasibility, engineering, and design studies do not constitute a contractual obligation under this subsection.

"NPDES (National Pollution Discharge Elimination System)." The program for issuing, conditioning, and denying permits for the discharge of pollutants from point sources into navigable waters, the contiguous zone, and the oceans pursuant to section 402 of the Clean Water Act as amended.
(39) "Pass-through." A discharge which exits the Wastewater Facility (WWF) into waters of the state in quantities or concentrations which, alone or in conjunction with a discharge or discharges from other sources, is a cause of a violation of any requirement of the WWF's NPDES permit including an increase in the magnitude or duration of a violation.

(40) "Person." Any individual, partnership, co-partnership, firm, company, corporation, association, joint stock company, trust, estate, governmental entity or any other legal entity, or their legal representatives, agents, or assigns. The masculine gender shall include the feminine and the singular shall include the plural where indicated by the context.

(41) "pH." The logarithm (base 10) of the reciprocal of the concentration of hydrogen ions expressed in grams per liter of solution.

(42) "Pollution." The man-made or man-induced alteration of the chemical, physical, biological, and radiological integrity of water.

(43) "Pollutant." Any dredged spoil, solid waste, incinerator residue, filter backwash, sewage, garbage, sewage sludge, munitions, medical waste, chemical wastes, biological materials, radioactive materials, heat, wrecked or discharged equipment, rock, sand, cellar dirt, and industrial, municipal, and agricultural waste and certain characteristics of wastewater (e.g., pH, temperature, turbidity, color, BOD, COD, toxicity, or odor discharge into water).

(44) "Pretreatment or treatment." The reduction of the amount of pollutants, the elimination of pollutants, or the alteration of the nature of pollutant properties in wastewater to a less harmful state prior to or in lieu of discharging or otherwise introducing such pollutants into a POTW. The reduction or alteration can be obtained by physical, chemical, biological processes, or process changes or other means, except through dilution as prohibited by 40 CFR section 403.6(d).

(45) "Pretreatment coordinator." The person designated by the local administrative officer or his authorized representative to supervise the operation of the pretreatment program.

(46) "Pretreatment requirements." Any substantive or procedural requirement related to pretreatment other than a national pretreatment standard imposed on an industrial user.

(47) "Pretreatment standards or standards." A prohibited discharge standard, categorical pretreatment standard and local limit.

(48) "Publicly Owned Treatment Works (POTW)." A treatment works as defined by section 212 of the Act, (33 USC § 1292) which is owned in this instance by the municipality (as defined by section 502(4) of the Act). This definition includes any devices and systems used in the storage, treatment, recycling and reclamation of municipal sewage or industrial wastes of a liquid nature. It also includes sewers, pipes and other conveyances only if they convey wastewater to a POTW treatment plant. The term also means the municipality as defined in section 502(4) of the Act, which has jurisdiction over the indirect
discharges to and the discharges from such a treatment works. See WWF, Wastewater Facility, found in definition number 63, below.

(49) "Shall" is mandatory; "may" is permissive.

(50) "Significant industrial user." The term significant industrial user means:

(a) All industrial users subject to categorical pretreatment standards under 40 CFR 403.6 and 40 CFR chapter I, subchapter N; and

(b) Any other industrial user that: discharges an average of twenty-five thousand (25,000) gallons per day or more of process wastewater to the WWF (excluding sanitary, non-contact cooling and boiler blowdown wastewater); contributes a process wastestream which makes up five percent (5%) or more of the average dry weather hydraulic or organic capacity of the POTW treatment plant; or is designated as such by the control authority as defined in 40 CFR 403.12(a) on the basis that the industrial user has a reasonable potential for adversely affecting the WWF's operation or for violating any pretreatment standard or requirement (in accordance with 40 CFR 403.8(f)(6)).

(51) "Significant noncompliance." Per 1200-4-14-.08(6)(b)8. (a) Chronic violations of wastewater discharge limits, defined here as those in which sixty-six percent (66%) or more of all of the measurements taken for each parameter taken during a six (6) month period exceed (by any magnitude) a numeric pretreatment standard or requirement, including instantaneous limit.

(b) Technical Review Criteria (TRC) violations, defined here as those in which thirty-three percent (33%) or more of all of the measurements for each pollutant parameter taken during a six (6) month period equal or exceed the product of the numeric pretreatment standard or requirement, including instantaneous limits multiplied by the applicable TRC (TRC=1.4 for BOD, TSS, fats, oils and grease, and 1.2 for all other pollutants except pH). TRC calculations for pH are not required.

(c) Any other violation of a pretreatment standard or requirement (daily maximum or longer-term average, instantaneous limit, or narrative standard) that the WWF determines has caused, alone or in combination with other discharges, interference or pass-through (including endangering the health of WWF personnel or the general public).

(d) Any discharge of a pollutant that has caused imminent endangerment to human health, welfare or to the environment or has resulted in the WWF's exercise of its emergency authority under § 18-405(1)(b)(i)(D), emergency order, to halt or prevent such a discharge.

(e) Failure to meet, within ninety (90) days after the schedule date, a compliance schedule milestone contained in a local control mechanism or enforcement order for starting construction, completing construction, or attaining final compliance.
(f) Failure to provide, within forty-five (45) days after their due date, required reports such as baseline monitoring reports, ninety (90) day compliance reports, periodic self-monitoring reports, and reports on compliance with compliance schedules.

(g) Failure to accurately report noncompliance.

(h) Any other violation or group of violations, which may include a violation of best management practices, which the WWF determines will adversely affect the operation or implementation of the local pretreatment program.

(i) Continuously monitored pH violations that exceed limits for a time period greater than fifty (50) minutes or exceed limits by more than 0.5 s.u. more than eight (8) times in four (4) hours.

(52) "Slug." Any discharge of a non-routine, episodic nature, including but not limited to an accidental spill or a non-customary batch discharge, which has a reasonable potential to cause interference or pass-through, or in any other way violate the WWF's regulations, local limits, or permit conditions.

(53) "Standard Industrial Classification (SIC)." A classification pursuant to the Standard Industrial Classification Manual issued by the Executive Office of the President, Office of Management and Budget, 1972.

(54) "State." The State of Tennessee.

(55) "Storm sewer or storm drain." A pipe or conduit which carries storm and surface waters and drainage, but excludes sewage and industrial wastes. It may, however, carry cooling waters and unpolluted waters, upon approval of the superintendent.

(56) "Storm water." Any flow occurring during or following any form of natural precipitation and resulting there from.

(57) "Superintendent." The local administrative officer or person designated by him to supervise the operation of the publicly owned treatment works and who is charged with certain duties and responsibilities by this chapter, or his duly authorized representative.

(58) "Suspended solids." The total suspended matter that floats on the surface of, or is suspended in, water, wastewater, or other liquids and that is removable by laboratory filtering.

(59) "Toxic pollutant." Any pollutant or combination of pollutants listed as toxic in regulations published by the administrator of the Environmental Protection Agency under the provision of CWA 307(a) or other Acts.

(60) "Twenty-four (24) hour flow proportional composite sample." A sample consisting of several sample portions collected during a twenty-four (24) hour period in which the portions of a sample are proportioned to the flow and combined to form a representative sample.

(61) "User." The owner, tenant or occupant of any lot or parcel of land connected to a sanitary sewer, or for which a sanitary sewer line is available if a municipality levies a sewer charge on the basis of such availability, Tennessee Code Annotated, § 68-221-201.
(62) "Wastewater." The liquid and water-carried industrial or domestic wastes from dwellings, commercial buildings, industrial facilities, and institutions, whether treated or untreated, which is contributed into or permitted to enter the WWF.

(63) "Wastewater facility." Any or all of the following: the collection/transmission system, treatment plant, and the reuse or disposal system, which is owned by any person. This definition includes any devices and systems used in the storage, treatment, recycling and reclamation of municipal sewage or industrial waste of a liquid nature. It also includes sewers, pipes and other conveyances only if they convey wastewater to a WWF treatment plant. The term also means the municipality as defined in section 502(4) of the Federal Clean Water Act, which has jurisdiction over the indirect discharges to and the discharges from such a treatment works. WWF was formally known as a POTW, or Publicly Owned Treatment Works.

(64) "Waters of the state." All streams, lakes, ponds, marshes, watercourses, waterways, wells, springs, reservoirs, aquifers, irrigation systems, drainage systems, and other bodies of accumulation of water, surface or underground, natural or artificial, public or private, that are contained within, flow through, or border upon the state or any portion thereof.

(65) "1200-4-14." Chapter 1200-4-14 of the Rules and Regulations of the State of Tennessee, Pretreatment Requirements. (Ord. #160, ____, as replaced by Ord. #2011-01, Feb. 2011)

18-204. Proper waste disposal required. (1) It shall be unlawful for any person to place, deposit, or permit to be deposited in any unsanitary manner on public or private property within the service area of the town, any human or animal excrement, garbage, or other objectionable waste.

(2) It shall be unlawful to discharge to any waters of the state within the service area of the town any sewage or other polluted waters, except where suitable treatment has been provided in accordance with provisions of this chapter or town or state regulations.

(3) Except as herein provided, it shall be unlawful to construct or maintain any privy, privy vault, cesspool, or other facility intended or used for the disposal of sewage.

(4) Except as provided in (6) below, the owner of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purposes situated within the service area in which there is now located or may in the future be located a public sanitary sewer, is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper private or public sewer in accordance with the provisions of this chapter. Where public sewer is available property owners shall within sixty (60) days after date of official notice to do so, connect to the public sewer. Service is considered "available" when a public sewer main is located in an easement, right-of-way, road or public access way which abuts the property.
(5) Discharging into the sanitary sewer without permission of the town is strictly prohibited and is deemed "theft of service."

(6) Where a public sanitary sewer is not available under the provisions of (4) above, the building sewer shall be connected to a private sewage disposal system complying with the provisions of § 18-205 of this chapter.

(7) The owner of a manufacturing facility may discharge wastewater to the waters of the state provided that he obtains an NPDES permit and meets all requirements of the Federal Clean Water Act, the NPDES permit, and any other applicable local, state, or federal statutes and regulations.

(8) Users have a duty to comply with the provisions of this chapter in order for the town to fulfill the stated policy and purpose. Significant industrial users must comply with the provisions of this chapter and applicable state and federal rules according to the nature of the industrial discharge. (Ord. #160, _____, as replaced by Ord. #2011-01, Feb. 2011)

18-205. Private domestic wastewater disposal. (1) Availability.

(a) Where a public sanitary sewer is not available under the provisions of § 18-204(4), the building sewer shall be connected, until the public sewer is available, to a private wastewater disposal system complying with the provisions of the applicable local and state regulations.

(b) The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, at no expense to the town. When it becomes necessary to clean septic tanks, the sludge may be disposed of only according to applicable federal and state regulations.

(c) Where a public sewer becomes available, the building sewer shall be connected to said sewer within sixty (60) days after date of official notice from the town to do so.

(2) Requirements. (a) The type, capacity, location and layout of a private sewerage disposal system shall comply with all local or state regulations. Before commencement of construction of a private sewerage disposal system, the owner shall first obtain a written approval from the county health department. The application for such approval shall be made on a form furnished by the county health department which the applicant shall supplement with any plans or specifications that the department has requested.

(b) Approval for a private sewerage disposal system shall not become effective until the installation is completed to the satisfaction of the local and state authorities, who shall be allowed to inspect the work at any stage of construction.

(c) The type, capacity, location, and layout of a private sewage disposal system shall comply with all recommendations of the Tennessee Department of Environment and Conservation, and the county health
(d) No statement contained in this chapter shall be construed to interfere with any additional or future requirements that may be imposed by the town and the county health department. (Ord. #160, ____, as replaced by Ord. #2011-01, Feb. 2011)

18-206. Connection to public sewers. (1) Application for service. 
   (a) There shall be two (2) classifications of service:  
      (i) Residential; and  
      (ii) Service to commercial, industrial and other nonresidential establishments. 
   In either case, the owner or his agent shall make application for connection on a special form furnished by the town. Applicants for service to commercial and industrial establishments shall be required to furnish information about all waste producing activities, wastewater characteristics and constituents. The application shall be supplemented by any plans, specifications or other information considered pertinent in the judgment of the superintendent. Details regarding commercial and industrial permits include but are not limited to those required by this chapter. Service connection fees for establishing new sewer service are paid to the town. Industrial user discharge permit fees may also apply. The receipt by the town of a prospective customer's application for connection shall not obligate the town to render the connection. If the service applied for cannot be supplied in accordance with this chapter and the town's rules and regulations and general practice, or state and federal requirement, the connection charge will be refunded in full, and there shall be no liability of the town to the applicant for such service. 
   (b) Users shall notify the town of any proposed new introduction of wastewater constituents or any proposed change in the volume or character of the wastewater being discharged to the system a minimum of sixty (60) days prior to the change. The town may deny or limit this new introduction or change based upon the information submitted in the notification.

(2) Prohibited connections. No person shall make connections of roof downspouts, sump pumps, basement wall seepage or floor seepage, exterior foundation drains, area way drains, or other sources of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer. Any such connections which already exist on the effective date of the ordinance comprising this chapter shall be completely and permanently disconnected within sixty (60) days of the effective day of the ordinance comprising this chapter. The owners of any building sewer having such connections, leaks or defects shall bear all of the
costs incidental to removal of such sources. Pipes, sumps and pumps for such sources of ground water shall be separate from the sanitary sewer.

(3) Physical connection to public sewer. (a) No person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof. The town shall make all connections to the public sewer upon the property owner first submitting a connection application to the town.

The connection application shall be supplemented by any plans, specifications or other information considered pertinent in the judgment of the superintendent. A service connection fee shall be paid to the town at the time the application is filed.

The applicant is responsible for excavation and installation of the building sewer which is located on private property. The town will inspect the installation prior to backfilling and make the connection to the public sewer.

