Related motor vehicle and traffic regulations: title 15.

16-103. Trees, etc., obstructing view at intersections prohibited.

It shall be unlawful for any property owner or occupant to have or maintain on his property any tree, shrub, sign, or other obstruction which prevents persons driving vehicles on public streets or alleys from obtaining a clear view of traffic when approaching an intersection. (1992 Code, § 16-103)

16-104. Projecting signs and awnings, etc., restricted.

Signs, awnings, or other structures which project over any street or other public way shall be erected subject to the requirements of the building code.¹ (1992 Code, § 16-104)

16-105. Banners and signs across streets and alleys restricted.

It shall be unlawful for any person to place or have placed any banner or sign across or above any public street or alley except when expressly authorized by the board of mayor and aldermen after a finding that no hazard will be created by such banner or sign. (1992 Code, § 16-105)

16-106. Gates or doors opening over streets, alleys, or sidewalks prohibited. It shall be unlawful for any person owning or occupying property to allow any gate or door to swing open upon or over any street, alley, or sidewalk except when required by law. (1992 Code, § 16-106)

16-107. Littering streets, alleys, or sidewalks prohibited. It shall be unlawful for any person to litter, place, throw, track, or allow to fall on any street, alley, or sidewalk any refuse, glass, tacks, mud, or other objects or materials which are unsightly or which obstruct or tend to limit or interfere with the use of such public ways and places for their intended purposes. (1992 Code, § 16-107)

16-108. Obstruction of drainage ditches. It shall be unlawful for any person to permit or cause the obstruction of any drainage ditch in any public right-of-way. (1992 Code, § 16-108)

16-109. Abutting occupants to keep sidewalks clean, etc. The occupants of property abutting on a sidewalk are required to keep the sidewalk clean. Also, immediately after a snow or sleet, such occupants are required to remove all accumulated snow and ice from the abutting sidewalk. (1992 Code, § 16-109)

¹Municipal code reference
Building code: title 12, chapter 1.

16-110. Parades, etc., regulated. It shall be unlawful for any person, club, organization, or other group to hold any meeting, parade, demonstration, or exhibition on the public streets without some responsible representative first securing a permit from the town recorder. (1992 Code, § 16-110)

16-111. Operation of trains at crossings regulated. No person shall operate any railroad train across any street or alley without giving a warning of its approach as required by state law; nor shall he make such crossing at a speed in excess of twenty-five (25) miles per hour. It shall also be unlawful to stop a railroad train so as to block or obstruct any street or alley for a period of more than five (5) consecutive minutes. (1992 Code, § 16-111)

16-112. Animals and vehicles on sidewalks. It shall be unlawful for any person to ride, lead, or tie any animal, or ride, push, pull, or place any vehicle across or upon any sidewalk in such manner as unreasonably interferes with or inconveniences pedestrians using the sidewalk. It shall also be unlawful for any person knowingly to allow any minor under his control to violate this section. (1992 Code, § 16-112)

16-113. Fires in streets, etc. It shall be unlawful for any person to set or contribute to any fire in any public street, alley, or sidewalk. (1992 Code, § 16-113)

CHAPTER 2

EXCAVATIONS¹

SECTION

- 16-201. Permit required.
- 16-202. Applications.
- 16-203. Fee.
- 16-204. Deposit or bond.
- 16-205. Safety restrictions on excavations.
- 16-206. Restoration of streets, etc.
- 16-207. Insurance.
- 16-208. Time limits.
- 16-209. Supervision.

16-201. Permit required. It shall be unlawful for any person, firm, corporation, association, or others, including utility districts to make any excavation in any street, alley, or public place, or to tunnel under any street, alley, or public place without having first obtained a permit as herein required, and without complying with the provisions of this chapter; and it shall also be unlawful to violate, or vary from, the terms of any such permit; provided, however, any person maintaining pipes, lines, or other underground facilities in or under the surface of any street may proceed with an opening without a permit when emergency circumstances demand the work to be done immediately and a permit cannot reasonably and practicably be obtained beforehand. The person shall thereafter apply for a permit on the first regular business day on which the office of the town recorder is open for business, and the permit shall be retroactive to the date when the work was begun. (1992 Code, § 16-201)

16-202. Applications. Applications for such permits shall be made to the recorder, or such person as he may designate to receive such applications, and shall state thereon the location of the intended excavation or tunnel, the size thereof, the purpose thereof, the person, firm, corporation, association, or others doing the actual excavating, the name of the person, firm, corporation, association, or others for whom the work is being done, and shall contain an agreement that the applicant will comply with all ordinances and laws relating

¹State law reference

This chapter was patterned substantially after the ordinance upheld by the Tennessee Supreme Court in the case of City of Paris, Tennessee v. Paris-Henry County Public Utility District, 207 Tenn. 388, 340 S.W.2d 885 (1960).

to the work to be done. Such application shall be rejected or approved by the recorder within twenty-four (24) hours of its filing. (1992 Code, § 16-202)

16-203. Fee. The fee for such permits shall be twenty dollars (\$20.00). (1992 Code, § 16-203)

16-204. Deposit or bond. No such permit shall be issued unless and until the applicant therefor has deposited with the recorder a cash deposit. The deposit shall be in the sum of five hundred dollars (\$500.00) if no pavement is involved or five thousand dollars (\$5,000.00) if the excavation is in a paved area and shall insure the proper restoration of the ground and, laying of the pavement, if any. Where the amount of the deposit is clearly inadequate to cover the cost of restoration, the recorder may increase the amount of the deposit to an amount considered by him to be adequate to cover the cost. From this deposit shall be deducted the expense to the town of relaying the surface of the ground or pavement, and of making the refill if this is done by the town or at its expense. The balance shall be returned to the applicant without interest after the tunnel or excavation is completely refilled and the surface or pavement is restored.