(b) All costs and expenses incident to the installation, connection, and inspection of the building sewer shall be borne by the owner including all service and connection fees. The owner shall indemnify the town from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

(c) A separate and independent building sewer shall be provided for every building; except where one (1) building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, courtyard, or driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one (1) building sewer. Where property is subdivided and buildings use a common building sewer are now located on separate properties, the building sewers must be separated within sixty (60) days.

(d) Old building sewers may be used in connection with new buildings only when they are found, on examination and tested by the superintendent to meet all requirements of this chapter. All others may be sealed to the specifications of the superintendent.

(e) Building sewers shall conform to the following requirements:

(i) The minimum size of a building sewer shall be as follows: Conventional sewer system – four inches (4"").

(ii) The minimum depth of a building sewer shall be eighteen inches (18"").

(iii) Building sewers shall be laid on the following grades: Four inch (4"") sewers – one-eighth inch (1/8"") per foot. Larger building sewers shall be laid on a grade that will produce a velocity when flowing full of at least two feet (2') per second.
(iv) Building sewers shall be installed in uniform alignment at uniform slopes.

(v) Building sewers shall be constructed only of polyvinyl chloride pipe schedule 40 or better. Joints shall be solvent welded or compression gaskets designed for the type of pipe used. No other joints shall be acceptable.

(vi) Cleanouts shall be provided to allow cleaning in the direction of flow. A cleanout shall be located five feet (5') outside of the building, as it crosses the property line and one (1) at each change of direction of the building sewer which is greater than forty-five degrees (45°). Additional cleanouts shall be placed not more than seventy-five feet (75') apart in horizontal building sewers of six inch (6") nominal diameter and not more than one hundred feet (100') apart for larger pipes. Cleanouts shall be extended to or above the finished grade level directly above the place where the cleanout is installed and protected from damage. A "Y" (wye) and one-eighth (1/8) bend shall be used for the cleanout base. Cleanouts shall not be smaller than four inches (4"). Blockages on the property owner's side of the property line cleanout are the responsibility of the property owner.

(vii) Connections of building sewers to the public sewer system shall be made only by the town and shall be made at the appropriate existing wyes or tee branch using compression type couplings or collar type rubber joint with stainless steel bands. Where existing wye or tee branches are not available, connections of building services shall be made by either removing a length of pipe and replacing it with a wye or tee fitting using flexible neoprene adapters with stainless steel bands of a type approved by the superintendent. Bedding must support pipe to prevent damage or sagging. All such connections shall be made gastight and watertight.

(viii) In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be lifted by an approved pump system according to § 18-207 and discharged to the building sewer at the expense of the owner.

(ix) The methods to be used in excavating, placing of pipe, jointing, testing, backfilling the trench, or other activities in the construction of a building sewer which have not been described above shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the town or to the procedures set forth in appropriate specifications by the ASTM. Any deviation from the prescribed procedures and
materials must be approved by the superintendent before installation.

(x) An installed building sewer shall be gastight and watertight.

(f) All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to protect the public from hazard. Streets, sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the town.

(g) No person shall make connection of roof downspouts, exterior foundation drains, areaway drains, basement drains, sump pumps, or other sources of surface runoff or groundwater to a building directly or indirectly to a public sanitary sewer.

(h) Inspection of connections. (i) The sewer connection and all building sewers from the building to the public sewer main line shall be inspected before the underground portion is covered, by the superintendent or his authorized representative.

(ii) The applicant for discharge shall notify the superintendent when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the superintendent or his representative.

(4) Maintenance of building sewers. Each individual property owner shall be entirely responsible for the construction, maintenance, repair or replacement of the building sewer as deemed necessary by the superintendent to meet specifications of the town. Owners failing to maintain or repair building sewers or who allow storm water or ground water to enter the sanitary sewer may face enforcement action by the superintendent up to and including discontinuation of water and sewer service.

(5) Sewer extensions. All expansion or extension of the public sewer constructed by property owners or developers must follow policies and procedures developed by the town. In the absence of policies and procedures the expansion or extension of the public sewer must be approved in writing by the superintendent or manager of the wastewater collection system. All plans and construction must follow the latest edition of Tennessee Design Criteria for Sewerage Works, located at http://www.state.tn.us/environment/wpc/publications/. Contractors must provide the superintendent or manager with as-built drawing and documentation that all mandrel, pressure and vacuum tests as specified in design criteria were acceptable prior to use of the lines. Contractor's one (1) year warranty period begins with occupancy or first permanent use of the lines. Contractors are responsible for all maintenance and repairs during the warranty period and final inspections as specified by the superintendent or manager. The superintendent or manager must give written approval to the contractor to acknowledge transfer of ownership to the town. Failure to construct or repair
lines to acceptable standards could result in denial or discontinuation of sewer service. (Ord. #160, _____, as amended by Ord. #2007-10, Dec. 2007, and replaced by Ord. #2011-01, Feb. 2011)

18-207. Septic tank effluent pump or grinder pump wastewater systems. When connection of building sewers to the public sewer by gravity flow lines is impossible due to elevation differences or other encumbrances, Septic Tank Effluent Pump (STEP) or Grinder Pump (GP) systems may be installed subject to the regulations of the town.

(1) **Equipment requirements.** (a) Septic tanks shall be of water tight construction and must be approved by the town.

(b) Pumps must be approved by the town and shall be maintained by the town.

(2) **Installation requirements.** Location of tanks, pumps, and effluent lines shall be subject to the approval of the town. Installation shall follow design criteria for STEP and GP systems as provided by the superintendent.

(3) **Costs.** STEP and GP equipment for new construction shall be purchased and installed at the developer's, homeowner's, or business owner's expense according to the specification of the town and connection will be made to the town sewer only after inspection and approval of the town.

(4) **Ownership and easements.** Homeowners or developers shall provide the town with ownership of the equipment and an easement for access to perform necessary maintenance or repair. Access by the town to the STEP and GP system must be guaranteed to operate, maintain, repair, restore service, and remove sludge. Access manholes, ports, and electrical disconnects must not be locked, obstructed or blocked by landscaping or construction.

(5) **Use of STEP and GP systems.** (a) Home or business owners shall follow the STEP and GP users guide provided by the superintendent.

(b) Home or business owners shall provide an electrical connection that meets specifications and shall provide electrical power.

(c) Home or business owners shall be responsible for maintenance of drain lines from the building to the STEP and GP tank.

(d) **Prohibited uses of the STEP and GP system.**

(i) Connection of roof guttering, sump pumps or surface drains.

(ii) Disposal of toxic household substances.

(iii) Use of garbage grinders or disposers.

(iv) Discharge of pet hair, lint, or home vacuum water.

(v) Discharge of fats, grease, and oil.

(6) **Tank cleaning.** Solids removal from the septic tank shall be the responsibility of the town. However, pumping required more frequently than once every five (5) years shall be billed to the homeowner.

(7) **Additional charges.** The town shall be responsible for maintenance of the STEP and GP equipment. Repeat service calls for similar problems shall
be billed to the homeowner or business at a rate of no more than the actual cost of the service call. (Ord. #160, ____, as replaced by Ord. #2011-01, Feb. 2011)

18-208. Regulation of holding tank waste disposal or trucked in waste. (1) No person, firm, association or corporation shall haul in or truck in to the WWF any type of domestic, commercial or industrial waste unless such person, firm, association, or corporation obtains a written approval from the town to perform such acts or services.

Any person, firm, association, or corporation desiring a permit to perform such services shall file an application on the prescribed form. Upon any such application, said permit shall be issued by the superintendent when the conditions of this chapter have been met and providing the superintendent is satisfied the applicant has adequate and proper equipment to perform the services contemplated in a safe and competent manner.

(2) **Fees.** For each permit issued under the provisions of this chapter the applicant shall agree in writing by the provisions of this section and pay an annual service charge to the town to be set as specified in § 18-407 of this title. Any such permit granted shall be for a specified period of time, and shall continue in full force and effect from the time issued until the expiration date, unless sooner revoked, and shall be nontransferable. The number of the permit granted hereunder shall be plainly painted in three inch (3") permanent letters on each side of each motor vehicle used in the conduct of the business permitted hereunder.

(3) **Designated disposal locations.** The superintendent shall designate approved locations for the emptying and cleansing of all equipment used in the performance of the services rendered under the permit herein provided for, and it shall be a violation hereof for any person, firm, association or corporation to empty or clean such equipment at any place other than a place so designated. The superintendent may refuse to accept any truckload of waste at his discretion where it appears that the waste could interfere with the operation of the WWF.

(4) **Revocation of permit.** Failure to comply with all the provisions of the permit or this chapter shall be sufficient cause for the revocation of such permit by the superintendent. The possession within the service area by any person of any motor vehicle equipped with a body type and accessories of a nature and design capable of serving a septic tank of wastewater or excreta disposal system cleaning unit shall be prima facie evidence that such person is engaged in the business of cleaning, draining, or flushing septic tanks or other wastewater or excreta disposal systems within the service area of the Town of Spring City.

(5) **Trucked in waste.** This subsection includes waste from trucks, railcars, barges, etc., or temporally pumped waste, all of which are prohibited without a permit issued by the superintendent. This approval may require testing, flow monitoring and record keeping. (Ord. #160, ____, as replaced by Ord. #2011-01, Feb. 2011)
18-209. Discharge regulations. (1) General discharge prohibitions. No user shall contribute or cause to be contributed, directly or indirectly, any pollutant or wastewater which will pass through or interfere with the operation and performance of the WWF. These general prohibitions apply to all such users of a WWF whether or not the user is subject to national categorical pretreatment standards or any other national, state, or local pretreatment standards or requirements. Violations of these general and specific prohibitions, the provisions of this section, or other pretreatment standards may result in the issuance of an industrial pretreatment permit, surcharges, discontinuance of water and/or sewer service and other penalties and provisions of §§ 18-210 or 18-405. A user may not contribute the following substances to any WWF:

(a) Any liquids, solids, or gases which by reason of their nature or quantity are, or may be, sufficient either alone or by interaction with other substances to cause fire or explosion or be injurious in any other way to the WWF or to the operation of the WWF. Prohibited flammable materials including, but not limited to, wastestreams with a closed cup flash point of less than one hundred forty degrees (140°F) or sixty degrees (60°C) using the test methods specified in 40 CFR 261.21. Prohibited materials include, but are not limited to, gasoline, kerosene, naphtha, benzene, toluene, xylene, ethers, alcohols, ketones, aldehydes, peroxides, chlorates, perchlorates, bromate, carbides, hydrides and sulfides and any other substances which the town, the state or EPA has notified the user is a fire hazard or a hazard to the system.

(b) Any wastewater having a pH less than 5.5 or higher than 9.5 or wastewater having any other corrosive property capable of causing damage or hazard to structures, equipment, and/or personnel of the WWF.

(c) Solid or viscous substances which may cause obstruction to the flow in a sewer or other interference with the operation of the wastewater treatment facilities including, but not limited to: grease, garbage with particles greater than one-half inch (1/2") in any dimension, waste from animal slaughter, ashes, cinders, sand, spent lime, stone or marble dust, metal, glass, straw, shavings, grass clippings, rags, spent grains, spent hops, waste paper, wood, plastics, mud, or glass grinding or polishing wastes.

(d) Any pollutants, including oxygen demanding pollutants (BOD, etc.) released at a flow rate and/or pollutant concentration which will cause interference to the WWF.

(e) Any wastewater having a temperature which will inhibit biological activity in the WWF treatment plant resulting in interference, but in no case wastewater with a temperature at the introduction into the WWF which exceeds forty degrees (40°C) (one hundred four degrees (104°F) unless approved by the State of Tennessee.
(f) Petroleum oil, nonbiodegradable cutting oil, or products of mineral oil origin in amounts that will cause interference or pass-through.

(g) Pollutants which result in the presence of toxic gases, vapors, or fumes within the WWF in a quantity that may cause acute worker health and safety problems.

(h) Any wastewater containing any toxic pollutants, chemical elements, or compounds in sufficient quantity, either singly or by interaction with other pollutants, to injure or interfere with any wastewater treatment process, constitute a hazard to humans, including wastewater plant and collection system operators, or animals, create a toxic effect in the receiving waters of the WWF, or to exceed the limitation set forth in a categorical pretreatment standard. A toxic pollutant shall include but not be limited to any pollutant identified pursuant to section 307(a) of the Act.

(i) Any trucked or hauled pollutants except at discharge points designated by the WWF.

(j) Any substance which may cause the WWF's effluent or any other product of the WWF such as residues, sludges, or scums, to be unsuitable for reclamation and reuse or to interfere with the reclamation process. In no case, shall a substance discharged to the WWF cause the WWF to be in non-compliance with sludge use or disposal criteria, 40 CFR 503, guidelines, or regulations developed under section 405 of the Act; any criteria, guidelines, or regulations affecting sludge use or disposal developed pursuant to the Solid Waste Disposal Act, the Clean Air Act, the Toxic Substances Control Act, or state criteria applicable to the sludge management method being used.

(k) Any substances which will cause the WWF to violate its NPDES permit or the receiving water quality standards.

(l) Any wastewater causing discoloration of the wastewater treatment plant effluent to the extent that the receiving stream water quality requirements would be violated, such as, but not limited to, dye wastes and vegetable tanning solutions.

(m) Any waters or wastes causing an unusual volume of flow or concentration of waste constituting "slug" as defined herein.

(n) Any waters containing any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the superintendent in compliance with applicable state or federal regulations.

(o) Any wastewater which causes a hazard to human life or creates a public nuisance.

(p) Any waters or wastes containing animal or vegetable fats, wax, grease, or oil, whether emulsified or not, which cause accumulations of solidified fat in pipes, lift stations and pumping equipment, or interfere at the treatment plant.
(q) Detergents, surfactants, surface-acting agents or other substances which may cause excessive foaming at the WWF or pass-through of foam.

(r) Wastewater causing, alone or in conjunction with other sources, the WWF to fail toxicity tests.

(s) Any stormwater, surface water, groundwater, roof runoff, subsurface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer. Stormwater and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers, or to a natural outlet approved by the superintendent and the Tennessee Department of Environment and Conservation. Industrial cooling water or unpolluted process waters may be discharged on approval of the superintendent and the Tennessee Department of Environment and Conservation, to a storm sewer or natural outlet.

(2) Local limits. In addition to the general and specific prohibitions listed in this section, users permitted according to chapter 4 may be subject to numeric and best management practices as additional restrictions to their wastewater discharge in order to protect the WWF from interference or protect the receiving waters from pass-through contamination.

(3) Restrictions on wastewater strength. No person or user shall discharge wastewater which exceeds the set of standards provided in Table A - Plant Protection Criteria, unless specifically allowed by their discharge permit according to chapter 4 of this title. Dilution of any wastewater discharge for the purpose of satisfying these requirements shall be considered in violation of this chapter.

(4) Fats, oils and grease traps and interceptors. (a) Fat, Oil, and Grease (FOG), waste food, and sand interceptors. FOG, waste food and sand interceptors shall be installed when, in the opinion of the superintendent, they are necessary for the proper handling of liquid wastes containing fats, oils, and grease, any flammable wastes, ground food waste, sand, soil, and solids, or other harmful ingredients in excessive amount which impact the wastewater collection system. Such interceptors shall not be required for single family residences, but may be required on multiple family residences. All interceptors shall be of a type and capacity approved by the superintendent, and shall be located as to be readily and easily accessible for cleaning and inspection.

(b) Fat, oil, grease, and food waste. (i) New construction and renovation. Upon construction or renovation, all restaurants, cafeterias, hotels, motels, hospitals, nursing homes, schools, grocery stores, prisons, jails, churches, camps, caterers,
manufacturing plants and any other sewer users who discharge applicable waste shall submit a FOG and food waste control plan that will effectively control the discharge of FOG and food waste.

(ii) Existing structures. All existing restaurants, cafeterias, hotels, motels, hospitals, nursing homes, schools, grocery stores, prisons, jails, churches, camps, caterers, manufacturing plants and any other sewer users who discharge applicable waste shall be required to submit a plan for control of FOG and food waste, if and when the superintendent determines that FOG and food waste are causing excessive loading, plugging, damage or potential problems to structures or equipment in the public sewer system.

(iii) Implementation of plan. After approval of the FOG plan by the superintendent the sewer user must:

(A) Implement the plan within a reasonable amount of time;

(B) Service and maintain the equipment in order to prevent impact upon the sewer collection system and treatment facility. If in the opinion of the superintendent the user continues to impact the collection system and treatment plan, additional pretreatment may be required, including a requirement to meet numeric limits and have surcharges applied.

(c) Sand, soil, and oil interceptors. All car washes, truck washes, garages, service stations and other sources of sand, soil, and oil shall install effective sand, soil, and oil interceptors. These interceptors shall be sized to effectively remove sand, soil, and oil at the expected flow rates. The interceptors shall be cleaned on a regular basis to prevent impact upon the wastewater collection and treatment system. Owners whose interceptors are deemed to be ineffective by the superintendent may be asked to change the cleaning frequency or to increase the size of the interceptors. Owners or operators of washing facilities will prevent the inflow of rainwater into the sanitary sewers.

(d) Laundries. Commercial laundries shall be equipped with an interceptor with a wire basket or similar device, removable for cleaning, that prevents passage into the sewer system of solids one-half inch (1/2") or larger in size such as strings, rags, buttons, or other solids detrimental to the system.

(e) Control equipment. The equipment of facilities installed to control FOG, food waste, sand and soil, must be designed in accordance with the Tennessee Department of Environment and Conservation engineering standards or applicable town guidelines. Underground equipment shall be tightly sealed to prevent inflow of rainwater and easily accessible to allow regular maintenance. Control equipment shall
be maintained by the owner or operator of the facility so as to prevent a stoppage of the public sewer, and the accumulation of FOG in the lines, pump stations and treatment plant. If the town is required to clean out the public sewer lines as a result of a stoppage resulting from poorly maintained control equipment, the property owner shall be required to refund the labor, equipment, materials and overhead costs to the town. Nothing in this subsection shall be construed to prohibit or restrict any other remedy the town has under this chapter, or state or federal law. The town retains the right to inspect and approve installation of control equipment.

(f) Solvents prohibited. The use of degreasing or line cleaning products containing petroleum based solvents is prohibited. The use of other products for the purpose of keeping FOG dissolved or suspended until it has traveled into the collection system of the town is prohibited.

(g) The superintendent may use industrial wastewater discharge permits under § 18-402 to regulate the discharge of fat, oil and grease. (Ord. #160, _____, as replaced by Ord. #2011-01, Feb. 2011)

18-210. Enforcement and abatement. Violators of these wastewater regulations may be cited to town court, general sessions court, chancery court, or other court of competent jurisdiction face penalties, have sewer service terminated or the town may seek further remedies as needed to protect the collection system, treatment plant, receiving stream and public health including the issuance of discharge permits according to chapter 4. Repeated or continuous violation of this chapter is declared to be a public nuisance and may result in legal action against the property owner and/or occupant and the service line disconnected from sewer main. Upon notice by the superintendent that a violation has or is occurring, the user shall immediately take steps to stop or correct the violation. The town may take any or all the following remedies:

(1) Cite the user to town or general sessions court, where each day of violation shall constitute a separate offense.

(2) In an emergency situation where the superintendent has determined that immediate action is needed to protect the public health, safety or welfare, a public water supply or the facilities of the sewerage system, the superintendent may discontinue water service or disconnect sewer service.

(3) File a lawsuit in chancery court or any other court of competent jurisdiction seeking damages against the user, and further seeking an injunction prohibiting further violations by user.

(4) Seek further remedies as needed to protect the public health, safety or welfare, the public water supply or the facilities of the sewerage system. (Ord. #160, _____, as amended by Ord. #2009-02, Feb. 2009, and replaced by Ord. #2011-01, Feb. 2011)
CHAPTER 3

CROSS CONNECTIONS, AUXILIARY INTAKES, ETC.¹

SECTION
18-301. Definitions.
18-302. Standards.
18-303. Construction, operation, and supervision.
18-304. Statement required.
18-305. Inspections required.
18-306. Right of entry for inspections.
18-307. Correction of existing violations.
18-308. Use of protective devices.
18-309. Unpotable water to be labeled.
18-310. Violations.

18-301. Definitions. The following definitions and terms shall apply in the interpretation and enforcement of this chapter:

(1) "Public water supply." The waterworks system furnishing water to the town for general use and which supply is recognized as the public water supply by the Tennessee Department of Health and Environment.

(2) "Cross connection." Any physical arrangement whereby the public water supply is connected, directly or indirectly, with any other water supply system, whether sewer, drain, conduit, pool, storage reservoir, plumbing fixture, or other device which contains, or may contain, contaminated water, sewage, or other waste or liquid of unknown or unsafe quality which may be capable of imparting contamination to the public water supply as a result of backflow. Bypass arrangements, jumper connections, removable sections, swivel or change-over devices through which, or because of which, backflow could occur are considered to be cross-connections;

(3) "Auxiliary intake." Any piping connection or other device whereby water may be secured from a source other than that normally used.

(4) "Bypass." Any system of piping or other arrangement whereby the water may be diverted around any part or portion of a water purification plant.

(5) "Interconnection." Any system of piping or other arrangement whereby the public water supply is connected directly with a sewer, drain, conduit, pool, storage reservoir, or other device which does or may contain sewage or other waste or liquid which would be capable of imparting contamination to the public water supply.

¹Municipal code references
Water and sewer system administration: this title, chapter 1.
Wastewater treatment: this title, chapter 2.
(6) "Person." Any and all persons, natural or artificial, including any individual, firm, or association, and any municipal or private corporation organized or existing under the laws of this or any other state or country.

18-302. Standards. The municipal public water supply is to comply with Tennessee Code Annotated, §§ 68-221-701 and 68-221-719 as well as the Rules and Regulations for Public Water Supplies, legally adopted in accordance with this code, which pertain to cross connections, auxiliary intakes, bypasses, and interconnections, and establish an effective ongoing program to control these undesirable water uses.

(1) Annual maintenance fee. Each permitted wastewater discharger will be billed an annual maintenance fee to cover administrative costs according to the following schedule:

<table>
<thead>
<tr>
<th>Type of User</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Significant Industrial User</td>
<td>$3113.22</td>
</tr>
<tr>
<td>Non-significant User</td>
<td>$250.00</td>
</tr>
</tbody>
</table>

(2) Testing. Testing costs incurred by the town in the process of monitoring a particular discharger will be passed to that discharger along with a copy of the test results. Wastewater treatment plant monitoring costs incurred to comply with the pretreatment program will be prorated against and billed to each industrial discharge permit holder.

(3) Surcharges. High strength wastewater will be surcharged according to the following schedule and formula:

\[
\text{Surcharge} = \text{Million gallons of process water used from water meter or user installed sewer meter per month} \times \frac{8.34 \text{ lbs/gal}}{(\text{Tested parameter concentration} - \text{concentration where rate applies})} \times \text{Rate} = \text{surcharge in dollars.}
\]

The user discharging at concentrations below the concentrations where surcharge rates apply will be assessed monthly wastewater bills based upon the users billable flow. The user discharging wastes with concentrations at or above where surcharge rates apply shall be assessed a surcharge based upon pretreatment coordinator testing and the unit charges for BOD TSS and ammonia. The surcharge shall be in addition to the normal user charge.

<table>

</tr>
</tbody>
</table>
(4) Billing and failure to pay. Surcharge rates will be added to sewer bills in the month following concentration testing and volume measurement. Testing will be directly billed as expenses are incurred. Annual maintenance fee will be charged in January of each calendar year. (as amended by Ord. #10-02, April 2001)

18-303. **Construction, operation, and supervision.** It shall be unlawful for any person to cause a cross connection to be made, or allow one to exist for any purpose whatsoever, unless the construction and operation of same have been approved by the Tennessee Department of Health and the operation of such cross connection, auxiliary intake, bypass or interconnection is at all times under the direct supervision of the city manager or his representative.

18-304. **Statement required.** Any person whose premises are supplied with water from the public water supply and who also has on the same premises a separate source of water supply, or stores water in an uncovered or unsanitary storage reservoir from which the water stored therein is circulated through a piping system, shall file with the city manager a statement of the non-existence of unapproved or unauthorized cross connections, auxiliary intakes, bypasses, or interconnections. Such statement shall also contain an agreement that no cross connection, auxiliary intake, bypass, or interconnection will be permitted upon the premises.

18-305. **Inspections required.** It shall be the duty of the city manager to cause inspections to be made of all properties served by the public water supply where cross connections with the public water supply are deemed possible. The frequency of inspections and reinspection, based on potential health hazards involved, shall be established by the city manager and as approved by the Tennessee Department of Health and Environment.

18-306. **Right of entry for inspections.** The city manager or his authorized representative shall have the right to enter, at any reasonable time, any property served by a connection to the public water supply for the purpose of inspecting the piping system or systems therein for cross connections, auxiliary intakes, bypasses, or interconnections. On request, the owner, lessee, or occupant of any property so served shall furnish to the inspection agency any pertinent information regarding the piping system or systems on such property. The refusal of such information or refusal of access, when requested, shall be deemed evidence of the presence of cross connections.

18-307. **Correction of existing violations.** Any person who now has cross connections, auxiliary intakes, bypasses, or interconnections in violation of the provisions of this chapter shall be allowed a reasonable time within which to comply with the provisions of this chapter. After a thorough investigation of
existing conditions and an appraisal of the time required to complete the work, the amount of time shall be designated by the city manager.

The failure to correct conditions threatening the safety of the public water system as prohibited by this chapter and the Tennessee Code Annotated, § 68-221-711, within a reasonable time and within the time limits set by the city manager shall be grounds for denial of water service. If proper protection has not been provided after a reasonable time, the city manager shall give the customer legal notification that water service is to be discontinued and shall physically separate the public water supply from the customer's on-site piping system in such a manner that the two systems cannot again be connected by an unauthorized person.

Where cross connections, interconnections, auxiliary intakes, or bypasses are found that constitute an extreme hazard of immediate concern of contaminating the public water system, the management of the water supply shall require that immediate corrective action be taken to eliminate the threat to the public water system. Immediate steps shall be taken to disconnect the public water supply from the on-site piping system unless the imminent hazard(s) is (are) corrected immediately.

18-308. Use of protective devices. Where the nature of use of the water supplied a premises by the water department is such that it is deemed:

(1) impractical to provide an effective air-gap separation,
(2) that the owner and/or occupant of the premises cannot, or is not willing, to demonstrate to the city manager, or his designated representative, that the water use and protective features of the plumbing are such as to propose no threat to the safety or potability of the water supply,
(3) that the nature and mode of operation within a premises are such that frequent alterations are made to the plumbing,
(4) there is a likelihood that protective measures may be subverted, altered, or disconnected, the city manager or his designated representative, shall require the use of an approved protective device on the service line serving the premises to assure that any contamination that may originate in the customer's premises is contained therein.

The protective device shall be a reduced pressure zone type backflow preventer approved by the Tennessee Department of Health and Environment as to manufacture, model, and size. The method of installation of backflow protective devices shall be approved by the city manager prior to installation and shall comply with the criteria set forth by the Tennessee Department of Health and Environment. The installation shall be at the expense of the owner or occupant of the premises.

Personnel of the municipal public water supply shall have the right to inspect and test the device or devices on an annual basis or whenever deemed necessary by the city manager or his designated representative. Water service
shall not be disrupted to test the device without the knowledge of the occupant of the premises.