In lieu of a deposit the applicant may deposit with the recorder a surety bond in such form and amount as the recorder shall deem adequate to cover the costs to the town if the applicant fails to make proper restoration. (1992 Code, § 16-204)

16-205. Safety restrictions on excavations. Any person, firm, corporation, association, or others making any excavation or tunnel shall do so according to the terms and conditions of the application and permit authorizing the work to be done. Sufficient and proper barricades and lights shall be maintained to protect persons and property from injury by or because of the excavation being made. If any sidewalk is blocked by any such work, a temporary sidewalk shall be constructed and provided which shall be safe for travel and convenient for users. (1992 Code, § 16-205)

16-206. Restoration of streets, etc. Any person, firm, corporation, association, or others making any excavation or tunnel in or under any street, alley, or public place in this town shall restore the street, alley, or public place to its original condition except for the surfacing, which shall be done by the town but shall be paid for promptly upon completion by such person, firm, corporation, association, or others for which the excavation or tunnel was made. In case of unreasonable delay in restoring the street, alley, or public place, the recorder shall give notice to the person, firm, corporation, association, or others that unless the excavation or tunnel is refilled properly within a specified reasonable period of time, the town will do the work and charge the expense of doing the same to such person, firm, corporation, association, or others. If

within the specified time the conditions of the above notice have not been complied with, the work shall be done by the town, an accurate account of the expense involved shall be kept, and the total cost shall be charged to the person, firm, corporation, association, or others who made the excavation or tunnel. (1992 Code, § 16-206)

16-207. Insurance. In addition to making the deposit or giving the bond hereinbefore required to insure that proper restoration is made, each person applying for an excavation permit shall file a certificate of insurance indicating that he is insured against claims for damages for personal injury as well as against claims for property damage which may arise from or out of the performance of the work, whether such performance be by himself, his subcontractor, or anyone directly or indirectly employed by him. Such insurance shall cover collapse, explosive hazards, and underground work by equipment on the street, and shall include protection against liability arising from completed operations. The amount of the insurance shall be prescribed by the recorder in accordance with the nature of the risk involved; provided, however, that the liability insurance for bodily injury shall not be less than \$100,000 for each person and \$300,000 for each accident, and for property damages not less than \$25,000 for any one (1) accident, and a \$75,000 aggregate. (1992 Code, § 16-207)

16-208. Time limits. Each application for a permit shall state the length of time it is estimated will elapse from the commencement of the work until the restoration of the surface of the ground or pavement, or until the refill is made ready for the pavement to be put on by the town if the town restores such surface pavement. It shall be unlawful to fail to comply with this time limitation unless permission for an extension of time is granted by the recorder. (1992 Code, § 16-208)

16-209. Supervision. The person designated by the board of mayor and aldermen shall from time to time inspect all excavations and tunnels being made in or under any public street, alley, or other public place in the town and see to the enforcement of the provisions of this chapter. Notice shall be given to him at least ten (10) hours before the work of refilling any such excavation or tunnel commences. (1992 Code, § 16-209)

CHAPTER 3

REQUIREMENTS FOR PUBLIC STREETS

SECTION

- 16-301. Minimum construction standards must be met.
- 16-302. Regional Planning Commission shall study plat.
- 16-303. Permits for street entrances.
- 16-304. Penalty for violation.

16-301. Minimum construction standards must be met. The Board of Mayor and Aldermen of Surgoinsville, Tennessee shall not accept as a public street any recorded right-of-way until it has met the minimum construction standards of the Subdivision Regulations of the Town of Surgoinsville, Tennessee. (1992 Code, § 16-301)

16-302. Regional Planning Commission shall study plat. Prior to final acceptance of a proposed street as a public street, the Surgoinsville Regional Planning Commission shall study a plat of the proposed street and make its approval or disapproval known to the board of mayor and aldermen. (1992 Code, § 16-302)

16-303. Permits for street entrances. A representative of the Surgoinsville Street Department shall meet with the person or persons making the request at the site and shall require, before a permit is issued, that the following conditions are met:

- (1) All drives be located at right angle with the town street.
- (2) Suitable tile adequately sized shall be installed in a manner that will not impair or alter existing drainage. The tile shall be a minimum of twenty (20) feet in length.
- (3) Driveways shall be located with as long a site distance as possible. Where possible the drive shall not be located on a curve or hill.
- (4) Driveways shall not be located near street intersections.
- (5) The driveway width shall be adequate to provide sufficient turning radius and the driveway shall be as near level as possible at the road entrance to provide easy and safe ingress and egress and to provide good visibility.
- (6) Properties with fifty (50) feet or less of public road frontage are permitted only one (1) drive entrance. Properties with more than fifty (50) feet frontage are allowed only two (2) entrances.
- (7) Some exceptions may be made to these requirements at the discretion of the Surgoinsville Street Department provided that the topography or the situation warrants a variance.

(8) It shall be unlawful for any grading contractor to initiate construction of a driveway entrance until a permit is obtained by the property owner or contractor as required in this section.

(9) The Surgoinville Street Department may require a bond to cover damages to the town streets from construction of driveways or installation of utilities along or across the town street. The amount of such bond shall be determined by the Surgoinville Street Department. (Ord. #1-2001, Jan. 2001)

16-304. Penalty for violation. Any person, firm, or corporation violating the provisions of this chapter, upon conviction thereof, shall be subject to a fine of up to fifty dollars (\$50.00). Each day of violation shall constitute a separate offense. (1992 Code, § 16-303, modified)