Where the use of water is critical to the continuance of normal operations or protection of life, property, or equipment, duplicate units shall be provided to avoid the necessity of discontinuing water service to test or repair the protective device or devices. Where it is found that only one unit has been installed and the continuance of service is critical, the city manager shall notify, in writing, the occupant of the premises of plans to discontinue water service and arrange for a mutually acceptable time to test and/or repair the device. The city manager shall require the occupant of the premises to make all repairs indicated promptly, to keep the unit(s) working properly, and the expense of such repairs shall be borne by the owner or occupant of the premises. Repairs shall be made by qualified personnel acceptable to the city manager.

The failure to maintain backflow prevention devices in proper working order shall be grounds for discontinuing water service to a premises. Likewise, the removal, bypassing, or altering of the protective devices or the installation thereof so as to render the devices ineffective shall constitute grounds for discontinuance of water service. Water service to such premises shall not be restored until the customer has corrected or eliminated such conditions or defects to the satisfaction of the city manager.

18-309. Unpotable water to be labeled. In order that the potable water supply made available to premises served by the public water supply shall be protected from possible contamination as specified herein, any water outlet which could be used for potable or domestic purposes and which is not supplied by the potable system must be labeled in a conspicuous manner as:

WATER UNSAFE FOR DRINKING

The minimum acceptable sign shall have black letters at least one-inch high located on a red background.

18-310. Violations. The requirements contained herein shall apply to all premises served by the city water system whether located inside or outside the corporate limits and are hereby made a part of the conditions required to be met for the town to provide water services to any premises. Such action, being essential for the protection of the water distribution system against the entrance of contamination which may render the water unsafe healthwise, or otherwise undesirable, shall be enforced rigidly without regard to location of the premises, whether inside or outside the corporate limits.

Any person who neglects or refuses to comply with any of the provisions of this chapter shall be deemed guilty of a misdemeanor and, upon conviction
therefor, shall be fined under the general penalty clause for this municipal code of ordinances.
CHAPTER 4

INDUSTRIAL/COMMERCIAL WASTEWATER REGULATIONS

SECTION
18-401. Industrial pretreatment.
18-402. Discharge permits.
18-403. Industrial user additional requirements.
18-404. Reporting requirements.
18-405. Enforcement response plan.
18-407. Fees and billing.
18-408. Validity.

18-401. **Industrial pretreatment.** In order to comply with Federal Industrial Pretreatment Rules 40 CFR 403 and Tennessee Pretreatment Rules 1200-4-14 and to fulfill the purpose and policy of this chapter the following regulations are adopted.

(1) **User discharge restrictions.** All system users must follow the general and specific discharge regulations specified in § 18-209 of this title, all permitted users must comply with all pretreatment standards and requirements.

(2) **Users wishing to discharge pollutants at higher concentrations than Table A - Plant Protection Criteria of § 18-209, or those dischargers who are classified as significant industrial users** will be required to meet the requirements of this chapter. Users who discharge waste which falls under the criteria specified in this chapter and who fail to or refuse to follow the provisions shall face termination of service and/or enforcement action specified in § 18-405.

(3) **Discharge regulation.** Discharges to the sewer system shall be regulated through use of a permitting system. The permitting system may include any or all of the following activities: completion of survey/application forms, issuance of permits, oversight of users monitoring and permit compliance, use of compliance schedules, inspections of industrial processes, wastewater processing, and chemical storage, public notice of permit system changes and public notice of users found in significant noncompliance.

(4) **No person or user shall discharge or convey, or permit, or allow to be discharged or conveyed to the sanitary sewer of the town any sewage or wastewater containing pollutants of such a character or quantity that does not meet the requirements of § 18-209 of this title or which does not meet applicable state or federal requirements for the specific industry.** Upon promulgation of the federal categorical pretreatment standards for a particular industrial subcategory, the federal standard, if more stringent than limitation imposed under this chapter for sources in that subcategory, shall immediately supersede the limitation imposed under the ordinance comprising this chapter.
(5) Discharge permits shall limit concentrations of discharge pollutants to those levels that are established as Local Limits, Table B or other applicable state and federal pretreatment rules which may take effect after the passage of the ordinance comprising this chapter.

(7) **Protection of treatment plant influent.** The pretreatment coordinator shall monitor the treatment works influent for each parameter in Table A - Plant Protection Criteria. Industrial users shall be subject to reporting and monitoring requirements regarding these parameters as set forth in this chapter. In the event that the influent at the WWF reaches or exceeds the levels established by Table A or subsequent criteria calculated as a result of changes in pass-through limits issued by the Tennessee Department of Environment and Conservation, the pretreatment coordinator shall initiate technical studies to determine the cause of the influent violation and shall recommend to the town the necessary remedial measures, including, but not limited to, recommending the establishment of new or revised local limits, best management practices, or other criteria used to protect the WWF. The pretreatment coordinator shall also recommend changes to any of these criteria in the event that: the WWF effluent standards are changed, there are changes in any applicable law or regulation affecting same, or changes are needed for more effective operation of the WWF.
(8) **User inventory.** The superintendent will maintain an up-to-date inventory of users whose waste does or may fall into the requirements of this chapter, and will notify the users of their status.

(9) **Right to establish more restrictive criteria.** No statement in this chapter is intended or may be construed to prohibit the pretreatment coordinator from establishing specific wastewater discharge criteria which are more restrictive when wastes are determined to be harmful or destructive to the facilities of the WWF or to create a public nuisance, or to cause the discharge of the WWF to violate effluent or stream quality standards, or to interfere with the use or handling of sludge, or to pass-through the WWF resulting in a violation of the NPDES permit, or to exceed industrial pretreatment standards for discharge to municipal wastewater treatment systems as imposed or as may be imposed by the Tennessee Department of Environment and Conservation and/or the United States Environmental Protection Agency. (as added by Ord. #2011-01, Feb. 2011)

18-402. **Discharge permits.** (1) **Application for discharge of commercial or industrial wastewater.** All users or prospective users which generate commercial or industrial wastewater shall make application to the superintendent for connection to the municipal wastewater treatment system. It may be determined through the application that a user needs a discharge permit according to the provisions of federal and state laws and regulations. Applications shall be required from all new dischargers as well as for any existing discharger desiring additional service or where there is a planned change in the industrial or wastewater treatment process. Connection to the town sewer or changes in the industrial process or wastewater treatment process shall not be made until the application is received and approved by the superintendent, the building sewer is installed in accordance with § 18-206 of this title and an inspection has been performed by the superintendent or his representative.

The receipt by the town of a prospective customer's application for connection shall not obligate the town to render the connection. If the service applied for cannot be supplied in accordance with this chapter and the town's rules and regulations and general practice, the connection charge will be refunded in full, and there shall be no liability of the town to the applicant for such service.

(2) **Industrial wastewater discharge permits.** (a) **General requirements.** All industrial users proposing to connect to or to contribute to the WWF shall apply for service and apply for a discharge permit before connecting to or contributing to the WWF. All existing industrial users connected to or contributing to the WWF may be required to apply for a permit within one hundred eighty (180) days after the effective date of this chapter.
(b) Applications. Applications for wastewater discharge permits shall be required as follows:

(i) Users required by the superintendent to obtain a wastewater discharge permit shall complete and file with the pretreatment coordinator, an application on a prescribed form accompanied by the appropriate fee.

(ii) The application shall be in the prescribed form of the town and shall include, but not be limited to the following information: name, address, and SIC/NAICS number of applicant; wastewater volume; wastewater constituents and characteristic, including but not limited to those mentioned in §§ 18-209 and 18-401 discharge variations -- daily, monthly, seasonal and thirty (30) minute peaks; a description of all chemicals handled on the premises, each product produced by type, amount, process or processes and rate of production, type and amount of raw materials, number and type of employees, hours of operation, site plans, floor plans, mechanical and plumbing plans and details showing all sewers and appurtenances by size, location and elevation; a description of existing and proposed pretreatment and/or equalization facilities and any other information deemed necessary by the pretreatment coordinator.

(iii) Any user who elects or is required to construct new or additional facilities for pretreatment shall as part of the application for wastewater discharge permit submit plans, specifications and other pertinent information relative to the proposed construction to the pretreatment coordinator for approval. A wastewater discharge permit shall not be issued until such plans and specifications are approved. Approval of such plans and specifications shall in no way relieve the user from the responsibility of modifying the facility as necessary to produce an effluent acceptable to the town under the provisions of this chapter.

(iv) If additional pretreatment and/or operations and maintenance will be required to meet the pretreatment standards, the application shall include the shortest schedule by which the user will provide such additional pretreatment. The completion date in this schedule shall not be later than the compliance date established for the applicable pretreatment standard. For the purpose of this subsection, "pretreatment standard," shall include either a national pretreatment standard or a pretreatment standard imposed by this chapter.

(v) The town will evaluate the data furnished by the user and may require additional information. After evaluation and
acceptance of the data furnished, the town may issue a wastewater discharge permit subject to terms and conditions provided herein.

(vi) The receipt by the town of a prospective customer's application for wastewater discharge permit shall not obligate the town to render the wastewater collection and treatment service. If the service applied for cannot be supplied in accordance with this chapter or the town's rules and regulations and general practice, the application shall be rejected and there shall be no liability of the town to the applicant of such service.

(vii) The pretreatment coordinator will act only on applications containing all the information required in this section. Persons who have filed incomplete applications will be notified by the pretreatment coordinator that the application is deficient and the nature of such deficiency and will be given thirty (30) days to correct the deficiency. If the deficiency is not corrected within thirty (30) days or within such extended period as allowed by the local administrative officer, the local administrative officer shall deny the application and notify the applicant in writing of such action.

(viii) Applications shall be signed by the duly authorized representative.

(c) Permit conditions. Wastewater discharge permits shall be expressly subject to all provisions of this chapter and all other applicable regulations, user charges and fees established by the town.

(i) Permits shall contain the following:

(A) Statement of duration;
(B) Provisions of transfer;
(C) Effluent limits, including best management practices, based on applicable pretreatment standards in this chapter, state rules, categorical pretreatment standards, local, state, and federal laws;
(D) Self monitoring, sampling, reporting, notification, and record-keeping requirements. These requirements shall include an identification of pollutants (or best management practice) to be monitored, sampling location, sampling frequency, and sample type based on federal, state, and local law;
(E) Statement of applicable civil and criminal penalties for violations of pretreatment standards and the requirements of any applicable compliance schedule. Such schedules shall not extend the compliance date beyond the applicable federal deadlines;
(F) Requirements to control slug discharges, if determined by the WWF to be necessary;
(G) Requirement to notify the WWF immediately if changes in the users processes affect the potential for a slug discharge.

(ii) Additionally, permits may contain the following:

(A) The unit charge or schedule of user charges and fees for the wastewater to be discharged to a community sewer;

(B) Requirements for installation and maintenance of inspection and sampling facilities;

(C) Compliance schedules;

(D) Requirements for submission of technical reports or discharge reports;

(E) Requirements for maintaining and retaining plant records relating to wastewater discharge as specified by the town, and affording town access thereto;

(F) Requirements for notification of the town sixty (60) days prior to implementing any substantial change in the volume or character of the wastewater constituents being introduced into the wastewater treatment system, and of any changes in industrial processes that would affect wastewater quality or quantity;

(G) Prohibition of bypassing pretreatment or pretreatment equipment;

(H) Effluent mass loading restrictions;

(I) Other conditions as deemed appropriate by the town to ensure compliance with this chapter.

(d) Permit modification. The terms and conditions of the permit may be subject to modification by the pretreatment coordinator during the term of the permit as limitations or requirements are modified or other just cause exists. The user shall be informed of any proposed changes in this permit at least sixty (60) days prior to the effective date of change. Except in the case where federal deadlines are shorter, in which case the federal rule must be followed. Any changes or new conditions in the permit shall include a reasonable time schedule for compliance.

(e) Permit duration. Permits shall be issued for a specified time period, not to exceed five (5) years. A permit may be issued for a period less than a year or may be stated to expire on a specific date. The user shall apply for permit renewal a minimum of one hundred eighty (180) days prior to the expiration of the user's existing permit.

(f) Permit transfer. Wastewater discharge permits are issued to a specific user for a specific operation. A wastewater discharge permit shall not be reassigned or transferred or sold to a new owner, new user, different premises, or a new or changed operation without the written
approval of the town. Any succeeding owner or user shall also comply with the terms and conditions of the existing permit. The permit holder must provide the new owner with a copy of the current permit.

(g) Revocation of permit. Any permit issued under the provisions of this chapter is subject to be modified, suspended, or revoked in whole or in part during its term for cause including, but not limited to, the following:

(i) Violation of any terms or conditions of the wastewater discharge permit or other applicable federal, state, or local law or regulation.
(ii) Obtaining a permit by misrepresentation or failure to disclose fully all relevant facts.
(iii) A change in:
   (A) Any condition that requires either a temporary or permanent reduction or elimination of the permitted discharge;
   (B) Strength, volume, or timing of discharges;
   (C) Addition or change in process lines generating wastewater.
(iv) Intentional failure of a user to accurately report the discharge constituents and characteristics or to report significant changes in plant operations or wastewater characteristics.

(3) Confidential information. All information and data on a user obtained from reports, questionnaires, permit applications, permits and monitoring programs and from inspection shall be available to the public or any governmental agency without restriction unless the user specifically requests and is able to demonstrate to the satisfaction of the pretreatment coordinator that the release of such information would divulge information, processes, or methods of production entitled to protection as trade secrets of the users.

When requested by the person furnishing the report, the portions of a report which might disclose trade secrets or secret processes shall not be made available for inspection by the public, but shall be made available to governmental agencies for use; related to this chapter or the town's or user's NPDES permit. Provided, however, that such portions of a report shall be available for use by the state or any state agency in judicial review or enforcement proceedings involving the person furnishing the report. Wastewater constituents and characteristics will not be recognized as confidential information.

Information accepted by the pretreatment coordinator as confidential shall not be transmitted to any governmental agency or to the general public by the pretreatment coordinator until and unless prior and adequate notification is given to the user. (as added by Ord. #2011-01, Feb. 2011)
18-403. **Industrial user additional requirements.** (1) **Monitoring facilities.** The installation of a monitoring facility shall be required for all industrial users. A monitoring facility shall be a manhole or other suitable facility approved by the pretreatment coordinator.

When in the judgment of the pretreatment coordinator, there is a significant difference in wastewater constituents and characteristics produced by different operations of a single user the pretreatment coordinator may require that separate monitoring facilities be installed for each separate source of discharge.

Monitoring facilities that are required to be installed shall be constructed and maintained at the user's expense. The purpose of the facility is to enable inspection, sampling and flow measurement of wastewater produced by a user. If sampling or metering equipment is also required by the pretreatment coordinator, it shall be provided and installed at the user's expense.

The monitoring facility will normally be required to be located on the user's premises outside of the building. The pretreatment coordinator may, however, when such a location would be impractical or cause undue hardship on the user, allow the facility to be constructed in the public street right-of-way with the approval of the public agency having jurisdiction of that right-of-way and located so that it will not be obstructed by landscaping or parked vehicles.

There shall be ample room in or near such sampling manhole or facility to allow accurate sampling and preparation of samples for analysis. The facility, sampling, and measuring equipment shall be maintained at all times in a safe and proper operating condition at the expenses of the user.

(2) **Sample methods.** All samples collected and analyzed pursuant to this regulation shall be conducted using protocols (including appropriate preservation) specified in the current addition of 40 CFR 136 and appropriate EPA guidance. Multiple grab samples collected during a twenty-four (24) hour period may be composited prior to the analysis as follows: For cyanide, total phenol, and sulfide the samples may be composited in the laboratory or in the field; for volatile organics and oil and grease the samples may be composited in the laboratory. Composite samples for other parameters unaffected by the compositing procedures as documented in approved EPA methodologies may be authorized by the control authority, as appropriate.

(3) **Representative sampling and housekeeping.** All wastewater samples must be representative of the user's discharge. Wastewater monitoring and flow measuring facilities shall be properly operated, kept clean, and in good working order at all times. The failure of the user to keep its monitoring facilities in good working order shall not be grounds for the user to claim that sample results are unrepresentative of its discharge.

(4) **Proper operation and maintenance.** The user shall at all times properly operate and maintain the equipment and facilities associated with spill control, wastewater collection, treatment, sampling and discharge. Proper
operation and maintenance includes adequate process control as well as adequate testing and monitoring quality assurance.

(5) Inspection and sampling. The town may inspect the facilities of any user to ascertain whether the purpose of this chapter is being met and all requirements are being complied with. Persons or occupants of premises where wastewater is created or discharged shall allow the town or its representative ready access at all reasonable times to all parts of the premises for the purpose of inspection, sampling, records examination and copying or in the performance of any of its duties. The town, approval authority and EPA shall have the right to set up on the user's property such devices as are necessary to conduct sampling inspection, compliance monitoring and/or metering operations. The town will utilize qualified town personnel or a private laboratory to conduct compliance monitoring. Where a user has security measures in force which would require proper identification and clearance before entry into their premises, the user shall make necessary arrangements with their security guards so that upon presentation of suitable identification, personnel from the town, approval authority and EPA will be permitted to enter, without delay, for the purposes of performing their specific responsibility.

(6) Safety. While performing the necessary work on private properties, the pretreatment coordinator or duly authorized employees of the town shall observe all safety rules applicable to the premises established by the company and the company shall be held harmless for injury or death to the town employees and the town shall indemnify the company against loss or damage to its property by town employees and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the monitoring and sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions.

(7) New sources. New sources of discharges to the WWF shall have in full operation all pollution control equipment at start up of the industrial process and be in full compliance of effluent standards within ninety (90) days of start up of the industrial process.

(8) Slug discharge evaluations. Evaluations will be conducted of each significant industrial user according to the state and federal regulations. Where it is determined that a slug discharge control plan is needed, the user shall prepare that plan according to the appropriate regulatory guidance.

(9) Accidental discharges or slug discharges. (a) Protection from accidental or slug discharge. All industrial users shall provide such facilities and institute such procedures as are reasonably necessary to prevent or minimize the potential for accidental or slug discharge into the WWF of waste regulated by this chapter from liquid or raw material storage areas, from truck and rail car loading and unloading areas, from in-plant transfer or processing and materials handling areas, and from diked areas or holding ponds of any waste regulated by this chapter. Detailed plans showing the facilities and operating procedures shall be
submitted to the pretreatment coordinator before the facility is constructed. The review and approval of such plans and operating procedures will in no way relieve the user from the responsibility of modifying the facility to provide the protection necessary to meet the requirements of this chapter.

(b) Notification of accidental discharge or slug discharge. Any person causing or suffering from any accidental discharge or slug discharge shall immediately notify the pretreatment coordinator in person, or by the telephone to enable countermeasures to be taken by the pretreatment coordinator to minimize damage to the WWF, the health and welfare of the public, and the environment. This notification shall be followed, within five (5) days of the date of occurrence, by a detailed written statement describing the cause of the accidental discharge and the measures being taken to prevent future occurrence. Such notification shall not relieve the user of liability for any expense, loss, or damage to the WWF, fish kills, or any other damage to person or property; nor shall such notification relieve the user of any fines, civil penalties, or other liability which may be imposed by this chapter or state or federal law.

(c) Notice to employees. A notice shall be permanently posted on the user's bulletin board or other prominent place advising employees whom to call in the event of a dangerous discharge. Employers shall ensure that all employees who may cause or suffer such a dangerous discharge to occur are advised of the emergency notification procedure.

(as added by Ord. #2011-01, Feb. 2011)

18-404. Reporting requirements. Users, whether permitted or non-permitted may be required to submit reports detailing the nature and characteristics of their discharges according to the following subsections. Failure to make a requested report in the specified time is a violation subject to enforcement actions under § 18-405.

(1) Baseline monitoring report. (a) Within either one hundred eighty (180) days after the effective date of a categorical pretreatment standard, or the final administrative decision on a category determination under Tennessee Rule 1200-4-14-.06(1)(d), whichever is later, existing categorical industrial users currently discharging to or scheduled to discharge to the WWF shall submit to the superintendent a report which contains the information listed in subsection (b), below. At least ninety (90) days prior to commencement of their discharge, new sources, and sources that become categorical industrial users subsequent to the promulgation of an applicable categorical standard, shall submit to the superintendent a report which contains the information listed in subsection (b), below. A new source shall report the method of pretreatment it intends to use to meet applicable categorical standards.
A new source also shall give estimates of its anticipated flow and quantity of pollutants to be discharged.

(b) Users described above shall submit the information set forth below.

(i) Identifying information. The user name, address of the facility including the name of operators and owners.

(ii) Permit information. A listing of any environmental control permits held by or for the facility.

(iii) Description of operations. A brief description of the nature, average rate of production (including each product produced by type, amount, processes, and rate of production), and standard industrial classifications of the operation(s) carried out by such user. This description should include a schematic process diagram, which indicates points of discharge to the WWF from the regulated processes.

(iv) Flow measurement. Information showing the measured average daily and maximum daily flow, in gallons per day, to the POTW from regulated process streams and other streams, as necessary, to allow use of the combined wastestream formula.

(v) Measurement of pollutants.

(A) The categorical pretreatment standards applicable to each regulated process and any new categorically regulated processes for existing sources.

(B) The results of sampling and analysis identifying the nature and concentration, and/or mass, where required by the standard or by the superintendent, of regulated pollutants in the discharge from each regulated process.

(C) Instantaneous, daily maximum, and long-term average concentrations, or mass, where required, shall be reported.

(D) The sample shall be representative of daily operations and shall be analyzed in accordance with procedures set out in 40 CFR 136 and amendments, unless otherwise specified in an applicable categorical standard. Where the standard requires compliance with a BMP or pollution prevention alternative, the user shall submit documentation as required by the superintendent or the applicable standards to determine compliance with the standard.

(E) The user shall take a minimum of one (1) representative sample to compile that data necessary to comply with the requirements of this subsection.
(F) Samples should be taken immediately downstream from pretreatment facilities if such exist or immediately downstream from the regulated process if no pretreatment exists. If other wastewaters are mixed with the regulated wastewater prior to pretreatment the user should measure the flows and concentrations necessary to allow use of the combined wastestream formula to evaluate compliance with the pretreatment standards.

(G) Sampling and analysis shall be performed in accordance with 40 CFR 136 or other approved methods.

(H) The superintendent may allow the submission of a baseline report which utilizes only historical data so long as the data provides information sufficient to determine the need for industrial pretreatment measures.

(I) The baseline report shall indicate the time, date and place of sampling and methods of analysis, and shall certify that such sampling and analysis is representative of normal work cycles and expected pollutant discharges to the WWF.

(c) Compliance certification. A statement, reviewed by the user's duly authorized representative and certified by a qualified professional, indicating whether pretreatment standards are being met on a consistent basis, and, if not, whether additional Operation and Maintenance (O&M) and/or additional pretreatment is required to meet the pretreatment standards and requirements.

(d) Compliance schedule. If additional pretreatment and/or O&M will be required to meet the pretreatment standards, the shortest schedule by which the user will provide such additional pretreatment and/or O&M must be provided. The completion date in this schedule shall not be later than the compliance date established for the applicable pretreatment standard. A compliance schedule pursuant to this section must meet the requirements set out in § 18-404(2) of this chapter.

(e) Signature and report certification. All baseline monitoring reports must be certified in accordance with § 18-404(14) of this chapter and signed by the duly authorized representative.

(2) Compliance schedule progress reports. The following conditions shall apply to the compliance schedule required by § 18-404(1)(d) of this chapter:

(a) The schedule shall contain progress increments in the form of dates for the commencement and completion of major events leading to the construction and operation of additional pretreatment required for the user to meet the applicable pretreatment standards (such events include, but are not limited to, hiring an engineer, completing preliminary and final plans, executing contracts for major components,
commencing and completing construction, and beginning and conducting routine operation).

(b) No increment referred to above shall exceed nine (9) months.

(c) The user shall submit a progress report to the superintendent no later than fourteen (14) days following each date in the schedule and the final date of compliance including, as a minimum, whether or not it complied with the increment of progress, the reason for any delay, and, if appropriate, the steps being taken by the user to return to the established schedule.

(d) In no event shall more than nine (9) months elapse between such progress reports to the superintendent.

(3) Reports on compliance with categorical pretreatment standard deadline. Within ninety (90) days following the date for final compliance with applicable categorical pretreatment standards, or in the case of a new source following commencement of the introduction of wastewater into the WWF, any user subject to such pretreatment standards and requirements shall submit to the superintendent a report containing the information described in § 18-404(1)(b)(iv) and (v) of this chapter. For all other users subject to categorical pretreatment standards expressed in terms of allowable pollutant discharge per unit of production (or other measure of operation), this report shall include the user's actual production during the appropriate sampling period. All compliance reports must be signed and certified in accordance with subsection (14) of this section. All sampling will be done in conformance with subsection (11).

(4) Periodic compliance reports. (a) All significant industrial users must, at a frequency determined by the superintendent submit no less than twice per year (April 10 and October 10) reports indicating the nature, concentration of pollutants in the discharge which are limited by pretreatment standards and the measured or estimated average and maximum daily flows for the reporting period. In cases where the pretreatment standard requires compliance with a Best Management Practice (BMP) or pollution prevention alternative, the user must submit documentation required by the superintendent or the pretreatment standard necessary to determine the compliance status of the user.

(b) All periodic compliance reports must be signed and certified in accordance with this chapter.

(c) All wastewater samples must be representative of the user's discharge. Wastewater monitoring and flow measurement facilities shall be properly operated, kept clean, and maintained in good working order at all times. The failure of a user to keep its monitoring facility in good working order shall not be grounds for the user to claim that sample results are unrepresentative of its discharge.

(d) If a user subject to the reporting requirement in this section monitors any regulated pollutant at the appropriate sampling location
more frequently than required by the superintendent, using the procedures prescribed in subsection (11) of this section, the results of this monitoring shall be included in the report.

(5) Reports of changed conditions. Each user must notify the superintendent of any significant changes to the user's operations or system which might alter the nature, quality, or volume of its wastewater at least sixty (60) days before the change.

   (a) The superintendent may require the user to submit such information as may be deemed necessary to evaluate the changed condition, including the submission of a wastewater discharge permit application under § 18-401 of this chapter.

   (b) The superintendent may issue an individual wastewater discharge permit under § 18-402 of this chapter or modify an existing wastewater discharge permit under § 18-402 of this chapter in response to changed conditions or anticipated changed conditions.

(6) Report of potential problems. (a) In the case of any discharge, including, but not limited to, accidental discharges, discharges of a nonroutine, episodic nature, a noncustomary batch discharge, a slug discharge or slug load, that might cause potential problems for the POTW, the user shall immediately telephone and notify the superintendent of the incident. This notification shall include the location of the discharge, type of waste, concentration and volume, if known, and corrective actions taken by the user.

   (b) Within five (5) days following such discharge, the user shall, unless waived by the superintendent, submit a detailed written report describing the cause(s) of the discharge and the measures to be taken by the user to prevent similar future occurrences. Such notification shall not relieve the user of any expense, loss, damage, or other liability which might be incurred as a result of damage to the WWF, natural resources, or any other damage to person or property; nor shall such notification relieve the user of any penalties, penalties, or other liability which may be imposed pursuant to the ordinance comprising this chapter.

   (c) A notice shall be permanently posted on the user's bulletin board or other prominent place advising employees who to call in the event of a discharge described in paragraph (a), above. Employers shall ensure that all employees, who could cause such a discharge to occur, are advised of the emergency notification procedure.

   (d) Significant industrial users are required to notify the superintendent immediately of any changes at its facility affecting the potential for a slug discharge.

(7) Reports from unpermitted users. All users not required to obtain an individual wastewater discharge permit shall provide appropriate reports to the superintendent as the superintendent may require to determine users status as non-permitted.
(8) **Notice of violations/repeat sampling and reporting.** Where a violation has occurred, another sample shall be conducted within thirty (30) days of becoming aware of the violation, either a repeat sample or a regularly scheduled sample that falls within the required time frame. If sampling performed by a user indicates a violation, the user must notify the superintendent within twenty-four (24) hours of becoming aware of the violation. The user shall also repeat the sampling and analysis and submit the results of the repeat analysis to the superintendent within thirty (30) days after becoming aware of the violation. Resampling by the industrial user is not required if the town performs sampling at the user's facility at least once a month, or if the town performs sampling at the user's facility between the time when the initial sampling was conducted and the time when the user or the town receives the results of this sampling, or if the town has performed the sampling and analysis in lieu of the industrial user.

(9) **Notification of the discharge of hazardous waste.** (a) Any user who commences the discharge of hazardous waste shall notify the POTW, the EPA Regional Waste Management Division Director, and state hazardous waste authorities, in writing, of any discharge into the POTW of a substance which, if otherwise disposed of, would be a hazardous waste under 40 CFR part 261. Such notification must include the name of the hazardous waste as set forth in 40 CFR part 261, the EPA hazardous waste number, and the type of discharge (continuous, batch, or other). If the user discharges more than one hundred (100) kilograms of such waste per calendar month to the POTW, the notification also shall contain the following information to the extent such information is known and readily available to the user: an identification of the hazardous constituents contained in the wastes, an estimation of the mass and concentration of such constituents in the wastestream discharged during that calendar month, and an estimation of the mass of constituents in the wastestream expected to be discharged during the following twelve (12) months. All notifications must take place no later than one hundred and eighty (180) days after the discharge commences. Any notification under this subsection need be submitted only once for each hazardous waste discharged. However, notifications of changed conditions must be submitted under § 18-404(5) of this chapter. The notification requirement in this section does not apply to pollutants already reported by users subject to categorical pretreatment standards under the self-monitoring requirements of § 18-404(1), (3), and (4) of this chapter.

(b) Dischargers are exempt from the requirements of subsection (a), above, during a calendar month in which they discharge no more than fifteen (15) kilograms of hazardous wastes, unless the wastes are acute hazardous wastes as specified in 40 CFR 261.30(d) and 261.33(e). Discharge of more than fifteen (15) kilograms of nonacute hazardous wastes in a calendar month, or of any quantity of acute
hazardous wastes as specified in 40 CFR 261.30(d) and 261.33(e), requires a one (1) time notification. Subsequent months during which the user discharges more than such quantities of any hazardous waste do not require additional notification.

(b) In the case of any new regulations under section 3001 of RCRA identifying additional characteristics of hazardous waste or listing any additional substance as a hazardous waste, the user must notify the superintendent, the EPA Regional Waste Management Waste Division Director, and state hazardous waste authorities of the discharge of such substance within ninety (90) days of the effective date of such regulations.

(c) In the case of any notification made under this section, the user shall certify that it has a program in place to reduce the volume and toxicity of hazardous wastes generated to the degree it has determined to be economically practical.

(d) This provision does not create a right to discharge any substance not otherwise permitted to be discharged by this chapter, a permit issued there under, or any applicable federal or state law.

(10) Analytical requirements. All pollutant analyses, including sampling techniques, to be submitted as part of a wastewater discharge permit application or report shall be performed in accordance with the techniques prescribed in 40 CFR part 136 and amendments thereto, unless otherwise specified in an applicable categorical pretreatment standard. If 40 CFR part 136 does not contain sampling or analytical techniques for the pollutant in question, or where the EPA determines that the part 136 sampling and analytical techniques are inappropriate for the pollutant in question, sampling and analyses shall be performed by using validated analytical methods or any other applicable sampling and analytical procedures, including procedures suggested by the superintendent or other parties approved by EPA.

(11) Sample collection. Samples collected to satisfy reporting requirements must be based on data obtained through appropriate sampling and analysis performed during the period covered by the report, based on data that is representative of conditions occurring during the reporting period.

(a) Except as indicated in subsections (b) and (c) below, the user must collect wastewater samples using twenty-four (24) hour flow-proportional composite sampling techniques, unless time-proportional composite sampling or grab sampling is authorized by the superintendent. Where time-proportional composite sampling or grab sampling is authorized by the town, the samples must be representative of the discharge. Using protocols (including appropriate preservation) specified in 40 CFR part 136 and appropriate EPA guidance, multiple grab samples collected during a twenty-four (24) hour period may be composited prior to the analysis as follows: for cyanide, total phenols, and sulfides the samples may be composited in the laboratory or in the field; for volatile organics and oil and grease, the samples may be composited
in the laboratory. Composite samples for other parameters unaffected by the compositing procedures as documented in approved EPA methodologies may be authorized by the town, as appropriate. In addition, grab samples may be required to show compliance with instantaneous limits

(b) Samples for oil and grease, temperature, pH, cyanide, total phenols, sulfides, and volatile organic compounds must be obtained using grab collection techniques.

(c) For sampling required in support of baseline monitoring and ninety (90) day compliance reports required in subsections (1) and (3) of this section, a minimum of four (4) grab samples must be used for pH, cyanide, total phenols, oil and grease, sulfide and volatile organic compounds for facilities for which historical sampling data do not exist; for facilities for which historical sampling data are available, the superintendent may authorize a lower minimum. For the reports required by subsection (4) of this section, the industrial user is required to collect the number of grab samples necessary to assess and assure compliance with applicable pretreatment standards and requirements.

(12) Date of receipt of reports. Written reports will be deemed to have been submitted on the date postmarked. For reports, which are not mailed, the date of receipt of the report shall govern.

(13) Recordkeeping. Users subject to the reporting requirements of this chapter shall retain, and make available for inspection and copying, all records of information obtained pursuant to any monitoring activities required by this chapter, any additional records of information obtained pursuant to monitoring activities undertaken by the user independent of such requirements, and documentation associated with best management practices established under § 18-408. Records shall include the date, exact place, method, and time of sampling, and the name of the person(s) taking the samples; the dates analyses were performed; who performed the analyses; the analytical techniques or methods used; and the results of such analyses. These records shall remain available for a period of at least three (3) years. This period shall be automatically extended for the duration of any litigation concerning the user or the town, or where the user has been specifically notified of a longer retention period by the superintendent.

(14) Certification statements. Signature and certification. All reports associated with compliance with the pretreatment program shall be signed by the duly authorized representative and shall have the following certification statement attached:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons
directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Reports required to have signatures and certification statement include, permit applications, periodic reports, compliance schedules, baseline monitoring, reports of accidental or slug discharges, and any other written report that may be used to determine water quality and compliance with local, state, and federal requirements. (as added by Ord. #2011-01, Feb. 2011)

(1) Complaints; notification of violation; orders. (a) (i) Whenever the local administrative officer has reason to believe that a violation of any provision of the Spring City Wastewater Regulations, pretreatment program, or of orders of the local hearing authority issued under it has occurred, is occurring, or is about to occur, the local administrative officer may cause a written complaint to be served upon the alleged violator or violators.

(ii) The complaint shall specify the provision or provisions of the pretreatment program or order alleged to be violated or about to be violated and the facts alleged to constitute a violation, may order that necessary corrective action be taken within a reasonable time to be prescribed in the order, and shall inform the violators of the opportunity for a hearing before the local hearing authority.

(iii) Any such order shall become final and not subject to review unless the alleged violators request by written petition a hearing before the local hearing authority as provided in § 18-405(2), no later than thirty (30) days after the date the order is served; provided, that the local hearing authority may review the final order as provided in Tennessee Code Annotated, § 69-3-123(a)(3).

(iv) Notification of violation. Notwithstanding the provisions of subsections (i) through (iii), whenever the pretreatment coordinator finds that any user has violated or is violating this chapter, a wastewater discharge permit or order issued hereunder, or any other pretreatment requirements, the town or its agent may serve upon the user a written notice of violation. Within fifteen (15) days of the receipt of this notice, the user shall submit to the pretreatment coordinator an explanation of the violation and a plan for its satisfactory correction and
prevention including specific actions. Submission of this plan in no way relieves the user of liability for any violations occurring before or after receipt of the notice of violation. Nothing in this section limits the authority of the town to take any action, including emergency actions or any other enforcement action, without first issuing a notice of violation.

(b) (i) When the local administrative officer finds that a user has violated or continues to violate this chapter, wastewater discharge permits, any order issued hereunder, or any other pretreatment standard or requirement, he may issue one (1) of the following orders. These orders are not prerequisite to taking any other action against the user.

(A) Compliance order. An order to the user responsible for the discharge directing that the user come into compliance within a specified time. If the user does not come into compliance within the specified time, sewer service shall be discontinued unless adequate treatment facilities, devices, or other related appurtenances are installed and properly operated. Compliance orders may also contain other requirements to address the noncompliance, including additional self-monitoring, and management practices designed to minimize the amount of pollutants discharged to the sewer. A compliance order may not extend the deadline for compliance established for a federal pretreatment standard or requirement, nor does a compliance order release the user of liability for any violation, including any continuing violation.

(B) Cease and desist order. An order to the user directing it to cease all such violations and directing it to immediately comply with all requirements and take needed remedial or preventive action to properly address a continuing or threatened violation, including halting operations and/or terminating the discharge.

(C) Consent order. Assurances of voluntary compliance, or other documents establishing an agreement with the user responsible for noncompliance, including specific action to be taken by the user to correct the noncompliance within a time period specified in the order.

(D) Emergency order. (1) Whenever the local administrative officer finds that an emergency exists imperatively requiring immediate action to protect the public health, safety, or welfare, the health of animals, fish or aquatic life, a public water supply, or the facilities of the WWF, the local administrative
officer may, without prior notice, issue an order reciting the existence of such an emergency and requiring that any action be taken as the local administrative officer deems necessary to meet the emergency.

(2) If the violator fails to respond or is unable to respond to the order, the local administrative officer may take any emergency action as the local administrative officer deems necessary, or contract with a qualified person or persons to carry out the emergency measures. The local administrative officer may assess the person or persons responsible for the emergency condition for actual costs incurred by the town in meeting the emergency.

(ii) Appeals from orders of the local administrative officer.

(A) Any user affected by any order of the local administrative officer in interpreting or implementing the provisions of this chapter may file with the local administrative officer a written request for reconsideration within thirty (30) days of the order, setting forth in detail the facts supporting the user's request for reconsideration.

(B) If the ruling made by the local administrative officer is unsatisfactory to the person requesting reconsideration, he may, within thirty (30) days, file a written petition with the local hearing authority as provided in subsection (2). The local administrative officer's order shall remain in effect during the period of reconsideration.

(c) Except as otherwise expressly provided, any notice, complaint, order, or other instrument issued by or under authority of this section may be served on any named person personally, by the local administrative officer or any person designated by the local administrative officer, or service may be made in accordance with Tennessee statutes authorizing service of process in civil action. Proof of service shall be filed in the office of the local administrative officer.

(2) Hearings. (a) Any hearing or rehearing brought before the local hearing authority shall be conducted in accordance with the following:

(i) Upon receipt of a written petition from the alleged violator pursuant to this subsection, the local administrative officer shall give the petitioner thirty (30) days' written notice of the time and place of the hearing, but in no case shall the hearing be held more than sixty (60) days from the receipt of the written
petition, unless the local administrative officer and the petitioner agree to a postponement;

(ii) The hearing may be conducted by the local hearing authority at a regular or special meeting. A quorum of the local hearing authority must be present at the regular or special meeting to conduct the hearing;

(iii) A verbatim record of the proceedings of the hearings shall be taken and filed with the local hearing authority, together with the findings of fact and conclusions of law made under subdivision (a)(vi). The recorded transcript shall be made available to the petitioner or any party to a hearing upon payment of a charge set by the local administrative officer to cover the costs of preparation;

(iv) In connection with the hearing, the chair shall issue subpoenas in response to any reasonable request by any party to the hearing requiring the attendance and testimony of witnesses and the production of evidence relevant to any matter involved in the hearing. In case of contumacy or refusal to obey a notice of hearing or subpoena issued under this section, the chancery court of Rhea County has jurisdiction upon the application of the local hearing authority or the local administrative officer to issue an order requiring the person to appear and testify or produce evidence as the case may require, and any failure to obey an order of the court may be punished by such court as contempt;

(v) Any member of the local hearing authority may administer oaths and examine witnesses;

(vi) On the basis of the evidence produced at the hearing, the local hearing authority shall make findings of fact and conclusions of law and enter decisions and orders that, in its opinion, will best further the purposes of the pretreatment program. It shall provide written notice of its decisions and orders to the alleged violator. The order issued under this subsection shall be issued by the person or persons designated by the chair no later than thirty (30) days following the close of the hearing;

(vii) The decision of the local hearing authority becomes final and binding on all parties unless appealed to the courts as provided in subsection (b).

(viii) Any person to whom an emergency order is directed under § 18-405(1)(b)(i)(D) shall comply immediately, but on petition to the local hearing authority will be afforded a hearing as soon as possible. In no case will the hearing be held later than three (3) days from the receipt of the petition by the local hearing authority.
(b) An appeal may be taken from any final order or other final determination of the local hearing authority by any party who is or may be adversely affected, including the pretreatment agency. Appeal must be made to the chancery court under the common law writ of certiorari set out in Tennessee Code Annotated, § 27-8-101, et seq. within sixty (60) days from the date the order or determination is made.

(c) Show cause hearing. Notwithstanding the provisions of subsections (a) or (b), the pretreatment coordinator may order any user that causes or contributes to violation(s) of this chapter, wastewater discharge permits, or orders issued hereunder, or any other pretreatment standard or requirements, to appear before the local administrative officer and show cause why a proposed enforcement action should not be taken. Notice shall be served on the user specifying the time and place for the meeting, the proposed enforcement action, the reasons for the action, and a request that the user show cause why the proposed enforcement action should be taken. The notice of the meeting shall be served personally or by registered or certified mail (return receipt requested) at least ten (10) days prior to the hearing. The notice may be served on any authorized representative of the user. Whether or not the user appears as ordered, immediate enforcement action may be pursued following the hearing date. A show cause hearing shall not be prerequisite for taking any other action against the user. A show cause hearing may be requested by the discharger prior to revocation of a discharge permit or termination of service.

(3) Violations, administrative civil penalty. Under the authority of Tennessee Code Annotated, § 69-3-125.

(a) (i) Any person including, but not limited to, industrial users, who does any of the following acts or omissions is subject to a civil penalty of up to ten thousand dollars ($10,000.00) per day for each day during which the act or omission continues or occurs:

- Unauthorized discharge, discharging without a permit;
- Violates an effluent standard or limitation;
- Violates the terms or conditions of a permit;
- Fails to complete a filing requirement;
- Fails to allow or perform an entry, inspection, monitoring or reporting requirement;
- Fails to pay user or cost recovery charges; or
- Violates a final determination or order of the local hearing authority or the local administrative officer.

(ii) Any administrative civil penalty must be assessed in the following manner:
(A) The local administrative officer may issue an assessment against any person or industrial user responsible for the violation;

(B) Any person or industrial user against whom an assessment has been issued may secure a review of the assessment by filing with the local administrative officer a written petition setting forth the grounds and reasons for the violator's objections and asking for a hearing in the matter involved before the local hearing authority and, if a petition for review of the assessment is not filed within thirty (30) days after the date the assessment is served, the violator is deemed to have consented to the assessment and it becomes final;

(C) Whenever any assessment has become final because of a person's failure to appeal the assessment, the local administrative officer may apply to the appropriate court for a judgment and seek execution of the judgment, and the court, in such proceedings, shall treat a failure to appeal the assessment as a confession of judgment in the amount of the assessment;

(D) In assessing the civil penalty the local administrative officer may consider the following factors:

1. Whether the civil penalty imposed will be a substantial economic deterrent to the illegal activity;

2. Damages to the pretreatment agency, including compensation for the damage or destruction of the facilities of the publicly owned treatment works, and also including any penalties, costs and attorneys' fees incurred by the pretreatment agency as the result of the illegal activity, as well as the expenses involved in enforcing this section and the costs involved in rectifying any damages;

3. Cause of the discharge or violation;

4. The severity of the discharge and its effect upon the facilities of the publicly owned treatment works and upon the quality and quantity of the receiving waters;

5. Effectiveness of action taken by the violator to cease the violation;

6. The technical and economic reasonableness of reducing or eliminating the discharge; and
(7) The economic benefit gained by the violator.

(E) The local administrative officer may institute proceedings for assessment in the chancery court of the county in which all or part of the pollution or violation occurred, in the name of the pretreatment agency.

(iii) The local hearing authority may establish by regulation a schedule of the amount of civil penalty which can be assessed by the local administrative officer for certain specific violations or categories of violations.

(iv) Assessments may be added to the user's next scheduled sewer service charge and the local administrative officer shall have such other collection remedies as may be available for other service charges and fees.

(b) Any civil penalty assessed to a violator pursuant to this section may be in addition to any civil penalty assessed by the commissioner for violations of Tennessee Code Annotated, § 69-3-115(a)(1)(F). However, the sum of penalties imposed by this section and by Tennessee Code Annotated, § 69-3-115(a) shall not exceed ten thousand dollars ($10,000.00) per day for each day during which the act or omission continues or occurs.

(4) Assessment for noncompliance with program permits or orders.

(a) The local administrative officer may assess the liability of any polluter or violator for damages to the town resulting from any person's or industrial user's pollution or violation, failure, or neglect in complying with any permits or orders issued pursuant to the provisions of the pretreatment program or this section.

(b) If an appeal from such assessment is not made to the local hearing authority by the polluter or violator within thirty (30) days of notification of such assessment, the polluter or violator shall be deemed to have consented to the assessment, and it shall become final.

(c) Damages may include any expenses incurred in investigating and enforcing the pretreatment program of this section, in removing, correcting, and terminating any pollution, and also compensation for any actual damages caused by the pollution or violation.

(d) Whenever any assessment has become final because of a person's failure to appeal within the time provided, the local administrative officer may apply to the appropriate court for a judgment, and seek execution on the judgment. The court, in its proceedings, shall treat the failure to appeal the assessment as a confession of judgment in the amount of the assessment.

(5) Judicial proceedings and relief. The local administrative officer may initiate proceedings in the chancery court of the county in which the activities occurred against any person or industrial user who is alleged to have
violated or is about to violate the pretreatment program, this section, or orders of the local hearing authority or local administrative officer. In the action, the local administrative officer may seek, and the court may grant, injunctive relief and any other relief available in law or equity.

(6) **Termination of discharge.** In addition to the revocation of permit provisions in § 18-402(2)(g) of this chapter, users are subject to termination of their wastewater discharge for violations or a wastewater discharge permits, or orders issued hereunder, or for any of the following conditions:

   (a) Violation of wastewater discharge permit conditions.
   (b) Failure to accurately report the wastewater constituents and characteristics of its discharge.
   (c) Failure to report significant changes in operations or wastewater volume, constituents and characteristics prior to discharge.
   (d) Refusal of reasonable access to the user's premises for the purpose of inspection, monitoring or sampling.
   (e) Violation of the pretreatment standards in the general discharge prohibitions in § 18-209.
   (f) Failure to properly submit an industrial waste survey when requested by the pretreatment coordination superintendent.

The user will be notified of the proposed termination of its discharge and be offered an opportunity to show cause, as provided in subsection (2)(c) above, why the proposed action should not be taken.

(7) **Disposition of damage payments and penalties--special fund.** All damages and/or penalties assessed and collected under the provisions of this section shall be placed in a special fund by the pretreatment agency and allocated and appropriated for the administration of its wastewater fund or combined water and wastewater fund.

(8) **Levels of non-compliance.** (a) Insignificant non-compliance. For the purpose of this guide, insignificant non-compliance is considered a relatively minor infrequent violation of pretreatment standards or requirements. These will usually be responded to informally with a phone call or site visit but may include a Notice of Violation (NOV).

   (b) "Significant noncompliance." Per 1200-4-14-.08(6)(b)8.

   (i) Chronic violations of wastewater discharge limits, defined here as those in which sixty-six percent (66%) or more of all of the measurements taken for each parameter taken during a six (6) month period exceed (by any magnitude) a numeric pretreatment standard or requirement, including instantaneous limit.

   (ii) Technical Review Criteria (TRC) violations, defined here as those in which thirty-three percent (33%) or more of all of the measurements for each pollutant parameter taken during a six (6) month period equal or exceed the product of the numeric pretreatment standard or requirement, including instantaneous
limits multiplied by the applicable TRC (TRC=1.4 for BOD, TSS fats, oils and grease, and 1.2 for all other pollutants except pH). TRC calculations for pH are not required.

(iii) Any other violation of a pretreatment standard or requirement (daily maximum of longer-term average, instantaneous limit, or narrative standard) that the WWF determines has caused, alone or in combination with other discharges, interference or pass-through (including endangering the health of POTW personnel or the general public).

(iv) Any discharge of a pollutant that has caused imminent endangerment to human health, welfare or to the environment or has resulted in the WWF's exercise of its emergency authority under § 18-405(1)(b)(i)(D), emergency order, to halt or prevent such a discharge.

(v) Failure to meet, within ninety (90) days after the schedule date, a compliance schedule milestone contained in a local control mechanism or enforcement order for starting construction, completing construction, or attaining final compliance.

(vi) Failure to provide, within forty-five (45) days after their due date, required reports such as baseline monitoring reports, ninety (90) day compliance reports, periodic self-monitoring reports, and reports on compliance with compliance schedules.

(vii) Failure to accurately report noncompliance.

(viii) Any other violation or group of violations, which may include a violation of best management practices, which the WWF determines will adversely affect the operation of implementation of the local pretreatment program.

(ix) Continuously monitored pH violations that exceed limits for a time period greater than fifty (50) minutes or exceed limits by more than 0.5 s.u. more than eight (8) times in four (4) hours.

Any significant noncompliance violations will be responded to according to the Enforcement Response Plan Guide Table (Appendix A).1

(9) Public notice of the significant violations. The superintendent shall publish annually, in a newspaper of general circulation that provides meaningful public notice within the jurisdictions served by the WWF, a list of the users which, at any time during the previous twelve (12) months, were in significant noncompliance with applicable pretreatment standards and requirements. The term significant noncompliance shall be applicable to all

1Appendix A is available in the office of the town recorder.
significant industrial users (or any other industrial user that violates subsections (C), (D) or (H) of this section) and shall mean:

(a) Chronic violations of wastewater discharge limits, defined here as those in which sixty-six percent (66%) or more of all the measurements taken for the same pollutant parameter measured during a six (6) month period exceed (by any magnitude) a numeric pretreatment standard or requirement, including instantaneous limits;

(b) Technical Review Criteria (TRC) violations, defined here as those in which thirty-three percent (33%) or more of wastewater measurements taken for each pollutant parameter measured during a six (6) month period equals or exceeds the product of the numeric pretreatment standard or requirement including instantaneous limits, multiplied by the applicable criteria (1.4 for BOD, TSS, fats, oils and grease, and 1.2 for all other pollutants except pH). TRC calculations for pH are not required;

(c) Any other violation of a pretreatment standard or requirement as defined by § 18-407 (daily maximum, long-term average, instantaneous limit, or narrative standard) that the superintendent determines has caused, alone or in combination with other discharges, interference or pass-through, including endangering the health of WWF personnel or the general public;

(d) Any discharge of a pollutant that has caused imminent endangerment to the public or to the environment, or has resulted in the superintendent’s exercise of its emergency authority to halt or prevent such a discharge;

(e) Failure to meet, within ninety (90) days of the scheduled date, a compliance schedule milestone contained in an individual wastewater discharge permit or enforcement order for starting construction, completing construction, or attaining final compliance;

(f) Failure to accurately report noncompliance; or

(g) Any other violation(s), which may include a violation of best management practices, which the superintendent determines will adversely affect the operation or implementation of the local pretreatment program;

(h) Continuously monitored pH violations that exceed limits for a time period greater than fifty (50) minutes or exceed limits by more than 0.5 s.u. more than eight (8) times in four (4) hours.

(10) Criminal penalties. In addition to civil penalties imposed by the local administrative officer and the State of Tennessee, any person who willfully and negligently violates permit conditions is subject to criminal penalties imposed by the State of Tennessee and the United States. (as added by Ord. #2011-01, Feb. 2011)
18-406. Enforcement response guide table. (1) Purpose. The purpose of this chapter is to provide for the consistent and equitable enforcement of the provisions of the ordinance comprising this chapter.

(2) Enforcement response guide table. The applicable officer shall use the schedule found in Appendix A\(^1\) to impose sanctions or penalties for the violation of this chapter. (as added by Ord. #2011-01, Feb. 2011)

18-407. Fees and billing. (1) Purpose. It is the purpose of this chapter to provide for the equitable recovery of costs from users of the town’s wastewater treatment system including costs of operation, maintenance, administration, bond service costs, capital improvements, depreciation, and equitable cost recovery of EPA administered federal wastewater grants.

(2) Types of charges and fees. The charges and fees as established in the town’s schedule of charges and fees may include but are not limited to:

- (a) Inspection fee and tapping fee;
- (b) Fees for applications for discharge;
- (c) Sewer use charges;
- (d) Surcharge fees (see Table C)\(^2\);
- (e) Waste hauler permit;
- (f) Industrial wastewater discharge permit fees;
- (g) Fees for industrial discharge monitoring; and
- (h) Other fees as the town may deem necessary.

(3) Fees for application for discharge. A fee may be charged when a user or prospective user makes application for discharge as required by § 18-402 of this chapter.

(4) Inspection fee and tapping fee. An inspection fee and tapping fee for a building sewer installation shall be paid to the town’s sewer department at the time the application is filed.

(5) Sewer user charges.\(^3\) The board of mayor and aldermen shall establish monthly rates and charges for the use of the wastewater system and for the services supplied by the wastewater system.

(6) Industrial wastewater discharge permit fees. A fee may be charged for the issuance of an industrial wastewater discharge fee in accordance with § 18-407 of this chapter.

(7) Fees for industrial discharge monitoring. Fees may be collected from industrial users having pretreatment or other discharge requirements to

\(^1\) Appendix A is available in the office of the town recorder.

\(^3\) Such rates are reflected in administrative ordinances or resolutions, which are of record in the office of the town recorder.
compensate the town for the necessary compliance monitoring and other administrative duties of the pretreatment program.

(8) **Administrative civil penalties.** Administrative civil penalties shall be issued according to the following schedule. Violations are categorized in the Enforcement Response Guide Table (Appendix A). The local administrative officer may access a penalty within the appropriate range. Penalty assessments are to be assessed per violation per day unless otherwise noted.

TITLE 20

MISCELLANEOUS

CHAPTER 1

ALARM SYSTEMS

SECTION

20-101. Title. This chapter shall be known as the "Alarm Ordinance."
(Ord. #233, Dec. 1992)

20-102. Definitions. Unless it is apparent from the context another meaning is intended, the following words when used in this chapter shall have the meanings indicated herein:

(1) "Alarm system" means any assembly of equipment, mechanical or electrical, arranged to signal the police and/or fire department that an emergency exists or that the services of either or both of those departments are needed. "Alarm system" shall also mean any alarm device which automatically emits an audible, visual, or other response upon the occurrence of any hazard or emergency and is intended to alert persons outside the building to the existence of said hazard or emergency.

(2) "Alarm user" means the person, firm, partnership, association, corporation, company, or organization of any kind in control of any building, structure, or facility or portion thereof wherein an alarm system is maintained.

(3) "Alarm business" means the business of any individual, partnership, corporation, or other entity engaged in selling, leasing, maintaining, servicing, repairing, altering, replacing, moving, or installing any alarm system or in causing any alarm system to be sold, leased, maintained,
serviced, repaired, altered, replaced, moved, or installed in or on any building, structure, or facility.

(4) "Automatic telephone dialing alarm system" means any alarm system which is a device which automatically or electronically transmits by telephone or telephone line connected to the Central Dispatch Facility a recorded message or code signal indicating a need for emergency response; or, a system which, upon activation, connects to an answering service whose function it is to transmit to the police and/or the fire department a need for emergency response.

(5) "False alarm" means an alarm signal eliciting a response by the police and/or fire department when a situation requiring a response by the police and/or fire department does not in fact exist; but, this definition does not include an alarm signal caused by unusually violent conditions of nature nor does it include other extraordinary circumstances not reasonable subject to control by the alarm user.

(6) "Central dispatch facility" means the central communications center designated by the city council to receive, route, and otherwise handle all incoming police, fire, or other emergency service communications traffic.

(7) "Answering service" refers to a telephone answering service providing among its services the receiving on a continuous basis emergency signals from alarms systems and thereafter relaying the message to the Central Dispatch Facility. (Ord. #233, Dec. 1992)

20-103. Automatic telephone dialing alarm system. (1) It shall be unlawful for any person, natural or corporate, to sell, offer for sale, install, maintain, lease, operate, or assist in the operation of an automatic telephone dialing alarm system over any telephone lines exclusively used by the public to directly request emergency service from the fire and/or police department.

(2) The chief of police or his designee, when he has knowledge of the unlawful maintenance of an automatic telephone dialing alarm system installed or operating in violation of this chapter shall, in writing, order the owner, operator, or leasee to disconnect and cease operation of the system within 72 hours of receipt of the order.

(3) Any automatic telephone dial system installed unlawfully, as set forth in § 20-103(1) hereof, prior to the effective date of this chapter shall be removed within 30 days of the order as contained in § 20-103(2) hereof. (Ord. #233, Dec. 1992)

20-104. Permit issuance and renewal. (1) The chief of police or his designee is hereby authorized to grant a revocable alarm users permit to any alarm user located in the city to operate, maintain, install, or modify a police or fire alarm device, and no such device shall be operated unless such permit shall have first been issued.
(2) A permit issued pursuant to this chapter may be revoked at any time by the chief of police or his designee upon the giving of ten (10) days notice in writing by registered mail, to the permittee, sent to the address shown on the permit. Violation of this chapter, following conviction thereof, shall constitute grounds for revocation of the permit. The failure of the chief of police or his designee to revoke the permit following finding of the city court that there has been a violation of this chapter, shall be not deemed a waiver of the right to revoke the permit.

(3) The chief of police or his designee shall charge a fee for the issuance of any such permit, said fee being set and published from time to time as circumstances require by resolution of the city commission. (Ord. #233, Dec. 1992)

**20-105. Application requirements for an alarm permit.** Application for an alarm permit shall be made on forms provided by the chief of police or his designee and shall be accompanied by the fee as stipulated in § 20-104(5) hereof. The application form shall request the following information.

(1) The type of alarm system.

(2) The name, address, and telephone number of the applicant's property to be serviced by the alarm, and the name, address, and telephone number of applicant's residence if different. If the applicant's alarm is serviced by an alarm company, then the applicant shall also include the name, address, and telephone number of that company.

(3) An emergency telephone number of the user or his representative to permit prompt notification of alarm calls and to assist police and/or fire personnel in the inspection of the property.

(4) It is the applicant's responsibility to immediately notify the chief or his designee in writing of any and all changes in the information on file with the city regarding such permit. Failure to do so shall constitute grounds for revocation of the permit. (Ord. #233, Dec. 1992)

**20-106. Items required for an alarm system to qualify for an alarm permit.** (1) All alarm systems shall have a backup power supply that will become effective in the event of power failure or outage in the source of electricity.

(2) All alarm systems will have an automatic reset which silences the annunciator within thirty (30) minutes after activation and which will not sound again as a result of the same event that resulted in the original activation.

(3) Any system installed on or after the effective date of this chapter must comply with the requirements stipulated in this section. Preexisting installations must comply with this section within six (6) months of the effective date of this chapter. (Ord. #233, Dec. 1992)
20-107. False alarms. (1) Whenever an alarm is activated in the city, thereby requiring an emergency response to the location by police and/or fire personnel, a police and/or fire officer on the scene of the activated alarm shall determine whether the emergency response was in fact required as indicated by the alarm system or whether in some way the alarm system malfunctioned and thereby activated a false alarm.

(2) If the police or fire officer at the scene of the activated alarm system determines the alarm to be false and no emergency seems necessary, then said officer shall submit a report of the false alarm to the city manager, or his designee, and the respective chief. A written notification of emergency response and determination of the response shall be mailed or delivered to the alarm user at the address noted on the permit or location where alarm was activated. The permit holder upon receipt of the notification shall be entitled to a hearing before the city manager or his designee and permit holder desiring a hearing shall request said hearing within ten (10) days of date of notification.

(3) The chief of police or his designee shall have the right to inspect any alarm system on the premises to which response has been made and he may cause an inspection of such system to be made at any reasonable time thereafter to determine whether it is being used in conformity with the terms of this chapter.

(4) It shall be a violation of this chapter to intentionally cause a false alarm, and any person who intentionally causes a false alarm shall be subject to the penalty provisions hereof.

(5) There shall be provided to the alarm user, a ten (10) day grace period during the initial installation of the alarm system. Ten (10) days after the permit has been issued by the chief of police or his designee, § 20-108(1) will not apply. Any emergency response provided by the city thereafter will be under the provisions of § 20-108, unless otherwise noted herein.

(6) It shall be required and provided that any alarm business testing or servicing any alarm system notify the police and/or fire departments and instruct said departments of the location and time of said testing and servicing. This section shall apply to any waiting period after the initial installation period has ceased. § 20-108(1) will not apply to the alarm user if prior notice of said testing has been made to the respective departments as outlined in this section. Any violation of this section herein will be assessed under the provisions outlined in § 20-108. (Ord. #233, Dec. 1992)

20-108. Fee assessment. (1) It is hereby found and determined that more than three (3) false alarms within a permit year are excessive and constitute a public nuisance. The activation of four (4) or more false alarms within a permit year will be handled in the following manner:

(a) A service charge shall be automatically levied against the alarm user of $25.00 upon the occurrence of the fourth (4th) false alarm, and those thereafter. All service charges levied shall be paid to the city
by the alarm user within thirty (30) days of the date of the written notice of said charges. Failure to make payment within thirty (30) days from date of the notice shall result in a misdemeanor and be charged as such in the Spring City Municipal Court.

(b) The seventh (7th) false alarm within a permit year shall result in revocation of the alarm user's permit in the following manner:

(i) The alarm user shall be given ten (10) days advance written notification that the alarm user's permit will be revoked, which written notice shall set forth the reasons for such revocation.

(ii) The notice shall specify the specific date of revocation by certified mail.

(iii) Reinstatement of the permit may be made upon receipt of a letter from an alarm company that the alarm system is operating properly and upon inspection and approval by the chief of police or his designee and receipt of a $100 reinstatement fee.

(c) Additional false alarms within the permit year shall be handled in the manner as § 20-108(1)(b) hereof. (Ord. #233, Dec. 1992)

20-109. Disconnection. In the event an alarm system emitting an audible, visual, or other similar response shall fail to be deactivated within the time limitations specified in § 20-106 hereof, the town shall have the right to take such action as may be necessary in order to disconnect any such alarm. (Ord. #233, Dec. 1992)

20-110. Penalty. Any person who violates any provision of this chapter shall be guilty of a violation and upon conviction in city court shall be punished in accordance with the general penalty provisions of this municipal code of ordinances. (Ord. #233, Dec. 1992)
ORDINANCE NO. 257-96

AN ORDINANCE ADOPTING AND ENACTING A CODIFICATION AND REVISION OF THE ORDINANCES OF THE TOWN OF SPRING CITY, TENNESSEE.

WHEREAS some of the ordinances of the Town of Spring City are obsolete, and

WHEREAS some of the other ordinances of the Town are inconsistent with each other or are otherwise inadequate, and

WHEREAS the Board of Commissioners of the Town of Spring City, Tennessee, has caused its ordinances of a general, continuing, and permanent application or of a penal nature to be codified and revised and the same are embodied in a code of ordinances known as the "Spring City Municipal Code," now, therefore:

BE IT ORDAINED BY THE TOWN OF SPRING CITY, AS FOLLOWS:¹

Section 1. Ordinances codified. The ordinances of the town of a general, continuing, and permanent application or of a penal nature, as codified and revised in the following "titles," namely "titles" 1 to 20, both inclusive, are ordained and adopted as the "Spring City Municipal Code," hereinafter referred to as the "Municipal Code."

Section 2. Ordinances repealed. All ordinances of a general, continuing, and permanent application or of a penal nature not contained in the municipal code are hereby repealed from and after the effective date of said code, except as hereinafter provided in Section 3 below.

Section 3. Ordinances saved from repeal. The repeal provided for in Section 2 of this ordinance shall not affect: Any offense or act committed or done, or any penalty or forfeiture incurred, or any contract or right established or accruing before the effective date of the municipal code; any ordinance or resolution promising or requiring the payment of money by or to the city or authorizing the issuance of any bonds or other evidence of said city's indebtedness; any budget ordinance; any contract or obligation assumed by or in favor of said city; any ordinance establishing a social security system or providing coverage under that system; any administrative ordinances or

¹Charter reference
resolutions not in conflict or inconsistent with the provisions of such code; the portion of any ordinance not in conflict with such code which regulates speed, direction of travel, passing, stopping, yielding, standing, or parking on any specifically named public street or way; any right or franchise granted by the city; any ordinance dedicating, naming, establishing, locating, relocating, opening, paving, widening, vacating, etc., any street or public way; any ordinance establishing and prescribing the grade of any street; any ordinance providing for local improvements and special assessments therefor; any ordinance dedicating or accepting any plat or subdivision; any prosecution, suit, or other proceeding pending or any judgment rendered on or prior to the effective date of said code; any zoning ordinance or amendment thereto or amendment to the zoning map; nor shall such repeal affect any ordinance annexing territory to the city.

Section 4. Continuation of existing provisions. Insofar as the provisions of the municipal code are the same as those of ordinances existing and in force on its effective date, said provisions shall be considered to be continuations thereof and not as new enactments.

Section 5. Penalty clause. Unless otherwise specified in a title, chapter or section of the municipal code, including the codes and ordinances adopted by reference, whenever in the municipal code any act is prohibited or is made or declared to be a civil offense, or whenever in the municipal code the doing of any act is required or the failure to do any act is declared to be a civil offense, the violation of any such provision of the municipal code shall be punished by a civil penalty of not more than five hundred dollars ($500.00) and costs for each separate violation; provided, however, that the imposition of a civil penalty under the provisions of this municipal code shall not prevent the revocation of any permit or license or the taking of other punitive or remedial action where called for or permitted under the provisions of the municipal code or other applicable law. In any place in the municipal code the term "it shall be a misdemeanor" or "it shall be an offense" or "it shall be unlawful" or similar terms appears in the context of a penalty provision of this municipal code, it shall mean "it shall be a civil offense." Anytime the word "fine" or similar term appears in the context of a penalty provision of this municipal code, it shall mean "a civil penalty."

When a civil penalty is imposed on any person for violating any provision of the municipal code and such person defaults on payment of such penalty, he may be required to perform hard labor, within or without the workhouse, to the extent that his physical condition shall permit, until such civil penalty is discharged by payment, or until such person, being credited
with such sum as may be prescribed for each day's hard labor, has fully discharged said penalty.¹

Each day any violation of the municipal code continues shall constitute a separate civil offense.

Section 6. Severability clause. Each section, subsection, paragraph, sentence, and clause of the municipal code, including the codes and ordinances adopted by reference, is hereby declared to be separable and severable. The invalidity of any section, subsection, paragraph, sentence, or clause in the municipal code shall not affect the validity of any other portion of said code, and only any portion declared to be invalid by a court of competent jurisdiction shall be deleted therefrom.

Section 7. Reproduction and amendment of code. The municipal code shall be reproduced in loose-leaf form. The board of commissioners, by motion or resolution, shall fix, and change from time to time as considered necessary, the prices to be charged for copies of the municipal code and revisions thereto. After adoption of the municipal code, each ordinance affecting the code shall be adopted as amending, adding, or deleting, by numbers, specific chapters or sections of said code. Periodically thereafter all affected pages of the municipal code shall be revised to reflect such amended, added, or deleted material and shall be distributed to city officers and employees having copies of said code and to other persons who have requested and paid for current revisions. Notes shall be inserted at the end of amended or new sections, referring to the numbers of ordinances making the amendments or adding the new provisions, and such references shall be cumulative if a section is amended more than once in order that the current copy of the municipal code will contain references to all ordinances responsible for current provisions. One copy of the municipal code as originally adopted and one copy of each amending ordinance thereafter adopted shall be furnished to the Municipal Technical Advisory Service immediately upon final passage and adoption.

Section 8. Construction of conflicting provisions. Where any provision of the municipal code is in conflict with any other provision in said code, the provision which establishes the higher standard for the promotion and protection of the public health, safety, and welfare shall prevail.

¹State law reference
For authority to allow deferred payment of fines, or payment by installments, see Tennessee Code Annotated, § 40-24-101 et seq.
Section 9. Code available for public use. A copy of the municipal code shall be kept available in the recorder's office for public use and inspection at all reasonable times.

Section 10. Date of effect. This ordinance shall take effect from and after its final passage, the public welfare requiring it, and the municipal code, including all the codes and ordinances therein adopted by reference, shall be effective on and after that date.

Passed 1st reading June 6, 1996.
Passed 2nd reading Sept 5, 1996.
Passed Hearing July 11, 1996.
